Itinerary

Day 1 Kathmandu

You may arrive at the joining-point hotel at any time on Day 1 as no group activities are planned for today except for a group meeting in the early evening followed by an optional dinner. It is important that you arrive in time for this meeting as we will cover important aspects of the trek. Please check the entrance of the hotel for a notice from your CEO detailing the location of the meeting.

Day 2 Syanje - Jagat

Today our trek starts with a short trek from Syanje (1,100m) to Jagat (1,350m) We follow the river across from which you can see some Hot Springs, just some of the many that can be found along this valley. But most of the Hot Springs are often submerged during the monsoon season. As the climb gets steeper you can see Jagat on the ridge above & this ascent from Syanje takes about 2 hrs.

Days 3-15 Annapurna Circuit

For almost 2 weeks we immerse ourselves into the spectacular mountain wilderness that encompasses the Annapurna Range. At 8091m, Annapurna 1 is one of the highest mountains in the world. Its surrounding sister mountains are equally imposing, creating magnificent panoramas from any view point. Throughout the trek we come across isolated mountain communities, each observing different ancestral customs and traditions, resulting in not only a visually superb expedition but also a culturally rich one. Amid the rugged mountain scenery, we meet warm and welcoming locals herding yaks and goats on the grassy pastures. We also enjoy the opportunity to visit their monasteries and temples. Along the way we see waterfalls of melted snow, cross icy rivers, broad plains and high mountain passes and reward ourselves with a soak in natural hot springs (boy, have you earned this!). The trekking is challenging, averaging 6-7 hours walking a day, often at high altitude. The highest point we reach is the 5416m Thorung Pass.

Given the dangers of altitude sickness, it is imperative that we take at least 3 days to ascend to this height. A couple of days are also allowed for rest and acclimatization. Our accommodation comprises small, basic teahouses along the track. These remote teahouses are operated by the mountain Nepalese to cater for trekkers, providing good and filling hot food and a communal floor for sleeping.

Details for the trek are as follows. Please note however that the exact itinerary can vary due to unforeseen circumstances including weather conditions or bandhs (strikes) called by the government.

Days 3-7

Follow the Marsyandi River through terraced rice paddies, bamboo forests and Tamang, Baun and Gurung villages, making several suspension bridge crossings and passing several beautiful waterfalls. Above Jaga the gorge becomes narrower and steep-sided in many places. Walking the rocky trail from Chamje to Bagar, you enter the Manang district from Taal. Be prepared for some stone stairways before reaching the Tibetan style village of Bagar.

Above Bagar it is really breathtaking (in every way!). The walk is spectacular so don't rush it. Stop watching your feet every now and again to gawk at the splendid backdrop of Annapurna II. Chame is bigger than other towns you have come across. Views of Lamjung, Manaslu and Peak 29 and, nearing Chame, Annapurna.

After passing through barley fields and apple orchards, follow the river through a steep, narrow gorge to enter the upper Manang district. In this cold, almost arid climate wheat, barley, buckwheat and potato crops are limited to one per year and villagers depend on their herds of yaks, goats, cows and horses. From Pissang to Manang is definitely a 'viewing' day. All along the trail are sacred objects of Tibetan Buddhism – chorten, mani walls and, in Braga, a fascinating gumpa stands above Tibetan houses which cling to the hillside, their balconies formed by the roof of the house below. In the afternoon Annapurnas II, III and IV become increasingly imposing.

The dramatic setting of Manang makes for a pleasant rest and acclimatization day with the added benefit of hot showers. The best way to acclimatize is to do some high climbing then return to the lower altitude of Manang for sleeping.

Day 3 - Bagarchhap (2160m) (trekking time approx. 5 - 6 hours)

Day 4 - Bagarchhap to Chame (26700m) (trekking time approx. 6 hours)

Day 5 - Chamje to Pisang (3300m) (trekking time approx. 7 hours)

Day 6 - Pisang to Manang (3540m) (trekking time approx. 6 hours)

Day 7 – Rest day at Manang

Days 8 -9

Branch away from the Marsyandi Khola, steadily climbing into quiet alpine areas. Again the mountain views are commanding.

Day 8 - Manang to Yak Kharta (4018m) (trekking time approx. 6 hours)

Day 9 - Trek to Phedi (4450m) (5kms - approx. 5 hour)

Days 10-11

The most difficult day, but perhaps the highlight of the trek as you cross the Thorong Pass (5416m). It is a long, tough ascent via a number of small hills, but when you reach the prayer flags at the top you are rewarded with absolutely stunning high Himalaya scenery and over to the Kaligandaki valley through the entire Annapurna range, Mukut and Mustang Himal to the west. It is then a long descent to Muktinath.

