ACTIVITY

Your opportunity to meet your CEO and fellow travellers, and learn more about your tour. Opt to join the group for a local meal afterwards. Don't forget to see the notice in the lobby (or ask reception) for the official time and place to meet up with the group.

Cross the border into Botswana, via a short border crossing through Namibia, continuing on to the Okavango Delta.

Transfer to a houseboat, which is home for the next 2 nights in the Okavango Delta, the world's largest inland delta. Travelling by houseboat allows us to explore a more secluded area of the delta, taking small boats into the channels and waterways for wildlife viewing and birdwatching.

Arrive at the houseboat this afternoon where we receive a safety briefing and orientation from the crew. Check into our cabins, enjoy lunch then take our first skiff boat excursion.

Enjoy the journey into the "Panhandle" area of the Okavango Delta, in Northern Botswana. This area is recognized as one of the most peaceful areas in the Delta, due to its remoteness. There are only a handful of permanent camps and boats operating in this wilderness area, which makes it an ideal place to stay.

We have a long drive today but use a private A/C vehicle for your comfort. Rest stops will be made along the way, so sit back and relax, enjoying the passing scenery.

The Houseboat consists of 2 decks- the lower deck has 8 simple but comfortable en-suite cabins with sliding glass doors opening on to the pristine wilderness that is the Okavango Delta. The Upper Deck is approximately three meters above the waterline, where the dining area, bar and sundecks is situated. Power on-board is run by a generator allowing only a few hours a day to heat water and charge up any devices. There is no A/C and sometimes hot water can run out. We recommend bringing a small lantern or flashlight for use in your cabin.

Enjoy the day on a houseboat with early morning and late afternoon wildlife excursions. Opt to enjoy a cultural excursion to Tsoldilo Hills to view ancient San Bushman rock paintings, or relax on deck with a cool drink watching the passing scenery.

Passengers who choose to take the optional Tsoldilo Hills excursion will miss the morning boat excursion.

All activities in the Delta are subject to weather and water levels. Timing of excursions, access and visits to specific locations are completely dependent on local conditions.

Optional Activities - Day 3

Tsodilo Hills Excursion

Okavango Delta

3h-4h

Explore this UNESCO World Heritage site with a local guide. This spot has the richest concentration of San rock paintings in the world, many dating back 30,000 years. Several walking trails provide helpful routes around the painting sites and after our walk we'll visit the museum. Then it's time to enjoy a picnic lunch and stop at a local village and market for an opportunity to purchase handicrafts from local women.

Transfer to the frontier town of Maun. Option to shop and take a scenic flight over the delta.

Stay here at a hotel that offers a pleasant eating area with a beautiful swimming pool. In the afternoon, relax at the hotel, which is situated on the banks of the Thamalakane River.

The vehicle used from here until our return back to Victoria Falls is a 12-seater Toyota Landcruiser, with open sides and a removable canvas roof. There is no A/C in the vehicle and the ride can often be dusty and a little rough. Some travel days can also be quite long. This vehicle is used throughout the tour on all wildlife safari drives and long drives.

Road conditions in the region can range from good to very poor. As such, we slow our traveling speed in the rough spots and enjoy some sand and bumps en route – something which is of course part of the adventure of traveling in Africa!

However it is subject to change, and does not form part of the contract between the client and the operator. The itinerary featured is correct at time of printing. It may differ slightly to the one in the brochure. Occasionally our itineraries change as we make improvements that stem from past travellers, comments and our own research. VERY IMPORTANT: Please ensure that you print a final copy of your Trip Details to review a couple of days prior to travel, in case there have been changes that affect your plans.

Is there an itinerary Disclaimer?

While it is our intention to adhere to the route described below, there is a certain amount of flexibility built into the itinerary and on occasion it may be necessary, or desirable to make alterations. The itinerary is brief, as we never know exactly where our journey will take us. Due to our style of travel and the regions we visit, travel can be unpredictable. The Trip Details document is a general guide to the tour and region and any mention of specific destinations or wildlife is by no means a guarantee that they will be visited or encountered. Aboard expedition trips visits to research stations depend on final permission.

Additionally, any travel times listed are approximations only and subject to vary due to local circumstances.

What important notes should I be aware of before the trip?

