ITINERARY

NOTE: Accommodations vary per departure and are subject to change until tour start date; they are not final and should be used as examples only. Travellers may login to the G Adventures App to view accommodations specific to their departure.

Day 1

KIGALI

Arrive at any time. Arrival transfer is included.

If you arrive early, take some time to explore the city, known for its pleasant, friendly atmosphere. Kigali also has some interesting and historic sites outside of the city. If you want more time to explore, we recommend booking a pre-night.

Please remember that this is a developing area and as such, accommodations/service may not be of similar standard to which you are used to in your home country. There also can be differences in service levels between different countries in East Africa. As well, interruptions in electricity and water can be common and internet/wifi is often only available in large cities. We appreciate your patience and understanding as well as your sense of adventure.

A/C is not available in the accommodations used on this trip. In general it is not a concern as it does cool down at night and depending on location fans or screened windows are available.

4x4 safari vehicles are used to better navigate rough roads but important to note that vehicles do not have A/C.

ACCOMMODATION

Hotel des Mille Collines (or similar) Hotel

Visit the Kigali Genocide Memorial and pay your respects to the victims of the 1994 Rwandan genocide, learning about this somber chapter of the country's past. Later, embark on a community walk in the vibrant Nyamirambo neighbourhood and enjoy a local lunch at the G Adventures-supported Nyamirambo Women's Centre. Travel to northern Rwanda in the afternoon and settle into our lodge, located at the edge of Volcanoes National Park and offering stunning views of the soaring peaks.

Volcanoes National Park borders Virunga National Park in the Democratic Republic of Congo (DRC) and Mgahinga Gorilla National Park in Uganda. Five of the eight volcanoes in the Virunga Mountains can be found here. The volcanoes and highlands of the park are covered in lush rainforest and bamboo (a favourite snack of the gorillas). While the most famous resident is the mountain gorilla, there's plenty of other wildlife roaming around: buffaloes, bushbucks, golden monkeys, hyenas, numerous bird species, and some elephants call this place home.

Altitude note: Volcanoes NP - approx 2,000 m (6,550 ft)

TODAY'S ACTIVITIES

Kigali Genocide Memorial Visit Kigali 2h

Visit the Kigali Genocide Memorial Centre, which serves as a permanent memorial to those who fell victim to the genocide in 1994. The centre opened on the tenth anniversary of the Rwandan Genocide, in April 2004, and was built on a site where more than 250,000 people are buried.

Please note that content at the Memorial Centre shows the harsh reality of the genocide.

ACTIVITY

Located in Nyamirambo, the largest and most vibrant township in Rwanda, the centre provides women and girls from a diverse range of backgrounds, the opportunity to support each other and succeed, through education and training programs. Enjoy lunch prepared by women employed at the centre, allowing us to try local foods and popular dishes. After lunch, take some time to browse the centre's shop, which features handmade, high-quality crafts and clothes, made by some of the women at the shop, as well as other women's cooperatives throughout Rwanda. Proceeds from the meal and shop help support the centre's education and training programs, including a community library.

Day 3

VOLCANOES NATIONAL PARK

Set out on a trek in lush, jungle-covered hills with a park ranger to track a unique and endangered species—the golden monkey. Observe these playful, curious creatures in their natural habitat; then visit the Ellen Degeneres Campus of the Karisoke Research Center, founded by National Geographic Grantee Dian Fossey. Visit the public exhibit and enjoy immersive activities, like a 360-degree theatre and replica of Dian Fossey’s original cabin before meeting with some of the organization’s gorilla experts. Hear their experiences and stories working for the largest gorilla conservation organization in the world, and have the chance to ask them questions.

Proper hiking attire must be worn – you will be trekking in a rainforest with lots of vegetation, undergrowth, nettles and normally a rather muddy terrain. Please inform your Expedition Leader in advance if you would like to rent gaiters for the trek. Walking sticks will be provided.

Only 1 hour is spent with the Golden Monkeys to ensure their protection and conservation.

Please note that if you are unwell with anything contagious, even a common cold, you may be denied any of the treks to ensure the safety of the golden monkeys. This is a national park regulation, and trekking permits will not be refunded if you are denied entrance due to illness.