Day 10 - Tek to Muktinath (3800m) (approx 8-9 hours)

Day 11 - Rest day to explore Muktinath

Muktinath is a fascinating village; sacred to both Hindus and Buddhists it attracts many pilgrims. Here spring water flows from a rock face via 108 spouts (108 is a sacred number to Buddhists). This water wall surrounds a temple sacred to Vishnu and below the statue runs a trickle of water with pale flames caused by natural gas. There are shrines to Shiva and his consort and Padmasambhava as well as numerous chorten and the surrounding poplar grove supposedly sprang from the staffs of the 84 Siddhas. The mass of Dhaulagiri I makes a striking contrast.

Day 12 Drive to Kalopani (2530m)

The Kali Gandaki is home to Thakalis, Gurungs and Magars. Many of the hills bordering the northern end of the valley are yellowish due to desertification and make a striking contrast to the green farmland of the valley floor. The Thakhali dominated the lucrative trade routes with Tibet and today have turned their entrepreneurial spirit to other businesses, the neglected Buddhist shrines of Tukuche testament to their 19th century conversion to Hinduism in their climb to power. The descent to Tatopani follows the increasingly narrow valley, though one of the world's deepest river gorges, past the beautiful Rupse Chaharo waterfall, with fantastic views along the way and the lure of hot springs at the end. Take a dip at night with the sound of the river rushing below and starts

above.

Day 13 - Drive to Tatopani (1160m)

Day 14 – Trek to Sikha

Day 15 - Ghorepani (2785m) 8 km – approx. 5 hours

This day we trek gradually up to Ghorepani.

Day 16 Pokhara

Early morning excursion to Poon Hill. It takes about 8 hours to Nayapool where our bus will be waiting to take us to Pokhara. Rest and take a well-deserved shower in this lakeside resort town.

Pokhara lies on a once vibrant trade route extending between India and Tibet. To this day, mule trains can be seen camped on the outskirts of the town, bringing goods to trade from remote regions of the Himalaya. The enchanting city has several beautiful lakes and offers stunning panoramic views of Himalayan peaks - creating the ambience that has made it such a popular place to relax and enjoy the beauty of nature.

Day 17 Kathmandu

On Day 17 we travel back to Kathmandu where the rest of the day is free for shopping, sightseeing or relaxing in one of the many rooftop cafés.

You may depart at any time on Day 18.

Itinerary Disclaimer

While it is our intention to adhere to the route described below, there is a certain amount of flexibility built into the itinerary and on occasion it may be necessary, or desirable to make alterations. The itinerary is brief, as we never know exactly where our journey will take us. Due to our style of travel and the regions we visit, travel can be unpredictable. The Trip Details document is a general guide to the tour and region and any mention of specific destinations or wildlife is by no means a guarantee that they will be visited or encountered. Aboard expedition trips visits to research stations depend on final permission.

Additionally, any travel times listed are approximations only and subject to vary due to local circumstances.

Important Notes

1. Weather conditions in the Himalayas can change rapidly and our CEO may be forced to change the trip itinerary accordingly. Travellers need to be prepared for all weather conditions. For more information please read the "what to take" section of this trip notes.

2. While our itineraries are designed to allow for adequate acclimatisation you are likely to feel the effects of altitude sickness and oxygen deprivation whilst on this trek. Please be aware that your CEO may deem it unsafe for you to continue trekking at any time, and arrange for you to descend to a lower altitude.

3. REQUIRED-In order for us to obtain the Annapurna trekking permit for our passengers, we require the following documents prior to departure.

- 1) A scanned colour passport copy
- 2) A scanned colour copy of two passport sized photographs

Group Leader Description

All G Adventures group trips are accompanied by one of our Chief Experience Officers (CEO). The aim of the CEO is to take the hassle out of your travels and to help you have the best trip possible. They will provide information on the places you are travelling through, offer suggestions for things to do and see, recommend great local eating venues and introduce you to our local friends. While not being guides in the traditional sense you can expect them to have a broad general knowledge of the countries visited on the trip, including historical, cultural, religious and social aspects. We also use local guides where we think more specific knowledge will add to the enjoyment of the places we are visiting - we think it's the best of both worlds.

