The information in this trip details document has been compiled with care and is provided in good faith. However it is subject to change, and does not form part of the contract between the client and G Adventures. The itinerary featured is correct at time of printing. It may differ slightly to the one in the brochure. Occasionally our itineraries change as we make improvements that stem from past travellers, comments and our own research. Sometimes it can be a small change like adding an extra meal along the itinerary. Sometimes the change may result in us altering the tour for the coming year. Ultimately, our goal is to provide you with the most rewarding experience. Please note that our brochure is usually released in November each year. If you have booked from the previous brochure you may find there have been some changes to the itinerary.

VERY IMPORTANT: Please ensure that you print a final copy of your Trip Details to review a couple of days prior to travel, in case there have been changes that affect your plans.

VALIDITY: Valid for all trips departing January 1st, 2013 - December 31st, 2013

Itinerary

Day 1 Puerto Maldonado/G Lodge Amazon (L,D)

Following your early morning arrival to Puerto Maldonado from Lima or Cusco, you will be met at the airport by your naturalist guide and transferred to a dugout canoe for the trip up the Tambopata River to the lodge. On the journey the vegetation changes from colonized deforested areas to virgin rain forest. A box-lunch is provided on board. On arrival you'll have a welcome drink and meet the rest of the staff. In the late afternoon you set off for an introductory walk into the "terra firme" forest behind the lodge, dominated by giant Brazil-nut and dipteryx trees. Frequently seen mammals on this trail are saddle-back tamarinds, brown capuchins, agoutis, pacas, blue-morpho butterflies, trogons, toucans and many other species of birds. After dinner enjoy a night walk to find nocturnal animals or insects - about 50% of the animals are nocturnal in the rainforest.

Please note that hot water shortages and power outages can be fairly common in Peru (even in upgraded hotels and private homes). We appreciate your patience and understanding that these occurrences are outside of our control.

G Lodge Amazon is situated within the Tambopata National Reserve (TNR) and is on the edge of the Bahuaja Sonene National Park, creating an immense area totaling more than 3,000,000 acres of sub-tropical moist rainforest. The area has become part of a cross border park system, joining with the Madidi National Park in Bolivia, together they constitute the largest protected zone of tropical forest on the continent of South America.

The buildings or cabins of the lodge have been designed to exist in complete harmony with this exotic environment. They are made from wood and thatched with woven leaves and screened to protect their occupants from insects. Each bed is protected by a mosquito net and the cabins all have a private bathroom with running water. The dining room serves food, as well as drinks and snacks all day. All meals are prepared by the lodge's own specialized professional staff using a blend of forest products and more traditional recipes. Some of the dishes are typically Peruvian and international food is also served.

The lodge compound and buildings are lit at night with flame lanterns and candles but it is recommended that you keep your own

flashlight handy. Tap water in the rooms comes from the clear Gallocunca stream found towards the rear of the lodge. The water is chlorinated and fit for showers and swimming though it is recommend you use the purified water supplied as drinking water. The lakes are also good places to swim, so remember to take your bathing suit with you on morning walks to the lakes.

The lodge maintains several trails on both sides of the river totaling approximately 25km. Most are circular trails beginning and ending at the lodge which are well marked. Guests are welcome to explore them during their leisure time. The trails on the other side of the Tambopata River can only be reached by boat. Transport to and from the lodge is by boat. All boats are protected from both sun and rain by a roof and side closures. Boat seats have back rests and seat cushions for greater comfort. All passengers will be provided with a life jacket, and all the drivers we use are qualified, experienced and possess a great knowledge of the river and its fauna.

For walks in the forest it is recommend that you bring light clothing, long loose-fitting trousers, long-sleeved shirts, a wide-brimmed hat and walking boots or tennis shoes. The early mornings can be cold, especially when on the river so you should bring along a windbreaker or a sweater. Come prepared with a rain jacket or poncho, as heavy rain may fall at any moment.