The order of activities over Days 3 and 4 can change depending on permit scheduling.

TODAY'S ACTIVITIES

Golden Monkey Trek

Volcanoes National Park

3h-5h

Embark on a trek in Volcanoes National Park to view a species even more endangered than the mountain gorilla – the golden monkey. It is only in Rwanda where this interesting species has been successfully habituated. Look (and listen) for these lively and curious creatures that like to chatter – they are often only seen high up in the trees, but, with luck, hikers may have a close encounter. Golden monkeys mainly live in the lower parts of the bamboo forests; they are not as socially “tight” as gorillas and chimpanzees, and the number in the habituated troupe can vary on any given day between 20 and 80.

ACTIVITY

Founded 50 years ago by Dian Fossey, the Karisoke Research Center in Rwanda is considered the world’s best hope for the survival of endangered mountain gorillas. The Fossey Fund is also the world’s longest running and largest organization dedicated entirely to gorilla conservation. More recently, the organization moved to its permanent home near the gorgeous landscape of Volcanoes National Park and has now been named the Ellen Degeneres Campus of the Karisoke Research Center. During the evening visit you’ll be invited to check out the immersive activities in the public exhibit while learning about the biodiversity of this region. Then, the group will meet one of the resident researchers at the center and enjoy a talk with the organization’s gorilla experts at the Virunga Overlook. They will share their experiences working with the organization and answer any questions you may have. There will be a selection of non alcoholic beverages, wine, and light snacks included. Thanks to the work Karisoke does, the mountain gorillas of this region are the only species of great ape to have increased in number in recent decades. Between 1967 and 1983, Dian Fossey received over 16 grants from National Geographic and was featured many times in the pages of National Geographic magazine.

Embark on an unforgettable trek through the jungle alongside a park ranger to search for mountain gorillas. When we come across a group of gorillas, witness their fascinating social dynamics up close. Note that these treks can vary in length and difficulty depending on the location of the gorillas. Return to our lodge for lunch, followed by a visit to a local village to catch a glimpse of daily rural life.

Approximately 800 mountain gorillas exist globally in the wild today. They are found in Rwanda, DRC, and Uganda. In DRC and Rwanda, gorillas live in similar ecosystems/areas. The gorilla species found in these three areas are called highland gorillas.

In Rwanda there are ten habituated gorilla families that are open to visits – the visit to a gorilla family is done once per day, with a maximum 8 trekkers per group and the duration of a visit is limited to one (1) hour with the gorilla family. The time spent with them is limited due to conservation considerations and to minimize impact on the day-to-day life of the gorilla family you are visiting. It is important to be well prepared for the trek – you never know if your total trek will be short or long. The total duration of a trek can vary and be anything between 4 and 9 hrs in length depending on the location of the gorillas, which are constantly moving. You will mainly walk where there are no paths apart from the occasional buffalo or elephant trail.

Touching the gorillas is not allowed (although in some cases they may touch you). Making loud noises or sudden movements is also not allowed. You should attempt to keep a distance of 7m from the gorillas, however the gorillas themselves are unaware of this and will often get very close, in which case you should try to slowly move away. At all times you must abide by the instructions of the trackers and rangers.

Please note that porters are available at approx. \$10USD per person. The porters are all hired from local villages and not only can carry your day pack, but assist you with a welcome hand over difficult spots. Regardless of your fitness level, we highly recommend hiring a porter as some tracks can be very muddy and elevation can affect even the most fit person. It also provides employment and supports the local community.

Mountain gorillas share 98% of our DNA and are prone to catching human illnesses. Please note that if you are unwell with anything contagious, even a common cold, you may be denied any of the treks to ensure the safety of the gorillas. This is a national park regulation, and trekking permits will not be refunded if you are denied entrance due to illness.

Proper hiking attire must be worn – you will be trekking in a rainforest with lots of vegetation, undergrowth, nettles and normally a rather muddy terrain. Please inform your Expedition Leader in advance if you would like to rent gaiters for the trek. Walking sticks will be provided. Minimum age for gorilla trekking is 15 years old.