Group Size Notes

Meals Included

No meals are included

Meals

Eating is a big part of traveling. Travelling with G Adventures you experience the vast array of wonderful food that is available out in the world. Generally meals are not included in the trip price when there is a choice of eating options, to give you the maximum flexibility in deciding where, what and with whom to eat. It also gives you more budgeting flexibility, though generally food is cheap. Our groups tend to eat together to enable you to taste a larger variety of dishes and enjoy each other's company. There is no obligation to do this though. Your CEO will be able to suggest favourite restaurants during your trip. Included breakfasts will usually be asian style consisting of noodles or congee (rice porridge) or bread and eggs. Vegetarians will be able to find a range of different foods, although in some areas the choice maybe limited. While trekking in remote regions food is included, plentiful and made of fresh local ingredients. For all trips please refer to the meals included and budget information for included meals and meal budgets.

Meal Budget

Allow USD380-500 for meals not included.

Transport

Bus, walking.

Local Flights

All local flights are included in the cost of your tour unless otherwise noted. It is important that we have your passport information at the time of booking in order to process these tickets. Internal flight tickets are issued locally and will be given to you prior to the flight departure.

Solo Travellers

We believe single travellers should not have to pay more to travel so our group trips are designed for shared accommodation and do not involve a single supplement. Single travellers joining group trips are paired in twin or multi-share accommodation with someone of the same sex for the duration of the trip. Some of our Independent trips are designed differently and single travellers on these itineraries must pay the single trip price.

Accommodation

Hotels/guesthouses (3 nts), teahouse lodges (14 nts).

My Own Room

Not available on this tour.

About Accommodation

A Tea House is the combination of guest house, restaurant, and social hang out. Private rooms are available in most Tea Houses, except for high altitudes ones where it will be just dormitories. The lodges are fairly basic. The rooms are spare with twin beds and very little additional furniture. Blankets are generally provided. Most bathrooms are shared and toilets can be either squat type of the western version. Most of the Tea Houses have running water facility. Many of them have hot water available for bathing. But we discourage our groups from using water heated by wood, as lack of firewood in most villages is a big environmental concern in Nepal.

There is a large dining room-cum-lounge, warmed by the bukhara stove (an iron cylinder, fitted with a chimney duct, in which a log fire is lighted). There is normally no electric lighting in the rooms unless the village has hydroelectric power. The dining room usually has solar lighting. Some teahouses now also have electricity for charging small appliances - mobile phones and cameras - and there may be a small charge for this.

During a Tea House trek you will usually have breakfast and dinner in the Tea House, lunch will be eaten at one of the trail side restaurants. Every Tea House serves the traditional Nepali meal Dal Bhat (rice and lentils), as well as a variety of different food items, such as rice, vegetables, noodles, potatoes and soup. Some have Nepali versions of western food such as pizza, pasta and French fries. Soft drinks, snacks and beer are available in most of the Tea Houses and trail side restaurants. And of course Nepali milk tea is served everywhere.

All tea houses have boiled water for trekkers. We discourage the purchase of bottled water while on the trail. The plastic bottles are difficult to dispose off and have become an environmental problem.

What to Take

This is a very active trip, meaning you will be on the move most of the time, so pack as lightly as possible. We provide one porter for every two travellers; your trekking gear will be carried by the porter in a water-proof duffel that we will provide. The maximum the

porters are allowed to carry is 7.5kg/16.5lb per passenger. Some of your luggage can be left in Kathmandu (the hotel may charge a storage fee), but you will need to take all your trekking gear with you. Please note that as you will be sharing the duffel with a fellow trekker from the group during the trek, a lightweight cotton or plastic bag is recommended to keep your gear separate.

Important to note:

- Please read the 'Checklist' section of this trip notes for additional details of what you need to bring for the trek on this trip.
- You will need to bring a comfortable medium sized day pack to carry the things that you will need during the day. This should have a waist strap or (better) a padded waist belt.

Detailed Trip Notes

Trekking has been long established in Nepal, providing stunning views in a natural landscape. Trekking can be difficult in parts, with a lot of uphill and downhill climbing, but within the capabilities of any healthy person with an established level of walking fitness. Often stubbornness (endurance) helps. Walk at your OWN pace – slow and steady is the way to go – being fit or unfit is not the primary control here, it is how you deal with altitude. DO NOT RUSH! The only reward for trying to prove something by being first is nausea, vomiting and a splitting headache! GO SLOWLY – plod on at a steady pace, pause, standing to rest – don't sit too often – it is harder to get going again. Don't care about whether others are ahead! The path is clear, your guides keep track of where you are. There is plenty of time so walk at YOUR pace regardless of how far behind you may think you are. Remember the sun is intense – wear sunscreen and sunglasses It is colder than you think, especially in the wind – if you take off layers whilst walking make sure to put them on again as soon as you stop or are in the shade – don't wait to get cold.