1. This is not a physically demanding journey; however, travelling can be difficult, with long drives and poor road conditions at times. Despite this, most clients feel that the diversity of the African landscape, countries, culture and wildlife are all well worth the experience. We use a comfortable and safe air-conditioned vehicle for the long drives.

2. Please note that this tour combines with other G Adventures tours. As such, the staff and some travel companions on your tour may have previously been traveling together with G Adventures, prior to Day 1 of your tour. Likewise, some staff and travel companions may be continuing together on another G Adventures tour, after your trip concludes.

3. EXTRAS

Looking to add to your experience? Check out our Extras! Specially designed for travellers with unique interests, Extras are optional add-ons to your G adventures trip that make your adventure more you-centric. Extras must be booked prior to departure, please see details in our optional activities field and ask your sales GCO or travel agent about booking.

What is the group leader like?

On this tour, you will be accompanied by a group Chief Experience Officer (CEO). The Chief Experience Officer (CEO) will be the group manager, leader and driver. All of our leaders in Southern Africa are registered and licensed tourism guides, meaning they've studied to have a broad knowledge base of the region's history, cultures, and wildlife, and are legally certified to lead/guide tours in the regions visited. All of our leaders are from Botswana, though it may be possible that you'll have a leader from another country in the southern African region.

As the group manager and leader, the aim of the group leader is to take the hassle out of your travels and to help you have the best trip possible. They will provide information on the places where are travelling, offer suggestions for things to do and see, recommend great local eating venues and introduce you to our local friends. He/she will take care of the small things so you can concentrate on enjoying your adventure. In addition, the CEO is a skilled and experienced driver who has intimate knowledge of the vehicle and routes travelled.

We also use local guides where we think more specific knowledge will add to the enjoyment of the places we are visiting.

How large will the group be?

Max 9, Avg 7.

What meals are included in this trip?

9 breakfasts, 4 lunches, 5 dinners

What are the meals like on this trip?

Eating is a big part of travelling. Travelling with G Adventures you experience the vast array of wonderful food that is available in South Africa. On this tour, we provide only a few meals for you and your group members, so as to give you the maximum flexibility in deciding where, what and with whom to eat. It also gives you more budgeting flexibility in your choices. Our groups tend to eat together to enable you to taste a larger variety of dishes and enjoy each other's company. There is no obligation to do this though - while in the larger centres, your CEO will be able to suggest favourite restaurants during your trip.

For the included meals, vegetarian meal requests and other dietary requirements need to be specified prior to arrival.

What are the modes of transportation on my trip?

4x4 vehicle, van, walking, boat.

What transportation will we take on this trip?

The vehicle used throughout Botswana is a 12-seater Toyota Landcruiser, with open sides and a removable canvas roof. There is no A/C in the vehicle and the ride can often be dusty and a little rough. Some travel days can also be quite long. This vehicle is used throughout the tour on wildlife safari drives and long drives.

Road conditions in the region can range from good to very poor. As such, we slow our traveling speed in the rough spots and enjoy some sand and bumps en route – something which is of course part of the adventure of traveling in Africa!

Is there an extra cost for travelling solo?

We believe single travellers should not have to pay more to travel so our group trips are designed for shared accommodation and do not involve a single supplement. Single travellers joining group trips are paired in twin or multi-share accommodation with someone of the same sex for the duration of the trip. Some of our Independent trips are designed differently and single travellers on these itineraries must pay the single trip price.

Where will we stay during the trip?

Comfort hotels (4 nts), comfort tented camps (3 nts), houseboat (2 nts).

Do any exceptions apply to Rooming or “My Own Room” on my tour?

Day 2 at Chobe River

Zambezi Waterfront

Our base in Livingston is the Waterfront which accommodates all G Adventures groups. Our Comfort passengers stay in simple but comfortable ensuite Chalets with river-view and a private patio or balcony (other G travel styles use basic camping facilities). The Waterfront offers a full service restaurant and lively bar, 2 small pools, as well as the G desk, conveniently located in the lobby to assist all of our travellers with questions and optional activities. The Waterfront has one of the best locations in the area, directly on the Zambezi river with stunning views and the possibility to view wildlife right from the deck. The city of Livingston is approx. 15 minutes away by taxi and offers additional dining options, ATMs and shopping, although not much more of interest. Wifi is available at additional cost. USD, ZAR, EUR and GBP can be used at the Waterfront and they offer FOREX should you require local currency. Local currency is required outside of the Waterfront complex.

