The information in this trip details document has been compiled with care and is provided in good faith. However it is subject to change, and does not form part of the contract between the client and G Adventures. The itinerary featured is correct at time of printing. It may differ slightly to the one in the brochure. Occasionally our itineraries change as we make improvements that stem from past travellers, comments and our own research. Sometimes it can be a small change like adding an extra meal along the itinerary. Sometimes the change may result in us altering the tour for the coming year. Ultimately, our goal is to provide you with the most rewarding experience. Please note that our brochure is usually released in November each year. If you have booked from the previous brochure you may find there have been some changes to the itinerary.

**VERY IMPORTANT:** Please ensure that you print a final copy of your Trip Details to review a couple of days prior to travel, in case there have been changes that affect your plans.

**VALIDITY:** Valid for all trips departing November 10th, 2020 and onwards

## Itinerary

**NOTE:** Accommodations vary per departure and are subject to change until tour start date; they are not final and should be used as examples only. Travellers may login to the G Adventures App to view accommodations specific to their departure.

Day 1

## Reykjavik

Embark aboard the G Expedition and depart Reykjavik in the late afternoon.

We highly recommend booking pre-tour accommodations in Reykjavik to fully explore the city.

### Today's Activities

Embarkation of the Expedition

Longyearbyen

In the afternoon, join your fellow passengers to take your group transfer and begin your journey on the Expedition. Please refer to your welcome letter or the joining instructions posted in the lobby of the start hotel. Make sure you have your passport handy as you are about to embark on the adventure of a lifetime.

Day 2

## Denmark Strait

On our first day at sea, get to know the ship and meet the Expedition team. Enjoy an opportunity to see whales and many different bird species, including soaring fulmars, kittiwakes, gannets guillemots and razorbills.

---

### Meals included

Breakfast | Lunch | Dinner

---

### Today's Activities

Expedition

Reykjavik - Denmark Strait

Not too big, not too little, our 128-passenger polar expedition ship is just right.

Day 3

## Tasiilaq

Discover Tasiilaq, East Greenland's gateway to adventure located on the southeastern coast of Ammassalik Island. With stunning views across the Tasiilaq Fjord's natural harbour, the mountains and the sea beckon travellers to explore. Attend a talk at a local museum and learn about the area's history and culture.

---

### Today's Activities

Expedition

Denmark Strait - Tasiilaq

Not too big, not too little, our 128-passenger polar expedition ship is just right.

Tasiilaq Town Visit

Tasiilaq

As the most populated in East Greenland, Tasiilaq is one of the region's few towns with services like shops, restaurants, and ATMs. Explore the area and visit a local museum, where travellers can learn more about the area's history and cultural traditions.

Day 4

## Nansen Fjord

Taking advantage of local ice and weather conditions, board a zodiac and explore the majestic Nansen Fjord, a broad inlet with rocky headlands distantly framed by the highest point in Greenland. With its primary tidewater glacier that spans a 14km width, copious quantities of icebergs have been known to disgorge into the fjord. Explore one of those rare places on Earth blessed with both awe-inspiring landscape and a compelling natural history.

### Today's Activities

Expedition

Tasiilaq – Nansen Fjord

Not too big, not too little, our 128-passenger polar expedition ship is just right.

Zodiac Excursion (Arctic)

Jump into a Zodiac, and head out to explore. Keep an eye out for wildlife. The expert Expedition staff will teach the group about the flora and fauna along the way. This activity depends on weather and ice conditions.

Day 5

## Greenland Sea

Enjoy a day of Arctic lectures, relaxing on board the ship, and an opportunity to see whales as we cruise further north.

---

### Meals included

Breakfast | Lunch | Dinner

### Today's Activities

Expedition

Nansen Fjord - Greenland Sea

Not too big, not too little, our 128-passenger polar expedition ship is just right.

Arctic Lectures and Educational Programs

Attend lectures hosted throughout the day on anything from local wildlife to the history and exploration of the Arctic.

Days 6-7

## Kaiser Frans Joseph Fjord

Take two days to explore the stunning Kaiser Franz Joseph Fjord, located in the heart of the Northeast Greenland National Park – the largest national park in the world (and on the world's largest island). See towering icebergs up close as the ship navigates the fjords. Weather and ice conditions permitting, enjoy great opportunities for zodiac cruising and landings in the area.

