ACTIVITY

Visit this G Adventures-supported grassroots organization that is helping to support rehabilitated survivors of human-trafficking and other at-risk women. SASANE, our project partners, train once vulnerable women to be certified paralegals, so that they are the first point of contact for other women coming out of abuse. Where survivors lack a high school diploma, the minimum requirements to be a paralegal, Planeterra and G Adventures have helped catalyze a hospitality program for these women to be reintegrated into a dignified work environment. The survivors will teach you how to make momos (traditional dumplings) as well as a Nepali lunch. The program helps support SASANE's outreach and education programs across Nepal.

Day 3

Kathmandu/Pokhara

Take a mountain drive to Pokhara.

Leaving the Kathmandu valley behind, head for the enchanting Nepalese town of Pokhara. Depending on our arrival time, there may be time to hire a small boat for a quick paddle on the lake for sunset.

Today's Activities

Private Vehicle

Kathmandu - Pokhara

8h-9h

Settle in and scan the scenery from the convenience of a private vehicle.

Drive to Nayapul and trek to Tikhedhunga. Enjoy 10 days of trekking through alpine meadows, isolated villages, dramatic glaciers, and inspiring mountain vistas.

At 8,091m (26,545.3 ft), Annapurna 1 is one of the highest mountains in the world. Its surrounding sister mountains are equally imposing and create magnificent panoramas from any view point. This trek covers a wide variety of terrain, from lowland pastures and peaceful villages to powerful glaciers and stunning mountain views. In the rugged mountain scenery, we stay in mountain communities and meet friendly Nepali hill people as they go about their daily lives. The expedition is not only visually superb, but also a chance to learn about local cultures. Along the way, see thundering waterfalls of melted snow, cross icy rivers and high mountain passes, and reward ourselves with a soak in natural hot springs.

While the trekking is challenging, averaging 4-6 hrs walking a day on steep terrain, our Annapurna Sanctuary expedition into the Himalayas allows you to experience 'the roof of the world' without major issues associated with high altitude. The highest point on the trek is Annapurna Base Camp at 4,130m (13,550 ft).

Note - This is a trek that requires a very good level of fitness as there are plenty of ascents and descents (in fact there's hardly anything flat!) and the walking is strenuous. The weather can be harsh in December and January with snow and frosts. Our expedition is led by an experienced local guide who speaks English. We stop at teahouses where our basic mountain accommodation is twin or multishare, toilet and washing facilities are rudimentary, and the food is simple but filling, usually vegetarian and cheap.

Is there a disclaimer I should read before booking this trip?

The information in this trip details document has been compiled with care and is provided in good faith. However it is subject to change, and does not form part of the contract between the client and the operator. The itinerary featured is correct at time of printing. It may differ slightly to the one in the brochure. Occasionally our itineraries change as we make improvements that stem from past travellers, comments and our own research. Sometimes it can be a small change like adding an extra meal along the itinerary. Sometimes the change may result in us altering the tour for the coming year. Ultimately, our goal is to provide you with the most rewarding experience. Please note that our brochure is usually released in November each year. If you have booked from the previous brochure you may find there have been some changes to the itinerary.

VERY IMPORTANT: Please ensure that you print a final copy of your Trip Details to review a couple of days prior to travel, in case there have been changes that affect your plans.

Is there an itinerary Disclaimer?

While it is our intention to adhere to the route described below, there is a certain amount of flexibility built into the itinerary and on occasion it may be necessary, or desirable to make alterations. The itinerary is brief, as we never know exactly where our journey will take us. Due to our style of travel and the regions we visit, travel can be unpredictable. The Trip Details document is a general guide to the tour and region and any mention of specific destinations or wildlife is by no means a guarantee that they will be visited or encountered. Aboard expedition trips visits to research stations depend on final permission.

Additionally, any travel times listed are approximations only and subject to vary due to local circumstances.

What important notes should I be aware of before the trip?

