### **Itinerary**

---

#### **Day 1 San Jose/La Fortuna (L,D)**

You'll be picked up from your San Jose Hotel (between 8am and 9am) for the trip to La Fortuna, with Arenal Volcano looming nearby. Explore for most of the day before heading to Tabacon Resort to enjoy the relaxing volcanic hot springs and a fabulous dinner before checking into your hotel.

Note: If space is unavailable at the Tabacon Hot Springs, you will visit the equally lovely and relaxing Baldi Hot Springs for dinner and leisure time in the hot pools.

Set on the northern plains of Costa Rica, Arenal Volcano sits on the southeast shore of artificial Lake Arenal (77 square kilometres, or 48 square miles). Separating the mountain ranges of Guanacaste and Tilarán, the lake was created by a hydroelectric dam. Winds sweeping off the Caribbean Sea reach speeds of 48 to 72 km/hr (30 to 45 mph), making Arenal one of the best windsurfing destinations in the world. The volcano, once quite active, has been in a dormant state since the beginning of 2011 but still is a dramatic backdrop to the town of La Fortuna. During the day, its reflection on Lake Arenal is truly enchanting.

There are several attractions in the area aside from the lake and volcano. It is a birder's paradise, with over 600 species as permanent residents, and is inhabited by numerous species of frogs. You can also enjoy hiking the area's nature trails, or if you're more daring, you can opt to climb a ladder to participate in one of the canopy tours and catch a fresh glimpse of the forest greenery. After a long day of exploring, the local hot springs might just be the answer to your tired muscles. Soak in one of the natural thermal baths under the shade of the surrounding canopy.

#### **Day 2 La Fortuna/Arenal (B,L)**

After breakfast, enjoy some terrific wildlife-spotting opportunities on your guided tour of Caño Negro Wetlands. Return to Arenal for the night. Caño Negro Wildlife Refuge is the perfect place to enjoy natural sightseeing. Since the refuge is found on the low-lying northern plains, water is the key word. During the area's dry season, the refuge can be accessed by road, but during the rainy season - boats are the answer. In the area of the lowland keep on the look out for sloths and anteaters in the treed area, while

birders will find a cornucopia of subjects for their binoculars and cameras. White cranes and ducks abound in the shallow along the rivers.

### **Day 3 Monteverde (B)**

After breakfast, head to Monteverde - a small town located in the clouds. Check into your hotel, then enjoy a day exploring on your own. A cloud forest is much like a rainforest, but much of the moisture comes not from falling rain but from the condensation left by the nearly constant cloud cover that blankets the tops of mountains in many parts of the tropics. Monteverde Reserve covers 1600 hectares of forest and is home to a great variety of wildlife. More than 2000 species of plants, 320 birds species, and 100 different species of mammals inhabit this small area.

The village of Monteverde was founded in the 1950s by Quakers from the United States. They wished to leave behind the constant fear of war and the obligation to support continued militarism through U.S. taxes and chose Costa Rica because it was committed to a non-militaristic economic path. Since its founding, Monteverde has grown slowly as other people, who shared the original Quaker founder's ideals, moved to the area. Although the Quakers came here to farm the land, they recognized the need to preserve the rare cloud forest that covers the mountain slopes above their fields. The community is very different from those on the coast, and offers several souvenir shops and the Quaker cheese factory, which is definitely worth a visit. The Santa Elena Reserve, is another park in this area that is less well known and visited, but also worth seeing. All proceeds from this park profit the local community.

### **Day 4 Monteverde (B)**

After breakfast, head off to the biological reserve for a guided trek through the lush, thriving cloudforest. The rest of the afternoon and evening are free for you to enjoy.

### **Day 5 San José**

Depart for your return transfer to San José airport/hotel - the pick up time is between 1:00 - 1:30PM. Please be sure to advise us at time of booking if you are going to the San Jose airport or wish to be dropped at a hotel (not included).

\*If you are departing San Jose today, please book your onward travel for no earlier than 6:00pm.

## **Itinerary Disclaimer**

---

While it is our intention to adhere to the route described below, there is a certain amount of flexibility built into the itinerary and on occasion it may be necessary, or desirable to make alterations. The itinerary is brief, as we never know exactly where our journey will take us. Due to our style of travel and the regions we visit, travel can be unpredictable. The Trip Details document is a general guide to the tour and region and any mention of specific destinations or wildlife is by no means a guarantee that they will be visited or encountered. Aboard expedition trips visits to research stations depend on final permission.

