Day 1

Melbourne

Arrive at any time.

Tonight, get to know Melbourne as a group. Spend some time socializing in the rooftop seating area at the Space Hostel where you are staying. Then maybe head to the bar attached to the hostel called Blue Moon Karaoke for some great beer and cheap eats. Make sure you get those vocals ready because someone is getting up and singing before the night is over.

There are no planned activities during the day, so check into the hotel and explore the city. If you arrive early enough, head into the city to take in the 'cultural capital of Australia'. Get lost in the city's famous laneways, go on the hunt for the perfect flat white (hint: Melbourne loves its coffee shops), catch the tram to St. Kilda, or wander around the über-cool Fitzroy neighbourhood.

Once on the island the group will go for a 4x4 tour, driving along over 100km of beach to get a sense of your surroundings. Then take a swim in Lake McKenzie, or be on the lookout for wild Dingoes (this is one of the few places in Australia where you are able to see them).

While on K'gari (Fraser Island), main luggage will be stored in a secure storage facility. Each person will need to pack an overnight bag with max weight of 5kg, as access to main luggage will not be available again until the next day. This is due to luggage capacity restrictions in 4x4 vehicles.

Remember those stranded-on-a-deserted island fantasies that we all had growing up? (no, just us?) Either way get ready to relive that castaway dream as you hike to an island lookout over Whitehaven Beach (one of the most famous beaches in the world) and enjoy the views of powdery sand and the Coral Sea's azure waters. You probably won't ever want to leave. And you haven't even gone below the surface yet!

After some free time on the beach basking in the sun you'll spend time as a group learning about the community efforts to protect and restore coral in the Great Barrier Reef before heading out to snorkel; over a Planeterra-supported coral garden. Then it's off to another secluded tropical island spot where the group will anchor for the night.

The sailing route today allows us to follow part of Captain Cook's route up through the Whitsunday Islands.

Planeterra has partnered with Reef Ecologic, a nonprofit specialized in creating innovative solutions to challenges facing coral reefs. In the Whitsundays they are working to engage the community and travellers to restore the reef following the 2017 cyclone. Reef Ecologic's new coral gardens in the Whitsundays foster natural coral fragments to be replanted into the reef for a healthy marine environment.

Please note that snorkelling over the Reef Ecologic Coral Restoration project may occur on the first or last day of your Whitsunday Islands excursion, if weather conditions or tides are not ideal on this day.

Is there a disclaimer I should read before booking this trip?

The information in this trip details document has been compiled with care and is provided in good faith. However it is subject to change, and does not form part of the contract between the client and the operator. The itinerary featured is correct at time of printing. It may differ slightly to the one in the brochure. Occasionally our itineraries change as we make improvements that stem from past travellers, comments and our own research. Sometimes it can be a small change like adding an extra meal along the itinerary. Sometimes the change may result in us altering the tour for the coming year. Ultimately, our goal is to provide you with the most rewarding experience. Please note that our brochure is usually released in November each year. If you have booked from the previous brochure you may find there have been some changes to the itinerary.

VERY IMPORTANT: Please ensure that you view a final copy of your Trip Details a couple of days prior to travel, in case there have been changes that affect your plans.

Is there a travel disclaimer for my itinerary I should review before booking this trip?

While it is our intention to adhere to the route described below, there is a certain amount of flexibility built into the itinerary and on occasion it may be necessary, or desirable to make alterations. The itinerary is brief, as we never know exactly where our journey will take us. Due to our style of travel and the regions we visit, travel can be unpredictable. The Trip Details document is a general guide to the tour and region and any mention of specific destinations or wildlife is by no means a guarantee that they will be visited or encountered. Aboard expedition trips visits to research stations depend on final permission.

Additionally, any travel times listed are approximations only and subject to vary due to local circumstances.

What important notes should I be aware of before the trip?

1. Please note that this tour combines with other G Adventures tours. As such, the staff and some travel companions on your tour may have previously been traveling together with G Adventures, prior to Day 1 of your tour. Likewise, some staff and travel companions may be continuing together on another G Adventures tour, after your trip concludes.

2. Please be aware that wifi and internet access is not as readily available in Australia as in other parts of the world. There are often additional charges to connect to the internet, and speeds may be slower than what you are used to.

3. Over public holidays in Australia and New Zealand (such as Christmas, New Years Day, Easter, and Anzac Day) there may be some limitations of services and disruptions to schedules. In general our tours still operate effectively over public holidays, but there may be closures of optional activities and restaurants, and slight itinerary adjustments in order to provide all tour inclusions.

