### Itinerary

---

### Day 1 Paro (D)

Arrive by Druk Air. There are no planned activities, so check into the hotel and enjoy the city. At approx 16:00 pm we will have a group meeting where you will meet your fellow group members, go over the details of your trip and the CEO. Check the notice board to see where and what time the group meeting will be held. Later we go for a short orientation walk of the town.

### Day 2 Paro (B,L,D)

Paro is a beautiful valley named after the river flowing through on the banks of which the town is located. It is the only active international airport in Bhutan served only by Druk Air from Nepal, India and South East Asia.

This morning we go for a short excursion to the spectacular Taktsang Monastery also known as the Tiger's Nest. Built in the 16th century, this monastery clings to the edge of a sheer rock that goes down 900 m into the valley. Legend says that Guru Padmasambhava who brought Buddhism to Bhutan, came here on a flying tiger. We take our lunch at the cafeteria. We then drive down to Ta Dzong, an ancient Watch tower, which now houses the National Museum. Also walk down to the Paro Archery ground at the base of Paro Rimpung Dzong. Archery is the national sport of Bhutan and you might catch a contest in action, if you are lucky.

### Day 3 Camp (B,L,D)

Trek to Jele Dzong - 4-5 hours

Today we start our 3 day gentle trek starting from the Ta Dzong at 2300 mts. We hike up to Jele Dzong (3436 M). The trek is a gradual climb and on a clear day you can get some stunning view of the Paro Valley and Mount Jumolhari (7314 M) and a skyline of snowcapped mountains.

### Day 4 Camp (B,L,D)

Trek to Tshaluna Walking distance 9 Kms Walking time: 6 hours

After breakfast we pack our ponies and descend through a beautiful rhododendrons and conifers leading our way through the meadows and into Tshaluna village. Here we walk through the village and mingle with ethnic Bhutanese local community.

### Day 5 Thimpu (B,L,D)

Trek to Jemina : Walking distance 9 Kms Walking time 3 hours

After breakfast descend through the beautiful meadows in the valley of Tshaluna till we reach Jemina from where we drive to Thimpu.

Thimphu contrasts sharply with most cities you have visited throughout the world. It is a capital city without traffic lights, where no cars existed until 1962 and where all stores are closed on Tuesday on the upper lane and Wednesday on the lower lane. This is to give business people a rest from their capitalist pursuits and allow time with families. Although people lived and farmed the valley and hills bordering the Thimphu Chhu for many years, the town did not really develop until it became the capital city in 1961.

### Day 6 Punakha (B,L,D)

This morning we take a tour of Thimphu visiting the Chorten Memorial and the Zilukha Nunnery. The Chorten was built honouring the third ruler of Bhutan and has today become a land mark for Bhutan with its Golden spires and bells standing out.

After lunch we depart to Punakha, the ancient capital of Bhutan. The drive goes steeply through a forest of Pine and Cedar, festooned with hanging lichen high up near Dochula pass (3050 m)

### Day 7 Gangtey (B,L,D)

Walking time - 1 hour. Drive time : 2 hours.

In the morning drive towards the north of Punakha valley and then your car will drop you at a riverside, from here cross the suspension bridge and then hike for an hour to reach the stupa of Khamsum Yuley Chorten perched on a hill on the opposite bank of the river. The walk is through the rice terraced fields and pine forest. It is dedicated to our present King. After the visit walk back to the motorable road and then drive to Gangtey Goempa, which lies on the flanks of the Black Mountains. There is an old monastery of Gangtey Gumpa dating back to the 17th century. A few kilometers past the Gumpa on the valley floor are the fascinating valley of Phobjikha. The gentle sloping hillside of Phobjikha is described as "the most beautiful valley in the Himalayas". This is the winter home of black-necked cranes that migrate from the arid plains in the north to pass winter in milder and lower climate.

#### **Day 8 Haa (B,L,D)**

Drive time : 5 -6 hours.

After breakfast drive over the Pelela pass and then onto Thimphu for lunch. After lunch drive to Haa valley via Chunzom. From the confluence the road diverts one to Paro on your right and the left to Haa. You will drive towards the left diversion and the drive offers scenic beauty of Himalayan Ranges through gorges and deep Blue Pine forest and you finally reach to Haa.