Botswana Houseboat

The Houseboat consists of 2 decks- the lower deck has eight en-suite cabins with sliding glass doors opening on to the pristine wilderness that is the Okavango Delta. This design offers guests views of the crystal clear waterways, abundant bird life and the seas of papyrus. The Upper Deck is approximately three meters above the waterline, where the dining area, bar and sundecks is situated.

General notes

-Please note that hot water shortages, low water pressure and power outages can occur in Southern Africa. We appreciate your patience and understanding that these occurrences are outside of our control.

-Wifi is available in some places (extra charge may apply), but in remote areas there can be service interruptions

-A/C is not generally available in the accommodations we use, really it isn't needed as evenings tend to cool down.

What is the joining hotel?

For details of your joining hotel please refer to your tour voucher, G Account, the G Adventures App or contact your travel agent.

What are the joining instructions?

Please note that any included or pre-booked arrival transfer will pick you up from the international airport in Livingstone, Zambia (LVI). There is a domestic airport located in Zimbabwe (airport code VFA) that serves the Livingstone area, but there is an additional cost for this service. We highly recommend you double check your arrival details into Livingstone and make sure you are flying into the correct airport.

**Please note, the arrival transfer included occurs on Day 1 of the tour. If you plan to arrive prior to Day 1, you will be required to arrange pre-tour accommodation through G Adventures to be eligible for the transport from the airport. Due to customer experience and quality considerations, all services related to the tour must be continuous.

What happens if I experience problems when arriving?

We don't expect any problems, and nor should you, but if for any reason you are unable to commence your trip as scheduled, as soon as possible please contact your starting point hotel, requesting that you speak to or leave a message for your CEO (if you are not on a group tour please refer to the emergency contact details provided in this dossier). Please apply to your travel agent on your return for a refund of the transfer cost if this occurs.

Who should I contact in case of an emergency?

Should you need to contact us during a situation of dire need, it is best to first call either the G Adventures Local Representative (if one is listed below) or our G Adventures Local Office. Your baggage should be clearly labelled and restricted to one soft compact suitcase (please avoid a hard-top case), or sports bag, maximum 15kg, plus a daypack. Luggage limits on airlines are strictly enforced and space on vehicles is limited. Porters are not often available, so be prepared to carry your own bags. It is important to pack clothes for warm days and cool evenings, as well as a warm jacket for early morning wildlife safari drives. A set of smart casual clothes is also advisable. A set of smart casual clothes is also advisable. During the winter months (May to October), the temperatures can get quite cold in Botswana. It is wise to bring plenty of layers for cool mornings and evenings.

What the visas and entry requirements for my trip?

All countries require a valid passport (with a minimum 6 months validity). Contact your local embassy or consulate for the most up-to-date visa requirements, or see your travel agent. It is your own responsibility to have the correct travel documentation. Visa requirements for your trip will vary depending on where you are from and where you are going. We keep the following information up to date as far as possible, but rules do change and sometimes without warning. While we provide the following information in good faith, it is vital that you check the information yourself and understand that you are fully responsible for your own visa requirements.

Visa information specific to your destination and nationality can be found in our Important Pre-Departure Information page [here](#)

Zambia

Note that Zambia and Zimbabwe have come out with a UNIVISA. This visa allows holders to cross back and forth between Zambia and Zimbabwe as many times as they would like within a 30-day period (giving the traveller the ability to see Victoria Falls from both sides). These visas can be purchased at Livingstone and Lusaka airports and the border posts at Victoria Falls and Kazangula for 50USD.

We recommend G Adventures' travellers purchase this visa rather than a single entry Zambia visa as the single entry is a minimum of 50USD. The UNIVISA will allow travel between the Zambia and Zimbabwe side of Victoria Falls with relative ease and no additional visa costs.

Important Note: you will need a double entry Visa for this trip

These visas can be purchased at Livingstone and Lusaka airports and the border posts at Victoria Falls and Kazangula for 50USD.

