Even among the soaring summits of the Alaska Range, Denali dominates the horizon. Since the beginning of the early 20th century, many explorers have undertaken expeditions within the wilds of Alaska funded by National Geographic. These research initiatives included early aerial photographs and geographical mapping of what was once America’s “Last Frontier.” Once in the park we’ll travel to a dog sledding facility. Here, snuggle a husky puppy, watch sled dogs train for the upcoming racing season, and learn about mushing traditions

TODAY'S ACTIVITIES

Free Time

Denali National Park and Preserve

Spend the afternoon exploring Denali National Park – with so much to see and do, your options are endless! Lunch will finish up around 12pm and the afternoon will be open for activities in the area until 5:30pm.

ACTIVITY

An immersive and intensive look at The Big Five! Grizzly Bear, Wolves, Dall Sheep, Moose, and Caribou co-mingle with keystone species like ground squirrels, pika, and beavers. Denali National Park is proud to be home to an 'intact ecosystem,' meaning predators and prey are allowed to interact as they would if humans were not in the picture. Participants will learn about the history, evolution, and adaptations of these species, and why Denali National Park is the perfect place to view these animals undisturbed. A tactile presentation, Wildlife of Denali allows participants to view and handle skulls, furs, and scat of all these local animals. Then head out with a naturalist on a guided hike to take in the awe-inspiring beauty of the Denali National Park wilderness.

Optional Activities - Day 7

Denali Hiking

Denali National Park and Preserve

1h-3h

2-7km

Use any of the hiking trails around the park to enjoy the rugged beauty of Denali National Park. If the weather is clear, look up to see Mount McKinley, locally known as Denali, towering overhead. Some of the most popular trails are the Mount Healy overlook trail and Horseshoe Lake trail.

The Mount Healy trail allows hikers to travel part of the way up Mount Healy which overlooks the entrance area to the park. Even though it is one of the steepest trails in Denali the effort is well worth it. You will walk steadily through spruce forest before encountering the switchbacks that will have you above the tree-line in no time. The official trail ends at the overlook with great views to the south where you can choose to continue to the true peak of Mount Healy or you can turn back. Please note that this trail is not a loop.

The Horseshoe Lake trail is a rather popular loop hike that attracts quite a few people, so you certainly won't be the only one out there. As you follow this well developed trail down to the lake you will pass the overlook which gives you a gorgeous panoramic view of the Nenana river often referred to as "Glitter Gulch" right outside the park. You will also be able to see the surrounding mountains towering in the distance. Once you arrive at the lake stay on the lookout for full-racked bull moose as this can be a popular spot for them to cool off during the summer months. This hike is truly a great starter trail in the area that will get you a bit more acquainted with the beauty of Denali National Park.

Rafting trip on the Nenana River

Denali National Park and Preserve

95-135USD

Enjoy a gorgeous tour along the natural boundary of Denali National Park. You'll glide through 11 miles of glacially carved valleys and amazing vistas with panoramic views of Mount Fellows and the Nenana Canyon. Although you'll encounter the occasional rapid, this option is mellow enough for the whole family.

Day 8

DENALI NATIONAL PARK AND PRESERVE/ANCHORAGE

This morning stop for a visit to the Alaska Native Heritage Centre, which made National Geographic Travel's "Top 10-things to do in Anchorage" list as THE cultural site to see during your time here. However it is subject to change, and does not form part of the contract between the client and the operator. The itinerary featured is correct at time of printing. It may differ slightly to the one in the brochure. Occasionally our itineraries change as we make improvements that stem from past travellers, comments and our own research. Sometimes it can be a small change like adding an extra meal along the itinerary. Sometimes the change may result in us altering the tour for the coming year. Ultimately, our goal is to provide you with the most rewarding experience. Please note that our brochure is usually released in November each year. If you have booked from the previous brochure you may find there have been some changes to the itinerary.

VERY IMPORTANT: Please ensure that you view a final copy of your Trip Details a couple of days prior to travel, in case there have been changes that affect your plans.

