Kuching

Enjoy an afternoon at leisure to further explore your surroundings.

Nature Walk in Kubah National Park

Kuching

Visit Kubah national park for an evening nature walk with an amphibian expert. View rare ferns and orchids, as well as a wide variety of palm species. The recent discovery of a new tiny frog species at the park has made this place famous for frogging. Commonly referred to as the Kubah Narrow-mouthed Frog, this newly discovered species is one of the smallest frogs in the world at the size of a pencil's tip. This frog is often found living in insect-eating pitcher plants and while these carnivorous plants kill insects, there is no harm to the frogs and their tadpoles grow in the liquid inside of pitcher plants. With our expert, we will search for this famous little creature as well as other popular amphibians such as the Bornean Horned Toad, several species of Sticky Frogs, White-eared Tree Frog, Wallace's Flying Frog, Harlequin Tree Frogs and many more. While on the look-out for frogs and other amphibians, enjoy the stunning jungle orchestra during night fall, which made Kubah National Park the winner of the 'Most Beautiful Sound in the World' contest. The recording 'Dusk by the Frog Pond' by an Australian professional in photography and bioacoustics beat out hundreds of entries, standing out among the 11 other finalists that also featured nature recordings.

Santubong River Wildlife and Dolphin Cruise

Kuching

Visit Santubong peninsula this morning, and embark on a river cruise. Explore the mouth of the Santubong river and mangrove forest of Kuching Wetlands National Park. Enjoy the stunning scenery of the mangrove swamp and learn how the various animals, like the proboscis monkeys, and the uniquely adapted mangrove trees develop a complex symbiotic eco-system. The rare Irrawaddy Dolphins are often seen here. While most commonly associated with the Mekong river delta and the

Irrawaddy river (Myanmar), this dolphin is also found in coastal areas of the island of Borneo in estuaries close to mangrove forests. This slate gray dolphin species features a bulging forehead and short beak and only a very small dorsal fin. Increasing levels of bycatch and habitat degradation in recent years have led to decreasing numbers of this elusive animal and have driven it almost into extinction in some areas of its habitats in Southeast Asia.

Day 4

Kuching/Gunung Mulu National Park

Hop on a flight to Mulu this morning where you'll be staying in a hotel near Gunung Mulu National Park, also a UNESCO World Heritage site. The park is home to the renowned Mulu Caves, which happen to be one of the largest cave systems on Earth. Tonight, go on a night walk with a local guide through the jungle to observe the park's nocturnal wildlife.

The Mulu Caves hold many world records in terms of size, height and length including the Sarawak Chamber; thought to be the largest known natural underground chamber. As well, considered the largest known cave passage in the world, the Deer Cave is home to a phenomenal 2-3 million bats. Finally, the Clearwater Cave boasts an extensive system of passages, currently known to be the longest in South-East Asia. To date approximately 100 km of the system has been explore, and much still remains a mystery.

At the Orangutan Rehabilitation Centre you may come in relatively close proximity to the orangutans, but you cannot touch or directly interact with them. Most primate care centres, especially those attempting rehabilitation and release in accordance with the IUCN guidelines, prohibit tourist and volunteer contact with any and all animals for two main reasons: risk of zoonosis (the risk of us passing diseases to our primate cousins) and habituation & behavioural implications (detrimental impact of having a large, ever-changing human presence around apes which might lead to a reluctance to return to their natural habitat).

Is there a disclaimer I should read before booking this trip?

The information in this trip details document has been compiled with care and is provided in good faith. However it is subject to change, and does not form part of the contract between the client and the operator. The itinerary featured is correct at time of printing. It may differ slightly to the one in the brochure. Occasionally our itineraries change as we make improvements that stem from past travellers, comments and our own research. Sometimes it can be a small change like adding an extra meal along the itinerary. Sometimes the change may result in us altering the tour for the coming year. Ultimately, our goal is to provide you with the most rewarding experience. Please note that our brochure is usually released in November each year. If you have booked from the previous brochure you may find there have been some changes to the itinerary.

