### Itinerary

---

### Days 1-3 Cape Town (2B)

Arrive at any time. Arrival transfer included. Explore vibrant Cape Town on your own for the next two days. Meet our Cape Town representative at the hotel (on Day 1 at approx. 6:00PM - please have a look at the information board in the hotel), he/she will go through your trip details and will help you with booking optional activities and will be your contact person for the next days.

Cape Town offers many different activities – something for everyone. Visit Robben Island, Table Mountain, explore Cape Point (Cape of Good Hope), embark on a wine tour in and around Stellenbosch (45min drive). Visit the old French Hugonote town of Franschoek and surroundings (1h drive). For the not so faint hearted there is numerous adrenaline activities in the surrounding areas, from skydiving to abseiling to cage diving and having a close encounter with the great white sharks. Or wonder through the city centre with some of the oldest buildings and gardens in South Africa (Botanical Gardens and Parliament Gardens). Do not miss the wonderful Cultural Historical Museum, Planetarium and numerous other small museums and theatres.

Cape Town's name originated from the term 'Cape of Good Hope' when Bartholomew Diaz and other seafarers looked forward to the sight of Table Mountain, like an inn that promised hospitality and prosperity. The city is steeped in a rich history and is a cultural melting pot with its diverse and vibrant character being derived from Khoisan and other African tribes from the North, and Indonesian, French, Dutch, British and German settlers. Cape Town is the third most populous city in South Africa, with over 3 million inhabitants, and is the provincial capital of the Western Cape. It is also the legislative capital of South Africa, where the National Parliament and many government offices are located.

For shopping, dining and entertainment the V&A Waterfront is a hotspot for foreigners and locals alike. Still a working harbour, the Waterfront is an example of creative architecture and restoration and has become South Africa's most visited tourist attraction. The Waterfront offers over 250 shops from designer boutiques to craft stalls, a host of restaurants and coffee shops and plenty of other activities.

For cultural exchange, you shouldn't miss out a "Local Dinner" in a private home in an informal settlement. This authentic community experience provides guests the opportunity to get deep inside the heart of Cape Town. Choose from Cape Malay, Xhosa traditional

or Cape Town fusion foods, and visit families in their private homes in townships and get insight into South African realities - be part of the family for an unforgettable night. Proceeds go into the community.

#### **Day 4 Johannesburg (B,D)**

Flight from Cape Town to Johannesburg. Arrive in time for your dinner and meet your fellow travellers.

#### **Days 5-6 Timbavati Private Nature Reserve (2B,1L,2D)**

Estimate Driving Times: 7 hrs

Please note that today is a transfer shuttle bus service only and not a tour or safari and will also transfer other passengers than G Adventures bookings. Your CEO will help you check in for the shuttle transfer and will say good-bye to you. Your CEO will pick you up again on Day 7. There is no CEO needed for the next 2 days as you are very well taken care of by the game ranger and lodge manager.

The driver will stop en-route for a leisure break and lunch (at own expense). We will use a Toyota Quantum (14 seats) with trailer. The transfer shuttle service will drop you off just outside the Timbavati Gate where you are met by a representative of the lodge.

For the next two days enjoy morning and evening game drives in our open safari vehicle in Timbavati Private Nature Reserve, adjoining the Kruger National Park, searching for elephant, lion, rhino, leopard and buffalo - Africa's famed Big 5. Nocturnal animals, including the big cats are regular sightings at night. Keep an eye out for white lions which the Timbavati Private Nature Reserve is known for, as it is one of very few places in the world which hosts those species.

This is how your next two days will be:

Early morning wake up call (around 5am), coffee/tea & rusks on the deck before the morning open vehicle game drive (approx 3 hours) starts. Return to the Lodge for brunch followed by some leisure time. Enjoy the pool or the lodge's wooden deck overlooking the river, read a book or take an afternoon nap. Around 14:30pm enjoy High Tea (light lunch and cakes) before you hop on your late afternoon/ evening open safari vehicle game drive.

