Days 3–4

Drake Passage/South Shetland Islands

The adventure begins with an 800km (497 mi) crossing of the passage named in honour of 16th-century English sea captain and privateer Sir Francis Drake. The ship is at home in this part of the Southern Ocean. Take in daily lectures from the expedition team, and keep an eye out for your first sightings of icebergs, whales, and albatross following in the Expedition's wake.

The G Expedition is at home in this part of the Southern Ocean, known for the unimpeded never ending fetch of the winds that encircle the Antarctic.

As the Expedition travels the passage, get acquainted with the ship and frequent the common areas that include the lounge, dining hall, library and lecture hall where we meet the guides, ship's crew and expedition staff.

Begin the lectures and information sessions to learn the extraordinary human and natural history of the Antarctic region.

Daily lectures and educational program

Drake Passage

Attend lectures hosted throughout the day on everything from local wildlife to geology to history. The Expedition has one of the highest ratios of expedition team members to guests – with one expert for every ten guests there is always someone on hand to answer questions and provide greater insight and appreciation of the world at its extremes. The expedition team is comprised of professional and highly skilled historians, marine biologists, and naturalists who offer keen insight and a unique personal perspective to each and every adventure.

Free Time

Drake Passage

Spend time out on deck keep an eye out for sea birds and whales that live in these fertile waters. Wandering, Black-browed and Light-mantled Sooty Albatross, Prion's and Cap Petrels are among some of the species of seabirds that may join the Expedition on the journey to Antarctica.

Days 5–12

South Shetland Islands/Drake Passage

Spend eight full days exploring the Antarctic Peninsula and South Shetland Islands and navigating into the lesser visited eastern side of the peninsula known as the Weddell Sea. The less-visited eastern side, is as stunning as it is remote; this is where Ernest Shackleton's ship Endurance came to her end (and where your polar adventure begins).

Ice and weather conditions permitting, head south and explore the ice edge from the safety of our ice class expedition vessel, encountering truly astounding tabular icebergs and numerous species of penguin, seal and whale along the way. With eight days to explore the region, giving you the longest possible time in this magnificent part of the world.

Finally a chance to step foot on the Great White Continent! Our goal is to attempt two excursions per day while navigating through the area but the itinerary and daily schedule will be based on the local weather and ice conditions that we encounter.

There is plenty of time to enjoy the sheer beauty and the breathtaking scenery of ice-choked waterways, blue and white icebergs, impressive glaciers and rugged snow-capped mountains.

The Peninsula also has a remarkable history and, during the voyage, learn about some of the most important and dramatic expeditions to this remote corner of the world.

Is there a travel disclaimer for my itinerary I should review before booking this trip?

While it is our intention to adhere to the route described below, there is a certain amount of flexibility built into the itinerary and on occasion it may be necessary, or desirable to make alterations. The itinerary is brief, as we never know exactly where our journey will take us. Due to our style of travel and the regions we visit, travel can be unpredictable. The Trip Details document is a general guide to the tour and region and any mention of specific destinations or wildlife is by no means a guarantee that they will be visited or encountered. Aboard expedition trips visits to research stations depend on final permission.

Additionally, any travel times listed are approximations only and subject to vary due to local circumstances.

What important notes should I be aware of before the trip?

1. Please note: While it is our intention of adhere to the route described above , there is a certain amount of flexibility built into the itinerary and on occasion it may be necessary, or desirable to make alterations. On the first day onboard, your Expedition Leader will give you an expedition overview.

2. Flight Information: When packing your luggage please note that the weight restriction on the domestic flight from Buenos Aires to Ushuaia is only 15 to 23 kg (33 to 50 lbs) per person, depending on the airline. Please note that the airlines will generally charge for excess baggage. We recommend you try to leave luggage that you do not need at your hotel in Buenos Aires (if applicable).