We recommend G Adventures' travellers purchase this visa rather than a single entry Zambia visa as the single entry is a minimum of 50USD. The UNIVISA will allow travel between the Zambia and Zimbabwe side of Victoria Falls with relative ease and no additional visa costs.

Information below is in regards to Zimbabwe Visas only.

<http://www.victoriafalls-guide.net/zimbabwe-visa.html>

A Visa to enter Zimbabwe is required by several nationalities, please read the full details listed below.

There are 3 categories:

Category A: Countries whose nationals do NOT require a Visa. No action required, you will be granted easy entry at any border post.

Category B: Countries whose nationals are granted a Zimbabwe visa at port of entry on payment of requisite visa fees. These visas are easiest obtained on your arrival at the Airport or border post.

Category C: Countries whose nationals are required to apply for and obtain a Zimbabwe visa prior to travelling. You have to apply through an agency or the Zimbabwe High Commission in your home country.

Find out the Category of your country in the tables below.

If you have purchased a single entry visa upon arrival and then decide to leave Zimbabwe, even for a few hours, you will need to buy another visa to re-enter Zimbabwe. In this instance you should buy a double entry visa upon arrival, it works out cheaper.

NB - Multiple Entry Visas - cannot be obtained at the port of entry into Zimbabwe. You may enter Zimbabwe on a single entry visa and then obtain a Multiple Entry Visa from the town office - but this may take up to 7 working days to be issued.

Alternatively a multiple entry visa can be obtained from the Zimbabwe Embassy in your country prior to departure for Zimbabwe

REGIONAL INFORMATION

Climate

Southern Africa is renowned for its excellent outdoor living climate. The winter months are from May to September and are characterized by cold nights and pleasant days. Summer is from October to April and starts off with increasing dry heat and dust. Rains generally only start from mid to late December and last until March; this period is hot and humid.

Electricity

220-240V, 50 HZ, Most electrical plugs are 15 amp 3-prong with round pins. International adaptor are called for, they can be purchased locally (approx 2 US\$).

Language

There are multiple official languages in Namibia, Botswana and Zambia, although English is widely spoken. There are also numerous dialects spoken throughout different parts of these lands.

Botswana:

Full country name: Republic of Botswana

Area: 600,370 sq km (231,800 sq mi)

Population: 1.6 million Capital city: Gaborone (pop 192,000)

People: Botswana 60%, Bakalanga, Basarwa, Bakgalagadi

Languages: English, Setswana

Religions: indigenous beliefs 50%, Christian 50%

Government: parliamentary republic

President: Seretse Ian Khama

Major industries: diamonds, copper, nickel, coal, salt, soda ash, potash, livestock processing, sorghum, maize, millet, pulses, groundnuts (peanuts), beans, cowpeas, sunflower seed, livestock

Major trading partners: EU, Southern African Customs Union (SACU), Zimbabwe

The first inhabitants of Botswana were the San (Bushmen). They still populate the country, but the Tswana tribe is now more prominent. Other tribes include the Kalanga, Nbukushy, Yei and the Herero. The Herero women still wear the full-length Victorian-style dresses, which were introduced to them by German missionaries in the late 1800's, however it is now a tribal trademark. The British controlled Bechuanaland (as Botswana was then known) from 1885 until the country received their independence on September 30th 1966. Ironically diamonds were discovered in Botswana in 1967! Interesting fact – Botswana's diamonds do very well on the International market as they are classified as "Blood free," meaning they are not used to fund guerrilla warfare. Botswana has the strongest economy and currency in Africa, mostly due to their diamonds and livestock. The European Union put many stipulations on their imported meats and Botswana's tight veterinary checks, aiming at controlling foot and mouth, mean that the EU are happy to buy their meat. Agricultural income will improve when they have combated the problem of widespread drought. They are currently installing irrigation systems around the country to try to feed the most water-deprived areas. Botswana handles its international debt much better than any other African country with the interest being paid with one months export earnings, rather than the six months earnings it takes most other African countries. With the amount of for ex saved up the country could survive with no income for 36 months. Botswana has the world's highest birth rate at 3.5%, and average women have 5 children. The country has a strong currency, the Pula meaning rain and the Thebe meaning raindrop. Government policies and poaching: Their policy on tourism is "high cost and low impact" therefore rather having a few less tourists and charging more money for the privilege of a visit to a park or similar. The country has a very good army, which has an anti poaching unit. Poaching has in the past been a problem in the country but in now almost

under control. The army is allowed to shoot to kill without asking questions if you are caught poaching. Rhinos are very few due to poaching and they have breeding programs in place.

