ACTIVITY

Your opportunity to meet your CEO and fellow travellers, and learn more about your tour. Opt to join the group for a local meal afterwards. Don't forget to see the notice in the lobby (or ask reception) for the official time and place to meet up with the group.

An early morning flight from Jakarta to Pangkalan Bun start our adventure through Kalimantan. A short drive brings us to Port Kumai and we'll board a traditional Klotok boat, our home for the next few nights, to roam through the rivers of Borneo. A klotok boat is a traditional wooden river boat that is the primary mode of transportation in Tanjung Puting. It provides a comfortable and intimate way to explore the waterways of the national park. Our first stop is at the incredible Tanjung Harapan Orangutan Rehabilitation Center to observe as the local park rangers feed the orphaned orangutans. This facility is semi-wild, which means these animals were rescued and rehabilitated here but still have the freedom to come and go as wild animals. Only the trained rangers will feed the animals, but we have the special opportunity to watch! We'll get back on the boat and arrive to our docking place for the night before joining a night trek in search of nocturnal animals!

Klotok boats are purpose built river going vessels that allow us to get up close and personal with the waterways of this unique area. The boats are wooden, and all members of the tour sleep on deck in a shared space. There are shared facilities on board and all meals are served on board throughout the duration of the 3-night adventure. While basic, this is a once-in-a-lifetime opportunity to disconnect from the bustle of the world and take it slow.

Boat

Kumai - Tanjung Harapan

Board the traditional klotok boat, a classic and historic wooden vessel designed for river cruising. Your crew will welcome you aboard and will travel with you throughout the entire experience. As we cruise through the Bornean waterways, keep an eye out for the magnificent wildlife we could spot along the riverbanks. Think proboscis monkeys, macaques, birds, and possibly even crocodiles. The klotok is also like a houseboat. We will explore the river onboard by day and rest with the gentle rock of the river by night.

Tanjung Harapan Orangutan Rehabilitation Center

Tanjung Harapan

Visit the amazing Tanjung Harapan Orangutan Rehabilitation Center for orphaned orangutans. It offers a unique opportunity to see these magnificent creatures up close in a semi-wild environment. Embark on a short trek around the area to see the grounds through the rainforest. We'll then have the chance to witness an absolute highlight of the day—the orangutan feeding session. Watch as these intelligent primates descend from the treetops to receive bananas and other fruits from the park rangers. This is a unique opportunity to observe orangutans up close in their natural habitat.

Tanjung Harapan Night Trek

Tanjung Harapan

Head out on a night trek excursion to explore the forest by moonlight. This is an excellent opportunity to discover nocturnal animals like frogs, insects, and hopefully even slow lorises. Grab your flashlight or headlamp, put on some comfortable walking shoes, spray on some insect repellent and let's explore!

Wake up on the klotok boat for a delicious breakfast before disembarking to visit Tanjung Harapan Village for a tour of Borneo local life. Climb back on board, kick your feet up, grab a drink and watch as the beautiful rainforest unfolds before you. As we travel to our next destinations onboard the klotok, we can see proboscis monkeys in the trees, macaques, colorful birds like hornbills and kingfishers, and other wildlife like crocodiles and monitor lizards. Our first stop today is to the incredible Camp Leakey, a renowned orangutan conservation and rehabilitation center. After a tour of the grounds, we'll have a chance to see the park rangers feed the local orangutans. Jump back onto the klotok boat for a delicious local Bornean meal cooked by our hosts on board. Tonight we'll dock in Pondok Tanggui after another peaceful day along the river.

Boat

Tanjung Harapan - Pondok Tanggui

Enjoy a scenic river cruise today as we head to our destinations, the first Camp Leakey and the second, Pondok Tanggui. The journey to Camp Leakey is a significant part of the experience, offering stunning views of the Sekonyer River and its surrounding rainforest. The boat will slowly navigate the river, providing ample opportunities to spot wildlife along the riverbanks and in the trees. Each meal will be enjoyed on the klotok and cooked by our fabulous hosts onboard. Delicious meals and the natural wonder of the rainforest as our show! Tonight we arrive to Pondok Tanggui area, where our boat will dock for the evening.

Tanjung Harapan Village Experience

Tanjung Harapan

Visit Tanjung Harapan Village, a small settlement nestled within the lush confines of Tanjung Puting National Park. Visiting the village provides a glimpse into the daily life of the local people and their relationship with the rainforest. Stroll through the village, observing the traditional stilt houses built along the riverbanks.

Camp Leakey Primate Center

Tanjung Puting National Park

Reach Camp Leakey, established by the renowned primatologist, Dr. Biruté Galdikas, in the 1970's. This site plays a crucial role in orangutan conservation and rehabilitation. Tour the camp area, observing the facilities and learning about the research and rehabilitation programs. Spend time in the visitor center to learn more about the orangutans and the park's ecosystem. Then have the amazing chance to observe the feeding session, where orangutans gather to receive bananas and other fruits provided by park rangers.