Return, freshen up and meet for pre-dinner drinks and enjoy dinner.

In 1993 the fences between the Kruger National Park and the Timbavati Reserve were removed to encourage natural species migration. Today the Timbavati Private Nature Reserve (TPNR) comprises 53,392 hectares of private land adjoining the Kruger National Park (KNP). Currently, there are over 40 mammal species in the Timbavati including the Big Five as well as 360 species of bird life.

While relaxing and enjoying the breathtaking views from the lodge's wooden deck overlooking the river, we listen to the sounds of Africa and search for shooting stars piercing through the night sky before we overnight in our luxury accommodation at the Simbavati River Lodge, meaning 'lions that come down from the stars'.

#### **Day 7 Kruger National Park (B,D)**

Approximate Distance: 220 km

Estimated Travel Time: 8 hrs (including lunch stop and game viewing in own vehicle)

Hop on your last early morning game drive in Timbavati Private Nature Reserve. Enjoy more game driving inside Kruger National Park in our own vehicle. Search for more lion, elephant, rhino and many other animals in one of Africa's most well-known wildlife areas on our transfer through Kruger National Park in our own vehicle, making our way south towards our camp Nkambeni. Enjoy an optional late afternoon game drive in an open vehicle where you will have a chance to search out some more incredible wildlife.

The world-renowned Kruger National Park offers a wildlife experience that ranks with the best in Africa. Established in 1898 to protect the wildlife of the South African Lowveld, this national park of nearly 2 million hectares is unrivaled in the diversity of its life forms and a world leader in advanced environmental management techniques and policies.

Truly the flagship of the South African national parks, Kruger is home to an impressive number of species: 336 types of trees, 49 fish, 34 amphibians, 114 reptiles, 507 birds and 147 mammals. Man's interaction with the Lowveld environment over many centuries - from bushman rock paintings to majestic archaeological sites like Masorini and Thulamela - is very evident in the Kruger National Park. These treasures represent the cultures, persons and events that played a role in the history of the Kruger National Park and are conserved along with the park's natural assets.

#### **Days 8-9 Graskop/Johannesburg (2B)**

Day 8

Kruger National Park - Graskop

Approximate Distance: 200 km

Estimated Travel Time: 3 hrs

Explore world famous sites like Blyde River Canyon, Bourke's Luck Potholes and God's Window along the Panorama Route. Look out the window to view a wonderful landscape complete with mountains, panoramic passes, valleys and waterfalls. Enroute, we visit Dullstroom, one of the foremost fly fishing areas in South Africa, the Mac Mac Falls and Pilgrims Rest. Pilgrim's Rest is situated on the magnificent Panorama Route on the eastern Escarpment region of the Mpumalanga province of South Africa. The area is richly imbued with a diversity of natural, cultural and historic gems. The uniqueness of this historic village is vividly evident in its museums and historic sites. It offers the visitor a fascinating window into the past and captures the spirit of a bygone era and its people in their quest for gold.

The entire town of Pilgrim's Rest was declared a National Monument in 1986 as a living memory of the early gold rush days in South Africa during the late 1800s / early 1900s.

En route we stop by to view the 65 m high Mac Mac Falls in the Mac Mac River which is a declared as a National Monument. This waterfall was originally a single stream, but gold miners blasted it with dynamite to divert the river in an attempt to work the rich gold-bearing reef over which it plunges.

Day 9 Graskop - Johannesburg

Estimated Travel Time: 7 hours

Approximate Distance: 425km

After an early breakfast we return to Johannesburg. Along the way we stop for lunch (at own expense).

Please note that we arrive Johannesburg only late in the afternoon.

Johannesburg, also known as eGoli, is the most populous city in South Africa. The city is affectionately known as "Jo'burg", "Jozi" and "JHB" by South Africans.