#### **Day 9 Paro (B,L,D)**

Visit the temples of AAP Chhundu and also the Lhakhang Nagpo and Karpo and then drive to Paro over the Chelila pass (3,720 m) and from the pass one can get a clear view of the snow capped Himalayan peaks. The pass is marked by a multitude of prayer flags that seem to spear the intense blue skies and then from the pass hike to Kila Goempa, the hike is through the dense forest of firs, rhododendrons and conifers forest and then to Kila Goempa Nunnery. From the nunnery the trail descends till you reach a gorge and from the gorge climb for 30 minutes till you reach the motorable road and then drive to your hotel.

## **Dossier Disclaimer**

---

The information in this trip details document has been compiled with care and is provided in good faith. However it is subject to change, and does not form part of the contract between the client and the operator. The itinerary featured is correct at time of printing. It may differ slightly to the one in the brochure. Occasionally our itineraries change as we make improvements that stem from past travellers, comments and our own research. Sometimes it can be a small change like adding an extra meal along the itinerary. Sometimes the change may result in us altering the tour for the coming year. Ultimately, our goal is to provide you with the most rewarding experience. Please note that our brochure is usually released in November each year. If you have booked from the previous brochure you may find there have been some changes to the itinerary.

VERY IMPORTANT: Please ensure that you print a final copy of your Trip Details to review a couple of days prior to travel, in case there have been changes that affect your plans.

## **Itinerary Disclaimer**

---

While it is our intention to adhere to the route described below, there is a certain amount of flexibility built into the itinerary and on occasion it may be necessary, or desirable to make alterations. The itinerary is brief, as we never know exactly where our journey will take us. Due to our style of travel and the regions we visit, travel can be unpredictable. The Trip Details document is a general guide to the tour and region and any mention of specific destinations or wildlife is by no means a guarantee that they will be visited or encountered. Aboard expedition trips visits to research stations depend on final permission.

Additionally, any travel times listed are approximations only and subject to vary due to local circumstances.

## Important Notes

---

1. There is a US \$10 departure tax when leaving Bhutan.
2. Please note there may be times during your visit to Bhutan when the use of video and/or still cameras may be inappropriate. Local people may consider that filming is too intrusive and in these circumstances we will request that you do not film. At all times be aware and sensitive to the impact of photography and seek permission before taking photographs of people and respect their wishes if they refuse.
3. Accommodation in Bhutan can be very simple. Electricity and water can often be sporadic. Traditional Bhutanese food is very much chili based but in the larger towns western food is available in the hotel restaurants.
4. Bhutan, being a Buddhist country believes in ahimsa so the barking of dogs (and there are a lot of them) at night can be annoying. It's advisable to bring earplugs. If you are able to travel with a lot of patience and a good sense of humour, then we know that you - like all of us - will be captivated by what Bhutan has to offer.
5. Bring your own film (if you are still using it) and plenty of it - film is often hard to find in Bhutan and can be of inferior quality.
6. The prime requirement for clothes you bring on Bhutan trip is that they are comfortable and appropriate to the weather conditions that you are likely to meet. For protection against cold, particularly at night, a number of relatively thin layers is better than a few thick ones. Thermal underclothes, being small and light, can be very useful. Bhutan is very conservative and you should dress accordingly. As a general guideline, shoulders and knees should be covered at all times. The wearing of shorts is not allowed as it will restrict your entry into buildings of a religious nature and family homes. A water and windproof jacket is useful and a hat and sunscreen essential.

## Group Leader Description

---

All G Adventures group trips are accompanied by one of our Chief Experience Officers (CEO). The aim of the CEO is to take the hassle out of your travels and to help you have the best trip possible. They will provide information on the places you are travelling through, offer suggestions for things to do and see, recommend great local eating venues and introduce you to our local friends. While not being guides in the traditional sense you can expect them to have a broad general knowledge of the countries visited on the trip, including historical, cultural, religious and social aspects. We also use local guides where we think more specific knowledge will add to the enjoyment of the places we are visiting- we think it's the best of both worlds.

## Group Size Notes

---

Max 15 Avg 10

## Your Fellow Travellers

---

As you travel on a group trip you will be exposed to all the pleasures and maybe some of the frustrations of travelling in a group. Your fellow travellers will probably come from all corners of the world and are likely to be of a variety of ages too. We ask you to be understanding of the various needs and preferences of your group - patience with your fellow travellers is sometimes required for the benefit of everyone's travel experience. Remember too that you have responsibilities to the group. If you are requested to be at a place at a certain time, ensure that you don't keep the rest of the group waiting. We have found time and time again that the very best trips we operate are those where the dynamics within the group work well - this takes just a little effort on your part.