ZAMBIA

Full country name: Zambia

Area: 752,615km² (17th largest in Africa)

Population: 10.4 million

Capital city: Lusaka

Largest Towns: Lusaka, Ndola, Livingstone, Kabwe, Kitwe.

People: Bemba, Tonga, Nyanja, Ngoni, Lozi plus many other different groups as well as Colonial ex-pats and people of Asian descent

Official Language: English

Other Languages: Bemba, Tonga, Nyanja, Lozi

Religion: Christian, ZCC and Islam

Government: Multiparty parliamentary democracy

President: Rupiah Banda

Currency: Kwacha

Major industries: Agriculture (mainly subsistence farming), mining, tourism

- Formally called Northern Rhodesia, Zambia gained its independence from colonial Great Britain in 1964.
- By the end of 1970, Zambia has become one of the poorest countries in the world due to corruption, mismanagement of the economy and a fall in the world copper price.
- In the 1990s Kuanda, the president since independence, was forced to amend the constitution, legalizing opposition parties and setting full elections in 1991. They were defeated by Frederick Chiluba. However, Zambia's situation has not improved.
- The country has three distinct seasons: cool and dry from May to August, hot and dry in September and October and rainy between November and April.
- The majority of the population are subsistence farmers and there are also some large commercial farms growing sugar cane.

INTERESTING FACTS

1. Zambia is the fourth-largest supplier of copper in the world and the leading producer of cobalt. Combined the mining of these two minerals accounts for 75% of Zambia's foreign exchange and 5% of employment in the country.
2. There are 73 officially recognized ethnic groups living within Zambia's borders, each with their own culture and language.
3. Unlike many African countries, Zambia's borders do not adhere to any logical language or tribal boundaries.
4. Unlike neighbouring Botswana the Zambian government does not have a comprehensive anti-poaching policy and poaching remains a major problem facing Zambia's wildlife.
5. Approx 750 different species of bird have been recorded in Zambia. 6. The Victoria Falls on the Zambian side is known as "Mosi oa Tunya" (the smoke that thunders).

How much spending money do I need for my trip?

Every traveller is different and therefore spending money requirements will vary. Some travellers may drink more than others while other travellers like to purchase more souvenirs than most. Please consider your own spending habits when it comes to allowing for drinks, shopping and tipping. Please also remember the following specific recommendations when planning your trip.

What should I know about currency, credit cards, and exchanging money while on this tour?

In Botswana, you pay with Pula (BWP) and the official currency of Zambia is the Zambian Kwacha, denoted by ZMK.

It is advisable to pay in US\$ in Zambia, as it is not that easy to get a good exchange rate, however, change will then be in Kwacha.

The currency in South Africa is the South African Rand (ZAR).

Each currency can be obtained locally by changing foreign currency or by using ATMs (where available) which will disperse local currency. Your CEO will inform you where you can change money throughout the tour and approximately how much money you will need.

The easiest foreign currency to exchange for locally for any of the local currencies is the \$US; however the British Pound and Euro may also be exchanged as well. Please note that due to past problems with forgery, \$US notes that are older than year 2006 are not accepted in Africa.

Large note (\$US 50, \$US 100 etc) can be difficult to change in some places, but will gain you the best exchange rate.

If you plan to rely on cash, please bring foreign currency (Euro, Pound, USD) with you, as it is often expensive to buy these currencies locally. And in more rural areas, it is often not likely.

If you plan to buy your visas at borders, you will need to bring \$USD cash to pay for these visas. Please note you cannot use the local currency or any other currency to buy these visas- they must be purchased in USD.

Please do not bring Travellers' cheques to Africa. They are difficult if not impossible to exchange in many places.

Visa/Plus system cards are the most widely accepted debit cards. It is harder to find machines Mastercard/Cirrus cards. We highly recommend that if you hold a Mastercard, you obtain a Visa card prior to departure and travel with both. This is also useful should something unforeseen happen to one of your cards during your travels.