3. Medical questionnaires are required for all passengers traveling to Antarctica.

4. The G Expedition is an adventure Expedition ship and does not offer an elevator.

5. Please note:

BOOTS FOR ZODIAC LANDINGS:

- Complementary used waterproof boots will be supplied in the following sizes:

- USA size 6 -16

- EURO size 36 - 49

If you wish to bring your own boots, you should follow the guidelines below:

Rubber, waterproof boots that are just below your knees (12-16" high or 30-41cm) with a strong, ridged non-skid sole are essential for wet landings via Zodiac. You usually have to step from the Zodiac into water, which can be up to 1 ft or 30 cm high on most landings. Do not bring heavy, cumbersome boots that make it difficult to walk. Do not bring boots with metal cleats as they cannot be used for the landings. Try out your boots before your voyage.

6. The electricity onboard is 220AC electrical outlets, with European 2 pin round holes, as well as 110-volt shaving sockets in the bathroom for electric razors only. You may wish to bring an international adapter. A limited supply of electrical adapters are available to borrow free of charge at the Purser's Desk.

Is there an extra cost for travelling solo?

We believe single travellers should not have to pay more to travel so our group trips are designed for shared accommodation and do not involve a single supplement. Single travellers joining group trips are paired in twin or multi-share accommodation with someone of the same sex for the duration of the trip. Some of our Independent trips are designed differently and single travellers on these itineraries must pay the single trip price.

Most flights that continue to Ushuaia depart from the domestic airport (J. Newberry - AEP). Please check with your airline to make sure which airport you are flying out of. On arrival at the International airport, there is an airport shuttle service, Manuel Tienda Leon, available at an approximate cost of USD \$16.00 each way. It is about 1 to 1.5 hours between the airports, so please allow yourself enough time.

Please also confirm the luggage restrictions for your flight from Buenos Aires to Ushuaia as domestic flights generally allow less luggage than international flights.

What information should I be aware of as the itinerary draws to a close?

Upon completion of the 8:00 am disembarkation in Ushuaia, passengers will receive a complimentary transfer to either the airport or a central location where luggage can be stored.

For those on morning flights, the 8:00 am transfer will bring them directly to Ushuaia airport (USH). The rest of the passengers will be transferred to the luggage storage point and given time to explore the city. These passengers should then return to retrieve their luggage and board a second transfer to Ushuaia airport at 12:30 pm or 4:30 pm, depending on their flight times. Please note that the transfer times are subject to change according to flight schedules.

With the understanding that most will be needing to connect to their International flights in Buenos Aires, you can arrange departure flights from Ushuaia starting from 09:45am onwards. Although if possible, we suggest you consider booking after 11:00am as this will provide additional time to connect.

Are there any additional packing suggestions I should consider?

Most airlines allow one checked bag and two carry-on per person. To avoid any problems at check-in and with possible excess baggage charges, please consult the airline for specific restrictions. For storage on board the expedition ship soft compactible luggage makes storage much easier.

Dress on board is informal. Plan to bring comfortable, casual clothing for all activities. Bring wind and waterproof outer layers. Beware of tight clothing that leaves no room for trapped air, which is an excellent insulator. Wool, silk and some of the new synthetic fibers, like polar fleece, retain heat better than cotton. When packing, we suggest that you do not weigh yourself down with too many clothes or too much gear. Select informal, practical attire that can be worn in layers.

One of the important items that you will need to bring on your voyage is a pair of waterproof pants. It is possible to rent gear in Ushuaia for the expedition, but the quantity and quality of gear varies greatly depending on the demand. For the location of a rental shop consult with the front desk of the hotel where you are staying. If arriving on embarkation day you will NOT have time to rent the gear. You will also not have time to return the rental gear if you have a morning flight departing Ushuaia.