VERY IMPORTANT: Please ensure that you view a final copy of your Trip Details a couple of days prior to travel, in case there have been changes that affect your plans.

Is there an itinerary Disclaimer?

While it is our intention to adhere to the route described below, there is a certain amount of flexibility built into the itinerary and on occasion it may be necessary, or desirable to make alterations. The itinerary is brief, as we never know exactly where our journey will take us. Due to our style of travel and the regions we visit, travel can be unpredictable. The Trip Details document is a general guide to the tour and region and any mention of specific destinations or wildlife is by no means a guarantee that they will be visited or encountered. Aboard expedition trips visits to research stations depend on final permission.

Additionally, any travel times listed are approximations only and subject to vary due to local circumstances.

What important notes should I be aware of before the trip?

RAMADAN

According to the lunar cycle, Ramadan will fall between Feb 28th - Mar 29th 2025, and Feb 17th - Mar 19th 2026. Please note that Ramadan is a month of fasting observed by Muslims throughout the world, during which time the followers of Islam should not eat or drink between sunrise and sunset. There may be some limitations to services and disruptions to schedules during Ramadan, but generally our tours still operate effectively during this period and food is available to non-Muslims throughout the day. It is very important to display increased cultural sensitivity during Ramadan. Please wear loose fitting clothes, that cover knees and shoulders, and try to avoid eating, drinking or smoking in public out of respect for those who can't at that time.

TRAVEL WARNINGS TO EASTERN SABAH

Various nationalities have a travel warning for Eastern Sabah. Please visit your government website and check with your insurance that any warnings will not affect your insurance coverage, as travel insurance that covers the entire itinerary is mandatory on our tours. The safety of our travellers is our number one priority at G Adventures. We will continuously monitor the region and will continue to run itineraries to areas that we believe to be safe. Below are some shortcuts:

ACCOMMODATION NOTE:

Please be aware that properties we stay in with only two stories may not have elevators installed and climbing the stairs with your luggage will be necessary.

What is the group leader like?

All G Adventures group trips are accompanied by one of our Chief Experience Officers (CEO) throughout. The aim of the CEO is to take the hassle out of your travels and to help you have the best trip possible. They will provide information on the places you are travelling through, offer suggestions for things to do and see, recommend great local eating venues and introduce you to our local friends. While not being guides in the traditional sense you can expect them to have a broad general knowledge of the countries visited on the trip, including historical, cultural, religious and social aspects. We also use local guides where we think more specific knowledge will add to the enjoyment of the places we are visiting- we think it's the best of both worlds.

How large will the group be?

Max 16, avg 12

What meals are included in this trip?

11 breakfasts, 7 lunches, 4 dinners

What are the meals like on this trip?

Eating is a big part of travelling. Travelling with G Adventures you experience the vast array of wonderful food that is available out in the world. Generally, meals are not included in the trip price when there is a choice of eating options, to give you the maximum flexibility in deciding where, what, and with whom to eat. It also gives you more budgeting flexibility, though generally, food is cheap. Our groups tend to eat together to enable you to taste a larger variety of dishes and enjoy each other's company. There is no obligation to do this though. Your CEO will be able to suggest favourite restaurants during your trip. Included breakfasts will usually be Asian style consisting of noodles or congee (rice porridge) or bread and eggs. Vegetarians will be able to find a range of different foods, although in some areas the choice maybe limited. For all trips please refer to the meals included and budget information for included meals and meal budgets.

What are the modes of transportation on my trip?

Private vehicle, plane, boat, hiking, walking.

Are local flights included in the cost of the trip?

All local flights are included in the cost of your tour unless otherwise noted. It is important that we have your passport information at the time of booking in order to process these tickets. Internal flight tickets are issued locally and will be given to you prior to the flight departure.

Is there an extra cost for travelling solo?