Please note that depending on the size of our group and when permits are confirmed, we may be split into 2 trekking groups and you may be trekking with non-G travellers.

TODAY'S ACTIVITIES

Iby'iwacu Village Visit Volcanoes National Park

Visit a small farming village where the locals have put a stop to poaching and put their focus on sheep farming. Meet the local people and get a first hand look at rural life in this area.

Gorilla Trekking Volcanoes National Park – Kigali 4h-9h

Depart early and transfer to the national park to meet the park ranger/guide for orientation. Embark on the trek, which can vary in length and difficulty, depending on the location of the gorilla family that's being visited. Spend an hour observing these beautiful and endangered creatures. Trek back and return to the hotel with the remainder of the afternoon to yourself.

Day 5

VOLCANOES NATIONAL PARK/AKAGERA NATIONAL PARK

Head back to Kigali for lunch, then continue east to Akagera National Park. Armed conflict once devastated this part of Rwanda, and many years of neglect and misuse followed. Yet dedicated work by the local communities resulted in the return of wildlife to the park's savannas, forested hills, and wetlands. Learn more about this fascinating conservation success story in a behind-the-scenes visit to the African Parks headquarters here. Later, check into our comfortable lodge overlooking stunning Lake Ihema.

Akagera National Park offers a remarkable conservation story and is home to the Big Five, zebras, giraffes, elephants and hundreds of bird species. Running directly along the boarder with Tanzania, the park covers 1,122 km² (433 sq mi) and offers a variety of landscapes including highlands, savannah plains, swamps, wetlands and lakes.

5h30m-6h

240km

Roads? Where this rough-and-ready vehicle's going, we don't need roads.

ACTIVITY

Take a behind-the-scenes tour of the African Parks headquarters here. Gain insights into issues of modern wildlife conservation, the day-to-day process of managing a protected zone, and the importance of community support to protect the park. Visit the anti-poaching room to learn about monitoring and methods of protection, including the use of a canine unit. Then head to the Akagera Village and learn about an outreach project that helps educate the local community about conservation and sustainability.

Day 6

AKAGERA NATIONAL PARK

Wake before sunrise for an early morning safari drive in search of the “big five.” Keep an eye out for lions, buffalo, hyenas, and antelopes grazing freely here. Return to the lodge for lunch and some free time to relax or take a dip in the pool. In the afternoon, glide along Lake Ihema by boat, watching for hippos and crocodiles. Spot more wildlife, such as elephants and buffalo, as they gather at the lakeshore to drink water. Keep an eye out for a variety of birds including herons, shoebill storks, fish eagles, and kingfishers.

Is there a disclaimer I should read before booking this trip?

The information in this trip details document has been compiled with care and is provided in good faith. However it is subject to change, and does not form part of the contract between the client and the operator. The itinerary featured is correct at time of printing. It may differ slightly to the one in the brochure. Occasionally our itineraries change as we make improvements that stem from past travellers, comments and our own research. Sometimes it can be a small change like adding an extra meal along the itinerary. Sometimes the change may result in us altering the tour for the coming year. Ultimately, our goal is to provide you with the most rewarding experience. Please note that our brochure is usually released in November each year. If you have booked from the previous brochure you may find there have been some changes to the itinerary.

VERY IMPORTANT: Please ensure that you print a final copy of your Trip Details to review a couple of days prior to travel, in case there have been changes that affect your plans.

Is there an itinerary Disclaimer?

While it is our intention to adhere to the route described below, there is a certain amount of flexibility built into the itinerary and on occasion it may be necessary, or desirable to make alterations. The itinerary is brief, as we never know exactly where our journey will take us. Due to our style of travel and the regions we visit, travel can be unpredictable. The Trip Details document is a general guide to the tour and region and any mention of specific destinations or wildlife is by no means a guarantee that they will be visited or encountered. Aboard expedition trips visits to research stations depend on final permission.

Additionally, any travel times listed are approximations only and subject to vary due to local circumstances.

What important notes should I be aware of before the trip?

1. AGE RESTRICTIONS

Please note that all passengers must be aged 15 years or older (prior to start of travel) to go on this tour - there are no exceptions to this as it is for safety reasons and strictly controlled by the Government.