Johannesburg is the site of a large-scale gold and diamond trade due to its location on the mineral-rich Witwatersrand range of hills. Johannesburg is also served by Johannesburg International Airport, the largest and busiest airport in Africa and a gateway for international air travel to and from the rest of southern Africa.

### **Day 10-12 Livingstone (3B)**

Estimate Travel Time: Flight Johannesburg - Livingstone (2hrs)

You will say good bye to your CEO in Johannesburg and will spend the last two days of your tour on your own in Livingstone, a great base to see both natural wonders and take part in some exciting activities. Get up close (and wet from the spray) while awing at the immense Victoria Falls, raft the whitewater of the mighty Zambezi, and for the more adventurous, bungee jump with the Victoria Falls in view.

David Livingstone was born on March 19, 1813 in the village of Blantyre, South Lanarkshire, Scotland. He first studied Greek, medicine, and theology at the University of Glasgow and while working in London, joined the London Missionary Society became a minister. He originally planned to gain access to China through his medical knowledge. The Opium Wars, which were raging at this stage with no signs of peace on the horizon, forced Livingstone to consider other options. From 1840 he worked in Bechuanaland (present-day Botswana), and in the period 1852–56, he explored the African interior, and was the first European to see the Mosi-oa-Tunya waterfall, which he renamed Victoria Falls after his monarch, Queen Victoria.

The Victoria Falls waterfalls occur in a country that is perfectly flat. From its source on the borders of the Democratic Republic of Congo, the Zambezi River meanders for 1300 km across the wooded plateau of Zambia, eroding for itself a shallow valley on its mild descent to the site of the falls. The river eventually found a weak spot on the lower lip of the surface over which it passed, and forced a passage which was steadily deepened into an exit gorge. During the last half million years the river has scoured out eight of these cracks across its bed. The Victoria falls occur where the river is 1688m wide, presents the spectacle of an average maximum of 550 million liters of water a minute tumbling over the lip of the trench in five main falls, the Devil's Cataract, Main falls, Horseshoe Falls, Rainbow falls and the Eastern Cataract. The highest of these is Rainbow falls, on an average 108 m high. A peak flood sees 750 million liters of water in one minute hurtling over the falls.

The name Zambezi comes from the Tonka tribe, also meaning Great River, but the Sotho-speaking Kololo people of the upper reaches of the river gave it the well-known name of Mosi o a Thunya (smoke that rises). The Lozi people call it by the same name but translated it into smoke that sounds. The Ndebele call it aManza Thunqayo (the water that rises like smoke). The Namibian people call it Chinotimba (a noise-making place like the distant sound of digging).

## Itinerary Disclaimer

---

While it is our intention to adhere to the route described below, there is a certain amount of flexibility built into the itinerary and on occasion it may be necessary, or desirable to make alterations. The itinerary is brief, as we never know exactly where our journey will take us. Due to our style of travel and the regions we visit, travel can be unpredictable. The Trip Details document is a general guide to the tour and region and any mention of specific destinations or wildlife is by no means a guarantee that they will be visited or encountered. Aboard expedition trips visits to research stations depend on final permission.

Additionally, any travel times listed are approximations only and subject to vary due to local circumstances.

## Important Notes

---

1. This is not a physically demanding journey; however, travelling can be difficult, with long drives and poor road conditions at times. Despite this, most clients feel that the diversity of the African landscape, countries, culture and wildlife are all well worth the experience. We use a comfortable and safe air-conditioned touring vehicle for the long drives.
2. It may be required to show a Yellow Fever certificate if you are traveling to South Africa from a Yellow Fever endemic country.
- 3) Please note that this trip is a combination of multiple G Adventures tours (Cape Town, Kruger National Park, Livingstone). As such, the staff and/or particular vehicles operating your tour may change between tour segments. You may also expect some group members to join or leave the tour, between tour segments. Please note that there are no activities planned during your stay in Cape Town or Livingstone. You will be met by a G Representative in Cape Town and Livingstone upon arrival, he/she will help you booking optional activities and will be your contact person during your stay in Cape Town and Livingstone.
- 4) Please note, that you might share for your stay in Cape Town already if you have not booked MOR (my own room) for this trip. Please ask at check-in at the hotel if you will share your room in Cape Town already.

