Itinerary

Day 1 Istanbul

You can arrive at any time on Day 1 as there are no activities planned. Today is a good day to explore the Aya Sofya as it's closed on Mondays. There will be a welcome meeting in the evening where you will meet your Chief Experience Officer (CEO) and fellow group members. After the meeting, you may choose to join your leader and group for an optional dinner in a local restaurant.

Day 2 Istanbul/Ankara (1B)

We begin our day with an orientation tour of Istanbul on foot, with your CEO. During this tour we will point out attractions such as the Aya Sofya and the Topkapi Palace, which you will want to return to and explore during your free time, as well as visiting and hearing the stories behind many of Istanbul's sights and discovering some of your leader's hidden city secrets.

Our walk will include a wander through the atmospheric Spice Bazaar. Built in 1660, and also known as the Egyptian Bazaar as this is where many of the spices were originally imported. This market was, and is the centre of Istanbul's spice trade. We head downhill to the Bosphorus. The many local ferries departing from here are a great way to see the city from the water, on the cheap! The newly renovated Galata Bridge which has a great view of Golden Horn and Bosphorus houses many bars. Why not grabbing a cold beer while enjoying this view! Walking back towards the Sultanahmet area, your CEO will point out the Topkapi Palace, home of the Ottoman sultans and their harems, as well as the fascinating Archaeological and Ancient Oriental Museums located in a nearby park. Once in Sultanahmet Park, your leader will explain a little of the tumultuous history behind the Aya Sofya – we recommend a visit during your free time.

We explore the fabulous Blue Mosque, admiring the beautiful symmetry and internal tile work of the building. As it is a working mosque, take the chance to learn more about the ceremony behind Islam, the religion of around 98% of today's Turks. In front of the Blue Mosque, the ancient Hippodrome was once the scene of chariot races and now houses monuments from various moments in Istanbul's history. Although there is little sign of it now, Divan Yolu was once famous amongst travellers on the 70's Hippy Trail for its western food and relaxed atmosphere. En route, your CEO will point out a couple of hamams, or Turkish baths- an unmissable Turkish experience for any visitor.

Passing by various graveyards, mosques and tea houses, our path leads uphill to Istanbul's grandest mosque complex and hilltop landmark, the Suleymaniye Camii. Learn more about the famous Sultan who is buried here, as well as the master architect who designed these beautiful buildings almost 500 years ago. There are many traditionally dressed sellers in this area touting refreshing glasses of sherbet for just a few cents- worth a try on a hot day.

Transfer to Ankara for the evening.

Approx travel time:

Istanbul to Ankara, 6 hours

Days 3-5 Cappadocia (3B,1D)

In the morning we visit Anitkabir, the monumental tomb of Mustafa Kemal Ataturk, the founder of republic of Turkey. Then we transfer by private vehicle from Ankara to the town of Goreme, our base for exploring Cappadocia, where there will be plenty of free time for exploration. Why not visit the Goreme Open Air Museum, a complex of medieval painted cave churches carved out by Orthodox monks. There are more than 10 caves to visit, with many of the churches up to 1000 years old and still retaining amazing colour and vibrancy.

Hire a bike or catch a local bus and explore some of the other villages in the area. The village of Mustafapasa, is a popular choice. Many of the houses date back to the end of the nineteenth and beginning of the twentieth centuries and display fine examples of stonework.

One of the best ways to explore Cappadocia is on foot. Take the two hour trek through the beautiful Pigeon Valley, named for its many dovecotes. Explore old houses, churches and orchards, all blessed with stunning views over the surrounding countryside. The walk finishes in the town of Uçhisar, which is well worth exploring. Its natural castle like fortress is riddled with man-made cave homes and pigeon houses, and dominates the skyline of Cappadocia. This is a great place to take a lunch break in one of the many restaurants before catching a local bus back to Goreme. Ask your CEO about the many other walking and hiking options available in the area.

While here, there will be the chance to visit a local pottery centre where you can take the opportunity to create your own masterpiece, as well as a carpet demonstration, to learn more about the process involved in making these Turkish works of art.

During one of your evenings here, we will travel to a village and have dinner with a local family. While enjoying the home made menu, with dishes which change according to the food in season, take the chance to ask our friendly hosts all about life in rural Cappadocia.