2. PHYSICAL REQUIREMENT

This trip is rated a level 4 physical requirement- travellers should be in excellent physical condition, without any heart problems and prepared to spend strenuous days in humid rain forests, steep terrain and high altitude trekking for gorillas, as well as other primates. Please ensure you meet the requirements as described under "physical rating".

3. TRAVEL DAYS

Travelling can be difficult, as long drives and poor road conditions are the rule as opposed to the exception in both Rwanda and Uganda. Despite this, the diversity and scenery of the African landscape, the local culture and abundant wildlife are all well worth the experience.

4. WILDLIFE SIGHTINGS

G Adventures can never guarantee the sighting of wildlife, especially when it comes to mountain gorillas. However, the mountain gorilla trek is organized to ensure success. Before heading into the jungle, our local guides receive coordinates from trackers on the whereabouts of the gorillas, and the trackers stay with the gorillas until the group arrives.

5. ILLNESS

Please note that if you are unwell with anything contagious, even a common cold, you may be denied any of the treks to ensure the safety of the gorillas, golden monkeys and chimps. This is a national park regulation, and trekking permits will not be refunded if you are denied entrance due to illness.

6. CAMERAS

As it is very dark and damp in the jungle; please ensure your camera equipment is appropriate for such conditions and that you bring dry bags to protect it.

7. ELECTRICITY

The power supply in Rwanda is nominally 240VAC, 50hz. Variable voltage, spikes and sporadic, unexpected, unscheduled power cuts of varying duration can be expected.

8. YELLOW FEVER

Please be advised that it will be required to show a yellow fever certificate upon entering Rwanda.

9. AIRPORT & BORDER HEALTH SCREENINGS

Due to the outbreak of Ebola Virus Disease (EVD) in the Democratic Republic of the Congo (DRC), Rwandan and Ugandan authorities have implemented health screening measures at entry points, including airports and border crossings. Authorities may conduct health screenings of any incoming travelers, including routine medical questioning and temperature readings. Currently, there are no reported cases of Ebola in Uganda or Rwanda, but we want you to be aware of the precautionary measures that are being taken. We recognize that new security measures may be implemented daily throughout the region, so we wish to prepare you with the most current information.

According to the Centers for Disease Control and Prevention (CDC), the Ebola virus is transmitted only through contact with the bodily fluids of an infected individual, as it is not an airborne illness. Per CDC recommendations, we advise our travelers to follow these general hygienic guidelines to help prevent illness while traveling:

- Wash hands with soap and water or an alcohol-based hand sanitizer.

- Avoid contact with the bodily fluids of others.

- For more information about the Ebola virus, please consult the CDC's webpage dedicated to information about Ebola:
<http://www.cdc.gov/vhf/ebola/>

10. COMBO TRIP

Please note that this tour combines with other G Adventures tours. As such, the staff and some travel companions on your tour may have previously been traveling together with G Adventures, prior to Day 1 of your tour. Likewise, some staff and travel companions may be continuing together on another G Adventures tour, after your trip concludes.

11. ACCOMMODATION NOTE:

Please be aware that properties we stay in with only two stories may not have elevators installed and climbing the stairs with your luggage will be necessary.

What is the group leader like?

The National Geographic Expedition Leader will be the group manager and leader. He/she organizes the trip, and will be there to assist you when needed. He/she will take care of the small things so you can concentrate on enjoying your adventure. All of our Expedition Leaders in East Africa are experienced group leaders, with a broad knowledge base of the region's history, cultures, and wildlife. Your leader will be from either southern or East Africa depending on which part of the tour you are on. In Rwanda/Uganda the Expedition Leader will also drive.

During both treks in Volcanoes National Park, we use an experienced and certified tracking guide, and armed guards to accompany you for your safety.

We also use local guides for some included activities where we think more specific knowledge will add to the enjoyment of the places we are visiting.

How large will the group be?

Max 6, avg 5.

What meals are included in this trip?

7 breakfasts, 5 lunches, 5 dinners

What are the meals like on this trip?

Most of the meals on this tour are included in the tour price.