## Meals Included

---

9 Breakfasts, 8 Lunches, 9 Dinners

## Meals

---

Allmost all the meals in Bhutan are included in the cost of the trip. Our CEO suggests restaurants that gives you close local culinary experience.

## Meal Budget

---

USD100-150 for meals not included

## Transport

---

Private vehicle, walking

## About our Transportation

---

Traveling by road in Bhutan is certainly not what people are use to in Western countries. The roads in the mountains might not be the best but the drivers always keep the safety of the passengers first. We use private transport and walk during the treks and trails.

## Single Travellers

---

We believe single travellers should not have to pay more to travel so our group trips are designed for shared accommodation and do not involve a single supplement. Single travellers joining group trips are paired in twin or multi-share accommodation with someone of the same sex for the duration of the trip. Some of our Independent trips are designed differently and single travellers on these itineraries must pay the single trip price.

## Accommodation

---

Camp (2 nts), hotels/guesthouses (7 nts)

## My Own Room

---

Please note that if you have booked the "My Own Room" option for this tour, you will receive your own single room for all night stops on tour.

## About Accommodation

---

A variety of styles of hotels/guest houses are used in Bhutan. These can vary in terms of service and efficiency . In many instances they might not be like what you are used to back home. Most of the accommodation is traditional in architecture, style and its services to the guest.

## What to Take

---

What you need to bring depends on the trip you have chosen and the countries or regions you are planning to visit. We suggest that you pack as lightly as possible as you are expected to carry your own luggage. As a rule we try not to have to walk more than 15-20 minutes with your bags which is why we recommend keeping the weight of your bags between 10-15kg/22-30lb. Suitcases are not recommended for G Adventures trips! Most travellers carry a backpack or rolling bag of small to medium size (no XXL ones please!) as they need to fit under the beds when travelling on sleeper trains. You will also need a day pack/bag to carry water, cameras and other electronics like ipods and mobile phones.

## Visas

---

For Bhutan, G Adventures will arrange the visa for you. The cost of the visa is included in the tour price. The Bhutanese visa is issued to your passport on arrival, on submission of 2 passport sized photographs.

In order to arrange the Bhutan visa, you must provide G Adventures with the following:

- Scanned colour passport copy
- Arrival and Departure flight details for Paro

These details need to be submitted to us 35-40 days before departure.

We will then arrange the Bhutanese visa for you. A visa letter will be forwarded to you 15 days before departure. We cannot get the visa letter issued any sooner. Please print out the visa letter, you will be required to show this before boarding your flight to Paro.

Important: If you are planning to extend your stay in Bhutan, pre- and post-tour accommodation must be booked through G Adventures in order to for us to issue a valid visa for the duration of your stay.

If arriving and departing Paro from India, please note that the Indian government has recently made some changes to visa regulation due to misuse of the Tourist visa. We encourage all passengers to contact the Indian consulate or embassy in their home country to get up to date information on entry requirements. This is especially important for those that are planning on entering India multiple times in a two month period.

Foreigners holding a Indian Tourist Visas, who after initial entry into India plan to visit neighboring Nepal, Bhutan or Sri Lanka and then re-enter into India within 2 months need to get special authorization.

## Destination Guide

---

For practical information on weather, typical costs, visa information, special events and much more, our Destination Travel Guide is the place to visit! This handy guide will tell you everything you need to know about everywhere we go! Head to <http://www.gadventures.com/travel-guide> for detailed information on the countries and cities we visit.

## Spending Money

---

Every traveller is different and therefore spending money requirements will vary. Some travellers may drink more than others while other travellers like to purchase more souvenirs than most. Please consider your own spending habits when it comes to allowing for drinks, shopping and tipping. Please also remember the following specific recommendations when planning your trip.

## Money Exchange

---

There are no ATMs in Bhutan. The Ngultrum is valueless outside of Bhutan so make sure that you change back all excess Bhutanese currency before you leave. It is possible to use Indian Rupees in Bhutan.

## Emergency Fund

---

Please also make sure you have access to at least an additional USD \$200 (or equivalent) as an 'emergency' fund, to be used when circumstances outside our control (ex. a natural disaster) require a change to our planned route. This is a rare occurrence!