We believe solo travellers should not have to pay more to travel so our group trips are designed for shared accommodation and do not involve a single supplement. Single travellers joining group trips are paired in twin or multi-share accommodation with someone of the same sex for the duration of the trip. Some of our Independent trips are designed differently and solo travellers on these itineraries must pay the single trip price.

Where will we stay during the trip?

Hotels (7 nts), Lodge (4 nts)

Will I get my own room?

Please note that if you have booked the "My Own Room" option for this tour, you will receive your own single room for all night stops

What kind of accommodation can I expect on this trip?

It should be stressed that in many instances, the nature of the accommodation may not be what you are used to back home. Accommodation can be simple and this is often due to the location (i.e. remote jungle areas). Accommodation is always clean and usually makes up in character and location, what it might not provide in glamour and additional services.

What is the joining hotel?

We keep the following information up to date as far as possible, but rules do change and sometimes without warning. While we provide the following information in good faith, it is vital that you check the information yourself and understand that you are fully responsible for your own visa requirements.

It is a great idea to travel with both a Visa and Mastercard if at all possible in case of loss or problems with one card, you will have a backup. Please note, your bank will charge a fee for overseas withdrawals.

USD Cash is recommended for times when ATMs are not accessible. You should bring some cash with you for emergency situations (please refer to our trip dossier) but carrying only cash is a high safety risk. ATM card/s and some cash is the ideal mix.

Travellers cheques can be tricky, timely and expensive to exchange. While we do not recommend that you bring them as your primary source of funds, it is great to have one or two cheques in case of an emergency. Thomas Cook or American Express travellers' cheques in US currency are the easiest to exchange. Cash advances can also be made with some banks but are time-consuming and tend to have high fees attached. Credit cards can be used at some upmarket restaurants, and at some larger stores if shopping for big items.

If you are bringing US Dollars, please make sure that the notes are new and in good condition. Notes older than 2003, or with any tears or blemishes may not be accepted. Be fussy with your bank when buying cash!

How much emergency money should I bring on this trip?

Please also make sure you have access to at least an additional USD \$200 (or equivalent) as an 'emergency' fund, to be used when circumstances outside our control (ex. a natural disaster) require a change to our planned route. This is a rare occurrence!

Do I need to pay a departure tax?

All departure taxes should be included in your international flight ticket.

Should I be tipping on my trip?

It is customary in Asia to tip service providers such as waiters, at approximately 10%, depending on the service. Tipping is expected - though not compulsory - and shows an expression of satisfaction with the people who have assisted you on your tour. Although it may not be customary to you, it is of considerable significance to the people who will take care of you during your travels. There are several times during the trip where there is an opportunity to tip the local guides or drivers we use. You may do this individually, or your CEO will offer to collect the money and tip as a group. Recommendations for tipping drivers and local guides would range from \$1.5-\$3.5 USD per person per day depending on the quality and length of the service; ask your CEO for specific recommendations based on the circumstances and culture. Also at the end of each trip, if you felt your G Adventures CEO did an outstanding job, tipping is appreciated. The amount is entirely a personal preference, however as a guideline \$20-25 USD per person, per week, can be used.

What activities are optional on this trip?

Gunung Mulu National Park

- Canopy Walk

Tabin Wildlife Reserve

- Tabin Rainforest Foot Soak

Are there any health considerations I should know before travelling?

Please note inoculations may be required for the country visited. It is your responsibility to consult with your travel doctor for up to date medical travel information well before departure.

You should consult your doctor for up-to-date medical travel information well before departure. We recommend that you carry a First Aid kit and hand sanitizers / antibacterial wipes as well as any personal medical requirements. Please be aware that sometimes we are in remote areas and away from medical facilities, and for legal reasons our leaders are prohibited from administering any type of drug including headache tablets, antibiotics, etc. In Asia, pharmacies tend to stock the same western drugs as you get at home but they are usually produced locally so please bring the full drug name with you when trying to purchase a prescription drug. When selecting your trip please carefully read the brochure and itinerary and assess your ability to cope with our style of travel. Please refer to the Physical and Culture Shock ratings for trip specific information. G Adventures reserves the right to exclude any traveller from all or part of a trip without refund if in the reasonable opinion of our CEO they are unable to complete the itinerary without undue risk to themselves and/or the rest of the group.