Vegetarian meals and other dietary requirements need to be specified prior to arrival. Please note all bottled drinking water will be at your own expense.

What are the modes of transportation on my trip?

4x4 safari vehicle, walking, hiking, boat.

What transportation will we take on this trip?

Road travel can be difficult, with long drives and poor road conditions at times. Please take note of the travel times and distances in the above itinerary, and consider that this is often on poor quality, bumpy roads. Despite this, most clients feel that the diversity of the African landscape, culture and wildlife are all well worth the experience. As such, this trip will be operated in 4x4 Land Cruiser/safari vehicle, driven by your Expedition Leader. The 4x4s do NOT have A/C but have large windows which slide open for wildlife viewing and photography.

Is there an extra cost for travelling solo?

We believe single travellers should not have to pay more to travel so our group trips are designed for shared accommodation and do not involve a single supplement. Single travellers joining group trips are paired in twin or multi-share accommodation with someone of the same sex for the duration of the trip. Some of our Independent trips are designed differently and single travellers on these itineraries must pay the single trip price.

Where will we stay during the trip?

Hotel/lodges – 7 nts.

Will I get my own room?

Please note if you have booked the My Own Room/Tent option for this tour, you will receive your own single accommodation for all night stops.

What kind of accommodation can I expect on this trip?

Start and end hotels on this tour offer comfortable accommodations with en-suite bathrooms, standard facilities, and wifi. Additional amenities vary from location to location. Please see the hotel listings on the Full Itinerary if you would like to learn more about the offerings of your accommodations.

Please remember that hotel/lodge/camp standards can be different from what you are used to in your home country, which is part of the appeal of adventure travel.

Note:

- 1) Under certain circumstances we reserve the right to change accommodation and provide something slightly different to what is described, though it will always be of similar or better standard/level.
- 2) Most lodges and camps do not have 24hr electricity - they usually run on generators which are routinely shut off overnight from approximately 10pm to 5am.
- 3) Lodges and camps are NOT equipped with fans or air conditioning due to the electricity constraints listed above.
- 4) Winter nights (June to September) can be cold, and most lodges and hotels do not have insulation or central heating. If you require additional blankets or a hot water bottle, these can be requested through your Expedition Leader or at the reception.

What are the joining instructions?

For details of your joining hotel please refer to your tour voucher, G Account, the G Adventures App or contact your travel agent.

An arrival transfer is included when you arrive on Day 1, or if you arrive up to three days prior provided that you have booked your pre-accommodation through National Geographic Journeys in our joining hotel. Due to customer experience and quality considerations, all services related to the tour must be continuous.

Our driver will be waiting for you with a National Geographic Journeys sign, and they will be waiting for you outside the luggage hall. If for any reason you are not met at the airport, please call our local support line below. If you are unable to make contact for whatever reason, please make your way to the joining point hotel via taxi.

Name: Robert

Contact: +250 784 744 586 or +250 789 080 348

Please note that day 1 is an arrival day and no activities have been planned on this day.

Upon arrival to your Joining Hotel (note that check-in time will be in the afternoon), look for a note or bulletin board in the reception with a note from your Expedition Leader. This note will give the details of your Welcome Meeting on day 1 (usually between 5pm and 7pm), where you will get a chance to meet your Expedition Leader and other travellers, as well as learn more about how the tour will run. If you don't see a note, please ask reception for details!

If you are arriving later and will miss the Welcome Meeting, your Expedition Leader will leave a note at reception for you with any information you may need, and with morning instructions for the next day.

What happens if I experience problems when arriving?

We don't expect any problems, and nor should you, but if for any reason you are unable to commence your trip as scheduled, as soon as possible please contact your starting point hotel, requesting that you speak to or leave a message for your Expedition Leader (if you are not on a group tour please refer to the emergency contact details provided in this dossier). If you are unable to get in touch with your leader, please refer to our emergency contact details.

Who should I contact in case of an emergency?

Should you need to contact us during a situation of dire need, it is best to first call either the G Adventures Local Representative (if one is listed below) or our G Adventures Local Office. If for any reason you do not receive an immediate answer, please leave a detailed message and contact information, so they may return your call and assist you as soon as possible.