1. Weather conditions in the Himalayas can change rapidly and our CEO may be forced to change the trip itinerary accordingly. Travellers need to be prepared for all weather conditions. For more information please read the "what to take" section of this trip notes.

2. While our itineraries are designed to allow for adequate acclimatisation you are likely to feel the effects of altitude sickness and oxygen deprivation whilst on this trek. Please be aware that your CEO may deem it unsafe for you to continue trekking at any time, and arrange for you to descend to a lower attitude.

3. DRONES IN NEPAL

Please note that drones and the flying of drones are prohibited in Nepal. If you violate these regulations the police may take you into custody.

4. REQUIRED: In order for us to obtain the Annapurna trekking permit for our passengers, we require a coloured copy of your passport in advance of travel. We please request you send a coloured copy of the passport you will be travelling on to experience@gadventures.com

What is the group leader like?

All G Adventures group trips are accompanied by one of our Chief Experience Officers (CEO). The aim of the CEO is to take the hassle out of your travels and to help you have the best trip possible. They will provide information on the places you are travelling through, offer suggestions for things to do and see, recommend great local eating venues and introduce you to our local friends. While not being guides in the traditional sense you can expect them to have a broad general knowledge of the countries visited on the trip, including historical, cultural, religious and social aspects. We also use local guides where we think more specific knowledge will add to the enjoyment of the places we are visiting- we think it's the best of both worlds.

How large will the group be?

Max 15, Avg 10

What meals are included in this trip?

1 lunch

What are the meals like on this trip?

Eating is a big part of traveling. Travelling with G Adventures you experience the vast array of wonderful food that is available out in the world. Generally meals are not included in the trip price when there is a choice of eating options, to give you the maximum flexibility in deciding where, what and with whom to eat. It also gives you more budgeting flexibility, though generally food is cheap. Our groups tend to eat together to enable you to taste a larger variety of dishes and enjoy each other's company. There is no obligation to do this though. Your group CEO will be able to suggest favourite restaurants during your trip. On truck trips in Africa, aboard the expedition ship Explorer or our Galapagos yachts, while trekking in remote regions etc. food is included, plentiful and made of fresh local ingredients. The above information applies to G Adventures group trips. For Independent trips please check the itinerary for details of meals included. For all trips please refer to the meals included and budget information for included meals and meal budgets.

What are the modes of transportation on my trip?

Bus, minibus, walking.

Are local flights included in the cost of the trip?

All local flights are included in the cost of your tour unless otherwise noted. It is important that we have your passport information at the time of booking in order to process these tickets. Internal flight tickets are issued locally and will be given to you prior to the flight departure.

Is there an extra cost for travelling solo?

We believe single travellers should not have to pay more to travel so our group trips are designed for shared accommodation and do not involve a single supplement. Single travellers joining group trips are paired in twin or multi-share accommodation with someone of the same sex for the duration of the trip. Some of our Independent trips are designed differently and single travellers on these itineraries must pay the single trip price.

Where will we stay during the trip?

Simple hotels/guesthouses (4 nts), tea houses (10 nts).

What kind of accommodation can I expect on this trip?

A tea house is the combination of guest house, restaurant, and social hang out. Twin-share rooms are available in most tea houses, except for high altitudes ones where it will be just dormitories. The lodges are fairly basic. The rooms are sparse with twin beds and very little additional furniture. Blankets are generally provided. Most bathrooms are shared and toilets can be either squat type or western style. Most tea houses have running water. The majority of tea houses only have cold showers, a few may have hot water available at an additional cost. However, we discourage our groups from using water heated by wood, as lack of firewood in villages is a big environmental concern in Nepal.

There is a large dining room-cum-lounge, warmed by the bukhara stove (an iron cylinder, fitted with a chimney duct, in which a log fire is lighted). There is normally no electric lighting in the rooms unless the village has hydroelectric power. The dining room usually has solar lighting. Some tea houses now also have electricity for charging small appliances - mobile phones and cameras - and there may be a small charge for this.