*Please note that you need to arrive into Puerto Maldonado by 2pm at the latest

Day 2 G Lodge Amazon (B,L,D)

Hike to Lake Condenado. After an early breakfast you and your nature guide will board the motorized canoe once again for the short journey to the trail head to begin a morning's exploration by foot and paddle canoe of the lake system of Condenado, rich in bird and aquatic life. A family of giant otters live in the vicinity of the lake and are often observed. Birdlife is abundant especially rufescent tiger-herons, great egrets, wattled jacanas, hoatzin, the noisy donacobius and many others. Remember to bring your hat and sun screen for there is no shade out on the water. You will return to the lodge in time for lunch.

The afternoon is for exploring the forest close to the lodge (with or without your guide), relaxing and bathing in the Gallucunca stream, or visiting our tree platforms, going up with ropes and harnesses for a bird's eye view of the forest and for close-ups of arboreal orchids and the many other species of plants and animals that are never seen near the ground (extra cost). After dark you will go searching for caiman (alligators) and other nocturnal animals by motorized canoe along the Tambopata River.

Day 3 G Lodge Amazon (B,L,D)

Hike to Lake Sachavacayoc (Tapir Lake). After an early breakfast you will take a short boat ride down river to the trail head. Here you embark on a longer trail which leads to a spectacular hidden lake, requiring the crossing of streams and swampy ground, past the giant lupuna trees (kings of the jungle) which abound in this part of the forest. On the walk you are introduced to more aspects of the forest and its animals. At the lake itself it is possible to spot the elusive black caiman and giant otters. We return for lunch and the afternoon is free for relaxation and swimming.

Day 4 G Lodge Amazon (B,L,D)

Today's excursion will take us to the Collpa de Guacamayos, Bird and Mammal Clay Licks.

After a six 'o clock breakfast at the Lodge, we will board our launch for the 9-kilometer ride upriver to the trailhead. From the banks of the Tambopata it is a 1.7 kilometer hike to our destination. We will spend an hour walking this trail, with plenty of time to observe Amazon flora and fauna along the way. After about 800 meters, we will leave this trail and walk 300 meters through the forest to the mammal clay lick, or Collpa. Close to the wall of clay, we will await the arrival of the White-lipped Peccaries which tend to congregate in large groups to feed on the mineral deposits found here.

After about 45 minutes, we will continue our walk to the nearby macaw clay lick, arriving at around 8:30 am. It is in the early morning that groups of Scarlet and Red-and-Green Macaws often gather to feed on the clay deposits essential to their diet, creating a colorful and noisy show. After having had plenty of time to observe the birds, we will take a light snack before returning to the river via another trail and taking the boat back to the Lodge, arriving before lunch.

The afternoon is free for relaxation and bathing

Day 5 G Lodge Amazon (B,L,D)

Today we will walk to the private concession for the conservation of Brazil nut trees (4-5 hours).

After an early breakfast, we walked 2.5 km. the protected area of Brazil nut trees. On route we will observe flora and fauna typical of a primary forest. Within the area will appreciate the various activities that we do to protect the forest. Return to the lodge by another trail. The tour includes a demonstration of opening the coconuts, fruit peel and product use, including the local cuisine. During the harvest season (January to March) we carry machetes and baskets to collect the fruits. Participants must wear helmets because the fruit falls from the trees spontaneously.

The Brazil nut tree is native to Venezuela, Brazil, eastern Colombia, eastern Peru and eastern Bolivia. The Brazil nut is a large tree, reaching 30–45 meters (100–150 ft.) tall and 1–2 meters trunk diameter, among the largest of trees in the Amazon Rainforests. It may live for 500 years or more, and according to some authorities often reaches an age of 1,000 years. The stem is straight and commonly unbranched for well over half the tree's height, with a large emergent crown of long branches above the surrounding canopy of other trees.

Brazil nut trees produce fruit almost exclusively in pristine forests, as disturbed forests lack the large-body bees of the genera *Bombus*, *Centris*, *Epicharis*, *Eulaema*, and *Xylocopa* which are the only ones capable of pollinating the tree's flowers. The fruit takes 14 months to mature after pollination of the flowers. The fruit itself is a large capsule 10–15 centimeters diameter resembling a coconut endocarp in size and weighing up to 2 kilograms and inside contains 8–24 triangular seeds. The capsule contains a small hole at one end, which enables large rodents like the Agouti to gnaw it open. They then eat some of the nuts inside while burying others for later use; some of these are able to germinate into new Brazil nut trees. Most of the seeds are "planted" by the Agoutis in shady places, and the young saplings may have to wait years, in a state of dormancy, for a tree to fall and sunlight to reach it. It is not until then that it starts growing again.