In the worlds most remote destinations that the G Expedition travels to we cannot offload our plastics, glass or tin waste for recycling. Therefore, we try to reduce what single use items that we use. You will see on the ship that every effort is being used to stop the use of single use plastic containers, bags and other items. In an effort to prevent plastic waste from entering the waste stream, we are asking for your help. We offer exceptional drinking water on the ship with refilling stations for your re-useable water containers. You will be provided a complimentary water bottle to fill up as needed. Plastic Items such as single use shampoo/conditioner plastic containers cannot be recycled, so please plan to bring any plastics back to your home countries for recycling. Please do not bring single use items that you intend to leave behind such plastic bags and throw away razors. Your participating in helping to prevent pollution and promote recycling is greatly appreciated.

What should be on my packing list?

Health & Safety:

- Face masks (Clients will be only be required to wear a face mask where it is mandated by local regulations.)
- Hand sanitizer
- Pen (Please bring your own pen for filling out documents.)

When can I do my laundry on this trip?

Laundry facilities are offered by some of our hotels for a charge. Aboard the G Expedition, laundry is available to be serviced by our shipboard team at an additional charge.

What are the visas and entry requirements for my trip?

All countries require a valid passport (with a minimum 6 months validity). Contact your local embassy or consulate for the most up-to-date visa requirements, or see your travel agent. It is your own responsibility to have the correct travel documentation. Visa requirements for your trip will vary depending on where you are from and where you are going. We keep the following information up to date as far as possible, but rules do change and sometimes without warning. While we provide the following information in good faith, it is vital that you check the information yourself and understand that you are fully responsible for your own visa requirements.

Visa information specific to your destination and nationality can be found in our Important Pre-Departure Information page [here](#)

Where can I read detailed notes about this trip?

Experience Counts

Accompanying the voyage is our dedicated and experienced team of expedition staff, naturalists and lecturers who share with us their knowledge, enthusiasm and commitment to the environment. Our ship is manned by officers and crew, all highly experienced in ice navigation.

Environmental Policy

We are dedicated to minimizing the impact of our expedition on wildlife and sensitive natural habitats. We operate environmentally responsible cruise and expeditions and follow all internationally agreed regulations of conduct ashore. We are all privileged visitors – and committed to the future of these extraordinary, icy realms.

Safety First

Although expedition cruising is adventurous by nature, the safety of our passengers and staff is paramount. Our ship is equipped and maintained to cope with the most challenging conditions and is manned by experienced and conscientious officers, crew and expedition staff. The Zodiac landing craft used for shore landings are rugged and versatile and are operated by experienced drivers in a responsible manner. Onboard you will be fully briefed on safety issues and our environmental policy and you will receive appropriate and detailed briefings before every landing.

Expedition Staff and Lecturers

A carefully chosen team will lead our voyage. They are chosen not only for their local knowledge and wealth of experience but also for their great love of the Antarctic. With formal lectures, as well as informal briefings and discussions, your lecturers and Expedition Leader will cover all aspects of the voyage including ornithology, marine biology, geography, geology, history and the environment, as well as practical things like photography.

Tips for Travellers

We are all privileged visitors to these extraordinary, icy realms. As a traveller, it is your responsibility to help ensure your impact on Antarctica's flora and fauna is minimal. The following are excerpts from the GUIDANCE FOR VISITORS TO THE ANTARCTIC:

Respect wildlife

Do not feed, touch, or handle birds or seals, or approach or photograph them in ways that cause them to alter their behavior. Special care is needed when animals are breeding or molting. Keep a minimum distance of 5 meters (15 feet) from all wildlife.

Respect vegetation

Do not damage plants, by walking or landing on extensive moss beds or lichen-covered scree slopes. They are fragile and take generations to grow.

Respect the environment

Do not collect or take away biological or geological specimens or artifacts as souvenirs, and do not dispose of litter or garbage on land.

Take photos with care

Keep low as you will appear less threatening to animals and it will also yield better photographs. Do not try to make an animal react for a photograph. If an animal's behavior changes you are too close.