## Visas

---

All countries require a valid passport (with a minimum 6 months validity). Contact your local embassy, or consulate for the most up-to-date visa requirements, or see your travel agent. IT'S YOUR RESPONSIBILITY TO HAVE THE CORRECT TRAVEL DOCUMENTATION.

## Spending Money

---

Every traveller is different and therefore spending money requirements will vary. Some travellers may drink more than others while other travellers like to purchase more souvenirs than most. Please consider your own spending habits when it comes to allowing for drinks, shopping and tipping. Please also remember the following specific recommendations when planning your trip.

## Money Exchange

---

The currency in Costa Rica is the Colon (CRC).

Credit cards and debit cards are very useful for cash advances. Visa cards are the most widely accepted cards. While ATMs are widely available, there are no guarantees that your credit or debit cards will actually work in Latin America. Check with your bank.

You should be aware that to purchase products or services on a credit card a fee of 5%-10% usually applies. Do not rely on credit or debit cards as your only source of money. A combination of US dollars cash and cards is best. Always take more rather than less, as you don't want to spoil the trip by constantly feeling short of funds.

We do not recommend you bring travellers cheques, as it is very difficult to exchange them in Costa Rica.

CURRENCY EXCHANGE TIP: Please be advised that slightly torn notes, notes that have been heavily marked or are faded may be difficult to exchange. It is best to bring notes in fairly good condition, in denominations lower than 100USD (or equivalent).

As currency exchange rates can fluctuate often we ask that you refer to the following website for daily exchange rates: [www.xe.com](http://www.xe.com)

---

## Emergency Fund

Please also make sure you have access to at least an additional USD \$200 (or equivalent) as an 'emergency' fund, to be used when circumstances outside our control (ex. a natural disaster) require a change to our planned route. This is a rare occurrence!

---

## Departure Tax

Costa Rica airport exit tax: \$29USD

---

## Tipping

It is customary in Latin America to tip service providers such as waiters, at approximately 10%, depending on the service. Tipping is an expected - though not compulsory - component of your tour program and an expression of satisfaction with the persons who have assisted you on your tour. Although it may not be customary to you, it is of considerable significance to the people who will take care of you during your travels.

---

## Optional Activities

Optional activity prices are subject to change and can fluctuate in relation to the high/low season and the number of people on a specific excursion. Not all activities listed here may be available, due to season, or weather conditions.

All prices are per person, estimates in USD amount and are subject to change as services are provided by third party operators.

## Health

---

Please note inoculations may be required for the country visited. It is your responsibility to consult with your travel doctor for up to date medical travel information well before departure.

As of November 1st, 2007, the Costa Rica government, requires those entering Costa Rica from certain countries in South America and Sub-Sahara Africa, to have an International Certificate of Vaccination against Yellow Fever. Those affected countries are: Angola, Benin, Burkina Faso, Cameroon, Democratic Republic of Congo, Gabon, Gambia, Ghana, Guinea, Liberia, Nigeria, Sierra Leone, Sudan, Bolivia, Brazil, Colombia, Ecuador, Peru, French Guiana and Venezuela.

You should consult your doctor for up-to-date medical travel information well before departure. We recommend that you carry a First Aid kit and hand sanitizers / antibacterial wipes as well as any personal medical requirements. Please be aware that quite often we are in remote areas and away from medical facilities, and for legal reasons our local Guides are prohibited from administering any type of drug including headache tablets, antibiotics, etc. When selecting your trip please carefully read the brochure and itinerary and assess your ability to cope with our style of travel. Please refer to the Physical and Culture Shock ratings for trip specific information. G Adventures reserves the right to exclude any traveller from all or part of a trip without refund if in the reasonable opinion of our local office/Guides they are unable to complete the itinerary without undue risk to themselves and/or others.

## Safety and Security

---

Many national governments provide a regularly updated advice service on safety issues involved with international travel. We recommend that you check your government's advice for their latest travel information before departure.