### Today's Activities

Expedition

Greenland Sea – Kejsler Franz Joseph Fjord

Not too big, not too little, our 128-passenger polar expedition ship is just right.

Zodiac Excursion (Arctic)

Jump into a Zodiac, and head out to explore. Keep an eye out for wildlife. The expert Expedition staff will teach the group about the flora and fauna along the way. This activity depends on weather and ice conditions.

Days 8–11

## Scoresbysund

Spend four full days exploring the Scoresbysund area of the Northeast Greenland National Park. Weather and ice conditions permitting, this is a great opportunity to explore fjords that are deep in the heart of Greenland. Sail through and land in some of the world's most spectacular areas, with rarely visited glaciers, bays and inlets. Visit the tiny settlement of Ittoqqortoormiit for a look at how these most northerly people live.

Northeast Greenland National Park is nearly impossible to reach except on expedition ships. Spectacular geology combined with glacial features create steep mountains rising directly from the sea. Look out for picturesque scenery, wildlife and other interesting landing sites in this unspoiled wilderness.

Depending on ice, spend these days exploring the massive fjord system of Northeast Greenland National Park, which includes portions of Scoresbysund. These intricate fjord systems are everything from wide and unimaginable to narrow and steeply spectacular with some of the best mountain scenery in the world. Walking over lush stands of colourful autumn tundra may lead to opportunities to see musk oxen grazing nearby.

### Today's Activities

Expedition

Kejser Franz Joseph Fjord - Scoresbysund

Not too big, not too little, our 128-passenger polar expedition ship is just right.

Ittoqqortoormiit Community Visit

Ittoqqortoormiit

Visit Ittoqqortoormiit for an up close look into life in the most remote town in Greenland. This small settlement is home to only 450 individuals and one grocery store. The people of Ittoqqortoormiit rely heavily on hunting and fishing and have honed these skillsets for many generations. They enjoy spending warmer weather on dog sleds, snowmobile trips, or camping excursions. With the closest inhabited settlement hundreds of miles away across some of the most unforgivable terrain in the world, the warmth and sense of community fostered by the people of Ittoqqortoormiit act as a beacon in the Arctic.

Days 12–13

## Denmark Strait

Enjoy the lecture series while watching the seas for whales. Head towards Iceland and the steaming hot springs of Reykjavík. The view is often complemented by soaring fulmars, kittiwakes, gannets, guillemots, and razorbills.

## **Is there a disclaimer I should read before booking this trip?**

The information in this trip details document has been compiled with care and is provided in good faith. However it is subject to change, and does not form part of the contract between the client and the operator. The itinerary featured is correct at time of printing. It may differ slightly to the one in the brochure. Occasionally our itineraries change as we make improvements that stem from past travellers, comments and our own research. Ultimately, our goal is to provide you with the most rewarding experience. Please note that our brochure is usually released in November each year. If you have booked from the previous brochure you may find there have been some changes to the itinerary.

**VERY IMPORTANT:** Please ensure that you print a final copy of your Trip Details to review a couple of days prior to travel, in case there have been changes that affect your plans.

## **Is there a travel disclaimer for my itinerary I should review before booking this trip?**

While it is our intention to adhere to the route described below, there is a certain amount of flexibility built into the itinerary and on occasion it may be necessary, or desirable to make alterations. The itinerary is brief, as we never know exactly where our journey will take us. Due to our style of travel and the regions we visit, travel can be unpredictable. The Trip Details document is a general guide to the tour and region and any mention of specific destinations or wildlife is by no means a guarantee that they will be visited or encountered. Aboard expedition trips visits to research stations depend on final permission.

Additionally, any travel times listed are approximations only and subject to vary due to local circumstances.

## **What important notes should I be aware of before the trip?**

Please note: While it is our intention of adhere to the route described above , there is a certain amount of flexibility built into the itinerary and on occasion it may be necessary, or desirable to make alterations. On the first day onboard, your expedition leader will give you an expedition overview.