Today we are lucky to have not one but two opportunities for orangutan interactions. Watch as these intelligent and playful primates swing effortlessly through the trees, showcasing their incredible agility and problem-solving skills. Their human-like expressions and complex social behaviors make them fascinating to observe, offering a glimpse into the deep emotional and cognitive lives of one of our closest relatives in the animal kingdom. Board the klotok after watching the orangutans in their protected environment, and enjoy your final cruise back towards Kumai Port. On the river, while observing your wild surroundings, consider the importance of the conservation efforts we've witnessed that ensure the survival of these magnificent animals. Relish in that positive feeling as you celebrate one final night aboard the klotok. Cheers to an incredible experience on the Bornean rivers.

What do I need to know to about safety and security on my trip?

Many national governments provide a regularly updated advice service on safety issues involved with international travel. We recommend that you check your government's advice for their latest travel information before departure. We strongly recommend the use of a neck wallet or money belt while travelling, for the safe keeping of your passport, air tickets, travellers' cheques, cash and other valuable items. Leave your valuable jewellery at home - you won't need it while travelling. Many of the hotels we use have safety deposit boxes, which is the most secure way of storing your valuables. A lock is recommended for securing your luggage. When travelling on a group trip, please note that your group leader has the authority to amend or cancel any part of the trip itinerary if it deemed necessary, due to safety concerns. Your Chief Experience Officer (CEO) will accompany you on all included activities. During your trip you will have some free time to pursue your own interests, relax and take it easy and explore at your leisure. While your CEO will assist you with options available in a given location, please note that any optional activities you undertake are not part of your itinerary, and we offer no representations about the safety of the activity or the standard of the operators running them. Please use your own good judgement when selecting an activity in your free time. Although the cities visited on tour are generally safe during the day, there can be risks to wandering throughout any major city at night. It is our recommendation to stay in small groups and to take taxis to and from restaurants, or during night time excursions.

Water based activities have an element of danger and excitement built into them. We recommend only participating in water based activities when accompanied by a guide(s). We make every reasonable effort to ensure the fun and adventurous element of any water based activities (in countries with varying degrees of operating standards), have a balanced approach to safety. It is our policy not to allow our CEOs to make arrangements on your behalf for water based activities that are not accompanied by guide(s).

Swimming, including snorkeling, is always at your own risk. [Read more about travel safety](#) for ways to further enhance your personal safety while traveling.

What rules should I know before joining this trip?

Illegal drugs will not be tolerated on any trips. Possessing or using drugs not only contravenes the laws of the land but also puts the rest of the group at risk. Smoking marijuana and opium is a part of local culture in some parts of the world but is not acceptable for our travellers. Our philosophy of travel is one of respect towards everyone we encounter and in particular the local people who make the world the special place it is. The exploitation of people in the sex trade is completely contrary to this philosophy. Our CEOs have the right to expel any member of the group if drugs are found in their possession or if they utilize the services of paid sex workers, in any capacity.

What is Planeterra?

Planeterra International Foundation is a non-profit organization committed to turning travel into impact by helping local communities earn an income from tourism. Planeterra connects underserved local communities to the benefits of tourism by developing and supporting small community-owned businesses. These businesses support Indigenous people, empower women, grant youth access to employment opportunities, and protect the environment. Planeterra also works to ensure these businesses have a thriving customer base by integrating their projects into G Adventures' itineraries globally.

G Adventures is Planeterra's largest corporate donor, covering all operating costs, so 100% of your donation will bring opportunity to people in need.

G Adventures Dollar-a-day Program - Make Every Day Count - Turn your travel into impact with [Planeterra Foundation](#).

Did you know? Most communities around the world do not benefit from tourism. Give back to the places you visit on your travels by creating opportunities for local people to earn an income, and protect the environment.

Make every day count by donating \$1/day for the length of your trip, and join us in empowering the communities you will visit when you travel. 100% of your donation goes directly to Planeterra projects.

How old must I be to join this trip?

Minimum age of 15 years for this trip.

Are international flights included in this trip?

No, international flights are generally not included in the price of your tour.

However, on some combo tours travelling between two different countries, international flights are included as part of the itinerary and price of the tour. Please speak to your GCO or booking agent for further details.

In addition, check-in times and baggage allowances/restrictions vary by airline and can change at any time. For the most up-to-date information for your flight, please contact your airline. We recommend checking in online in advance to avoid potential delays at the airport.

What should LGBTQ+ travellers know about safety and travel considerations on this trip?

The safety and well-being of all of our travelers is a priority at G Adventures and that includes our travelers who identify as part of the LGBTQ+ community. We recognize that there are specific concerns and questions you may have about your adventure in terms of safety and security.