## Group Leader Description

---

On this tour, you will be accompanied by a G Adventures Chief Experience Officer (CEO). The Chief Experience Officer (CEO) will be the group manager and leader. All of our leaders in southern Africa are registered and licensed tourism guides, meaning they've studied to have a broad knowledge base of the region's history, cultures, and wildlife, and are legally certified to lead/guide tours in the regions visited. Most of our leaders in the region are from South Africa, though it may be possible that you'll have a leader from another country in the southern African region. As the group manager and leader, the aim of the group leader is to take the hassle out of your travels and to help you have the best trip possible. They will provide information on the places where we are travelling, offer

suggestions for things to do and see, recommend great local eating venues and introduce you to our local friends. He/she will take care of the small things so you can concentrate on enjoying your adventure. In addition, your Chief Experience Officer (CEO) is a skilled and experienced driver who has intimate knowledge of the vehicle and routes travelled. We also use local guides where we think more specific knowledge will add to the enjoyment of the places we are visiting.

---

## Group Size Notes

Max 9, Avg 6

---

## Meals Included

12 breakfasts, 1 lunch, 4 dinners.

---

## Meals

Eating is a big part of travelling. Travelling with G Adventures you experience the vast array of wonderful food that is available in South Africa. On this tour, we provide only a few meals for you and your group members, so as to give you the maximum flexibility in deciding where, what and with whom to eat. It also gives you more budgeting flexibility in your choices. Our groups tend to eat together to enable you to taste a larger variety of dishes and enjoy each other's company. There is no obligation to do this though - while in the larger centres, your CEO will be able to suggest favourite restaurants during your trip.

For the included meals, vegetarian meal requests and other dietary requirements need to be specified prior to arrival.

---

## Meal Budget

Allow USD180-200 for meals not included.

---

## Transport

Air-conditioned touring vehicle, open safari vehicle, walking, plane.

---

## About our Transportation

On Day 5 we use a shuttle transfer (Toyota Quantum 14 seats) with a trailer for luggage and ac.

Please note that this is a transfer shuttle bus service only and not a tour or safari and will also transfer other passengers than G Adventures bookings.

From Day 7 onwards we will use a private van again. Your CEO will pick you up from the Timbavati nature Reserve on Day 7.

For the game drives (Day 5-6) at the lodge we use an open safari vehicle.

For the rest of our journey (until Day 10) we use private 10-seat vans. Endorsed by Avis, the vehicles are equipped with air conditioning, well-cushioned seats, and sliding windows - perfect for taking in all that South Africa has to offer. This style of transportation is a comfortable way to travel through the region as the smaller van will allow the group to travel through the cities and parks more easily giving you better opportunities to stop and either wander around or view the sites. In addition, we are able to travel to out-of-the-way locations where public transportation does not reach.

Road conditions in South Africa are generally good, though occasionally we hit a bad patch of road or two, but you will be pleasantly surprised with the condition of the roads.

---

## Local Flights

If required all local flights are included in the cost of your tours unless otherwise noted. It is important that we have your passport information at the time of booking in order to process these tickets. Internal flight tickets are issued locally and will be given to you prior to the flight departure.

---

## Solo Travellers

We believe single travellers should not have to pay more to travel so our group trips are designed for shared accommodation and do not involve a single supplement. Single travellers joining group trips are paired in twin or multi-share accommodation with someone of the same sex for the duration of the trip. Some of our Independent trips are designed differently and single travellers on these itineraries must pay the single trip price.