The G Expedition is an adventure Expedition ship and does not offer an elevator

Please note:

**BOOTS FOR ZODIAC LANDINGS:**

- Complementary used waterproof boots will be supplied in the following sizes:
- USA size 4 -16
- EURO size 35 - 49

Please be advised that there are limited numbers of the smallest and largest sizes.

If you wish to bring your own boots, you should follow the guidelines below:

Rubber, waterproof boots that are just below your knees (12-16" high or 30-41cm) with a strong, ridged non-skid sole are essential for wet landings via Zodiac. You usually have to step from the Zodiac into water, which can be up to 1 ft or 30 cm high on most landings. Do not bring heavy, cumbersome boots that make it difficult to walk. Do not bring boots with metal cleats as they cannot be used for the landings. Try out your boots before your voyage.

The electricity onboard is 220AC electrical outlets, with European 2 pin round holes, as well as 110-volt shaving sockets in the bathroom for electric razors only. You may wish to bring an international adapter. A limited supply of electrical adapters are available to borrow free of charge at the Purser's Desk.

## **What is the group leader like?**

A carefully chosen team will lead our voyage. Our expedition ships boast an international team of professional naturalists and lecturers. Their goal is to provide an informed and balanced interpretation of the destination, accomplished through stimulating lectures, day-to-day briefings, and informal discussions. Your lecturers and Expedition Leader will cover all aspects of the voyage including ornithology, marine biology, geography, geology, history and the environment, as well as practical things like photography. The expedition staff work conscientiously with you on deck and in the field, improving your observational skills to allow you to experience all that the destination has to offer. Their strong sense of ethics and ecological knowledge make for stimulating and mindful conversation whether onshore or at the dinner table. The expedition staff will pilot the Zodiac landing craft used for shore landings and Zodiac cruises; they are experienced drivers who operate the Zodiacs in a responsible manner.

## **How large will the group be?**

Max 134 aboard the G Expedition.

## **What meals are included in this trip?**

13 breakfasts, 12 lunches, 13 dinners

## **What are the meals like on this trip?**

Onboard our expedition ships you'll find a diversity of gourmet international cuisines prepared and catered by professional chefs; all meals are included in the price of your expedition. Dining is casual, tables are unassigned and the dining room is capable of seating the entire passenger complement at one time. There is always a selection of different meals available, and vegetarians will find plenty of options. Special dietary requirements can be accommodated with advance notice, please advise us at time of confirmation. Coffee, tea and water are all provided free of charge. All other beverages, alcoholic and non-alcoholic are not included and can be purchased in the dining room, pub, or in the lounge.

## **What are the modes of transportation on my trip?**

G Expedition, zodiac, private vehicle, walking.

## **Are local flights included in the cost of the trip?**

There are no local flights included in the price of this trip.

Your local flights from Oslo to Longyearbyen are not included in this tour. We recommend arriving at least one day prior to the sailing of the ship to guarantee your arrival. While flight delays are not common, sometimes they do happen.

## Is there an extra cost for travelling solo?

We believe single travellers should not have to pay more to travel so our group trips are designed for shared accommodation and do not involve a single supplement. Single travellers joining group trips are paired in twin or multi-share accommodation with someone of the same sex for the duration of the trip. Some of our Independent trips are designed differently and single travellers on these itineraries must pay the single trip price.

## Where will we stay during the trip?

Aboard the G Expedition in quad-, triple-, twin-share cabins, or suites (all with en suite bathrooms and porthole or window, 14 nts). Please note that all cabins consist of twin-size berths and are ocean-facing. Suites have one queen-size bed.

## What is the joining hotel?

Hotel Klettur

Address:

Mjoelnisholti 12-14

Reykjavik

Iceland

## What are the joining instructions?

## **What are the visas and entry requirements for my trip?**

All countries require a valid passport (with a minimum 6 months validity). Contact your local embassy or consulate for the most up-to-date visa requirements, or see your travel agent. It is your own responsibility to have the correct travel documentation. Visa requirements for your trip will vary depending on where you are from and where you are going. We keep the following information up to date as far as possible, but rules do change and sometimes without warning. While we provide the following information in good faith, it is vital that you check the information yourself and understand that you are fully responsible for your own visa requirements.

