What should I take on my trip?

Your luggage should be a clearly labeled suitcase, or rucksack, plus a daypack. Most airlines allow one checked bag and two carry-ons per person. Most airlines are currently enforcing strict restrictions for checked luggage and carry-on bags. To avoid any problems on check-in and with possible excess baggage charges, please consult your airline for specific restrictions.

In the world's most remote destinations that we travel to on the G Expedition, we cannot offload our plastics, glass or tin waste for recycling. Therefore, we try to reduce what single use items we use. You will see on the ship that every effort is being made to stop the use of single use plastic containers, bags and other items. In an effort to prevent plastic waste from entering the waste stream, we are asking for your help. We offer exceptional drinking water on the ship with refilling stations for your reusable water containers. You will be provided a complimentary water bottle to fill up as needed. Plastic items such as single use shampoo/conditioner plastic containers cannot be recycled, so please plan to bring any plastics back to your home countries for recycling. Please do not bring single use items that you intend to leave behind such plastic bags and throw away razors. Your participation in helping to prevent pollution and promote recycling is greatly appreciated.

When can I do my laundry on this trip?

Aboard the G Expedition, laundry is available to be serviced by our shipboard team at an additional charge.

What the visas and entry requirements for my trip?

All countries require a valid passport (with a minimum 6 months validity). Contact your local embassy or consulate for the most up-to-date visa requirements, or see your travel agent. It is your own responsibility to have the correct travel documentation. Visa requirements for your trip will vary depending on where you are from and where you are going. We keep the following information up to date as far as possible, but rules do change and sometimes without warning. While we provide the following information in good faith, it is vital that you check the information yourself and understand that you are fully responsible for your own visa requirements.

Visa information specific to your destination and nationality can be found in our Important Pre-Departure Information page [here](#)

How much spending money do I need for my trip?

Every traveller is different and therefore spending money requirements will vary. Some travellers may drink more than others while other travellers like to purchase more souvenirs than most. Please consider your own spending habits when it comes to allowing for drinks, shopping and tipping. While on board our Expedition ships, please note that the currency for all purchases is USD.

What should I know about currency, credit cards, and exchanging money while on this tour?

Before and after the cruise:

Credit cards and debit cards are very useful for cash advances. Visa cards are the most widely accepted cards. While ATMs are widely available, there are no guarantees that your credit or debit cards will actually work overseas. Check with your bank. You should be aware that to purchase products or services on a credit card a fee of 5%-10% usually applies. Do not rely on credit or debit cards as your only source of money. A combination of US dollars or Euros cash and cards is best. Always take more rather than less, as you don't want to spoil the trip by constantly feeling short of funds.

While on board the G Expedition:

Cash and most major credit cards (VISA, Mastercard and American Express) are accepted to clear incidental bills at the end of the cruise by the ship's Purser (eg: bar bills, laundry etc).

How much emergency money should I bring on this trip?

Please also make sure you have access to at least an additional USD \$200 (or equivalent) as an 'emergency' fund, to be used when circumstances outside our control (ex. a natural disaster) require a change to our planned route. This is a rare occurrence!

Should I be tipping on my trip?

Although it may not be customary to you, tipping is of considerable significance to the people who will take care of you during your travels. It is an expression of satisfaction with the persons who have assisted you on your expedition. The industry standard and suggested amount is USD 10 - 15 per person per day spent on board. Of course, tipping is a personal choice and the suggested amount is set only as a guideline. The money is collected by the Hotel Manager at the end of the voyage and distributed amongst the crew and Expedition Staff.

What activities are optional on this trip?

- No optional activities

Are there any health considerations I should know before travelling?

Please consult your doctor for up-to-date medical travel information well before departure. We require all passengers traveling on the G Expedition to review our medical questionnaire. The questionnaire can be found online at:

www.gadventures.com/medical_form

Passengers with preexisting medical conditions are required to submit a medical form signed by a physician to their booking agent. It is very important that we are advised of any special meal requirements, food allergies, or prescribed medication when you confirm your tour. The ship is equipped with a small infirmary with typically required medications and limited equipment. The ship's doctor is available for visits during the day and is available 24 hours per day for emergencies.

In case of an emergency, please also bring with you a signed and dated letter from your physician (to be given to our doctor on board, as well as for any medical authorities) stating any health problems and dosage requirements. International health regulations do not currently require any inoculations for the countries that you will visit on our voyage. We suggest that you confer with your own physician to be sure your routine immunizations, such as tetanus, diphtheria and hepatitis A, are up-to-date before travelling. Older travelers, in particular, may wish to consider preventive measures against influenza and pneumonia.

What do I need to know to about safety and security on my trip?

Many national governments provide a regularly updated advice service on safety issues involved with international travel. We recommend that you check your government's advice for their latest travel information before departure. We strongly recommend the use of a neck wallet or money belt while travelling, for the safe keeping of your passport, air tickets, travellers' cheques, cash and other valuable items. Leave your valuable jewellery at home - you won't need it while travelling. Many of the hotels we use have safety deposit boxes, which is the most secure way of storing your valuables. A lock is recommended for securing your luggage. When travelling on a group trip, please note that your group leader has the authority to amend or cancel any part of the trip itinerary if it deemed necessary, due to safety concerns. Your Chief Experience Officer (CEO) will accompany you on all included activities. During your trip you will have some free time to pursue your own interests, relax and take it easy and explore at your leisure. While your CEO will assist you with options available in a given location, please note that any optional activities you undertake are not part of your itinerary, and we offer no representations about the safety of the activity or the standard of the operators running them. Please use your own good judgement when selecting an activity in your free time. Although the cities visited on tour are generally safe during the day, there can be risks to wandering throughout any major city at night. It is our recommendation to stay in small groups and to take taxis to and from restaurants, or during night time excursions.