Day 6 Puerto Maldonado (B)

A dawn start is required for the canoe trip back to Puerto Maldonado, you are rewarded with memorable views of the sun rise over the river. Lookout for the early morning wildlife which is particularly active at this time. Howler monkeys are frequently heard, as they stakeout their territories. Your guide will take care of you on arrival in Puerto Maldonado and will deal with all the necessities at the airport prior to your departure.

*Please do not book any flights out of Puerto Maldonado until 11am or later

Itinerary Disclaimer

While it is our intention to adhere to the route described below, there is a certain amount of flexibility built into the itinerary and on occasion it may be necessary, or desirable to make alterations. The itinerary is brief, as we never know exactly where our journey will take us. Due to our style of travel and the regions we visit, travel can be unpredictable. The Trip Details document is a general guide to the tour and region and any mention of specific destinations or wildlife is by no means a guarantee that they will be visited or encountered. Aboard expedition trips visits to research stations depend on final permission.

Additionally, any travel times listed are approximations only and subject to vary due to local circumstances.

Important Notes

This tour begins and ends in Puerto Maldonado and Internal flights are not included.

Group Leader Description

The tour that you have selected is an independent tour. You will receive information about your tour upon arrival at the start point (Puerto Maldonado airport) and will have a local guide for all included activities while at the G Lodge Amazon.

Group Size Notes

No Minimum

Meals Included

5 breakfasts, 5 lunches, 5 dinners

Meals

Eating is a big part of traveling. Travelling with G Adventures you experience the vast array of wonderful food that is available out in the world. Generally meals are not included in the trip price when there is a choice of eating options, to give you the maximum flexibility in deciding where, what and with whom to eat. It also gives you more budgeting flexibility, though generally food is cheap. Our groups tend to eat together to enable you to taste a larger variety of dishes and enjoy each other's company. There is no obligation to do this though. Your CEO will be able to suggest favourite restaurants during your trip. On truck trips in Africa, aboard the expedition ship Explorer or our Galapagos yachts, while trekking in remote regions etc. food is included, plentiful and made of fresh local ingredients. The above information applies to G Adventures group trips. For Independent trips please check the itinerary for details of meals included. For all trips please refer to the meals included and budget information for included meals and meal budgets.

Meal Budget

Allow USD50 for meals not included.

Transport

Car, Van, Boat/Canoe, Walking

About our Transportation

Land Transfers & Included Tours/activities: Many of the land transfers and included tours will be by private van, car or taxi, while others may be shared with other travellers depending on availability, nature of the activity and destination. For transfers, you may have a local non English-speaking driver only, for included tours, you will be accompanied by an English speaking local guide.

Solo Travellers

We believe single travellers should not have to pay more to travel so our group trips are designed for shared accommodation and do not involve a single supplement. Single travellers joining group trips are paired in twin or multi-share accommodation with someone of the same sex for the duration of the trip. Some of our Independent trips are designed differently and single travellers on these itineraries must pay the single trip price.

Accommodation

G Lodge Amazon (5 nts)

About Accommodation

A variety of accommodation standards are available for Independent tours, see your dossier for the accommodation class specific to your tour. While we endeavour to provide a private room for solo travellers, we are unable to guarantee it. If you book this trip as a solo traveller, you may be required to share a room with another traveller of the same gender. Please remember that hotel/lodge/resort standards can be different from what you are used to in your home country, which is part of the appeal of adventure travel. Porterage is not included, but can be arranged directly at most hotels.

Please note that hot water shortages and power outages can be fairly common in Peru (even in upgraded hotels and private homes). We appreciate your patience and understanding that these occurrences are outside of our control.

Laundry

Laundry facilities are offered by some of our hotels for a charge. There will be times when you may want to or have to do your own laundry so we suggest you bring non-polluting/biodegradable soap.