4. COMBO TRIP

Please note that this trip is a combination of multiple G Adventures tours. As such, the staff and/or particular vehicles operating your tour may change between tour segments. You may also expect some group members to join or leave the tour, between tour segments.

What is the group leader like?

This G Adventures group trip is accompanied by one of our group leaders, otherwise known as a Chief Experience Officer (CEO). The CEO will be the group manager, leader and driver - this person is experienced in the routes travelled and will organize and lead the meal preparations and has experience in cooking a variety of local and international dishes for large groups.

As the group coordinator and manager, the aim of the CEO is to take the hassle out of your travels and to help you have the best trip possible. While not being guides in the traditional sense, you can expect them to have a broad general knowledge of the countries visited on the trip, including historical, cultural, religious and social aspects. They will also offer suggestions for things to do and to see, recommend great local eating venues and introduce you to our local friends.

We also use local guides where we think more specific knowledge will add to the enjoyment of the places we are visiting - we think it's the best of both worlds.

How large will the group be?

Max 20, avg 16.

What meals are included in this trip?

20 breakfasts, 7 lunches, 7 dinners

What are the meals like on this trip?

Eating is a big part of traveling. Travelling with G Adventures you experience the vast array of wonderful food that is available out in the world. Generally meals are not included in the trip price when there is a choice of eating options, to give you the maximum flexibility in deciding where, what and with whom to eat. It also gives you more budgeting flexibility, though generally food is cheap. Our groups tend to eat together to enable you to taste a larger variety of dishes and enjoy each other's company. There is no obligation to do this though. Your CEO will be able to suggest favourite restaurants during your trip.

Please note that most included breakfasts will consist of cereal, milk, bread and spreads, juice, tea and instant coffee. Having a simple breakfast together most days allows us the flexibility to get on the road early and get from point A to B all that much faster.

What are the modes of transportation on my trip?

Private vehicle, train, maxi yacht, 4x4 vehicle, ferry, plane, walking.

What transportation will we take on this trip?

We use mini-coaches on our tours in Australia but also throw in a few other transport types to keep it interesting and mix it up. Occasionally with smaller group sizes we will use smaller, equally comfortable 13-seater vehicles. All mini-coaches tow a trailer for luggage and camping equipment (when needed). All groups have one CEO/Driver.

The vehicles are factory built with comfortable seats and air-conditioning. It is mandatory to wear a seatbelt while riding in our vehicles.

On the rail based sections of the tour, we use the standard seats, not sleeping compartments. The trains have a dining carriage available.

Are local flights included in the cost of the trip?

All local flights are included in the cost of your tour unless otherwise noted. It is important that we have your passport information at the time of booking in order to process these tickets. Internal flight tickets are issued locally and will be given to you prior to the flight departure.

The max luggage allowance on domestic flights within Australia is 1 checked bag (20 kgs) and 1 carry on (7 kgs) per person.

Is there an extra cost for travelling solo?

We believe solo travellers should not have to pay more to travel so our group trips are designed for shared accommodation and do not involve a single supplement. Single travellers joining group trips are paired in twin or multi-share accommodation with someone of the same sex for the duration of the trip. Some of our Independent trips are designed differently and solo travellers on these itineraries must pay the single trip price.

Where will we stay during the trip?

Hostels (20 nts, multi-share with 4-8 people), swag camping (3 nts), maxi-yacht (2 nts, open cabin multi-share), cabin (1 nt), overnight train (1 nt). All nights are multi-share on this trip.

What kind of accommodation can I expect on this trip?

Accommodation will be varied throughout your adventure. When camping on this tour, you will be provided with an Aussie 'swag'—a canvas bedroll with built-in padding and perfect for a night under the stars. Towels and soap are not always provided at overnight stops, so it's best to bring your own for bathing. Bathroom and showering facilities are shared and are very rarely en-suite.

Multi-share accommodation, on a single-sex basis (typically 4-6 people per room), is very common in Australia and is the way you will be spending most of your nights. We have specifically chosen unique accommodations to give local flavour to your trip.

COUPLES: Please note that due to the types of accommodation used in Australia, couples will likely be split into separate rooms where we use multi-share hostels. Pending availability, couples may be able to pay extra while on tour to have their own room in some destinations.

PRE/POST ACCOMMODATION: If booking additional nights before or after your tour, accommodation will be multi-share on a mixed gender basis.

What is the joining hotel?

For details of your joining hotel please refer to your tour voucher, G Account, the G Adventures App or contact your travel agent.