## Tipping

---

It is customary in Asia to tip service providers such as waiters, at approximately 10%, depending on the service. Tipping is expected - though not compulsory - and shows an expression of satisfaction with the people who have assisted you on your tour. Although it may not be customary to you, it is of considerable significance to the people who will take care of you during your travels. There are several times during the trip where there is opportunity to tip the local guides or drivers we use. You may do this individually, or your CEO will offer to collect the money and tip as a group. Recommendations for tipping drivers and local guides would range from USD1-2 per person per day depending on the quality and length of the service; ask your tour leader for specific recommendations based on the circumstances and culture. Also at the end of each trip if you felt your G Adventures CEO did an outstanding job, tipping is appreciated. The amount is entirely a personal preference; however as a guideline USD25-30 per person, per week can be used.

## Optional Activities

---

We suggest you bring along USD80 for additional sightseeing.

## Health

---

Please note inoculations may be required for the country visited. It is your responsibility to consult with your travel doctor for up to date medical travel information well before departure.

You should consult your doctor for up-to-date medical travel information well before departure. We recommend that you carry a First Aid kit and hand sanitizers / antibacterial wipes as well as any personal medical requirements. Please be aware that sometimes we are in remote areas and away from medical facilities, and for legal reasons our leaders are prohibited from administering any type of drug including headache tablets, antibiotics, etc. In Asia pharmacies tend to stock the same western drugs as you get at home but they are usually produced locally so please bring the full drug name with you when trying to purchase a prescription drug. When selecting your trip please carefully read the brochure and itinerary and assess your ability to cope with our style of travel. Please refer to the Physical and Culture Shock ratings for trip specific information. G Adventures reserves the right to exclude any traveller from all or part of a trip without refund if in the reasonable opinion of our group leader they are unable to complete the itinerary without undue risk to themselves and/or the rest of the group.

## Safety and Security

---

Many national governments provide a regularly updated advice service on safety issues involved with international travel. We recommend that you check your government's advice for their latest travel information before departure. We strongly recommend the use of a neck wallet or money belt while travelling, for the safe keeping of your passport, air tickets, travellers' cheques, cash and other valuable items. Leave your valuable jewellery at home - you won't need it while travelling. Many of the hotels we use have safety deposit boxes, which is the most secure way of storing your valuables. A lock is recommended for securing your luggage. When travelling on a group trip, please note that your CEO has the authority to amend or cancel any part of the trip itinerary if it is deemed necessary due to safety concerns. Your CEO will accompany you on all included activities. During your trip you will have some free time to pursue your own interests, relax and take it easy or explore at your leisure. While your CEO will assist you with options available in a given location please note that any optional activities you undertake are not part of your itinerary, and we offer no representations about the safety of the activity or the standard of the operators running them. Please use your own good judgment when selecting an activity in your free time. Although the cities visited on tour are generally safe during the day, there can be risks to wandering throughout any major city at night. It is our recommendation to stay in small groups and to take taxis to and from restaurants, or during night time excursions.

Protests and Demonstrations- Protests and demonstrations, even those that are well intended, have the potential to turn violent with no warning. Counter protests can also turn violent. Action by security forces to disperse demonstrators and protesters may occur at any time. If you are in an area where demonstrators or protesters are gathering, avoid the temptation of staying for a good photo opportunity and leave the area immediately.

Water based activities have an element of danger and excitement built into them. We recommend only participating in water based activities when accompanied by a guide(s). We make every reasonable effort to ensure the fun and adventurous element of any water based activities (in countries with varying degrees of operating standards) have a balanced approach to safety. It is our policy not to allow our CEOs to make arrangements on your behalf for water based activities that are not accompanied by guide(s).

Swimming, including snorkeling, is always at your own risk.

We take all prudent measures in relation to your safety. For ways to further enhance your personal safety while traveling, please visit:

[www.gadventures.com/travel-resources/safety/](http://www.gadventures.com/travel-resources/safety/)

## Medical Form

---

Our small group adventures bring together people of all ages. It is very important you are aware that, as a minimum, an average level of fitness and mobility is required to undertake our easiest programs. Travellers must be able to walk without the aid of another person, climb 3-4 flights of stairs, step on and off small boats, and carry their own luggage at a minimum. Travellers with a pre-existing medical condition are required to complete a short medical questionnaire, which must be signed by their physician. This is to ensure that travellers have the necessary fitness and mobility to comfortably complete their chosen trip. While our CEOs work hard to ensure that all our travellers are catered for equally, it is not their responsibility to help individuals who cannot complete the day's activities unaided. Please refer to the physical ratings in this Trip Details document for more information.