Stay Safe

Take note of, and act on, the advice and instructions from your leaders, and do not stray from your group.

What should I consider when planning my personal expenses and discretionary spending for this itinerary?

Every traveller is different and therefore spending money requirements will vary. Some travellers may drink more than others while other travellers like to purchase more souvenirs than most. Please consider your own spending habits when it comes to allowing for drinks, shopping and tipping. While on board our Expedition ships, please note that the currency for all purchases is USD.

What should I know about currency, credit cards, and exchanging money while on this tour?

Before and after the cruise, credit cards and debit cards are very useful for cash advances. Visa cards are the most widely accepted cards. While ATMs are widely available, there are no guarantees that your credit or debit cards will actually work overseas. Check with your bank. You should be aware that to purchase products or services on a credit card a fee of 5%-10% usually applies. Do not rely on credit or debit cards as your only source of money. A combination of US dollars cash, and credit cards is best. Always take more rather than less, as you don't want to spoil the trip by constantly feeling short of funds.

While on board our Expedition ship, cash and most major credit cards (VISA, Mastercard and AMEX) are accepted to clear incidental bills at the end of the cruise by the ship's Purser (ie. bar bills, laundry etc.).

Do I need to pay a departure tax?

Most airlines include departure tax in the cost of the ticket. If this is not included then it should be mentioned in your flight booking confirmation

Should I be tipping on my trip?

Although it may not be customary to you, it is of considerable significance to the people who will take care of you during your travels. It is an expression of satisfaction with the persons who have assisted you on your expedition. The industry standard and suggested amount is USD \$10 - 15 per person per day spent on board. Of course, tipping is a personal choice and the suggested amount is set only as a guideline. The money is collected by the Hotel Manager at the end of the voyage and distributed amongst the crew and Expedition Staff. The Officers choose not to participate in the tipping pool.

What activities are optional on this trip?

Ushuaia

- Martial Glacier Hike
- Tierra del Fuego National Park
Visit

South Shetland Islands

- Polar Plunge

Are there any health considerations I should know before travelling?

Please consult your doctor for up-to-date medical travel information well before departure. We require all passengers traveling to Antarctica to complete and submit our medical questionnaire. The questionnaire can be found online at:

www.gadventures.com/medical_form

Passengers with preexisting medical conditions are required to submit a medical form signed by a physician to their booking agent. It is very important that we are advised of any special meal requirements, food allergies, or prescribed medication when you confirm your tour. The ship is equipped with a small infirmary with typically required medications and limited equipment. The ship's doctor is available for visits during the day and is available 24 hours per day for emergencies.

In case of an emergency, please also bring with you a signed and dated letter from your physician (to be given to our doctor on board, as well as for any medical authorities) stating any health problems and dosage requirements. International health regulations do not currently require any inoculations for the countries that you will visit on our voyage. We suggest that you confer with your own physician to be sure your routine immunizations, such as tetanus, diphtheria and hepatitis A, are up-to-date before traveling. Older travelers, in particular, may wish to consider preventive measures against influenza and pneumonia.

What do I need to know to about safety and security on my trip?

Many national governments provide a regularly updated advice service on safety issues involved with international travel. We recommend that you check your government's advice for their latest travel information before departure. We strongly recommend the use of a neck wallet or money belt while travelling, for the safe keeping of your passport, air tickets, travellers' cheques, cash and other valuable items. Leave your valuable jewellery at home - you won't need it while travelling. Many of the hotels we use have safety deposit boxes, which is the most secure way of storing your valuables. A lock is recommended for securing your luggage. When travelling on a group trip, please note that your CEO has the authority to amend or cancel any part of the trip itinerary if it is deemed necessary due to safety concerns. Your CEO will accompany you on all included activities. During your trip you will have some free time to pursue your own interests, relax and take it easy or explore at your leisure. While your CEO will assist you with options available in a given location please note that any optional activities you undertake are not part of your itinerary, and we offer no representations about the safety of the activity or the standard of the operators running them. Please use your own good judgment when selecting an activity in your free time. Although the cities visited on tour are generally safe during the day, there can be risks to wandering throughout any major city at night. It is our recommendation to stay in small groups and to take taxis to and from restaurants, or during night time excursions.