Please note if you have pre-booked the Cappadocia Balloon Ride, you will be flying on Day 4.

Approx travel time: Ankara to Göreme, 5 hours

Day 6 Konya/Village homestay (1B,1D)

A busy day today as we depart Göreme early and head an underground city. First built by the Phrygians in the eighth–seventh centuries BC, the underground cities were most famously used as the hiding places for the first Christians who were escaping from the persecution of the Roman Empire between the fifth and tenth centuries AD.

See how people transferred their surface lives to this underground world. There are cellars, rooms for food storage, kitchens, churches, stables, wine or oil presses, and shafts for ventilation. There are around 30 underground cities in the region. We are going to visit one sample of those today.

After a quick lunch, we make our way to the city of Konya. Konya was the capital of the Seljuk Turks, and is home to some of the best Seljuk architecture in the country. Wander the streets and enjoy these beautiful and historic buildings. It was also here in the thirteenth century that the poet, Mevlana Rumi, founded the mystic Islamic sect known as the whirling dervishes. Consider visiting the museum, dedicated to Mevlana Rumi. As well as finding out more about the history of the dervishes, it is a fascinating place to people watch, continuously flooded with faithful pilgrims coming to pay homage.

In the afternoon, we travel one hour to a local village. On the way, we will stop at a rare traditional wooden mosque dating from the 13 century where we are lucky enough to have the local immam perform the call to prayer for us. This is a great chance to learn more about this and another Islamic religious traditions.

Here we will learn about local life and enjoy a home cooked dinner in our village homestay. Accommodations are very simple -

mattresses on the floor of the family's living room - and include shared bathroom facilities but there is no better chance to learn about local Turkish life. All bedding is supplied for our overnight stay.

Overnight in village homestay with simple accommodation.

Approx travel times: Goreme to Underground city site, 30mins; Underground city to Konya, 2,5hrs, Konya to village stay, approx 1 hour.

Day 7 Antalya (1B)

Today is an relatively early start (8am) as we travel by private vehicle directly to the city of Antalya. Arriving around lunchtime, spend your time wandering the charming cobbled hillside streets of the district of Kaleici. This is a great place to stop and have a drink at one of the restaurants with great views of the marina below.

Those searching for a little culture may want to check out the Antalya Museum, offering some great reconstructions of life under the Ottoman Empire. For a break from the hustle and bustle why not head for the greenery and teashops of one of Antalya's beautiful parks. Those that love the sun may want to head to one of the nearby beaches.

Approx travel time: Village stay to Antalya, 5hrs

Day 8 Cayagzi/Mediterranean Sea (1B,1D)

Today we have a free morning in Antalya. Then we drive to the beautiful coastal village of Çayağzı where after lunch, we board our boat for an unforgettable night on the sea.

On board, the facilities are very basic. We sleep on deck under the stars, with mattresses and full bedding, all of which is provided. There is a toilet and an open air shower on board. Dinner tonight is included and cold drinks are available for purchase. We do ask that no external drinks are brought onboard. This really is the perfect place to relax and enjoy the crystal waters Turkey is famous for!

Overnight on board the boat will take place between May and October only and will depend on weather conditions even then. The rest of the year and when the weather does not permit sleeping onboard, you will stay in a local hotel. This is a multi-share night on board a typical boat, mattresses will be put on the floor and you will be provided with bedding. There is one passenger toilet and one shower outside which is shared. There is no hot water on board. No towels will be provided.

Today we'll travel around Kekova Island by boat, allowing us to enjoy the sunshine and scenery and later walk up to the Simena Castle to enjoy the views and archaeological ruins. Spend your time swimming in the crystal water and relaxing on deck.

Overnight on the top deck of a boat/pension (depending on season).

Approx travel times: Antalya to Cayagzi, 3 hours.

Day 9 Kas (1B)

We wake up on board and enjoy breakfast in the fresh air and have some breaks to swim. Then we'll leave our boat, return to Cayagzi, and drive to the coastal town of Kas where we spend this evening. You'll be charmed by the cobbled streets and white washed buildings of pretty Kas. Spend time wandering the many small antiques stores, or enjoying a coffee and cake at one of the stylish cafes. Afterwards head down to the picturesque harbour. While there is no beach as such, buying a drink at one of the many seaside cafes entitles you to a deck chair and direct access to the turquoise water.