Please note that all passengers traveling to Antarctica are required to fill out this questionnaire.

The medical questionnaire can be found online at:

## A Couple of Rules

---

Illegal drugs will not be tolerated on any trips. Possessing or using drugs not only contravenes the laws of the land but also puts the rest of the group at risk. Smoking marijuana and opium is a part of local culture in some parts of the world but is not acceptable for our travellers. Our philosophy of travel is one of respect towards everyone we encounter, and in particular the local people who make the world the special place it is. The exploitation of prostitutes is completely contrary to this philosophy. Our CEOs have the right to expel any member of the group if drugs are found in their possession or if they use prostitutes.

## Travel Insurance

---

Travel Insurance: Travel insurance is compulsory in order to participate on any of our trips. When travelling on a group trip, you will not be permitted to join the group until evidence of travel insurance has been sighted by your CEO, who will take note of your insurance details. When selecting a travel insurance policy please bear in mind that all clients must have medical coverage and that we require a minimum coverage of USD 200,000 for repatriation and emergency rescue. We strongly recommend that the policy also covers personal liability, cancellation, curtailment and loss of luggage and personal effects. If you have credit card insurance we require proof of purchase of the trip (a receipt of credit card statement) with a credit card in your name. Contact your bank for details of their participating insurer, the level of coverage and emergency contact telephone number.

## Responsible Travel

---

Being a responsible tour operator is at the heart of what G Adventures is all about. From the start, G Adventures has been committed to offering low-impact tours that benefit traveler and host alike. While our sustainable tourism policies are constantly evolving, our commitment to socially conscious, grassroots style travel has never changed. We work with local communities, businesses and individuals to develop sustainable tourism opportunities that help local economies while minimizing negative environmental and cultural impacts.

We would like to give you a couple of tips to start you thinking about traveling sustainably.

-Please bring rechargeable batteries, a battery charger (and plug adapter if necessary). Batteries are incredibly toxic and many places that we travel do not have proper disposal facilities. Rechargeables are best but if this is not possible we recommend that you bring any used batteries back home with you for proper disposal.

-Please ask before taking pictures. Just as you would not like to have a stranger come up to you and take a picture of you while sitting on your front porch either do the locals of the places that we visit. As you can imagine pictures of their children are also not appreciated.

For more information about our commitment to responsible travel, please visit the Sustainable Tourism section of the G Adventures website: [www.gadventures.com](http://www.gadventures.com)

## Planeterra-The G Adventures Foundation

---

Through our commitment to responsible tourism we have developed the Planeterra Foundation, a non-profit organization dedicated to making a positive difference in the lives of people and communities around the world through support of international charities, local organizations and community projects in the places that we visit on our tours. G Adventures matches all individual donations and pays all administration costs, which means that 100% of each donation is doubled and goes directly to support our projects. For more information about Planeterra and the projects we support, or to make a donation, please visit [www.planeterra.org](http://www.planeterra.org)

### Planeterra Dollar-A-Day Program

Our Dollar-A-Day Program provides travellers with the opportunity to help us give back to the people and places visited on our tours by donating one dollar per day for the duration of their tour. 100% of these proceeds will go directly to support our Planeterra projects.

To participate in this program please indicate at the time of booking that you would like to participate in G Adventures' Dollar-A-Day program, either by clicking the check box online, or by advising your G Adventures specialist or travel agent. (Note: Donation will be charged in the currency of your booking)

## Feedback

## Keeping in Touch

---

If you need to be contacted while travelling we recommend that you set up an email address that can be accessed on the road, rather than relying on postal mail. Email cafes are becoming increasingly commonplace and cheap throughout the regions we visit, and have quickly become the preferred way for our CEOs and travellers to stay in touch. If someone wishes to contact you in an emergency while you are on one of our trips we recommend that they contact your local booking agent, or refer to our Emergency Contact. We recommend that family and friends don't try to contact you through phoning hotels en route, as our hotels are subject to change, and our hotel receptions often don't have English speaking staff.