- In the 1990s Kuanda, the president since independence, was forced to amend the constitution, legalizing opposition parties and setting full elections in 1991. They were defeated by Frederick Chiluba. However, Zambia's situation has not improved.
- The country has three distinct seasons: cool and dry from May to August, hot and dry in September and October and rainy between November and April.
- The majority of the population are subsistence farmers and there are also some large commercial farms growing sugar cane

## Spending Money

---

Every traveller is different and therefore spending money requirements will vary. Some travellers may drink more than others while other travellers like to purchase more souvenirs than most. Please consider your own spending habits when it comes to allowing for drinks, shopping and tipping. Please also remember the following specific recommendations when planning your trip.

## Money Exchange

---

The currency in South Africa is the South African Rand (ZAR).

Rand can be obtained locally by changing foreign currency or by using ATMs (where available) which will disperse local currency. Your CEO will inform you where you can change money throughout the tour and approximately how much money you will need. The easiest foreign currency to exchange for locally for any of the local currencies is the \$US; however the British Pound and Euro may also be exchanged as well. Please note that due to past problems with forgery, \$US notes that are older than year 2006 are not accepted in Africa.

Large notes (\$US 50, \$US 100 etc) can be difficult to change in some places, but will gain you the best exchange rate.

If you plan to rely on cash, please bring foreign currency (Euro, Pound, USD) with you, as it is often expensive to buy these currencies locally. And in more rural areas, it is often not likely.

Please do not bring Travellers' cheques to Africa. They are difficult if not impossible to exchange in many places.

Visa/Plus system cards are the most widely accepted debit cards. It is harder to find machines Mastercard/Cirrus cards. We highly recommend that if you hold a Mastercard, you obtain a Visa card prior to departure and travel with both. This is also useful should something unforeseen happen to one of your cards during your travels.

While there are many ATMs in the major centres, there are no guarantees that your credit or debit cards will actually work in Africa. Check with your bank.

Credit cards can be used in major cities and towns ONLY but please do not rely on them as a method of payment because they are generally not widely accepted. You should be aware that to purchase products or services on a credit card a fee of 5%-10% usually applies. The majority of our optional activities can also be paid by credit card. Your CEO will advise on these.

Please note that in many areas there may be occasional power-outages, where there will be no electricity for hours at a time. In addition, ATMs outside of larger centers often run out of cash or can be out of order unexpectedly. These factors could affect your ability to access money from ATMs. As such, please do not rely on credit or debit cards as your only source of money.

A combination of foreign currency and debit/credit cards for cash advances is best. Always take more rather than less, as you don't want to spoil the trip by constantly feeling short of funds.

As currency exchange rates can fluctuate often we ask that you refer to the following website for daily exchange rates: [www.xe.com](http://www.xe.com).

## Tipping

---

Tipping is an expected - though not compulsory and optional (up to the discretion of the group/guest) - component of your tour program and an expression of satisfaction with the persons who have assisted you on your tour. It is one of the most direct ways that you can have a positive economic impact within the African community. Although it may not be customary for you, it is of considerable significance to the people who will take care of you during your travels, as an important source of income for those in the tourism industry. Giving a tip should be seen as a formal 'thank you', and the action should in no way be awkward. The best method of tipping someone that has served the whole group is to plan in advance, and not rush when it comes to saying goodbye. A suggestion would be for each group member to contribute anonymously by putting their tip into an envelope. This often works the best and the group as a whole should gather to present the gift to the recipient(s), offering their thanks and showing their appreciation. This method

brings the action out into the open, allowing for a friendly and appreciative interaction between the group and the recipient(s). You may use the following as a guideline, all given in a per client format: Restaurant/Café servers: 10% of cost of bill, especially when in a large group (no envelope required); Driver /CEO: up to the discretion of the guest.

## Optional Activities

---

Optional activity prices are subject to change and can fluctuate in relation to the high/low season and the number of people on a specific excursion. Not all excursions listed here may be available, due to season, or weather conditions. As generally not a lot of time is spent in start/end cities, you may want to arrange to arrive early, or stay longer after the trip in order to allow sufficient time to participate in optional activities there.

All prices are per person, are in US dollar amounts, are subject to availability and are only an indication due to currency fluctuations. The optional activities in South Africa need to be paid in Rand.