What are the joining instructions?

1. By Taxi: Approximately \$70, and it is 35km to the joining hotel.

2. SKYBUS, \$19 per person: A 24-hour service from the airport to the Southern Cross train station in the city centre. From here, check in at the Skybus Hotel Transfer Service booth and a SkyBus mini-bus will drop you at the hostel.

Please note that Day 1 is an arrival day and no activities have been planned for that day other than your welcome meeting in the evening, so you can arrive at any time.

Your CEO will organize a short meeting soon after arrival, during which you will meet other tour participants and receive information about general and specific aspects of the trip. A welcome note will be left for you in the hotel so you have all the necessary information regarding the meeting time. If you arrive late, s/he will leave you a message detailing what time and where you should meet the next morning.

What happens if I experience problems when arriving?

We don't expect any problems, and nor should you, but if for any reason you are unable to commence your trip as scheduled, please refer to the emergency contact details provided in this dossier and contact us as soon as possible. If you have a pre-booked transfer, and you have not made contact with our representative within 30 minutes of clearing customs and immigration, we recommend that you make your own way to the Starting Point hotel, following the Joining Instructions. Please apply to your travel agent on your return for a refund of the transfer cost if this occurs.

Who should I contact in case of an emergency?

Should you need to contact G Adventures during a situation of dire need, it is best to first call our local office in Melbourne. If for any reason you do not receive an immediate answer, please leave a detailed message and contact information, so we may return your call and assist you as soon as possible.

Are there any additional packing suggestions I should consider?

The max luggage allowance on domestic flights within Australia is 1 checked bag (20 kgs) and 1 carry on (7 kgs) per person.

You will be on the move a lot, so our advice is to pack as lightly as possible.

We recommend using a backpack for your convenience, or a medium-sized suitcase if you prefer. Heavy luggage is not recommended for the health of the CEO, who will take a lead in loading the storage trailer. Due to space in the trailer, we will not be able to accommodate more than one piece of main luggage per person. A good size day-pack (20-35L) is also essential to carry your personal gear for the day, as access to luggage between destinations will be limited. This daypack will be used to carry your personal gear for the day, your lunch and a water bottle.

You will need a smaller bag for the Whitsunday Islands overnight excursion, as we will leave big bags on the mainland due to space constraints.

What are the visas and entry requirements for my trip?

All countries require a valid passport (with a minimum 6 months validity). Contact your local embassy or consulate for the most up-to-date visa requirements, or see your travel agent. It is your own responsibility to have the correct travel documentation. Visa requirements for your trip will vary depending on where you are from and where you are going. We keep the following information up to date as far as possible, but rules do change and sometimes without warning. While we provide the following information in good faith, it is vital that you check the information yourself and understand that you are fully responsible for your own visa requirements.

Visa information specific to your destination and nationality can be found in our Important Pre-Departure Information page [here](#)

What should I consider when planning my personal expenses and discretionary spending for this itinerary?

Every traveller is different and therefore spending money requirements will vary. Some travellers may drink more than others while other travellers like to purchase more souvenirs than most. Please consider your own spending habits when it comes to allowing for drinks, shopping and tipping. Please also remember the following specific recommendations when planning your trip.

What should I know about currency, credit cards, and exchanging money while on this tour?

The Australian currency is the Australian Dollar (AUD).

Credit cards are accepted almost everywhere in Australia and can be used to purchase small and large items. When purchasing products or services with a foreign credit card you may be charged additional fees by your credit card company for foreign purchases.

Credit cards and debit cards are very useful for cash advances but you must remember to bring your PIN number (be aware that many ATM machines only accept 4-digit PINs). Both Cirrus and Plus system cards are the most widely accepted debit cards. Both Visa and Master Cards are the most widely accepted credit cards. While ATMs are commonly available, there are no guarantees that your credit or debit cards will actually work check with your bank before you travel. A visit to an ATM can be arranged on Day 1 and other days of the trip.

Do not rely on credit or debit cards as your only source of money. A combination of local currency (preferably smaller bills, 5's, 10's and 20's), traveller's cheques and credit cards is best. Currency exchange is best obtained prior to travel or at the airport, currency exchange is easy to find in Australia in the gateway cities and most banks do accommodate.

Always take more rather than less, as you don't want to spoil the trip by constantly feeling short of funds.

As currency exchange rates can fluctuate often we ask that you refer to the following website for daily exchange rates: www.xe.com

How much emergency money should I bring on this trip?