In the evening, pick one of the many attractive outdoor restaurants for a meal of local seafood specialties.

Approx travel time: Cayagzi to Kas, 40mins

Day 10 Pamukkale (1B)

Time to leave sea level behind. as passing through fruit orchards we make our way from Kas to Pamukkale. In the afternoon, we'll visit the famous white cliffs of Pamukkale. 2700m long and 160m high, visible from up to 20kms away, Pamukkale is made up of 17 hot water springs in which the temperature varies between 35 and 100 degrees. The white cliffs, or travertine are formed when the calcium carbonate, which is deposited at first as a soft jelly, hardens with time.

We also explore the ancient site of Hierapolis built on top of the white "castle". This UNESCO world heritage site is evidence that the hot springs of Pamukkale were used as a spa since the second century BC, and there are large, ancient baths within the city.

Approx travel time: Kas to Pamukkale, 5 hours

Day 11 Selçuk (1B)

Today we travel to the town of Selçuk. In the afternoon visit the ruins of the ancient Roman town of Ephesus. One of the foremost cities of the world in its time, with a strategic location on the trade route, this well-preserved city is one of the best places in the world to get a real feeling of what life must have been like during Roman times. The massive, well-preserved theatre dominates the view down Harbour Street, which leads to the long-silted-up harbour.

The impressive two storey library, whose façade has been carefully reconstructed from all original pieces, was built in 125 AD and once held nearly 12,000 scrolls. There is even a chance to see 2000 year old public toilets!

Once part of Ephesus but now the outskirts of Selçuk are the remains of one of the Seven Wonders of the Ancient World, the Temple of Artemis. Today only one column remains of this ancient structure.

After our visit, we head to town where you can use your free time to walk up to the remains of the St John Basilica, visit the Mosque of Isa Bey or just wander the streets and cafes of this vibrant Turkish town. Catch a local "dolmus" bus 8kms to the picturesque village of Sirince where you can sample some of the local wine or shop for crafts.

The beach at Pamucaki is also within reach for the dedicated sunseekers.

Approx travel time: Pamukkale to Selçuk, 3hrs

Day 12 Ayvalik (1B)

You'll be charmed by Ayvalik's blend of old Ottoman architecture, cobbled streets and attractive harbour. If you are itching to get back into the turquoise sea, the beach of Sarimsakli is only a short bus ride away.

For those who cannot get enough of life at sea, it may also be possible to charter a boat from the harbour for a short cruise. Be sure to set the price before departure and check if it is per person or per boat.

After you have finished exploring, head down to one of the waterside restaurants for a sunset drink or meal. Enjoy the hospitality and beautiful views from our family-run pension. Located in a restored Ottoman house, it is always a highlight for our travellers. Please note that this accommodation has shared bathroom facilities and some rooms may be multi-share.

Approx travel time: Selçuk to Ayvalik, 2.5hrs

Day 13 Troy/Çanakkale (1B)

On our way to the city of Çanakkale, our base for the night, we pay a visit to the world famous Troy. Troy was first made famous by the Iliad, Homer's epic poem, and more recently by Orlando Bloom and Brad Pitt in the film of the same name! For centuries this story in the Iliad, was regarded as just a myth, until the ruins of the city were found in the mid-nineteenth century. While today not too much remains, it is possible, with a bit of imagination to get a feel for what a great city this must once have been. Of course you won't want to miss your chance to have your photo taken with the Trojan horse!

We continue a further 32km to the harbour town of Çanakkale, a busy port with a thriving student population. Join the crowds as they stroll the waterfront nightly, seeing and being seen.

Approx travel time: Ayvalik to Troy, 2.5hrs; Troy to Çanakkale, 40mins

Day 14 Gallipoli/Istanbul (1B)

This morning we make an early morning visit to Gallipoli, where thousands gave their lives during WWI in the battle of the same name. Here the Turks fought off the numerically superior but badly commanded Allied forces who were forced to withdraw nine months later. We will visit ANZAC Cove, the war cemeteries, Lone Pine and other important sites. Even for those who are not familiar with this battle, this is a moving and beautiful site, completing any trip to Turkey.