Spending Money

Every traveller is different and therefore spending money requirements will vary. Some travellers may drink more than others while other travellers like to purchase more souvenirs than most. Please consider your own spending habits when it comes to allowing for drinks, shopping and tipping. Please also remember the following specific recommendations when planning your trip.

Money Exchange

As currency exchange rates in Asia fluctuate often we ask that you refer to the following website for daily exchange rates: www.xe.com As of Feb 2012 the exchange rate for NEPAL was 1 USD = 78.76 NPR (Nepalese Rupees). There are many ATM machines that accept both Visa and Mastercard but these are limited to major cities. We also recommend the use of cash and travellers cheques in USD currency. Major credit cards are accepted in most shops but they may charge a 2-4% transaction fee.

Emergency Fund

Please also make sure you have access to at least an additional USD \$200 (or equivalent) as an 'emergency' fund, to be used when circumstances outside our control (ex. a natural disaster) require a change to our planned route. This is a rare occurrence!

Departure Tax

All departure taxes should be included in your international flight ticket.

Tipping

It is customary in Asia to tip service providers such as waiters, at approximately 10%, depending on the service. Tipping is expected - though not compulsory - and shows an expression of satisfaction with the people who have assisted you on your tour. Although it may not be customary to you, it is of considerable significance to the people who will take care of you during your travels. There are several times during the trip where there is opportunity to tip the local guides or drivers we use. You may do this individually, or your CEO will offer to collect the money and tip as a group. Recommendations for tipping drivers and local guides would range from \$1-\$2 USD per person per day depending on the quality and length of the service, for porters during the trekking portion of your trip, the recommended amount is 300-500Rs (4-7USD) per day; ask your CEO for specific recommendations based on the circumstances and culture. Also at the end of each trip if you felt your G Adventures CEO did an outstanding job, tipping is appreciated. The amount is entirely a personal preference, however as a guideline \$10-15 USD per person, per week can be used.

Optional Activities

We suggest you bring along USD50 for additional sightseeing.

Health

Please note inoculations may be required for the country visited. It is your responsibility to consult with your travel doctor for up to date medical travel information well before departure.

You should consult your doctor for up-to-date medical travel information well before departure. We recommend that you carry a First Aid kit as well as any personal medical requirements. Please be aware that sometimes we are in remote areas and away from

medical facilities, and for legal reasons our leaders are prohibited from administering any type of drug including headache tablets, antibiotics, etc. In Asia pharmacies tend to stock the same western drugs as you get at home but they are usually produced locally so please bring the full drug name with you when trying to purchase a prescription drug. When selecting your trip please carefully read the brochure and itinerary and assess your ability to cope with our style of travel. Please refer to the Physical and Culture Shock ratings for trip specific information. G Adventures reserves the right to exclude any traveller from all or part of a trip without refund if in the reasonable opinion of our CEO they are unable to complete the itinerary without undue risk to themselves and/or the rest of the group.

Safety and Security

Many national governments provide a regularly updated advice service on safety issues involved with international travel. We recommend that you check your government's advice for their latest travel information before departure. We strongly recommend the use of a neck wallet or money belt while travelling, for the safe keeping of your passport, air tickets, travellers' cheques, cash and other valuable items. Leave your valuable jewellery at home - you won't need it while travelling. Many of the hotels we use have safety deposit boxes, which is the most secure way of storing your valuables. A lock is recommended for securing your luggage. When travelling on a group trip, please note that your CEO has the authority to amend or cancel any part of the trip itinerary if it is deemed necessary due to safety concerns. Your CEO will accompany you on all included activities. During your trip you will have some free time to pursue your own interests, relax and take it easy or explore at your leisure. While your CEO will assist you with options available in a given location please note that any optional activities you undertake are not part of your itinerary, and we offer no representations about the safety of the activity or the standard of the operators running them. Please use your own good judgment when selecting an activity in your free time. Although the cities visited on tour are generally safe during the day, there can be risks to wandering throughout any major city at night. It is our recommendation to stay in small groups and to take taxis to and from restaurants, or during night time excursions.

Protests and Demonstrations- Protests and demonstrations, even those that are well intended, have the potential to turn violent with no warning. Counter protests can also turn violent. Action by security forces to disperse demonstrators and protesters may occur at any time. If you are in an area where demonstrators or protesters are gathering, avoid the temptation of staying for a good photo opportunity and leave the area immediately.