Please also make sure you have access to at least an additional USD \$200 (or equivalent) as an 'emergency' fund, to be used when circumstances outside our control (ex. a natural disaster) require a change to our planned route. This is a rare occurrence!

Should I be tipping on my trip?

It is not customary in New Zealand and Australia to tip service providers, but if you do experience outstanding service it is good to do so. Such service would only usually be in places like quality restaurants and it would be very rare that you would tip more than 10%. Unless specifically asked to do so at the time (by your CEO) - do not tip your local guides. Also at the end of each trip if you felt your G Adventures Chief Experience Officer did an outstanding job, you may consider a small tip - but it certainly isn't expected.

What do I need to know to about safety and security on my trip?

Many national governments provide a regularly updated advice service on safety issues involved with international travel. We recommend that you check your government's advice for their latest travel information before departure. We strongly recommend the use of a neck wallet or money belt while travelling, for the safe keeping of your passport, air tickets, travellers' cheques, cash and other valuable items. Leave your valuable jewellery at home - you won't need it while travelling. Many of the hotels we use have safety deposit boxes, which is the most secure way of storing your valuables. A lock is recommended for securing your luggage. When travelling on a group trip, please note that your group leader has the authority to amend or cancel any part of the trip itinerary if it deemed necessary, due to safety concerns. Your Chief Experience Officer (CEO) will accompany you on all included activities. During your trip you will have some free time to pursue your own interests, relax and take it easy and explore at your leisure. While your CEO will assist you with options available in a given location, please note that any optional activities you undertake are not part of your itinerary, and we offer no representations about the safety of the activity or the standard of the operators running them. Please use your own good judgement when selecting an activity in your free time. Although the cities visited on tour are generally safe during the day, there can be risks to wandering throughout any major city at night. It is our recommendation to stay in small groups and to take taxis to and from restaurants, or during night time excursions.

Water based activities have an element of danger and excitement built into them. We recommend only participating in water based activities when accompanied by a guide(s). We make every reasonable effort to ensure the fun and adventurous element of any water based activities (in countries with varying degrees of operating standards), have a balanced approach to safety. It is our policy not to allow our CEOs to make arrangements on your behalf for water based activities that are not accompanied by guide(s).

Swimming, including snorkeling, is always at your own risk. [Read more about travel safety](#) for ways to further enhance your personal safety while traveling.

What are the trip specific safety considerations?

Between November and March, there is extreme heat with temperatures averaging between 43-46°C in the middle of Australia, especially around Uluru and Kings Canyon. This can lead to heat exhaustion and potentially become very dangerous. Be sure to drink plenty of water and replenish electrolytes by drinking sports drinks, coconut water or water mixed with electrolyte powder packets. Our CEOs have been trained in first aid and are well-versed in the risks associated with this heat.

As a result of this heat some included walks may be closed in the interests of travellers health. Certain walks around central Australia including Uluru, Kata Tjuta and Kings Canyon are closed when weather is forecast to exceed 36°C. During these hot months, we will endeavour to offer all walks early in the day to avoid the heat. Our CEOs will monitor the weather conditions to gauge the safety of any included walks and may need to call off a given day's walk due to extreme heat.

What rules should I know before joining this trip?

Illegal drugs will not be tolerated on any trips. Possessing or using drugs not only contravenes the laws of the land but also puts the rest of the group at risk. Smoking marijuana and opium is a part of local culture in some parts of the world but is not acceptable for our travellers. Our philosophy of travel is one of respect towards everyone we encounter and in particular the local people who make the world the special place it is. The exploitation of people in the sex trade is completely contrary to this philosophy. Our CEOs have the right to expel any member of the group if drugs are found in their possession or if they utilize the services of paid sex workers, in any capacity.

Is travel insurance required for my trip?

Travel insurance is compulsory in order to participate on any of our trips. When travelling on a group trip, you will not be permitted to join the group until evidence of travel insurance has been sighted by your leader, who will take note of your insurance details. When selecting a travel insurance policy we require that at a minimum you are covered for medical expenses including emergency evacuation and repatriation. A minimum coverage of USD200,000 is required. We strongly recommend that the policy also covers personal liability, cancellation, curtailment and loss of luggage and personal effects. Some tours include adventure activities that require extra coverage (e.g. crampon use); please review your itinerary and make sure that you are covered for all included activities. If you have credit card insurance we require proof of purchase of the trip (a receipt of credit card statement) with a credit card in your name. Contact your bank for details of their participating insurer, the level of coverage and emergency contact telephone number.