Visas

All countries require a valid passport (with a minimum 6 months validity). Contact your local embassy, or consulate for the most up-to-date visa requirements, or see your travel agent. IT'S YOUR RESPONSIBILITY TO HAVE THE CORRECT TRAVEL DOCUMENTATION.

Spending Money

Every traveller is different and therefore spending money requirements will vary. Some travellers may drink more than others while other travellers like to purchase more souvenirs than most. Please consider your own spending habits when it comes to allowing for drinks, shopping and tipping. Please also remember the following specific recommendations when planning your trip.

Money Exchange

The currency in Peru is the Nuevo Sol (PEN).

Credit cards and debit cards are very useful for cash advances. Visa cards are the most widely accepted cards. While ATMs are widely available, there are no guarantees that your credit or debit cards will actually work in Latin America. Check with your bank.

You should be aware that to purchase products or services on a credit card a fee of 5%-10% usually applies.

Do not rely on credit or debit cards as your only source of money, a combination of US dollar cash and cards is best. Always take more rather than less, as you don't want to spoil the trip by constantly feeling short of funds.

We do not recommend bringing travellers cheques as they are very difficult to change in country.

CURRENCY EXCHANGE TIP: Please be advised that slightly torn notes, notes that have been heavily marked or are faded may be difficult to exchange. It is best to bring notes in fairly good condition, in denominations lower than 100USD (or equivalent).

As currency exchange rates can fluctuate often we ask that you refer to the following website for daily exchange rates: www.xe.com

Emergency Fund

Please also make sure you have access to at least an additional USD \$200 (or equivalent) as an 'emergency' fund, to be used when circumstances outside our control (ex. a natural disaster) require a change to our planned route. This is a rare occurrence!

Tipping

It is customary in Latin America to tip service providers such as waiters, and local guide(s) at approximately 10%, depending on the service. Tipping is an expected - though not compulsory - component of your tour program and an expression of satisfaction with the persons who have assisted you on your tour. Although it may not be customary to you, it is of considerable significance to the people who will take care of you during your travels.

Health

Please note inoculations may be required for the country visited. It is your responsibility to consult with your travel doctor for up to date medical travel information well before departure.

You should consult your doctor for up-to-date medical travel information well before departure. We recommend that you carry a First Aid kit and hand sanitizers / antibacterial wipes as well as any personal medical requirements. Please be aware that quite often we are in remote areas and away from medical facilities, and for legal reasons our leaders are prohibited from administering any type of drug including headache tablets, antibiotics, etc. When selecting your trip please carefully read the brochure and itinerary and assess your ability to cope with our style of travel. Please refer to the Physical and Culture Shock ratings for trip specific information. G Adventures reserves the right to exclude any traveller from all or part of a trip without refund if in the reasonable opinion of our CEO they are unable to complete the itinerary without undue risk to themselves and/or the rest of the group.

Safety and Security

Many national governments provide a regularly updated advice service on safety issues involved with international travel. We recommend that you check your government's advice for their latest travel information before departure. We strongly recommend the use of a neck wallet or money belt while travelling, for the safe keeping of your passport, air tickets, travellers' cheques, cash and other valuable items. Leave your valuable jewellery at home - you won't need it while travelling. Many of the hotels we use have safety deposit boxes, which is the most secure way of storing your valuables. A lock is recommended for securing your luggage. When travelling on a group trip, please note that your CEO has the authority to amend or cancel any part of the trip itinerary if it is deemed necessary due to safety concerns. Your CEO will accompany you on all included activities. During your trip you will have some free time to pursue your own interests, relax and take it easy or explore at your leisure. While your CEO will assist you with options available in a given location please note that any optional activities you undertake are not part of your itinerary, and we offer

no representations about the safety of the activity or the standard of the operators running them. Please use your own good judgment when selecting an activity in your free time. Although the cities visited on tour are generally safe during the day, there can be risks to wandering throughout any major city at night. It is our recommendation to stay in small groups and to take taxis to and from restaurants, or during night time excursions.