While there are many ATMs in the major centres, there are no guarantees that your credit or debit cards will actually work in Africa. Check with your bank.

Credit cards can be used in major cities and towns ONLY but please do not rely on them as a method of payment because they are generally not widely accepted. You should be aware that to purchase products or services on a credit card a fee of 5%-10% usually applies. The majority of our optional activities can also be paid by credit card. Your CEO will advise on these.

Please note that in many areas there may be occasional power-outages, where there will be no electricity for hours at a time. In addition, ATMs outside of larger centers often run out of cash or can be out of order unexpectedly. These factors could affect your ability to access money from ATMs. As such, please do not rely on credit or debit cards as your only source of money.

A combination of foreign currency and debit/credit cards for cash advances is best. Always take more rather than less, as you don't want to spoil the trip by constantly feeling short of funds.

As currency exchange rates can fluctuate often we ask that you refer to the following website for daily exchange rates: www.xe.com.

How much emergency money should I bring on this trip?

Please also make sure you have access to at least an additional USD \$200 (or equivalent) as an 'emergency' fund, to be used when circumstances outside our control (ex. a natural disaster) require a change to our planned route. This is a rare occurrence!

Do I need to pay a departure tax?

There is currently no departure tax leaving Zambia.

Should I be tipping on my trip?

Tipping is an expected, though not compulsory, component of your tour program. The gesture serves as an expression of appreciation for exceptional service, and amounts given are up to your discretion.

Tipping is one of the most direct ways that you can have a positive economic impact within the African community. Although it may not be customary for you, it is an important source of income for those in the tourism industry. Giving a tip should be seen as a formal 'thank you', and the action should in no way be awkward.

The best method of tipping someone that has served the whole group is to plan in advance, and not rush when it comes to saying goodbye. A suggestion would be for each group member to contribute anonymously by putting their tip into an envelope. This often works the best and the group should gather to present the gift to the recipient(s), offering their thanks and showing their appreciation. This method brings the action out into the open, allowing for a friendly and appreciative interaction between the group and the recipient(s).

You may use the following as a guideline, all given in a per person format:

CEO: \$5-8 USD (per day, per person)

Local guides: \$2-3 USD (per day)

Safari Guide/Driver: \$2-3 USD (per day)

Restaurant Staff: 10-15% of cost of bill

What activities are optional on this trip?

Okavango Delta

- Tsodilo Hills Excursion

Maun

- Okavango Delta Flight

Chobe National Park

- Evening Photo Safari on Chobe
River

Are there any health considerations I should know before travelling?

We recommend you contact your family physician, or your local travel clinic for the most up-to-date health information at least one month before departure. Travellers should also carry a basic first-aid kit and hand sanitizers/antibacterial wipes on their travels. Medical facilities are basic throughout these countries. For your own safety, we strongly recommend that you advise your tour leader of any medical condition that may affect you while travelling with the group. Your tour leader will be able to inform you of local health advisories (e.g. drinking water quality). Please ensure you have all the inoculations recommended by your doctor.

Yellow Fever Certificate Note: (Updated: May 2017)

It is compulsory to show a valid Yellow Fever Certificate if you are travelling to the following G Adventures-visited countries from a Yellow Fever endemic country:

- Botswana
- Ethiopia
- Kenya
- Madagascar
- Malawi
- Mozambique
- Namibia
- Rwanda
- South Africa
- Swaziland
- Uganda
- Zambia
- Zimbabwe

For some of these countries, proof of Yellow Fever vaccination is also required for passengers who have travelled more than 12 hours through the airport of an endemic country. If other countries not endemic to Yellow Fever have been visited after visiting an endemic country, then a Yellow Fever certificate may still be required on entry. Please check country-specific regulations before your departure.

Malaria

Malaria is a mosquito-borne disease that is present in some regions in Africa. Risk of malaria can increase during periods of heavy rain, during the rainy seasons, and in densely populated areas of Southern & East Africa. To prevent malaria, we recommend speaking to your doctor about taking preventative medication (prophylaxis), combined with regular use of insect repellent spray/cream. Please check updated travel health advisories specific to malaria before your departure.

What do I need to know to about safety and security on my trip?