During a tea house trek you will usually have breakfast and dinner at the tea house, lunch will be eaten at one of the trail side restaurants. Every tea house serves the traditional Nepali meal Dal Bhat (rice and lentils), as well as a variety of different food items, such as rice, vegetables, noodles, potatoes and soup. Some have Nepali versions of western food such as pizza, pasta and french fries. Soft drinks, snacks and beer are available in most of the tea houses and trail side restaurants. And, of course, Nepali milk tea is served everywhere.

All tea houses have boiled water for trekkers. We discourage the purchase of bottled water while on the trail. The plastic bottles are difficult to dispose of and have become an environmental problem.

It is your own responsibility to have the correct travel documentation. Visa requirements for your trip will vary depending on where you are from and where you are going. We keep the following information up to date as far as possible, but rules do change and sometimes without warning. While we provide the following information in good faith, it is vital that you check the information yourself and understand that you are fully responsible for your own visa requirements.

Where can I read detailed notes about this trip?

Trekking has been long established in Nepal, providing stunning views in a natural landscape. Trekking can be difficult in parts, with a lot of uphill and downhill climbing, but within the capabilities of any healthy person with an established level of walking fitness. Often stubbornness (endurance) helps. Walk at you OWN pace – slow and steady is the way to go – being fit or unfit is not the primary control here, it is how you deal with altitude. DO NOT RUSH! The only reward for trying to prove something by being first is nausea, vomiting and a splitting headache! GO SLOWLY – plod on at a steady pace, pause, standing to rest – don't sit too often – it is harder to get going again. Don't care about whether others are ahead! The path is clear, your guides keep track of where you are. There is plenty of time so walk at YOUR pace regardless of how far behind you may think you are. Remember the sun is intense – wear sunscreen and sunglasses It is colder than you think, especially in the wind – if you take off layers whilst walking make sure to put them on again as soon as you stop or are in the shade – don't wait to get cold.

How much spending money do I need for my trip?

Every traveller is different and therefore spending money requirements will vary. Some travellers may drink more than others while other travellers like to purchase more souvenirs than most. Please consider your own spending habits when it comes to allowing for drinks, shopping and tipping. Please also remember the following specific recommendations when planning your trip.

What should I know about currency, credit cards, and exchanging money while on this tour?

As currency exchange rates in Asia fluctuate often we ask that you refer to the following website for daily exchange rates: www.xe.com. As of Feb 2012 the exchange rate for NEPAL was 1 USD = 78.76 NPR (Nepalese Rupees). There are many ATM machines that accept both Visa and Mastercard but these are limited to major cities. We also recommend the use of cash and travellers cheques in USD currency. Major credit cards are accepted in most shops but they may charge a 2-4% transaction fee.

How much emergency money should I bring on this trip?

Please also make sure you have access to at least an additional USD \$200 (or equivalent) as an 'emergency' fund, to be used when circumstances outside our control (ex. a natural disaster) require a change to our planned route. This is a rare occurrence!

Do I need to pay a departure tax?

All departure taxes should be included in your international flight ticket.

Should I be tipping on my trip?

It is customary in Asia to tip service providers such as waiters, at approximately 10%, depending on the service. Tipping is expected - though not compulsory - and shows an expression of satisfaction with the people who have assisted you on your tour. Although it may not be customary to you, it is of considerable significance to the people who will take care of you during your travels. There are several times during the trip where there is opportunity to tip the local guides or drivers we use. You may do this individually, or your CEO will offer to collect the money and tip as a group.

Recommendations for tipping drivers and local guides would range from \$1-\$2 USD per person per day depending on the quality and length of the service, for porters during the trekking portion of your trip, the recommended amount is 300-500Rs (4-7USD) per day; ask your CEO for specific recommendations based on the circumstances and culture.

Also at the end of each trip if you felt your G Adventures CEO did an outstanding job, tipping is appreciated. The amount is entirely a personal preference, however as a guideline \$20-25 USD per person, per week can be used.

