Death Valley National Park Visit

Death Valley National Park

Death Valley is one of America's most extreme locations – from sand dunes and desert, to badlands, towering peaks, and a basin that actually registers below sea-level, this is sure to be an unforgettable stop. Hottest. Driest. Lowest. There's a bit of everything here on the border of California and Nevada.

Begin the day searching for animal tracks amid the otherworldly landscape of Mesquite Flat Sand Dunes, where shifting sands soar up to 100 feet high. Then discover Father Crowley Vista Point, where an easy hike offers an epic payoff: a sweeping view over Rainbow Canyon and Panamint Valley. Keep an eye out for fighter jets practicing between the cliffs. Continue around the Sierra Nevada mountains to California's Sequoia National Park.

Today's Activities

Mesquite Flats Sand Dunes

Death Valley

Explore the otherworldly landscape of one of America's largest National Parks. The sand dunes here soar up to 100 feet tall, and have no marked trails due to the shifting sands. Keep a keen eye out for animal tracks along the dunes as well, which show just how full of life this seemingly desolate place can be.

Father Crowley Vista Point

Death Valley

One of Death Valley's best vantage points, this quick there-and-back trail brings you to a sweeping view of the valley floor, with views of Rainbow Canyon below. The local air force base often sends jets to practice flying through what is colloquially known as "Star Wars Canyon" so keep an ear out for potential fly bys!

Enjoy a full day to explore the legendary trees of Sequoia National Park. Walk in the shadow of its formidable giants—including General Sherman, the planet’s largest known living single-stem tree—alongside a naturalist from Sequoia Parks Conservancy. On an afternoon hike along Big Tree Trail, hear how, in 1916, National Geographic deeded tracts of giant trees here to the National Parks Service for safekeeping. This evening, return to the park for an evening of stargazing with a local expert; or, if skies are cloudy, set out on a nighttime walk to witness nocturnal life.

In cases where the night sky is cloudy, we will replace the star gazing activity with a nighttime nature walk in the National Park. Embark on a one-mile walk to experience the dramatic changes of the soundscapes and nocturnal biodiversity of the area. This engaging walk will awaken awareness and provide an in-depth experience of Sequoia’s nocturnal plants and animals.

ACTIVITY

Walk through California’s Sequoia National Park with a naturalist from Sequoia Parks Conservancy. Over 2.5 hours, learn about these impressive giant trees – some so big, they have names. The one called General Sherman is the largest known living single-stem tree on the planet. Then head to Big Tree Trail for an afternoon hike. In 1916, National Geographic deeded tracts of giant trees in the heart of the park to the National Parks Service for safekeeping. Keep your eyes on the lookout for the plaque commemorating the important work the National Geographic Society has done in protecting this treasure of a national park.

ACTIVITY

The night sky above Sequoia National Park offers one of California’s most dazzling opportunities for stargazing, due to minimal light pollution and a higher altitude. Peer upward alongside an astronomy expert from the park who’ll discuss the constellations, planets, and stars that fill the twinkling sky. (Weather permitting, of course.) G. H. Grovesnor, first full-time editor of National Geographic magazine,

first fell in love with national parks while observing the stars here in Sequoia NP. Thanks to his subsequent involvement in the creation of the National Park Service in 1916, we're still able today to enjoy one of the most impressive dark skies above the Sierra.

Day 5

Sequoia National Park/Kings Canyon National Park

Embark on a spectacular drive, watching as the scenery changes from towering sequoias to one of the deepest canyons in the United States. On a journey from Grant Grove to Cedar Grove, be awed by the glacially carved Kings Canyon, and keep an eye out for the endangered Sierra Nevada bighorn sheep and other majestic wildlife.

We recommend viewing the documentary *Free Solo* prior to your trip or downloading this film on your devices to watch during today's drive. This National Geographic film follows the incredible world-first free solo (without ropes or safety features) of Yosemite's iconic El Capitan climbing wall. Watch as free climber Alex Honnold grapples with the route, his body and his mind to conquer this rock face that is about 3,000 feet high.

Yosemite National Park Visit

Yosemite National Park

Picturesque valleys, vast wilderness, powerful waterfalls, elusive wildlife, ancient sequoias and more than 16 types of granite make up this internationally recognized national park. Hike the trails, get up close to ancient rock formations and take panoramic photos of this gorgeous landscape. Keep an eye out for black bears, deer, and coyotes.

This morning, join a Yosemite Conservancy naturalist on a guided excursion around the park, gaining an insider's perspective on the human, natural, and geological history of the region. Hike through the heart of Yosemite while hearing about its flora and fauna, and learn how this rugged backcountry became the U.S.'s first protected state park in 1864—and, with the help of John Muir, a national park in 1890. Enjoy the rest of the day on your own; choose your own adventure amid majestic waterfalls, crystal-clear lakes, lush meadows, and pristine groves. Keep an eye out for glacial erratics, rock climbers, and a diversity of wildlife. Opt to visit the Ansel Adams Studio or relax by the river with Half Dome as the backdrop.