## Health

---

Please note inoculations may be required for the country visited. It is your responsibility to consult with your travel doctor for up to date medical travel information well before departure.

## Yellow Fever Certificate Note:

It is compulsory to show a valid Yellow Fever Certificate if you are travelling to South Africa from a Yellow Fever endemic country. Entry into South Africa when travelling from the following countries (but not limited to) will require a Yellow Fever Certificate: Uganda, Kenya, Tanzania, Malawi, Zambia and Zimbabwe. This rule is also applicable to airport transit. If other countries not endemic to Yellow Fever have been visited (such as Botswana and Namibia), after visiting an endemic country such as Zambia, then a Yellow Fever certificate will still be required on entry into South Africa.

According to guidelines effective from October 2011, entry into Zambia, from South Africa also requires a yellow fever certificate although South Africa is a not endemic to Yellow Fever.

A valid Yellow Fever Certificate is also needed for entry into the following countries when coming from a Yellow Fever endemic country:

Uganda, Kenya, Tanzania (including Zanzibar), Malawi and Zambia.

Recommended that guests take MALARIA tablets as they are going to KNP or Manyeleti Area. (Speak to your doctor regarding malaria). Guests can bring insect repellent spray/cream or buy when they arrive in South Africa for example: Peaceful Sleep / Tabard. You should consult your doctor for up-to-date medical travel information well before departure. We recommend that you carry a First Aid kit, hand sanitizers / antibacterial wipes as well as any personal medical requirements.

## Safety and Security

---

Many national governments provide a regularly updated advice service on safety issues involved with international travel. We recommend that you check your government's advice for their latest travel information before departure. We strongly recommend the use of a neck wallet or money belt while travelling, for the safe keeping of your passport, air tickets, travellers' cheques, cash and other valuable items. Leave your valuable jewellery at home - you won't need it while travelling. Many of the hotels we use have safety deposit boxes, which is the most secure way of storing your valuables. A lock is recommended for securing your luggage. When travelling on a group trip, please note that your CEO has the authority to amend or cancel any part of the trip itinerary if it is deemed necessary due to safety concerns. Your CEO will accompany you on all included activities. During your trip you will have some free time to pursue your own interests, relax and take it easy or explore at your leisure. While your CEO will assist you with options available in a given location please note that any optional activities you undertake are not part of your itinerary, and we offer no representations about the safety of the activity or the standard of the operators running them. Please use your own good judgment when selecting an activity in your free time. Although the cities visited on tour are generally safe during the day, there can be risks to wandering throughout any major city at night. It is our recommendation to stay in small groups and to take taxis to and from restaurants, or during night time excursions.

Protests and Demonstrations- Protests and demonstrations, even those that are well intended, have the potential to turn violent with no warning. Counter protests can also turn violent. Action by security forces to disperse demonstrators and protesters may occur at any time. If you are in an area where demonstrators or protesters are gathering, avoid the temptation of staying for a good photo opportunity and leave the area immediately.

Water based activities have an element of danger and excitement built into them. We recommend only participating in water based activities when accompanied by a guide(s). We make every reasonable effort to ensure the fun and adventurous element of any water based activities (in countries with varying degrees of operating standards) have a balanced approach to safety. It is our policy not to allow our CEOs to make arrangements on your behalf for water based activities that are not accompanied by guide(s).

Swimming, including snorkeling, is always at your own risk.