AIRPORT TRANSFER

If you have purchased an arrival through G Adventures or if an arrival transfer is included in the cost of your tour, please note that:

Your arrival transfer has been arranged based on flight information provided to us. If you are advised of a flight schedule change or flight cancellation within 48 hours of your scheduled arrival time, please call the emergency contact number to advise of your new arrival flight information. If you do not, we will not be able to rearrange your arrival transfer and you will need to make your own way to the starting hotel at your own expense. If your arrival transfer does not arrive within 30 minutes after you have exited the arrivals area please take a taxi to your start point hotel.

Are there any additional packing suggestions I should consider?

You will be on the move a lot, so our advice is to pack as lightly as possible. Your baggage should be clearly labelled and restricted to one soft compact suitcase, sports bag, or backpack, of medium size, as well as a day pack.

On this trip you may experience several types of weather. It is important to pack clothes for warm days and cool evenings. Light, quick-drying, practical clothes are advisable for this trip.

While hiking, your clothes will in all likelihood get very muddy and may not recover to their original state - therefore take old clothing for trekking. Hard wearing clothes, no bright colours, or no army camouflage clothing should be worn.

Greens, khaki and similar neutral clothes are recommended.

- Thermal base layer (Woollen or synthetic, not cotton)

Warm Weather:

- Sandals/flip-flops
- Shorts/skirts (Longer shorts/skirts are recommended)
- Sturdy water shoes/sandals
- Sun hat/bandana
- Swimwear Note: The climate in East Africa varies between the dry and rainy season and temperatures can rage greatly (even in a single day). Please ensure you bring a windproof rain jacket and rain gear.

When can I do my laundry on this trip?

Laundry facilities are offered by some of our hotels and lodges for a charge.

What are the visas and entry requirements for my trip?

All countries require a valid passport (with a minimum 6 months validity). Contact your local embassy or consulate for the most up-to-date visa requirements, or see your travel agent. It is your own responsibility to have the correct travel documentation. Visa requirements for your trip will vary depending on where you are from and where you are going. We keep the following information up to date as far as possible, but rules do change and sometimes without warning. While we provide the following information in good faith, it is vital that you check the information yourself and understand that you are fully responsible for your own visa requirements.

Visa information specific to your destination and nationality can be found in our Important Pre-Departure Information page [here](#)

Rwanda:

Most nationalities will require a visa to visit Rwanda. For more information, please refer to the Rwanda immigration department's official website [here](#)

East Africa Tourist Visa:

An East Africa Tourist Visa allows the holder to move freely between Rwanda and Uganda with only one Visa, and is valid for a period of 90 days. It also acts as a multiple entry Visa, so if you leave any of the above countries, you do not need a new Visa to re-enter (provided it is within the 90 day validity period).

This needs to be applied for in advance, for visitors who wish to visit simultaneously the two countries (Rwanda and Uganda) for tourism.

If acquiring the EATV visa before travel, your first entry point must be the country through which you applied for the visa.

The East Africa Tourist Visa costs US\$100.

Information is accurate as of March 1st, 2024.

How much spending money do I need for my trip?

Every traveller is different and therefore spending money requirements will vary. Some travellers may drink more than others while other travellers like to purchase more souvenirs than most. Please consider your own spending habits when it comes to allowing for drinks, shopping and tipping. Please also remember the following specific recommendations when planning your trip.

What should I know about currency, credit cards, and exchanging money while on this tour?

The local currency in Rwanda is the Rwanda Franc.

There are several foreign exchange bureaus in Kigali offering similar rates, the most widely accepted currency is US\$. Your Expedition Leader will inform you where you can change money throughout the tour and approximately how much money you will need for each country. That said - most everything is included in this tour - we recommend that you bring enough USD cash with you, to cover for any additional drinks/snacks and souvenir shopping.

The easiest foreign currency to exchange for locally for any of the local currencies is the \$US; however the British Pound and Euro may also be exchanged as well. Please note that due to past problems with forgery, \$US notes that are older than year 2006 are not accepted in Africa. Larger note (\$US 50, \$US 100 etc) can be difficult to change in some places, but will gain you the best exchange rate.