Protests and Demonstrations- Protests and demonstrations, even those that are well intended, have the potential to turn violent with no warning. Counter protests can also turn violent. Action by security forces to disperse demonstrators and protesters may occur at any time. If you are in an area where demonstrators or protesters are gathering, avoid the temptation of staying for a good photo opportunity and leave the area immediately.

Water based activities have an element of danger and excitement built into them. We recommend only participating in water based activities when accompanied by a guide(s). We make every reasonable effort to ensure the fun and adventurous element of any water based activities (in countries with varying degrees of operating standards) have a balanced approach to safety. It is our policy not to allow our CEOs to make arrangements on your behalf for water based activities that are not accompanied by guide(s).

Swimming, including snorkeling, is always at your own risk.

We take all prudent measures in relation to your safety. For ways to further enhance your personal safety while traveling, please visit:

-
www.gadventures.com/travel-resources/safety/

Trip Specific Safety

GENERAL: Look after your personal items. Do not leave your valuables visible in a car or hotel room. Lock your hotel room door when you enter and when you leave. Do not carry large amount of cash on you. Avoid displaying flashy jewellery and carry your camera in its pack on your shoulder rather than around your neck. Keep your passport, airline tickets, money, important documents locked up in your room/safe - do not carry it with you.

Medical Form

Our small group adventures bring together people of all ages. It is very important you are aware that, as a minimum, an average level of fitness and mobility' is required to undertake our easiest programs. Travellers must be able to walk without the aid of another person, climb 3-4 flights of stairs, step on and off small boats, and carry their own luggage at a minimum. Travellers with a pre-existing medical condition are required to complete a short medical questionnaire, which must be signed by their physician. This is to ensure that travellers have the necessary fitness and mobility to comfortably complete their chosen trip. While our CEOs work hard to ensure that all our travellers are catered for equally, it is not their responsibility to help individuals who cannot complete the day's activities unaided. Please refer to the physical ratings in this Trip Details document for more information. Please note that all passengers traveling to Antarctica are required to fill out this questionnaire.

The medical questionnaire can be found online at:

www.gadventures.com/medical-form.

A Couple of Rules

Illegal drugs will not be tolerated on any trips. Possessing or using drugs not only contravenes the laws of the land but also puts the rest of the group at risk. Smoking marijuana and opium is a part of local culture in some parts of the world but is not acceptable for our travellers. Our philosophy of travel is one of respect towards everyone we encounter, and in particular the local people who make the world the special place it is. The exploitation of prostitutes is completely contrary to this philosophy. Our CEOs have the right to expel any member of the group if drugs are found in their possession or if they use prostitutes.

Travel Insurance

Travel Insurance: Travel insurance is compulsory in order to participate on any of our trips. When travelling on a group trip, you will not be permitted to join the group until evidence of travel insurance has been sighted by your CEO, who will take note of your insurance details. When selecting a travel insurance policy please bear in mind that all clients must have medical coverage and that we require a minimum coverage of USD 200,000 for repatriation and emergency rescue. We strongly recommend that the policy also covers personal liability, cancellation, curtailment and loss of luggage and personal effects. If you have credit card insurance we require proof of purchase of the trip (a receipt of credit card statement) with a credit card in your name. Contact your bank for details

of their participating insurer, the level of coverage and emergency contact telephone number.

Planeterra-The G Adventures Foundation

Through our commitment to responsible tourism we have developed the Planeterra Foundation, a non-profit organization dedicated to making a positive difference in the lives of people and communities around the world through support of international charities, local organizations and community projects in the places that we visit on our tours. G Adventures matches all individual donations and pays all administration costs, which means that 100% of each donation is doubled and goes directly to support our projects. For more information about Planeterra and the projects we support, or to make a donation, please visit www.planeterra.org

Planeterra Dollar-A-Day Program

Our Dollar-A-Day Program provides travellers with the opportunity to help us give back to the people and places visited on our tours by donating one dollar per day for the duration of their tour. 100% of these proceeds will go directly to support our Planeterra projects.

To participate in this program please indicate at the time of booking that you would like to participate in G Adventures' Dollar-A-Day program, either by clicking the check box online, or by advising your G Adventures specialist or travel agent. (Note: Donation will be charged in the currency of your booking)