Is there an itinerary Disclaimer?

While it is our intention to adhere to the route described below, there is a certain amount of flexibility built into the itinerary and on occasion it may be necessary, or desirable to make alterations. The itinerary is brief, as we never know exactly where our journey will take us. Due to our style of travel and the regions we visit, travel can be unpredictable. The Trip Details document is a general guide to the tour and region and any mention of specific destinations or wildlife is by no means a guarantee that they will be visited or encountered. Aboard expedition trips visits to research stations depend on final permission.

Additionally, any travel times listed are approximations only and subject to vary due to local circumstances.

Family Journeys are designed for groups traveling with children between the ages of 7 and 17. Your group must include a child in order to book, and anyone under the age of 18 must be accompanied by an adult.

What important notes should I be aware of before the trip?

All parents/guardians are required to supervise their children at all times throughout the tour and may not leave their child under the supervision of the Expedition Leader, local guides, drivers, etc. Children are not to be left unattended.

Please note that on all Family Adventures one adult can only accompany up to two minors. If you have over two minors planning on travelling then a second adult will be required to attend.

2. OPTIONAL ACTIVITIES

If you choose to participate in optional activities, you can make reservations with your Expedition Leader in country.

3. TRAVEL DAYS

In order to cover the vast distance in North America to be able to visit several different places along our trip, we will have a couple of long driving days.

4. WALKS AND HIKES - OPTIONAL

All walks and hikes proposed by our Expedition Leader will be easy to moderate level. You may choose to participate or not, but exploring our national parks on foot is part of our way of travelling. It's a healthy way to discover North America's beauty and landscape.

5. LEGAL DRINKING AGE

Please note that the legal drinking age in the United States is 21. Many bars and clubs will ask for ID at the door, therefore listening to live music in certain bars or spending a night out is not possible when you are under the legal age, even if you don't plan on consuming alcohol. Drinking laws are strictly enforced and our Expedition Leaders are unable to help those under age obtain alcohol of any kind.

While this should not stop those under legal drinking age from booking a tour, it is important to note that if a traveller is under-age there are certain optional nighttime activities that they may not legally be able to participate in. When trying to book the right trip, we recommend that travellers under legal drinking age take this into consideration when booking a tour that visits several big cities.

6. Family Insurance

Options for family travel insurance are available. Please enquire with your Family Trip Specialist for more information.

7. ACCOMMODATION NOTE:

Please be aware that properties we stay in with only two stories may not have elevators installed and climbing the stairs with your luggage will be necessary.

What is the group leader like?

All National Geographic Family Journeys with G Adventures group trips are accompanied by two of our National Geographic Expedition Leaders. The aim of the Expedition Leader is to take the hassle out of your travels and to help you have the best trip possible. They will provide information on the places you are travelling through, offer suggestions for things to do and see, recommend great local eating venues and introduce you to our local friends. While not being guides in the traditional sense; you can expect them to have a broad general knowledge of the countries visited on the trip, including historical, cultural, religious and social aspects. We also use local guides where we think more specific knowledge will add to the enjoyment of the places we are visiting- we think it's the best of both worlds.

How large will the group be?

20

What meals are included in this trip?

8 breakfasts, 3 lunches, 1 dinner

What are the meals like on this trip?

Eating is a big part of traveling and we encourage you to experience the vast array of wonderful food that is available out in the world. Its important to remember, that food may be different from what you are used to at home and that some things may not be available in other countries.

Some meals are included in the trip price, while others are not, to allow flexibility and choice to you and your family. For non-included meals our Expedition Leaders will still make arrangements for the group to eat together, which allows you to taste a larger variety of dishes and enjoy each other's company. There is no obligation to do this though. For all trips please refer to the meals included and budget information for included meals and approximate budget (per person) for meals not included.

Throughout this trip, breakfast is included daily (ranging from continental to buffet depending on the trip), as are healthy, local snacks. Tap water is safe and drinkable everywhere. Please remember to bring your own refillable bottle and refill at the start of each day.