If you plan to buy your visas at borders, you will need to bring \$USD cash to pay for these visas. Please note you cannot use the local currency or any other currency to buy these visas- they must be purchased in USD.

Please do not bring Travellers' cheques to Africa. They are difficult if not impossible to exchange in many places.

Visa/Plus system cards are the most widely accepted debit cards. it is harder to find machines Mastercard/Cirrus cards. We highly recommend that if you hold a Mastercard, you obtain a Visa card prior to departure and travel with both. This is also useful should something unforeseen happen to one of your cards during your travels. While there are many ATMs in the major centres, there are no guarantees that your credit or debit cards will actually work in Africa. Check with your bank.

Credit cards can be used in major cities and towns ONLY but please do not rely on them as a method of payment because they are generally not widely accepted. You should be aware that to purchase products or services on a credit card a fee of 5%-10% usually applies. The majority of our optional activities can also be paid by credit card. Your Expedition Leader will advise on these.

Please note that in many areas there may be occasional power-outages, where there will be no electricity for hours at a time. In addition, ATMs outside of larger centers often run out of cash or can be out of order unexpectedly. These factors could affect your ability to access money from ATMs. As such, please do not rely on credit or debit cards as your only source of money.

A combination of foreign currency and debit/credit cards for cash advances is best. Always take more rather than less, as you don't want to spoil the trip by constantly feeling short of funds.

As currency exchange rates can fluctuate often we ask that you refer to the following website for daily exchange rates: www.xe.com.

How much emergency money should I bring on this trip?

Please also make sure you have access to at least an additional USD \$200 (or equivalent) as an 'emergency' fund, to be used when circumstances outside our control (ex. a natural disaster) require a change to our planned route. This is a rare occurrence!

Do I need to pay a departure tax?

USD40, usually included in most international air tickets.

Should I be tipping on my trip?

Tipping is an expected, though not compulsory, component of your tour program. The gesture serves as an expression of appreciation for exceptional service, and amounts given are up to your discretion.

Tipping is one of the most direct ways that you can have a positive economic impact within the African community. Although it may not be customary for you, it is an important source of income for those in the tourism industry. Giving a tip should be seen as a formal 'thank you', and the action should in no way be awkward.

The best method of tipping someone that has served the whole group is to plan in advance, and not rush when it comes to saying goodbye. A suggestion would be for each group member to contribute anonymously by putting their tip into an envelope. This often works the best and the group should gather to present the gift to the recipient(s), offering their thanks and showing their appreciation. This method brings the action out into the open, allowing for a friendly and appreciative interaction between the group and the recipient(s).

You may use the following as a guideline, all given in a per person format:

Driver/Guide: \$5-10 USD (per day)

Gorilla Trekking Guides: \$10-15 USD (per day)

Gorilla Trekking Porters: \$20 USD (per day)

Restaurant/café servers: 10% of the cost of the bill

What activities are optional on this trip?

- No optional activities

Are there any health considerations I should know before travelling?

We recommend you contact your family physician, or your local travel clinic for the most up-to-date health information at least one month before departure. Travellers should also carry a basic first-aid kit and hand sanitizers/antibacterial wipes on their travels. Medical facilities are basic throughout these countries. For your own safety, we strongly recommend that you advise your tour leader of any medical condition that may affect you while travelling with the group. Your tour leader will be able to inform you of local health advisories (e.g. drinking water quality). Please ensure you have all the inoculations recommended by your doctor.

Yellow Fever Certificate Note: (Updated: May 2023)

It is compulsory to show a valid Yellow Fever Certificate if you are travelling to the following G Adventures-visited countries from a Yellow Fever endemic country:

- Botswana
- Ethiopia
- Kenya
- Madagascar
- Malawi
- Mozambique
- Rwanda
- South Africa
- Swaziland
- Uganda
- Zambia
- Zimbabwe

For some of these countries, proof of Yellow Fever vaccination is also required for passengers who have travelled more than 12 hours through the airport of an endemic country. If other countries not endemic to Yellow Fever have been visited after visiting an endemic country, then a Yellow Fever certificate may still be required on entry. Please check country-specific regulations before your departure.