What activities are optional on this trip?

- No optional activities

Are there any health considerations I should know before travelling?

Please note inoculations may be required for the country visited. It is your responsibility to consult with your travel doctor for up to date medical travel information well before departure.

There are no specific health requirements for this trip. However, you should consult your doctor for up-to-date medical travel information about before departure. We recommend that you carry a First Aid kit and hand sanitizers / antibacterial wipes as well as any personal medical requirements . Please be aware that we are in remote areas and away from medical facilities for some time during this trip, and for legal reasons our CEOs are prohibited from administering any type of drug including headache tablets, antibiotics, etc.

What do I need to know to about safety and security on my trip?

Many national governments provide a regularly updated advice service on safety issues involved with international travel. We recommend that you check your government's advice for their latest travel information before departure. We strongly recommend the use of a neck wallet or money belt while travelling, for the safe keeping of your passport, air tickets, travellers' cheques, cash and other valuable items. Leave your valuable jewellery at home - you won't need it while travelling. Many of the hotels we use have safety deposit boxes, which is the most secure way of storing your valuables. A lock is recommended for securing your luggage. When travelling on a group trip, please note that your CEO has the authority to amend or cancel any part of the trip itinerary if it is deemed necessary due to safety concerns. Your CEO will accompany you on all included activities. During your trip you will have some free time to pursue your own interests, relax and take it easy or explore at your leisure. While your CEO will assist you with options available in a given location please note that any optional activities you undertake are not part of your itinerary, and we offer no representations about the safety of the activity or the standard of the operators running them. Please use your own good judgment when selecting an activity in your free time. Although the cities visited on tour are generally safe during the day, there can be risks to wandering throughout any major city at night. It is our recommendation to stay in small groups and to take taxis to and from restaurants, or during night time excursions.

Protests and Demonstrations- Protests and demonstrations, even those that are well intended, have the potential to turn violent with no warning. Counter protests can also turn violent. Action by security forces to disperse demonstrators and protesters may occur at any time. If you are in an area where demonstrators or protesters are gathering, avoid the temptation of staying for a good photo opportunity and leave the area immediately.

Water based activities have an element of danger and excitement built into them. We recommend only participating in water based activities when accompanied by a guide(s). We make every reasonable effort to ensure the fun and adventurous element of any water based activities (in countries with varying degrees of operating standards) have a balanced approach to safety. It is our policy not to allow our CEOs to make arrangements on your behalf for water based activities that are not accompanied by guide(s).

Swimming, including snorkeling, is always at your own risk.

We take all prudent measures in relation to your safety. For ways to further enhance your personal safety while traveling, please visit:

What rules should I know before joining this trip?

Illegal drugs will not be tolerated on any trips. Possessing or using drugs not only contravenes the laws of the land but also puts the rest of the group at risk. Smoking marijuana and opium is a part of local culture in some parts of the world but is not acceptable for our travellers. Our philosophy of travel is one of respect towards everyone we encounter, and in particular the local people who make the world the special place it is. The exploitation of prostitutes is completely contrary to this philosophy. Our CEOs have the right to expel any member of the group if drugs are found in their possession or if they use prostitutes.

Is travel insurance required for my trip?

Travel Insurance: Travel insurance is compulsory in order to participate on any of our trips. When travelling on a group trip, you will not be permitted to join the group until evidence of travel insurance has been sighted by your CEO, who will take note of your insurance details. When selecting a travel insurance policy please bear in mind that all clients must have medical coverage and that we require a minimum coverage of USD 200,000 for repatriation and emergency rescue. We strongly recommend that the policy also covers personal liability, cancellation, curtailment and loss of luggage and personal effects. If you have credit card insurance we require proof of purchase of the trip (a receipt of credit card statement) with a credit card in your name. Contact your bank for details of their participating insurer, the level of coverage and emergency contact telephone number.

Singlets and tank tops are not acceptable. One piece bathing suits are recommended and topless sun bathing is unacceptable.