What do I need to know to about safety and security on my trip?

Many national governments provide a regularly updated advice service on safety issues involved with international travel. We recommend that you check your government's advice for their latest travel information before departure. We strongly recommend the use of a neck wallet or money belt while travelling, for the safe keeping of your passport, air tickets, travellers' cheques, cash and other valuable items. Leave your valuable jewellery at home - you won't need it while travelling. Many of the hotels we use have safety deposit boxes, which is the most secure way of storing your valuables. A lock is recommended for securing your luggage. When travelling on a group trip, please note that your group leader has the authority to amend or cancel any part of the trip itinerary if it deemed necessary, due to safety concerns. Your Chief Experience Officer (CEO) will accompany you on all included activities. During your trip you will have some free time to pursue your own interests, relax and take it easy and explore at your leisure. While your CEO will assist you with options available in a given location, please note that any optional activities you undertake are not part of your itinerary, and we offer no representations about the safety of the activity or the standard of the operators running them. Please use your own good judgement when selecting an activity in your free time. Although the cities visited on tour are generally safe during the day, there can be risks to wandering throughout any major city at night. It is our recommendation to stay in small groups and to take taxis to and from restaurants, or during night time excursions.

Water based activities have an element of danger and excitement built into them. We recommend only participating in water based activities when accompanied by a guide(s). We make every reasonable effort to ensure the fun and adventurous element of any water based activities (in countries with varying degrees of operating standards), have a balanced approach to safety. It is our policy not to allow our CEOs to make arrangements on your behalf for water based activities that are not accompanied by guide(s).

Swimming, including snorkeling, is always at your own risk. [Read more about travel safety](#) for ways to further enhance your personal safety while traveling.

What rules should I know before joining this trip?

Illegal drugs will not be tolerated on any trips. Possessing or using drugs not only contravenes the laws of the land but also puts the rest of the group at risk. Smoking marijuana and opium is a part of local culture in some parts of the world but is not acceptable for our travellers. Our philosophy of travel is one of respect towards everyone we encounter and in particular the local people who make the world the special place it is. The exploitation of people in the sex trade is completely contrary to this philosophy. Our CEOs have the right to expel any member of the group if drugs are found in their possession or if they utilize the services of paid sex workers, in any capacity.

Is travel insurance required for my trip?

Travel insurance is compulsory in order to participate on any of our trips. When travelling on a group trip, you will not be permitted to join the group until evidence of travel insurance has been sighted by your leader, who will take note of your insurance details. When selecting a travel insurance policy we require that at a minimum you are covered for medical expenses including emergency evacuation and repatriation. A minimum coverage of USD200,000 is required. We strongly recommend that the policy also covers personal liability, cancellation, curtailment and loss of luggage and personal effects. Some tours include adventure activities that require extra coverage (e.g. crampon use); please review your itinerary and make sure that you are covered for all included activities. If you have credit card insurance we require proof of purchase of the trip (a receipt of credit card statement) with a credit card in your name. Contact your bank for details of their participating insurer, the level of coverage and emergency contact telephone number.

How should I dress to respect local customs during the tour?

When packing be aware that dress standards are conservative throughout Asia. Malaysia is a predominantly Muslim country. To respect this and for your own comfort, we strongly recommend modest clothing. This means covering shoulders and no short shorts. Loose, lightweight, long clothing is both respectful and cool in the predominantly hot Asian climate. Shorts should be knee-length. Singlets and tank tops are not acceptable. One-piece bathing suits are recommended and topless sunbathing is unacceptable.