Visa information specific to your destination and nationality can be found in our Important Pre-Departure Information page [here](#)

## **What should I consider when planning my personal expenses and discretionary spending for this itinerary?**

Every traveller is different and therefore spending money requirements will vary. Some travellers may drink more than others while other travellers like to purchase more souvenirs than most. Please consider your own spending habits when it comes to allowing for drinks, shopping and tipping. While on board our Expedition ships, please note that the currency for all purchases is USD.

## What should I know about currency, credit cards, and exchanging money while on this tour?

Before and after the cruise:

Credit cards and debit cards are very useful for cash advances. Visa cards are the most widely accepted cards. While ATMs are widely available, there are no guarantees that your credit or debit cards will actually work overseas. Check with your bank. You should be aware that to purchase products or services on a credit card a fee of 5%-10% usually applies. Do not rely on credit or debit cards as your only source of money. A combination of US dollars cash and cards is best. Always take more rather than less, as you don't want to spoil the trip by constantly feeling short of funds.

While on board our Expedition ships, cash and most major credit cards (VISA, Mastercard and AMEX) are accepted to clear incidental bills at the end of the cruise by the ship's Purser (ie. bar bills, laundry, crew tips, etc.).

## How much emergency money should I bring on this trip?

Please also make sure you have access to at least an additional USD \$200 (or equivalent) as an 'emergency' fund, to be used when circumstances outside our control (ex. a natural disaster) require a change to our planned route. This is a rare occurrence!

## Should I be tipping on my trip?

Although it may not be customary to you, it is of considerable significance to the people who will take care of you during your travels. It is an expression of satisfaction with the persons who have assisted you on your expedition. The industry standard and suggested amount is USD \$10 - 15 per person per day spent on board. Of course, tipping is a personal choice and the suggested amount is set only as a guideline. Crew tips may be settled using most major credit cards (VISA, Mastercard and AMEX) by the ship's Purser. The money is collected by the Hotel Manager at the end of the voyage and distributed amongst the crew and Expedition Staff. The Officers choose not to participate in the tipping pool.

## What activities are optional on this trip?

- No optional activities

## Are there any health considerations I should know before travelling?

Please note inoculations may be required for the country visited. It is your responsibility to consult with your travel doctor for up to date medical travel information well before departure.

Please consult your doctor for up-to-date medical travel information well before departure. We require all passengers traveling on any one of our expeditions to review our medical questionnaire. The questionnaire can be found online at:

[www.gadventures.com/medical\\_form](http://www.gadventures.com/medical_form)

Passengers with preexisting medical conditions are required to submit a medical form signed by a physician to their booking agent. It is very important that we are advised of any special meal requirements, food allergies, or prescribed medication when you confirm your tour. The ship is equipped with a small infirmary with typically required medications and limited equipment. The ship's doctor is available for visits during the day and is available 24 hours per day for emergencies.

In case of an emergency, please also bring with you a signed and dated letter from your physician (to be given to our doctor on board, as well as for any medical authorities) stating any health problems and dosage requirements.

International health regulations do not currently require any inoculations for the countries that you will visit on our voyage. We suggest that you confer with your own physician to be sure your routine immunizations, such as tetanus, diphtheria and hepatitis A, are up-to-date before traveling. Older travellers, in particular, may wish to consider preventive measures against influenza and pneumonia.

## What do I need to know to about safety and security on my trip?

Many national governments provide a regularly updated advice service on safety issues involved with international travel. We recommend that you check your government's advice for their latest travel information before departure. We strongly recommend the use of a neck wallet or money belt while travelling, for the safe keeping of your passport, air tickets, travellers' cheques, cash and other valuable items. Leave your valuable jewellery at home - you won't need it while travelling. Many of the hotels we use have safety deposit boxes, which is the most secure way of storing your valuables. A lock is recommended for securing your luggage. When travelling on a group trip, please note that your CEO has the authority to amend or cancel any part of the trip itinerary if it is deemed necessary due to safety concerns. Your CEO will accompany you on all included activities. During your trip you will have some free time to pursue your own interests, relax and take it easy or explore at your leisure. While your CEO will assist you with options available in a given location please note that any optional activities you undertake are not part of your itinerary, and we offer no representations about the safety of the activity or the standard of the operators running them. Please use your own good judgment when selecting an activity in your free time. Although the cities visited on tour are generally safe during the day, there can be risks to wandering throughout any major city at night. It is our recommendation to stay in small groups and to take taxis to and from restaurants, or during night time excursions.