Petty theft, bag snatching and muggings have been on the rise in San Jose. Though not common, there are certain precautions you should take when visiting the city. Although the cities visited on our tours are generally safe during the day, there can be risks to wandering throughout any major city at night. It is our recommendation to stay in small groups and to take taxis to and from restaurants, or during night time excursions, as they are the safest and easiest way to avoid any issues one might encounter on the streets after dark. In addition, always leave your passport (It's better to carry a photocopy of it instead), credit cards and money that you won't be using in the hotel. Many of the hotels we use have safety deposit boxes in the room, or a general one at reception, this is always the safest method of storing your valuables. We strongly recommend the use of a neck wallet or money belt while travelling, for the safe keeping of your passport, air tickets, travellers' cheques, cash and other valuable items. Remember that like in any other city, you should never leave your bags unattended, nor flaunt jewellery, cameras etc . A lock is recommended for securing your luggage. When travelling on a group trip, please note that your CEO has the authority to amend or cancel any part of the trip itinerary if it is deemed necessary due to safety concerns.

Your CEO will accompany you on all included activities. During your trip you will have some free time to pursue your own interests, relax and take it easy or explore at your leisure. While your CEO will assist you with options available in a given location please note that any optional activities you undertake are not part of your itinerary, and we offer no representations about the safety of the activity or the standard of the operators running them. Please use your own good judgment when selecting an activity in your free time. Stick to the main streets only during the day, and after sundown, please take a taxi. Taxis can be organized from reception of your hotel. Also, take the address of the hotel with you.

Protests and Demonstrations- Protests and demonstrations, even those that are well intended, have the potential to turn violent with no warning. Counter protests can also turn violent. Action by security forces to disperse demonstrators and protesters may occur at any time. If you are in an area where demonstrators or protesters are gathering, avoid the temptation of staying for a good photo opportunity and leave the area immediately.

Water based activities have an element of danger and excitement built into them. We recommend only participating in water based activities when accompanied by a guide(s). We make every reasonable effort to ensure the fun and adventurous element of any water based activities (in countries with varying degrees of operating standards) have a balanced approach to safety. It is our policy not to allow our CEOs to make arrangements on your behalf for water based activities that are not accompanied by guide(s).

Swimming, including snorkeling, is always at your own risk.

We take all prudent measures in relation to your safety. For ways to further enhance your personal safety while traveling, please visit:

- [www.gadventures.com/travel-resources/safety/](http://www.gadventures.com/travel-resources/safety/)

---

## Trip Specific Safety

Like any city where tourism is on the increase, crime also tends to increase and while San José is not a noticeably dangerous city, there are certain precautions you should take. Make sure that you are aware of your things at all times and don't go out carrying expensive gear or jewellery.

---

## Medical Form

Our small group adventures bring together people of all ages. It is very important you are aware that, as a minimum, an average level of fitness and mobility' is required to undertake our easiest programs. Travellers must be able to walk without the aid of another person, climb 3-4 flights of stairs, step on and off small boats, and carry their own luggage at a minimum. Travellers with a pre-existing medical condition are required to complete a short medical questionnaire, which must be signed by their physician. This is to ensure that travellers have the necessary fitness and mobility to comfortably complete their chosen trip. While our CEOs work hard to ensure that all our travellers are catered for equally, it is not their responsibility to help individuals who cannot complete the day's activities unaided. Please refer to the physical ratings in this Trip Details document for more information.

Please note that all passengers traveling to Antarctica are required to fill out this questionnaire.

The medical questionnaire can be found online at:

[www.gadventures.com/medical-form](http://www.gadventures.com/medical-form).

---

## A Couple of Rules

Illegal drugs will not be tolerated on any trips. Possessing or using drugs not only contravenes the laws of the land but also puts the rest of the group at risk. Smoking marijuana and opium is a part of local culture in some parts of the world but is not acceptable for our travellers. Our philosophy of travel is one of respect towards everyone we encounter, and in particular the local people who make the world the special place it is. The exploitation of prostitutes is completely contrary to this philosophy. Our CEOs have the right to expel any member of the group if drugs are found in their possession or if they use prostitutes.

---

## Travel Insurance

Travel Insurance: Travel insurance is compulsory in order to participate on any of our trips. When travelling on a group trip, you will not be permitted to join the group until evidence of travel insurance has been sighted by your CEO, who will take note of your insurance details. When selecting a travel insurance policy please bear in mind that all clients must have medical coverage and that we require a minimum coverage of USD 200,000 for repatriation and emergency rescue. We strongly recommend that the policy also covers personal liability, cancellation, curtailment and loss of luggage and personal effects. If you have credit card insurance we

require proof of purchase of the trip (a receipt of credit card statement) with a credit card in your name. Contact your bank for details of their participating insurer, the level of coverage and emergency contact telephone number.