Protests and Demonstrations- Protests and demonstrations, even those that are well intended, have the potential to turn violent with no warning. Counter protests can also turn violent. Action by security forces to disperse demonstrators and protesters may occur at any time. If you are in an area where demonstrators or protesters are gathering, avoid the temptation of staying for a good photo opportunity and leave the area immediately.

Water based activities have an element of danger and excitement built into them. We recommend only participating in water based activities when accompanied by a guide(s). We make every reasonable effort to ensure the fun and adventurous element of any water based activities (in countries with varying degrees of operating standards) have a balanced approach to safety. It is our policy not to allow our CEOs to make arrangements on your behalf for water based activities that are not accompanied by guide(s).

Swimming, including snorkeling, is always at your own risk.

We take all prudent measures in relation to your safety. For ways to further enhance your personal safety while traveling, please visit:

www.gadventures.com/travel-resources/safety/

What are the trip specific safety considerations?

We recommend that you wear minimal jewelry and that you keep valuable items safely stored in our complimentary safety deposit box, which is located at the Purser's Desk.

Is travel insurance required for my trip?

Travel Insurance: Travel insurance is compulsory in order to participate on any of our trips. When travelling on a group trip, you will not be permitted to join the group until evidence of travel insurance has been sighted by your CEO, who will take note of your insurance details. When selecting a travel insurance policy please bear in mind that all clients must have medical coverage and that we require a minimum coverage of USD 200,000 for repatriation and emergency rescue. We strongly recommend that the policy also covers personal liability, cancellation, curtailment and loss of luggage and personal effects. If you have credit card insurance we require proof of purchase of the trip (a receipt of credit card statement) with a credit card in your name. Contact your bank for details of their participating insurer, the level of coverage and emergency contact telephone number.

Trip Specific Responsible Travel

OUR COMMITMENT TO RESPONSIBLE TRAVEL IN ANTARCTICA

As a leader in Sustainable Tourism, we are committed to ensuring that all of our marine expeditions operate in a socially and environmentally responsible manner. All expeditions aboard the expedition ship meet and exceed all environmental regulations and protocols in the regions that we visit.

The International Association of Antarctic Operators (IAATO)

G Adventures holds Full Membership Status with IAATO, an organization that advocates, promotes and ensures safe and environmentally responsible private-sector travel to the Antarctic. All operations aboard our ship adhere to IAATO's strict rules, regulations and guidelines for operating in Antarctica. For more information visit www.iaato.org

Staff & Crew:

Our crew and expedition team act as stewards of the environment and are well versed in the strict environmental protocols on board and on land. All of our travellers are thoroughly briefed in these protocols before being allowed to participate in excursions and are always supervised by our team when on shore.

4-Stroke Outboard Engines:

In an effort to drastically reduce environmental pollutants 4-stroke outboard engines have been installed on all of our zodiacs. Our 4-stroke outboard motors use less fuel and produce less noise pollution than 2-stroke engines. Since there is no mixing of oil and gas the exhaust is intrinsically much cleaner and friendlier to the environment.

Planeterra Foundation

Through our commitment to responsible tourism we have developed the Planeterra Foundation, a non-profit organization that supports local community projects and international charities around the world.

Sea Chart Auction:

At the end of each Antarctica departure, the Captain's Sea Chart is auctioned and all proceeds are donated to international organizations through Planeterra.

Our end goal is to minimize the potential negative impact of tourism in the areas we operate while maximizing the positive impact of instilling a widened understanding and appreciation of these regions. During our voyages, we ask all our passengers that they see their visit to these areas as a privilege and that they share their newfound knowledge and experiences with others when they return home. We also hope that by bringing people to these regions that they continue to act as ambassadors and stewards of these areas.