We take all prudent measures in relation to your safety. For ways to further enhance your personal safety while traveling, please visit:

[www.gadventures.com/travel-resources/safety/](http://www.gadventures.com/travel-resources/safety/)

## Trip Specific Safety

---

GENERAL: Look after your personal items. Do not leave your valuables visible in a car or hotel room. Lock your hotel room door when you enter and when you leave. Do not carry large amount of cash on you. Avoid displaying flashy jewellery and carry your camera in its pack on your shoulder rather than around your neck. Keep your passport, airline tickets, money, important documents

locked up in your room/safe - do not carry it with you. Vital Information when you are staying the KNP or any Reserve: Please ensure that your stay is happy and safe by taking note of a few simple warnings. You will be sharing your stay with many exciting and unusual creatures but without knowledge some of them could be dangerous: Example: Bats, Spiders, Snakes, Scorpions, Malaria Zone. If you must walk around at night please DO NOT DO SO WITHOUT A TORCH. Remember: by feeding any wildlife, you are signing their death warrant as they become aggressive!

## Medical Form

---

Our small group adventures bring together people of all ages. It is very important you are aware that, as a minimum, an average level of fitness and mobility' is required to undertake our easiest programs. Travellers must be able to walk without the aid of another person, climb 3-4 flights of stairs, step on and off small boats, and carry their own luggage at a minimum. Travellers with a pre-existing medical condition are required to complete a short medical questionnaire, which must be signed by their physician. This is to ensure that travellers have the necessary fitness and mobility to comfortably complete their chosen trip. While our CEOs work hard to ensure that all our travellers are catered for equally, it is not their responsibility to help individuals who cannot complete the day's activities unaided. Please refer to the physical ratings in this Trip Details document for more information. Please note that all passengers traveling to Antarctica are required to fill out this questionnaire.

The medical questionnaire can be found online at:

[www.gadventures.com/medical-form](http://www.gadventures.com/medical-form).

## A Couple of Rules

---

Illegal drugs will not be tolerated on any trips. Possessing or using drugs not only contravenes the laws of the land but also puts the rest of the group at risk. Smoking marijuana and opium is a part of local culture in some parts of the world but is not acceptable for our travellers. Our philosophy of travel is one of respect towards everyone we encounter, and in particular the local people who make the world the special place it is. The exploitation of prostitutes is completely contrary to this philosophy. Our CEOs have the right to expel any member of the group if drugs are found in their possession or if they use prostitutes.

## Travel Insurance

---

Travel Insurance: Travel insurance is compulsory in order to participate on any of our trips. When travelling on a group trip, you will not be permitted to join the group until evidence of travel insurance has been sighted by your CEO, who will take note of your insurance details. When selecting a travel insurance policy please bear in mind that all clients must have medical coverage and that we require a minimum coverage of USD 200,000 for repatriation and emergency rescue. We strongly recommend that the policy also covers personal liability, cancellation, curtailment and loss of luggage and personal effects. If you have credit card insurance we require proof of purchase of the trip (a receipt of credit card statement) with a credit card in your name. Contact your bank for details of their participating insurer, the level of coverage and emergency contact telephone number.

## Associated Planeterra Project

---

### Planeterra Project Hope Africa Children's Day School

Over 80 children, under the age of 5, attend Hope Africa Children's Day School. Planeterra focuses on sustainable solutions, such as early childhood education, to provide access to resources for communities in need. Hope Africa Children's Day School has one teacher, and two teacher's helpers that organize activities for the children, as well as provide them with two meals each day. This

school provides support to the children and prepares them for the transition into primary school.

Why is this project needed?

In the South African community of Mnisi there are many single parent families and a vast number of orphaned children, often cared for by their grandparents. This is due in part to the prevalence of HIV/AIDS. Many children do not begin school until the age of eight, and receive no formal education and limited support during their early formative years. Hope Africa Children's Day School aims to provide children with the opportunity to begin their education, and become involved in organized activities.

Planeterra and G Adventures' Support

Planeterra is currently fundraising for the most urgent needs of the school. Working with our local community partners, and members of the community and school, a proposal was developed to determine what resources needed to be addressed first. Planeterra is funding the construction of a new washrooms facility, a borehole to provide access to water in the community, as well as a 5000-L holding tank. Planeterra also plans on constructing a kitchen facilities, as meals are currently cooked over an open pit fire. You can assist this project by bringing a children's picture book (in English) and donating it to this project on your visit.