Note that any special meal requirements or dietary restrictions need to be specified at time of booking.

What are the modes of transportation on my trip?

Private vehicle, catamaran, shuttle bus, hiking

What transportation will we take on this trip?

For this trip we use one to two 15-passenger vans for up to 12 people plus the Expedition Leaders and Driver. For groups of 8 and more travellers per vehicle, we also use a trailer to carry luggage. These durable vehicles allow us to drive on most types of roads in North America.

Each van has a front passenger seat and 4 benches that will accommodate 3 people each with mandatory seat belts to keep us secure and safe. No standing is permitted in these vehicles.

This is not a physically demanding journey, but with limited space in the van, long drive days can be difficult. Please take note of the travel times and distances in the above itinerary. There is air conditioning to cool things down on warm days to keep everyone more comfortable. Despite some of the long days, most travellers feel that the diversity of the North American landscape, culture and wildlife are all well worth the experience!

Is there an extra cost for travelling solo?

We believe solo travellers should not have to pay more to travel so our group trips are designed for shared accommodation and do not involve a single supplement. Odd number adult travellers in your family will be paired in twin accommodation with another adult traveller of the same sex for the duration of the trip.

Where will we stay during the trip?

Hotels (8 nts)

Will I get my own room?

Please note that if you have booked the "My Own Room" option for this tour, you will receive your own single room for all night stops

What kind of accommodation can I expect on this trip?

Rooming is based on double occupancy (2 passengers / 2 beds per room); all other room configurations are on request and cannot be guaranteed. We will try to accommodate triples/quad requests whenever possible and it's important to note that rooming configuration can change from city to city and 2 single beds are the standard configuration in a room.

Please remember that hotel/lodge standards can be different from what you are used to in your home country, which is part of the appeal of adventure travel. Hotels in Alaska may be a bit more rustic or dated than hotels at the same accommodation level in the rest the USA.

Spring time can be snowy (until end of June) and fall season could start as soon as mid-August. Make sure you have clothing for all conditions. We're working with our accommodation partners to reduce single-use plastic on our tours by providing safe drinking water for refillable bottles wherever possible. Find out more about our Plastics Partnership Project [here](https://www.gadventures.com/about-us/responsible-travel/plastics-partnership-project/).

When can I do my laundry on this trip?

Laundry facilities are offered by some of our hotels for a charge or ask your Expedition Leader where the closest laundromat is. There will be times when you may want to or have to do your own laundry, so we suggest you bring non-polluting/biodegradable soap.

How much spending money do I need for my trip?

Every traveller is different and therefore spending money requirements will vary. Some travellers may drink more than others while other travellers like to purchase more souvenirs than most. Please consider your own spending habits when it comes to allowing for drinks, shopping and tipping. Please also remember the following specific recommendations when planning your trip.

What should I know about currency, credit cards, and exchanging money while on this tour?

The United States currency is the US Dollar (USD).

Credit cards are accepted almost everywhere in the US and can be used to purchase small and large items. When purchasing products or services with a foreign credit card in the USA, you may be charged additional fees by your credit card company for foreign purchases.

Credit cards and debit cards are very useful for cash advances but you must remember to bring your PIN number (be aware that many ATM machines only accept 4-digit PINs). Both Cirrus and Plus system cards are the most widely accepted debit cards. Both Visa and Master Cards are the most widely accepted credit cards. While ATMs are commonly available, there are no guarantees that your credit or debit cards will actually work check with your bank before you travel. A visit to an ATM can be arranged on Day 1 and other days of the trip.

Do not rely on credit or debit cards as your only source of money. A combination of US Dollars as cash (preferably smaller bills, 5's, 10's and 20's), and credit cards is best. Currency exchange is best obtained prior to travel or at the airport, currency exchange is very difficult to find in the USA and most banks do not accommodate.

Always take more rather than less, as you don't want to spoil the trip by constantly feeling short of funds.