Carved by glaciers, Yosemite National Park became the first protected state park in the US in 1864. It took until 1890 to gain National Park status, with the work of John Muir. Though 95% of the park is backcountry, there is still plenty to explore via hikes or the shuttle system. Spend the day hiking amongst Giant Sequoias, granite cliffs, and rushing waterfalls and understand why around 4 million people come to the park each year.

Is there a disclaimer I should read before booking this trip?

The information in this trip details document has been compiled with care and is provided in good faith. However it is subject to change, and does not form part of the contract between the client and the operator. The itinerary featured is correct at time of printing. It may differ slightly to the one in the brochure. Occasionally our itineraries change as we make improvements that stem from past travellers, comments and our own research. Sometimes it can be a small change like adding an extra meal along the itinerary. Sometimes the change may result in us altering the tour for the coming year. Ultimately, our goal is to provide you with the most rewarding experience. Please note that our brochure is usually released in November each year. If you have booked from the previous brochure you may find there have been some changes to the itinerary.

VERY IMPORTANT: Please ensure that you view a final copy of your Trip Details a couple of days prior to travel, in case there have been changes that affect your plans.

Is there an itinerary Disclaimer?

While it is our intention to adhere to the route described below, there is a certain amount of flexibility built into the itinerary and on occasion it may be necessary, or desirable to make alterations. The itinerary is brief, as we never know exactly where our journey will take us. Due to our style of travel and the regions we visit, travel can be unpredictable. The Trip Details document is a general guide to the tour and region and any mention of specific destinations or wildlife is by no means a guarantee that they will be visited or encountered. Aboard expedition trips visits to research stations depend on final permission.

Additionally, any travel times listed are approximations only and subject to vary due to local circumstances.

What important notes should I be aware of before the trip?

1. TRAVEL DAYS

In order to cover the vast distance in North America to be able to visit several different parks and cities along our trip, we will have a couple of long driving days.

2. WALKS AND HIKES - OPTIONAL

All walks and hikes proposed by our CEO will be easy to moderate level. You may choose to participate or not, but exploring our national parks on foot is part of our way of travelling. It's a healthy way to discover North America's beauty and landscape.

3. COMBO TRIP

Please note that some trips could be a combination of multiple G Adventure tours. You should expect some group members to join or leave the tour between tour segments.

4. LEGAL DRINKING AGE

Please note that the legal drinking age in the United States is 21 and in Canada, 19 (with Alberta and Quebec at 18). Many bars and clubs will ask for ID at the door, therefore listening to live music in certain bars or spending a night out in Las Vegas or New Orleans is not possible when you are under the legal age, even if you don't plan on consuming alcohol. Drinking laws in both countries are strictly enforced and our CEOs are unable to help those under age obtain alcohol of any kind.

While this should not stop those under legal drinking age from booking a tour, it is important to note that if a traveller is under-age there are certain optional nighttime activities that they may not legally be able to participate in. When trying to book the right trip, we recommend that travellers under legal drinking age take this into consideration when booking a tour that visits several big cities.

5. LAS VEGAS HOTELS

Las Vegas is known for glitz and glamour, and is an adult's playground for the senses. However, hotel standards are different than in many other cities. Most hotels have thousands of rooms and an onsite casino open 24 hours a day, which can cause large crowds and excessive noise. Smoking is also permitted indoors in casinos. Although we only use non-smoking rooms on our tours and do our best to offer a smoke free environment, please be aware that standards may result in smoke permeating non-smoking areas of hotels.

6. ACCOMMODATION NOTE:

Please be aware that properties we stay in with only two stories may not have elevators installed and climbing the stairs with your luggage will be necessary.

What is the group leader like?

This G Adventures group trip is accompanied by one of our group leaders, otherwise known as a Chief Experience Officer (CEO). The CEO will be the group manager, leader and driver - this person is experienced in the routes travelled.

As the group coordinator and manager, the aim of the CEO is to take the hassle out of your travels and to help you have the best trip possible. While not being guides in the traditional sense, you can expect them to have a broad general knowledge of the countries visited on the trip, including historical, cultural, religious and social aspects. They will also offer suggestions for things to do and to see, recommend great local eating venues and introduce you to our local friends.

While our CEOs are trained and have resources to assist them along the way, the United States is the fourth largest country on the planet, and it is impossible for them to know everything about this massive country. We recommend local guides where we think more specific knowledge will add to the enjoyment of the places we are visiting - we think it's the best of both worlds.