Protests and Demonstrations- Protests and demonstrations, even those that are well intended, have the potential to turn violent with no warning. Counter protests can also turn violent. Action by security forces to disperse demonstrators and protesters may occur at any time. If you are in an area where demonstrators or protesters are gathering, avoid the temptation of staying for a good photo opportunity and leave the area immediately.

Water based activities have an element of danger and excitement built into them. We recommend only participating in water based activities when accompanied by a guide(s). We make every reasonable effort to ensure the fun and adventurous element of any water based activities (in countries with varying degrees of operating standards) have a balanced approach to safety. It is our policy not to allow our CEOs to make arrangements on your behalf for water based activities that are not accompanied by guide(s).

Swimming, including snorkeling, is always at your own risk.

We take all prudent measures in relation to your safety. For ways to further enhance your personal safety while traveling, please visit:

[www.gadventures.com/travel-resources/safety/](http://www.gadventures.com/travel-resources/safety/)

## What rules should I know before joining this trip?

Illegal drugs will not be tolerated on any trips. Possessing or using drugs not only contravenes the laws of the land but also puts the rest of the group at risk. Smoking marijuana and opium is a part of local culture in some parts of the world but is not acceptable for our travellers. Our philosophy of travel is one of respect towards everyone we encounter and in particular the local people who make the world the special place it is. The exploitation of people in the sex trade is completely contrary to this philosophy. Our CEOs have the right to expel any member of the group if drugs are found in their possession or if they utilize the services of paid sex workers, in any capacity.

## Is travel insurance required for my trip?

Travel Insurance: Travel insurance is compulsory in order to participate on any of our trips. When travelling on a group trip, you will not be permitted to join the group until evidence of travel insurance has been sighted by your CEO, who will take note of your insurance details. When selecting a travel insurance policy please bear in mind that all clients must have medical coverage and that we require a minimum coverage of USD 200,000 for repatriation and emergency rescue. We strongly recommend that the policy also covers personal liability, cancellation, curtailment and loss of luggage and personal effects. If you have credit card insurance we require proof of purchase of the trip (a receipt of credit card statement) with a credit card in your name. Contact your bank for details of their participating insurer, the level of coverage and emergency contact telephone number.

## What is Planeterra?

Every G Expedition cruise raises thousands of dollars for G Adventures' non-profit partner, Planeterra, supporting both the Ocean Health Fund and Planeterra's community social enterprise programs. The Ocean Health Fund helps combat waste which threatens ocean health, conducts scientific research on ocean animals and climate change, as well as investing in programs that work with local communities to promote ocean conservation and stewardship. Onboard the G Expedition, there are many opportunities to learn about these initiatives, to participate in Citizen Science programs, or purchase items in the gift shop from Planeterra-supported communities around the world.

The Planeterra Foundation [planeterra.org](http://planeterra.org) is a Canadian non-profit organization that helps empower local people to develop their communities, conserve their cultures, and create humane and supportive systems for their endeavours. Planeterra provides capacity building and catalyst grants to get community social enterprises off the ground. These businesses address local challenges by providing benefits for indigenous people, empowering marginalized women, and granting disadvantaged youth access to education, employment, and brighter futures. Planeterra also works to ensure these businesses have a thriving customer base by integrating programs into G Adventures' itineraries globally.

G Adventures is Planeterra's largest corporate donor, covering all operating costs so 100% of your donation will bring opportunity to people in need.

### Dollar-a-Day Program

G Adventures' Dollar-a-Day Program provides travellers with the opportunity to give back to the people and places visited on our tours by donating one dollar for every day you are on trip. 100% of these donations go directly to support community development projects worldwide that are implemented by Planeterra.