As currency exchange rates can fluctuate often we ask that you refer to the following website for daily exchange rates: www.xe.com

How much emergency money should I bring on this trip?

Please also make sure you have access to at least an additional USD \$200 (or equivalent) as an 'emergency' fund, to be used when circumstances outside our control (ex. a natural disaster) require a change to our planned route. This is a rare occurrence!

Should I be tipping on my trip?

Local tipping is included on this Family trip which covers local guides, drivers and gratuity for included meals. At the end of your trip if you felt your two National Geographic Expedition Leaders did an outstanding job, tipping is appreciated. The amount is entirely a personal preference, however as a guideline; per Expedition Leader \$10-15 USD per person, per day can be used as a guide.

For non-included meals in restaurant, a guideline is 15-20% of cost of bill.

What activities are optional on this trip?

Trapper Creek

- Talkeetna Lake Trail

Denali National Park and Preserve

- Denali Hiking
- Rafting trip on the Nenan River
(95-135USD per person)

What do I need to know to about safety and security on my trip?

Many national governments provide a regularly updated advice service on safety issues involved with international travel. We recommend that you check your government's advice for their latest travel information before departure. We strongly recommend the use of a neck wallet or money belt while travelling, for the safe keeping of your passport, air tickets, travellers' cheques, cash and other valuable items. Leave your valuable jewellery at home - you won't need it while travelling. Many of the hotels we use have safety deposit boxes, which is the most secure way of storing your valuables. A lock is recommended for securing your luggage. When travelling on a group trip, please note that your group leader has the authority to amend or cancel any part of the trip itinerary if it deemed necessary, due to safety concerns. Your National Geographic Expedition Leader will accompany you on all included activities. During your trip you will have some free time to pursue your own interests, relax and take it easy and explore at your leisure. While your Expedition Leader will assist you with options available in a given location, please note that any optional activities you undertake are not part of your itinerary, and we offer no representations about the safety of the activity or the standard of the operators running them. Please use your own good judgement when selecting an activity in your free time. Although the cities visited on tour are generally safe during the day, there can be risks to wandering throughout any major city at night. It is our recommendation to stay in small groups and to take taxis to and from restaurants, or during night time excursions. Water based activities have an element of danger and excitement built into them. We recommend only participating in water based activities when accompanied by a guide(s). We make every reasonable effort to ensure the fun and adventurous element of any water based activities (in countries with varying degrees of operating standards), have a balanced approach to safety. It is our policy not to allow our Expedition Leaders to make arrangements on your behalf for water based activities that are not accompanied by guide(s). Swimming, including snorkeling, is always at your own risk. Read more about travel safety for ways to further enhance your personal safety while traveling.

What rules should I know before joining this trip?

Illegal drugs will not be tolerated on any trips. Possessing or using drugs not only contravenes the laws of the land but also puts the rest of the group at risk. Smoking marijuana and opium is a part of local culture in some parts of the world but is not acceptable for our travellers. Our philosophy of travel is one of respect towards everyone we encounter and in particular the local people who make the world the special place it is. The exploitation of people in the sex trade is completely contrary to this philosophy. Our Expedition Leaders have the right to expel any member of the group if drugs are found in their possession or if they utilize the services of paid sex workers, in any capacity.

Is travel insurance required for my trip?

Travel insurance is compulsory in order to participate on any of our trips. When travelling on a group trip, you will not be permitted to join the group until evidence of travel insurance has been sighted by your leader, who will take note of your insurance details. When selecting a travel insurance policy we require that at a minimum you are covered for medical expenses including emergency evacuation and repatriation. A minimum coverage of USD200,000 is required. We strongly recommend that the policy also covers personal liability, cancellation, curtailment and loss of luggage and personal effects. Some tours include adventure activities that require extra coverage (e.g. crampon use); please review your itinerary and make sure that you are covered for all included activities. If you have credit card insurance we require proof of purchase of the trip (a receipt of credit card statement) with a credit card in your name. Contact your bank for details of their participating insurer, the level of coverage and emergency contact telephone number.