Please note that specific tour guide licenses are required to guide in certain cities and regions, and as such, our CEOs will oftentimes provide brief orientation walks or drives to point out useful places like supermarkets, main squares and ATMs but for more specific or in depth destination information, an official guided tour is recommended.

How large will the group be?

Max 13, Avg 11.

What meals are included in this trip?

8 breakfasts, 1 lunch, 1 dinner

What are the modes of transportation on my trip?

Air-conditioned private vehicle, hiking, walking.

What transportation will we take on this trip?

For this trip we use 15-passenger vans for up to 14 people plus the CEO/Driver. These vans are durable vehicles that allow us to drive on most types of roads in North America.

With mandatory seat belts to keep us secure and safe. No standing is permitted in these vehicles.

This is not a physically demanding journey. There is air conditioning to cool things down on warm days to keep everyone more comfortable. Travelling can be difficult, with long drives and limited space in the van. Please take note of the travel times and distances in the above itinerary. Despite some of the long days, most travellers feel that the diversity of the North American landscape, culture and wildlife are all well worth the experience!

Is there an extra cost for travelling solo?

We believe solo travellers should not have to pay more to travel so our group trips are designed for shared accommodation and do not involve a single supplement. Single travellers joining group trips are paired in twin or multi-share accommodation with someone of the same sex for the duration of the trip. Some of our Independent trips are designed differently and solo travellers on these itineraries must pay the single trip price.

Where will we stay during the trip?

Hotels (8 nts).

Will I get my own room?

Please note that if you have booked the "My Own Room" option for this tour, you will receive your own single room for all night stops

What kind of accommodation can I expect on this trip?

This trip uses comfortable 3 star hotels, well located in cities and close to National Parks. Our chosen hotels vary in size, character, and amenities, but are of a very good standard, and the rooms are double occupancy with a private bathroom.

What are the joining instructions?

For details of your joining hotel please refer to your tour voucher, G Account, the G Adventures App or contact your travel agent.

What should I take on my trip?

You will be on the move a lot, so our advice is to pack as lightly as possible.

For days in the outdoors, we recommend the use of lightweight, breathable, moisture-wicking fabrics made of wool or synthetic fibers. Cotton is not recommended for days spent hiking as it does not allow for heat or moisture to enter or escape, and it will not dry easily once wet.

We recommend using a backpack for your convenience, or a medium-sized suitcase if you prefer. Heavy luggage is not recommended for the health of the CEO, who will take a lead in loading the storage trailer. Due to space in the trailer, we will not be able to accommodate more than one piece of main luggage per person. A good size day-pack (20-35L) is also essential to carry your personal gear for the day, as access to luggage between destinations will be limited. This daypack will be used to carry your personal gear for the day, your lunch and a water bottle.

It is important to pack clothes for warm days and cool evenings, as well as a light jacket. A set of smart casual clothes is also advisable.

When can I do my laundry on this trip?

Your CEO will advise you along the trip where you will be able to do your laundry.

What the visas and entry requirements for my trip?

All countries require a valid passport (with a minimum 6 months validity). Contact your local embassy or consulate for the most up-to-date visa requirements, or see your travel agent. It is your own responsibility to have the correct travel documentation. Visa requirements for your trip will vary depending on where you are from and where you are going. We keep the following information up to date as far as possible, but rules do change and sometimes without warning. While we provide the following information in good faith, it is vital that you check the information yourself and understand that you are fully responsible for your own visa requirements.

Visa information specific to your destination and nationality can be found in our Important Pre-Departure Information page [here](#)

How much spending money do I need for my trip?

Every traveller is different and therefore spending money requirements will vary. Some travellers may drink more than others while other travellers like to purchase more souvenirs than most. Please consider your own spending habits when it comes to allowing for drinks, shopping and tipping. Please also remember the following specific recommendations when planning your trip.

What should I know about currency, credit cards, and exchanging money while on this tour?

The United States currency is the US Dollar (USD).

Credit cards are accepted almost everywhere in the US and can be used to purchase small and large items. When purchasing products or services with a foreign credit card in the USA, you may be charged additional fees by your credit card company for foreign purchases.

Credit cards and debit cards are very useful for cash advances but you must remember to bring your PIN number (be aware that many ATM machines only accept 4-digit PINs). Both Cirrus and Plus system cards are the most widely accepted debit cards. Both Visa and Master Cards are the most widely accepted credit cards. While ATMs are commonly available, there are no guarantees that your credit or debit cards will actually work check with your bank before you travel. A visit to an ATM can be arranged on Day 1 and other days of the trip.