## Does this trip support a Planeterra project?

Planeterra Foundation, G Adventures' non-profit, is working with our Marine Team to support an Ocean's Health Fund. Our mission is to help support education, research, and take action in the global clean-up and protection of our planet's oceans by restoring natural habitats and supporting projects that eliminate waste such as plastic from our waterways.

Through our partners, we are raising funds to restore habitat preservation in Antarctica. We are working to eradicate the invasive rat population on the island of South Georgia. South Georgia is known for its rich diversity of wildlife and is home to over 100 million breeding birds, including the albatross. Through the introduction of Norway rats brought over by whaling and sealing vessels, severe damage to the island's ecosystem has deteriorated the habitat of hundreds of thousands of these birds. We are working to eradicate the rat population on this island, supporting helicopter baiting techniques that has so far cleared the most populated 12,800 hectares, and the area of the island most inhabited for bird breeding. Through your donations, we have started Phase 2 which will clear 1,000 square kilometres and return the island to its native form.

Working with research scientists, we are also raising funds to support an oceans cleanup program in the Pacific Gyre. Using sailing vessels to remove pollution directly from the ocean and to conduct research on fish and marine organisms we hope to help restore the oceans environments we love to explore.

## Keeping in Touch on the G Expedition

While you are on board the G Expedition, we know that keeping in touch with your family and friends is important to you. We want to ensure you have the tools available to keep you connected in some of the most remote regions of the world. We have a satellite system, which allows our travellers to connect to the internet or make phone calls with the purchase of personal data credit. Travellers may use our computer room or use any Wi-Fi enabled device to connect to our network, which is available in public areas on Decks 4 and 5. Satellite phone service is available and private calls can be made from our phone booth. Due to using a satellite connection and travelling in remote regions, internet can be slow and sometimes unavailable. The internet connection during the Arctic season presents particular challenges due to the high latitudes of where the ship travels, and connectivity is not guaranteed nor is it ensured. No internet connection is available when the ship is in and around South Georgia Islands.

## Are international flights included in this trip?

No, international flights are generally not included in the price of your tour.

However, on some combo tours travelling between two different countries, international flights are included as part of the itinerary and price of the tour. Please speak to your GCO or booking agent for further details.

In addition, check-in times and baggage allowances/restrictions vary by airline and can change at any time. For the most up-to-date information for your flight, please contact your airline. We recommend checking in online in advance to avoid potential delays at the airport.

## What should LGBTQ+ travellers know about safety and travel considerations on this trip?

The safety and well-being of all of our travelers is a priority at G Adventures and that includes our travelers who identify as part of the LGBTQ+ community. We recognize that there are specific concerns and questions you may have about your adventure in terms of safety and security. We encourage you to visit our [LGBTQ+ page](#) for useful resources to ensure you feel safe and comfortable throughout the duration of your trip. The Equaldex tool linked on this page can be of particular help when deciding where you may want to visit next.

## Dossier Disclaimer

The information in this trip details document has been compiled with care and is provided in good faith. However it is subject to change, and does not form part of the contract between the client and the operator. The itinerary featured is correct at time of printing. It may differ slightly to the one in the brochure. Occasionally our itineraries change as we make improvements that stem from past travellers, comments and our own research. Sometimes it can be a small change like adding an extra meal along the itinerary. Sometimes the change may result in us altering the tour for the coming year. Ultimately, our goal is to provide you with the most rewarding experience. Please note that our brochure is usually released in November each year. If you have booked from the previous brochure you may find there have been some changes to the itinerary.

**VERY IMPORTANT:** Please ensure that you print a final copy of your Trip Details to review a couple of days prior to travel, in case there have been changes that affect your plans.

## Itinerary Disclaimer

While it is our intention to adhere to the route described below, there is a certain amount of flexibility built into the itinerary and on occasion it may be necessary, or desirable to make alterations. The itinerary is brief, as we never know exactly where our journey will take us. Due to our style of travel and the regions we visit, travel can be unpredictable. The Trip Details document is a general guide to the tour and region and any mention of specific destinations or wildlife is by no means a guarantee that they will be visited or encountered. Aboard expedition trips visits to research stations depend on final permission.

Additionally, any travel times listed are approximations only and subject to vary due to local circumstances.