We'll continue our journey to Istanbul where there will be the opportunity to continue your sightseeing or get in some last minute shopping. Why not top off a wonderful adventure with dinner at one of Istanbul's atmospheric restaurants.

Additionally, any travel times listed are approximations only and subject to vary due to local circumstances.

Important Notes

Depending on the lunar cycle, Ramadan will fall between July 10 to August 10, 2013. Please note that Ramadan is a month of fasting observed by Muslims throughout the world, during which time the followers of Islam should not eat or drink between sunrise and sunset. There may be some limitations to services and disruptions to schedules during Ramadan, but generally our tours still operate effectively during this period and food is available to non-muslims throughout the day.

Group Leader Description

This G Adventures group trip is accompanied by one of our group leaders. The aim of the group leader is to take the hassle out of your travels and to help you have the best trip possible. They will provide information on the places you are travelling through, offer

suggestions for things to do and see, recommend great local eating venues and introduce you to our local friends. While not being guides in the traditional sense you can expect them to have a broad general knowledge of the countries visited on the trip, including historical, cultural, religious and social aspects. We also use local guides where we think more specific knowledge will add to the enjoyment of the places we are visiting - we think it's the best of both worlds.

Group Size Notes

Max 15, avg 10

Meals Included

14 breakfasts, 3 dinners

Meals

Breakfast

Many breakfasts are included as part of your tour. Turkish breakfasts are very different from your usual cereal and toast morning fare - when was the last time you had olives for breakfast?

They pretty much universally consist of large slices of fresh "french style" white bread accompanied by slices of tomato, cucumber, white and yellow cheeses, olives, jam and honey. This is accompanied by tea (which a Turk would always choose!) or coffee (which is pretty much always instant coffee)

You will of course want to sample the famous Turkish coffee, but it is usually taken after a big lunch or dinner, or in the late afternoon with a pastry.

While we think these breakfasts are absolutely delicious, some travellers do find them a bit repetitive and enjoy buying market fruit the day before and eating this for breakfast.

Lunches

...will usually be simple and on the run. They are a great chance to try Turkey's delicious and healthy array of "fast foods".

This may include, "gozleme", a type of Turkish savory crepe, "chorba", delicious lentil soup, and of course doner kebabs in both beef and chicken varieties. You won't want to miss the chance to try "pide", Turkish pizza, and lahmacun- thin crust pizza you fold greenery into

You may also find "kumpir", Turkish stuffed potatoes.

Dinner

Most Turks start their dinners with a couple of mezes- small taster dishes such as grilled octopus, aubergine salad, and many more. You could also choose a soup made of fresh local ingredients.

Main courses tend to be based around fresh seafood if you are near the coast (expect to pay around 15 lira for a whole fish) or the ubiquitous kebab- skewers of charcoaled meat which comes on bread with salad. There are plenty of variations of the kebab-many regions have their own speciality so be sure to ask your leader.

Desserts

Yum- its all about the sugar. Baklava (about 2 TKL a piece for the good stuff) is something of a national obsession and it is believed the best comes from the East. There are endless varieties of pastries and milk based deserts available and you are sure to spend at least some time in a Turkish bakery taste testing.

Snacks

Don't miss munching on a simit , a Turkish pretzel or perhaps some grilled sweet corn to get you through between meals.

Drinks

Tea, served in small tulip glasses, is the number one beverage of choice in Turkey. It is freshly brewed and a tea bag is a rare thing. Turkish coffee is wonderful thing to try. The national beer is named Efes and is very good (usually 4-5 TKL a bottle) Wine is made in Turkey and is getting better every year. Expect to pay around 6-7 liras for a glass in a restaurant.

Water is approximately 1 TRL for a 1.5 litre bottle, soft drinks and juices are around 2-3 TRL.

Eating is a big part of traveling. Travelling with G Adventures you experience the vast array of wonderful food that is available out in the world. Generally meals are not included in the trip price when there is a choice of eating options, to give you the maximum flexibility in deciding where, what and with whom to eat. It also gives you more budgeting flexibility, though generally food is cheap. Our groups tend to eat together to enable you to taste a larger variety of dishes and enjoy each other's company. There is no obligation to do this though. Your CEO will be able to suggest favourite restaurants during your trip.