Do not rely on credit or debit cards as your only source of money. A combination of US Dollars as cash (preferably smaller bills, 5's, 10's and 20's), and credit cards is best. Currency exchange is best obtained prior to travel or at the airport, currency exchange is very difficult to find in the USA and most banks do not accommodate.

Always take more rather than less, as you don't want to spoil the trip by constantly feeling short of funds.

As currency exchange rates can fluctuate often we ask that you refer to the following website for daily exchange rates: www.xe.com

How much emergency money should I bring on this trip?

Please also make sure you have access to at least an additional USD \$200 (or equivalent) as an 'emergency' fund, to be used when circumstances outside our control (ex. a natural disaster) require a change to our planned route. This is a rare occurrence!

Should I be tipping on my trip?

It is customary in North America to tip service providers such as waiters, bartenders and taxi drivers, at approximately 18-20%, depending on the service. Tipping is an expected - though not compulsory - component of your tour program and an expression of satisfaction with the persons who have assisted you on your tour. Although it may not be customary to you, it is of considerable significance to the people who will take care of you during your travels. There are times during the trip where there is opportunity to tip any local guides used. Recommendations for tipping local guides would range from \$2-8 USD per activity depending on the quality and length of the service; ask your CEO for specific recommendations based on the circumstances and culture.

Also at the end of each trip if you felt your G Adventures Chief Experience Officer did an outstanding job, tipping is appreciated. The amount is entirely a personal preference; however as a guideline \$10-15 USD per person, per day can be used as a guide. If your CEO(s) exceeded your expectations, feel free to tip more.

What activities are optional on this trip?

Yosemite National Park

- Yosemite Bike Rental
(30-40USD per person)
- Yosemite National Park Hike
(Free)

San Francisco

- Sunset Sailing San Francisco
(Mon-Wed)

What do I need to know to about safety and security on my trip?

Many national governments provide a regularly updated advice service on safety issues involved with international travel. We recommend that you check your government's advice for their latest travel information before departure. We strongly recommend the use of a neck wallet or money belt while travelling, for the safe keeping of your passport, air tickets, travellers' cheques, cash and other valuable items. Leave your valuable jewellery at home - you won't need it while travelling. Many of the hotels we use have safety deposit boxes, which is the most secure way of storing your valuables. A lock is recommended for securing your luggage. When travelling on a group trip, please note that your group leader has the authority to amend or cancel any part of the trip itinerary if it deemed necessary, due to safety concerns. Your Chief Experience Officer (CEO) will accompany you on all included activities. During your trip you will have some free time to pursue your own interests, relax and take it easy and explore at your leisure. While your CEO will assist you with options available in a given location, please note that any optional activities you undertake are not part of your itinerary, and we offer no representations about the safety of the activity or the standard of the operators running them. Please use your own good judgement when selecting an activity in your free time. Although the cities visited on tour are generally safe during the day, there can be risks to wandering throughout any major city at night. It is our recommendation to stay in small groups and to take taxis to and from restaurants, or during night time excursions.

Water based activities have an element of danger and excitement built into them. We recommend only participating in water based activities when accompanied by a guide(s). We make every reasonable effort to ensure the fun and adventurous element of any water based activities (in countries with varying degrees of operating standards), have a balanced approach to safety. It is our policy not to allow our CEOs to make arrangements on your behalf for water based activities that are not accompanied by guide(s).

Swimming, including snorkeling, is always at your own risk. [Read more about travel safety](#) for ways to further enhance your personal safety while traveling.

What rules should I know before joining this trip?

Illegal drugs will not be tolerated on any trips. Possessing or using drugs not only contravenes the laws of the land but also puts the rest of the group at risk. Smoking marijuana and opium is a part of local culture in some parts of the world but is not acceptable for our travellers. Our philosophy of travel is one of respect towards everyone we encounter and in particular the local people who make the world the special place it is. The exploitation of people in the sex trade is completely contrary to this philosophy. Our CEOs have the right to expel any member of the group if drugs are found in their possession or if they utilize the services of paid sex workers, in any capacity.

Is travel insurance required for my trip?

Travel insurance is compulsory in order to participate on any of our trips. When travelling on a group trip, you will not be permitted to join the group until evidence of travel insurance has been sighted by your leader, who will take note of your insurance details. When selecting a travel insurance policy we require that at a minimum you are covered for medical expenses including emergency evacuation and repatriation. A minimum coverage of USD200,000 is required. We strongly recommend that the policy also covers personal liability, cancellation, curtailment and loss of luggage and personal effects. Some tours include adventure activities that require extra coverage (e.g. crampon use); please review your itinerary and make sure that you are covered for all included activities. If you have credit card insurance we require proof of purchase of the trip (a receipt of credit card statement) with a credit card in your name. Contact your bank for details of their participating insurer, the level of coverage and emergency contact telephone number.