Water based activities have an element of danger and excitement built into them. We recommend only participating in water based activities when accompanied by a guide(s). We make every reasonable effort to ensure the fun and adventurous element of any water based activities (in countries with varying degrees of operating standards) have a balanced approach to safety. It is our policy not to allow our CEOs to make arrangements on your behalf for water based activities that are not accompanied by guide(s).

Swimming, including snorkeling, is always at your own risk.

We take all prudent measures in relation to your safety. For ways to further enhance your personal safety while traveling, please visit:

www.gadventures.com/travel-resources/safety/

Trip Specific Safety

We strongly recommend the use of a neck wallet or money belt while travelling, for the safe keeping of your passport, air tickets, travellers' cheques, cash and other valuable items. Leave your valuable jewellery at home - you won't need it while travelling. Many of the hotels we use have safety deposit boxes which is the most secure way of storing your valuables. A lock is recommended for securing your luggage.

Medical Form

Our small group adventures bring together people of all ages. It is very important you are aware that, as a minimum, an average level of fitness and mobility' is required to undertake our easiest programs. Travellers must be able to walk without the aid of another person, climb 3-4 flights of stairs, step on and off small boats, and carry their own luggage at a minimum. Travellers with a pre-existing medical condition are required to complete a short medical questionnaire, which must be signed by their physician. This is to ensure that travellers have the necessary fitness and mobility to comfortably complete their chosen trip. While our CEOs work hard to ensure that all our travellers are catered for equally, it is not their responsibility to help individuals who cannot complete the day's activities unaided. Please refer to the physical ratings in this Trip Details document for more information. Please note that all passengers traveling to Antarctica are required to fill out this questionnaire.

The medical questionnaire can be found online at:

- www.gadventures.com/medical-form.

A Couple of Rules

Illegal drugs will not be tolerated on any trips. Possessing or using drugs not only contravenes the laws of the land but also puts the rest of the group at risk. Smoking marijuana and opium is a part of local culture in some parts of the world but is not acceptable for our travellers. Our philosophy of travel is one of respect towards everyone we encounter, and in particular the local people who make the world the special place it is. The exploitation of prostitutes is completely contrary to this philosophy. Our CEOs have the right to expel any member of the group if drugs are found in their possession or if they use prostitutes.

Travel Insurance

Travel Insurance: Travel insurance is compulsory in order to participate on any of our trips. When travelling on a group trip, you will not be permitted to join the group until evidence of travel insurance has been sighted by your CEO, who will take note of your insurance details. When selecting a travel insurance policy please bear in mind that all clients must have medical coverage and that we require a minimum coverage of USD 200,000 for repatriation and emergency rescue. We strongly recommend that the policy also covers personal liability, cancellation, curtailment and loss of luggage and personal effects. If you have credit card insurance we require proof of purchase of the trip (a receipt of credit card statement) with a credit card in your name. Contact your bank for details of their participating insurer, the level of coverage and emergency contact telephone number.

Planeterra-The G Adventures Foundation

Through our commitment to responsible tourism we have developed the Planeterra Foundation, a non-profit organization dedicated to making a positive difference in the lives of people and communities around the world through support of international charities, local organizations and community projects in the places that we visit on our tours. G Adventures matches all individual donations and pays all administration costs, which means that 100% of each donation is doubled and goes directly to support our projects. For more information about Planeterra and the projects we support, or to make a donation, please visit www.planeterra.org

Planeterra Dollar-A-Day Program

Our Dollar-A-Day Program provides travellers with the opportunity to help us give back to the people and places visited on our tours by donating one dollar per day for the duration of their tour. 100% of these proceeds will go directly to support our Planeterra projects.

To participate in this program please indicate at the time of booking that you would like to participate in G Adventures' Dollar-A-Day program, either by clicking the check box online, or by advising your G Adventures specialist or travel agent. (Note: Donation will be charged in the currency of your booking)

Local Dress

In Asia the dress standard is more conservative than it is back home. When packing try to pick loose, lightweight, long clothing that will keep you cool in the usually hot and humid climate of Asian summers. In predominately Buddhist, Hindu and Muslim countries we ask that you dress respectfully and avoid very short shorts/skirts and singlets/tanktops when visiting temples or mosques or other holy sites.

Feedback

After your travels, we want to hear from you! Your feedback information is so important to us that we'll give you 5% off the price of your next G Adventures trip if your feedback is completed on-line within 30 days of finishing your trip. Your tour evaluation will be e-mailed to you 24 hours after the conclusion of your trip. If you do not receive the tour evaluation link in the days after your tour has finished, please drop us a line at customerservice@gadventures.com and we will send it on to you.