Meal Budget

Allow USD285-375 for meals not included

Transport

Private air-con van, boat.

Local Flights

If required all local flights are included in the cost of your tours unless otherwise noted. It is important that we have your passport information at the time of booking in order to process these tickets. Internal flight tickets are issued locally and will be given to you prior to the flight departure.

Solo Travellers

We believe single travellers should not have to pay more to travel so our group trips are designed for shared accommodation and do not involve a single supplement. Single travellers joining group trips are paired in twin or multi-share accommodation with someone of the same sex for the duration of the trip. Some of our Independent trips are designed differently and single travellers on these itineraries must pay the single trip price.

Visa costs can change at any time and with little notice depending on the political climate of the region.

A valid passport is sufficient for citizens of most other countries including New Zealand, Argentina, Denmark, Finland, France, Germany, Japan, Norway, Sweden, and Switzerland for stays up to 3 months. All other nationalities please check with your nearest Turkish Embassy.

Length of validity of your visa is dependent on your nationality, but is commonly 3 months.

Spending Money

Every traveller is different and therefore spending money requirements will vary. Some travellers may drink more than others while other travellers like to purchase more souvenirs than most. Please consider your own spending habits when it comes to allowing for drinks, shopping and tipping. Please also remember the following specific recommendations when planning your trip.

Money Exchange

The local currency in Turkey is the Turkish Lira (TRY).

Almost all local purchases in Turkey (meals, souvenirs, optional activities, etc) will be paid for in TRY

ATMs are found within main cities in Turkey and will generally accept cards on the Visa and Mastercard networks. It is a great idea to travel with both a Visa and Mastercard if at all possible as while there is no hard and fast rule, some banks seem to only work with one brand of card. Please note, your bank will charge a fee for overseas withdrawals.

Cash is recommended for times when ATMs are not accessible. Euros, British Pounds and US Dollars are easy to exchange into Turkish Lira. Please note - while you should bring some cash with you for emergency situations, carrying cash only is a high safety risk. Money on ATM card/s and some cash is the ideal mix.

Cash advances can also be made with some banks but are time consuming and tend to have high fees attached.

Credit cards are in general not very useful in Turkey - they can be used at some larger stores if shopping for big items such as carpets.

As currency exchange rates can fluctuate often we ask that you refer to the following website for daily exchange rates: www.xe.com

Emergency Fund

Please also make sure you have access to at least an additional USD \$200 (or equivalent) as an 'emergency' fund, to be used when circumstances outside our control (ex. a natural disaster) require a change to our planned route. This is a rare occurrence!

Departure Tax

Normally included in departure flight tickets.

Tipping

It is customary in Europe to leave a small tip for service providers, such as waiters, if you are pleased with the service (€1-2). Tipping is an expected - though not compulsory - component of your tour program and an expression of satisfaction with the persons who have assisted you on your tour. Although it may not be customary to you, it is of considerable significance to the people who will take care of you during your travels. There are several times during the trip where there is opportunity to tip the local guides. You may do this individually, or your CEO will offer to collect the money and tip as a group. Recommendations for tipping local guides would range

from €3-5 per day depending on the quality and length of the service; ask your CEO for specific recommendations based on the circumstances and culture. Also at the end of each trip if you felt your G Adventures CEO or skipper did an outstanding job, tipping is appreciated. The amount is entirely a personal preference, however as a guideline €20-25 per person, per week can be used.

Health

Please note inoculations may be required for the country visited. It is your responsibility to consult with your travel doctor for up to date medical travel information well before departure.

DRINKING WATER: It is advisable to drink bottled water in Turkey.

There are no specific health requirements for this trip. However, you should consult your doctor for up-to-date medical travel information before departure. We recommend that you carry a First Aid kit and hand sanitizers / antibacterial wipes as well as any personal medical requirements. Please be aware that we are in remote areas and away from medical facilities for some time during this trip, and for legal reasons our leaders are prohibited from administering any type of drug including headache tablets, antibiotics, etc.