Water based activities have an element of danger and excitement built into them. We recommend only participating in water based activities when accompanied by a guide(s). We make every reasonable effort to ensure the fun and adventurous element of any water based activities (in countries with varying degrees of operating standards), have a balanced approach to safety. It is our policy not to allow our CEOs to make arrangements on your behalf for water based activities that are not accompanied by guide(s).

Swimming, including snorkeling, is always at your own risk. [Read more about travel safety](#) for ways to further enhance your personal safety while traveling.

What rules should I know before joining this trip?

Illegal drugs will not be tolerated on any trips. Possessing or using drugs not only contravenes the laws of the land but also puts the rest of the group at risk. Smoking marijuana and opium is a part of local culture in some parts of the world but is not acceptable for our travellers. Our philosophy of travel is one of respect towards everyone we encounter and in particular the local people who make the world the special place it is. The exploitation of people in the sex trade is completely contrary to this philosophy. Our CEOs have the right to expel any member of the group if drugs are found in their possession or if they utilize the services of paid sex workers, in any capacity.

Is travel insurance required for my trip?

Travel insurance is compulsory in order to participate on any of our trips. When travelling on a group trip, you will not be permitted to join the group until evidence of travel insurance has been sighted by your leader, who will take note of your insurance details. When selecting a travel insurance policy we require that at a minimum you are covered for medical expenses including emergency evacuation and repatriation. A minimum coverage of USD200,000 is required. We strongly recommend that the policy also covers personal liability, cancellation, curtailment and loss of luggage and personal effects. Some tours include adventure activities that require extra coverage (e.g. crampon use); please review your itinerary and make sure that you are covered for all included activities. If you have credit card insurance we require proof of purchase of the trip (a receipt of credit card statement) with a credit card in your name. Contact your bank for details of their participating insurer, the level of coverage and emergency contact telephone number.

Trip Specific Responsible Travel

OUR COMMITMENT TO RESPONSIBLE TRAVEL

As a leader in sustainable tourism, we are committed to ensuring that all of our marine expeditions operate in a socially and environmentally responsible manner. All expeditions aboard the G Expedition meet and exceed all environmental regulations and protocols in the regions that we visit.

Staff & Crew:

Our crew and expedition team act as stewards of the environment and are well versed in the strict environmental protocols on board and on land. All of our travellers are thoroughly briefed in these protocols before being allowed to participate in excursions and are always supervised by our team when on shore.

4-stroke Outboard Engines:

In an effort to drastically reduce environmental pollutants 4-stroke outboard engines have been installed on all of our Zodiacs. Our 4-stroke outboard motors use less fuel and produce less noise pollution than 2-stroke engines. Since there is no mixing of oil and gas the exhaust is intrinsically much cleaner and friendlier to the environment.

Planeterra Foundation

Through our commitment to responsible tourism we have developed the Planeterra Foundation, a non-profit organization that supports local community projects and small-business owners worldwide.

Sea Chart Auction:

At the end of each departure, the Captain's Sea Chart is auctioned and all proceeds are donated to the Planeterra to support our community initiatives in places G Adventures travels to.

Our end goal is to minimize the potential negative impact of tourism in the areas in which we operate while maximizing the positive impact of instilling a widened understanding and appreciation of these regions. During our voyages, we ask all our passengers that they see their visit to these areas as a privilege and that they share their newfound knowledge and experiences with others when they return home. We also hope that by bringing people to these regions that they continue to act as ambassadors and stewards of these areas.

How can I share feedback about my trip experience?

After your travels, we want to hear from you! Your feedback information is so important to us that we'll give you 5% off the price of your next G Adventures trip if your feedback is completed on-line within 30 days of finishing your trip. Your tour evaluation will be e-mailed to you 24 hours after the conclusion of your trip. If you do not receive the tour evaluation link in the days after your tour has finished, please drop us a line at customersolutions@gadventures.com and we will send it on to you.

Does G Adventures have an email newsletter I can subscribe to?

Keeping in Touch on the G Expedition

While you are on board the G Expedition, we know that keeping in touch with your family and friends is important to you. We want to ensure you have the tools available to keep you connected in some of the most remote regions of the world. We have a satellite system, which allows our travellers to connect to the internet or make phone calls with the purchase of personal data credit. Travellers may use our computer room or use any Wi-Fi enabled device to connect to our network, which is available in public areas on Decks 4 and 5. Satellite phone service is available and private calls can be made from our phone booth. Due to using a satellite connection and travelling in remote regions, internet can be slow and sometimes unavailable. The connection in the high Arctic is particularly challenging and no connection is available while in and around South Georgia Island.

Are international flights included in this trip?

No, international flights are generally not included in the price of your tour.

However, on some combo tours travelling between two different countries, international flights are included as part of the itinerary and price of the tour. Please speak to your GCO or booking agent for further details.

In addition, check-in times and baggage allowances/restrictions vary by airline and can change at any time. For the most up-to-date information for your flight, please contact your airline. We recommend checking in online in advance to avoid potential delays at the airport.

What should LGBTQ+ travellers know about safety and travel considerations on this trip?

The safety and well-being of all of our travelers is a priority at G Adventures and that includes our travelers who identify as part of the LGBTQ+ community. We recognize that there are specific concerns and questions you may have about your adventure in terms of safety and security. We encourage you to visit our [LGBTQ+ page](#) for useful resources to ensure you feel safe and comfortable throughout the duration of your trip. The Equaldex tool linked on this page can be of particular help when deciding where you may want to visit next.