Many national governments provide a regularly updated advice service on safety issues involved with international travel. We recommend that you check your government's advice for their latest travel information before departure. We strongly recommend the use of a neck wallet or money belt while travelling, for the safe keeping of your passport, air tickets, travellers' cheques, cash and other valuable items. Leave your valuable jewellery at home - you won't need it while travelling. Many of the hotels we use have safety deposit boxes, which is the most secure way of storing your valuables. A lock is recommended for securing your luggage. When travelling on a group trip, please note that your CEO has the authority to amend or cancel any part of the trip itinerary if it is deemed necessary due to safety concerns. Your CEO will accompany you on all included activities. During your trip you will have some free time to pursue your own interests, relax and take it easy or explore at your leisure. While your CEO will assist you with options available in a given location please note that any optional activities you undertake are not part of your itinerary, and we offer no representations about the safety of the activity or the standard of the operators running them. Please use your own good judgment when selecting an activity in your free time. Although the cities visited on tour are generally safe during the day, there can be risks to wandering throughout any major city at night. It is our recommendation to stay in small groups and to take taxis to and from restaurants, or during night time excursions.

Protests and Demonstrations- Protests and demonstrations, even those that are well intended, have the potential to turn violent with no warning. Counter protests can also turn violent. Action by security forces to disperse demonstrators and protesters may occur at any time. If you are in an area where demonstrators or protesters are gathering, avoid the temptation of staying for a good photo opportunity and leave the area immediately.

Water based activities have an element of danger and excitement built into them. We recommend only participating in water based activities when accompanied by a guide(s). We make every reasonable effort to ensure the fun and adventurous element of any water based activities (in countries with varying degrees of operating standards) have a balanced approach to safety. It is our policy not to allow our CEOs to make arrangements on your behalf for water based activities that are not accompanied by guide(s).

Swimming, including snorkeling, is always at your own risk.

We take all prudent measures in relation to your safety. For ways to further enhance your personal safety while traveling, please visit:

www.gadventures.com/travel-resources/safety/

What are the trip specific safety considerations?

GENERAL: Look after your personal items. Do not leave your valuables visible in a car or hotel room. Lock your hotel room door when you enter and when you leave. Do not carry large amount of cash on you. Avoid displaying flashy jewellery and carry your camera in its pack on your shoulder rather than around your neck. Keep your passport, airline tickets, money, important documents locked up in your room/safe - do not carry it with you.

Vital Information when you are staying in parks and Reserves: Please ensure that your stay is happy and safe by taking note of a few simple warnings. You will be sharing your stay with many exciting and unusual creatures but without knowledge some of them could be dangerous: Example: Bats, Spiders, Snakes, Scorpions, Malaria Zone. If you must walk around at night please DO NOT DO SO WITHOUT A TORCH. Remember: by feeding any wildlife, you are signing their death warrant as they become aggressive!

ZAMBIA: Theft, however, is rife in the bigger towns and cities. Don't walk around with things you can't do without, like your passport or airline tickets. Carry minimum amounts of cash and keep it hidden or in a money belt and if possible. This is less of a problem in the rural areas.

What rules should I know before joining this trip?

Illegal drugs will not be tolerated on any trips. Possessing or using drugs not only contravenes the laws of the land but also puts the rest of the group at risk. Smoking marijuana and opium is a part of local culture in some parts of the world but is not acceptable for our travellers. Our philosophy of travel is one of respect towards everyone we encounter, and in particular the local people who make the world the special place it is. The exploitation of prostitutes is completely contrary to this philosophy. Our CEOs have the right to expel any member of the group if drugs are found in their possession or if they use prostitutes.

Is travel insurance required for my trip?

Travel Insurance: Travel insurance is compulsory in order to participate on any of our trips. When travelling on a group trip, you will not be permitted to join the group until evidence of travel insurance has been sighted by your CEO, who will take note of your insurance details. When selecting a travel insurance policy please bear in mind that all clients must have medical coverage and that we require a minimum coverage of USD 200,000 for repatriation and emergency rescue. We strongly recommend that the policy also covers personal liability, cancellation, curtailment and loss of luggage and personal effects. If you have credit card insurance we require proof of purchase of the trip (a receipt of credit card statement) with a credit card in your name. Contact your bank for details of their participating insurer, the level of coverage and emergency contact telephone number.