Safety and Security

Many national governments provide a regularly updated advice service on safety issues involved with international travel. We recommend that you check your government's advice for their latest travel information before departure. We strongly recommend the use of a neck wallet or money belt while travelling, for the safe keeping of your passport, air tickets, travellers' cheques, cash and other valuable items. Leave your valuable jewellery at home - you won't need it while travelling. Many of the hotels we use have safety deposit boxes, which is the most secure way of storing your valuables. A lock is recommended for securing your luggage. When travelling on a group trip, please note that your CEO has the authority to amend or cancel any part of the trip itinerary if it is deemed necessary due to safety concerns. Your CEO will accompany you on all included activities. During your trip you will have some free time to pursue your own interests, relax and take it easy or explore at your leisure. While your CEO will assist you with options available in a given location please note that any optional activities you undertake are not part of your itinerary, and we offer no representations about the safety of the activity or the standard of the operators running them. Please use your own good judgment when selecting an activity in your free time. Although the cities visited on tour are generally safe during the day, there can be risks to wandering throughout any major city at night. It is our recommendation to stay in small groups and to take taxis to and from restaurants, or during night time excursions.

Protests and Demonstrations- Protests and demonstrations, even those that are well intended, have the potential to turn violent with no warning. Counter protests can also turn violent. Action by security forces to disperse demonstrators and protesters may occur at any time. If you are in an area where demonstrators or protesters are gathering, avoid the temptation of staying for a good photo opportunity and leave the area immediately.

Water based activities have an element of danger and excitement built into them. We recommend only participating in water based activities when accompanied by a guide(s). We make every reasonable effort to ensure the fun and adventurous element of any water based activities (in countries with varying degrees of operating standards) have a balanced approach to safety. It is our policy not to

allow our CEOs to make arrangements on your behalf for water based activities that are not accompanied by guide(s).

Swimming, including snorkeling, is always at your own risk.

We take all prudent measures in relation to your safety. For ways to further enhance your personal safety while traveling, please visit:

Trip Specific Safety

Like anywhere in the world, major cities have areas safer than others, use common sense, be aware of your surroundings and mind your personal belongings.

Medical Form

Our small group adventures bring together people of all ages. It is very important you are aware that, as a minimum, an average level of fitness and mobility' is required to undertake our easiest programs. Travellers must be able to walk without the aid of another person, climb 3-4 flights of stairs, step on and off small boats, and carry their own luggage at a minimum. Travellers with a pre-existing medical condition are required to complete a short medical questionnaire, which must be signed by their physician. This is to ensure that travellers have the necessary fitness and mobility to comfortably complete their chosen trip. While our CEOs work hard to ensure that all our travellers are catered for equally, it is not their responsibility to help individuals who cannot complete the day's activities unaided. Please refer to the physical ratings in this Trip Details document for more information.

The medical questionnaire can be found online at:

www.gadventures.com/medical-form.

A Couple of Rules

Illegal drugs will not be tolerated on any trips. Possessing or using drugs not only contravenes the laws of the land but also puts the rest of the group at risk. Smoking marijuana and opium is a part of local culture in some parts of the world but is not acceptable for our travellers. Our philosophy of travel is one of respect towards everyone we encounter, and in particular the local people who make the world the special place it is. The exploitation of prostitutes is completely contrary to this philosophy. Our CEOs have the right to expel any member of the group if drugs are found in their possession or if they use prostitutes.

Travel Insurance

Travel Insurance: Travel insurance is compulsory in order to participate on any of our trips. When travelling on a group trip, you will not be permitted to join the group until evidence of travel insurance has been sighted by your CEO, who will take note of your insurance details. When selecting a travel insurance policy please bear in mind that all clients must have medical coverage and that we require a minimum coverage of USD 200,000 for repatriation and emergency rescue. We strongly recommend that the policy also covers personal liability, cancellation, curtailment and loss of luggage and personal effects. If you have credit card insurance we require proof of purchase of the trip (a receipt of credit card statement) with a credit card in your name. Contact your bank for details of their participating insurer, the level of coverage and emergency contact telephone number.

For more information about Planeterra and the projects we support, or to make a donation, please visit www.planeterra.org

Planeterra Dollar-A-Day Program