What is Planeterra?

Planeterra International Foundation is a non-profit organization committed to turning travel into impact by helping local communities earn an income from tourism. Planeterra connects underserved local communities to the benefits of tourism by developing and supporting small community-owned businesses. These businesses support Indigenous people, empower women, grant youth access to employment opportunities, and protect the environment. Planeterra also works to ensure these businesses have a thriving customer base by integrating their projects into G Adventures' itineraries globally.

G Adventures is Planeterra's largest corporate donor, covering all operating costs, so 100% of your donation will bring opportunity to people in need.

G Adventures Dollar-a-day Program - Make Every Day Count - Turn your travel into impact with [Planeterra Foundation](#).

Keeping in Touch on the G Expedition

Internet and phone onboard the Expedition

The Expedition receives internet reception in Antarctica, but is sporadic in the Arctic. There is wifi in the public areas on Deck 4 & 5, and in the Deck 4 cabins (Categories 4 and 5). Passengers can bring their own laptop, sign out one of the 2 iPads on board, or use one of the 2 desktops. Your Cell Phone, for calling, will not work in Antarctica.

Internet

Onboard the Expedition we use a BGAN satellite system for internet and phone, which allows passengers to surf the web and make international calls while on their voyage. Please remember that internet speeds are NOT like the speeds you have at home. We operate with a satellite so speeds can be similar to dialup. To log-on, passengers purchase an internet voucher from the Reception Desk. Once you have the internet voucher, web surfers can log-on through our internet café or with their own wireless laptop. A wireless laptop can pick up a signal anywhere in the public areas on Deck 4, Reception, Discovery Lounge, Library, and Deck 5, Polar Bear Bar.

Charges are based on the megabyte downloaded. An amount of 10 megabyte of data would be the equivalent of 5 to 10 web pages. A very graphics intensive web page might be as high as 2-3 megabytes. For example, if a web surfer were to do a Hotmail session of e-mailing, it might generate 3 megabytes in total.

Internet Packages & Prices:

10MB \$20.00

30MB \$50.00

100MB \$130.00

E-mail:

Passengers may take the opportunity to set up an onboard e-mail account. This will be of interest to those who need to stay in touch, but are not interested in surfing the web. Passengers will have their own unique email account including email address, username and password. E-mail accounts may be accessed either through our public computers in the Internet Room, or passenger may access their account through their wireless laptop in the common areas of Deck 4 and 5, in the Polar Bear Bar. \$35.00 includes set up and use of the account for the entire trip and unlimited messages. Messages over 200KB in size will be charged at a rate of .03 cents per KB exceeded.

Telephone

On board we have a telephone room on Deck 4, where calls can be made in private to any destination in the world.

Telephone cards are available at reception.

Prices will change each year.

Satellite: \$22.00 phone cards are available at reception, roughly 25 to 30 minute per phone card.

Are international flights included in this trip?

No, international flights are generally not included in the price of your tour.

However, on some combo tours travelling between two different countries, international flights are included as part of the itinerary and price of the tour. Please speak to your GCO or booking agent for further details.

In addition, check-in times and baggage allowances/restrictions vary by airline and can change at any time. For the most up-to-date information for your flight, please contact your airline. We recommend checking in online in advance to avoid potential delays at the airport.

What should LGBTQ+ travellers know about safety and travel considerations on this trip?

The safety and well-being of all of our travelers is a priority at G Adventures and that includes our travelers who identify as part of the LGBTQ+ community. We recognize that there are specific concerns and questions you may have about your adventure in terms of safety and security. We encourage you to visit our [LGBTQ+ page](#) for useful resources to ensure you feel safe and comfortable throughout the duration of your trip. The Equaldex tool linked on this page can be of particular help when deciding where you may want to visit next.