Malaria

Malaria is a mosquito-borne disease that is present in some regions in Africa. Risk of malaria can increase during periods of heavy rain, during the rainy seasons, and in densely populated areas of Southern & East Africa. To prevent malaria, we recommend speaking to your doctor about taking preventative medication (prophylaxis), combined with regular use of insect repellent spray/cream. Please check updated travel health advisories specific to malaria before your departure.

What do I need to know to about safety and security on my trip?

Many national governments provide a regularly updated advice service on safety issues involved with international travel. We recommend that you check your government's advice for their latest travel information before departure. We strongly recommend the use of a neck wallet or money belt while travelling, for the safe keeping of your passport, air tickets, travellers' cheques, cash and other valuable items. Leave your valuable jewellery at home - you won't need it while travelling. Many of the hotels we use have safety deposit boxes, which is the most secure way of storing your valuables. A lock is recommended for securing your luggage. When travelling on a group trip, please note that your group leader has the authority to amend or cancel any part of the trip itinerary if it deemed necessary, due to safety concerns. Your Expedition Leader will accompany you on all included activities. During your trip you will have some free time to pursue your own interests, relax and take it easy and explore at your leisure. While your Expedition Leader will assist you with options available in a given location, please note that any optional activities you undertake are not part of your itinerary, and we offer no representations about the safety of the activity or the standard of the operators running them. Please use your own good judgement when selecting an activity in your free time. Although the cities visited on tour are generally safe during the day, there can be risks to wandering throughout any major city at night. It is our recommendation to stay in small groups and to take taxis to and from restaurants, or during night time excursions. Water based activities have an element of danger and excitement built into them. We recommend only participating in water based activities when accompanied by a guide(s). We make every reasonable effort to ensure the fun and adventurous element of any water based activities (in countries with varying degrees of operating standards), have a balanced approach to safety. It is our policy not to allow our Expedition Leaders to make arrangements on your behalf for water based activities that are not accompanied by guide(s). Swimming, including snorkeling, is always at your own risk. [Read more about travel safety](#) for ways to further enhance your personal safety while traveling.

What are the trip specific safety considerations?

Cities

Please exercise caution in the cities and always take a pre-arranged taxi if you go out at night.

Trekking/safari

At all times, please abide by all National park/reserve rules and always follow interactions from guides/trackers specifically, these are set to not just protect the wildlife but also to protect you.

Photography

Please refrain from taking photos of police stations, airports, bus stations, immigration and border crossings, army barracks and personnel, or any government building. It is against the law and will result in the minimum of your film and camera being confiscated.

What rules should I know before joining this trip?

Illegal drugs will not be tolerated on any trips. Possessing or using drugs not only contravenes the laws of the land but also puts the rest of the group at risk. Smoking marijuana and opium is a part of local culture in some parts of the world but is not acceptable for our travellers. Our philosophy of travel is one of respect towards everyone we encounter and in particular the local people who make the world the special place it is. The exploitation of people in the sex trade is completely contrary to this philosophy. Our Expedition Leaders have the right to expel any member of the group if drugs are found in their possession or if they utilize the services of paid sex workers, in any capacity.

Is travel insurance required for my trip?

Travel Insurance: Travel insurance is compulsory in order to participate on any of our trips. When travelling on a group trip, you will not be permitted to join the group until evidence of travel insurance has been sighted by your Expedition Leader, who will take note of your insurance details. When selecting a travel insurance policy please bear in mind that all clients must have medical coverage and that we require a minimum coverage of USD 200,000 for repatriation and emergency rescue. We strongly recommend that the policy also covers personal liability, cancellation, curtailment and loss of luggage and personal effects. If you have credit card insurance we require proof of purchase of the trip (a receipt of credit card statement) with a credit card in your name. Contact your bank for details of their participating insurer, the level of coverage and emergency contact telephone number.

What is Planeterra?

Planeterra International Foundation is a non-profit organization committed to turning travel into impact by helping local communities earn an income from tourism. Planeterra connects underserved local communities to the benefits of tourism by developing and supporting small community-owned businesses. These businesses support Indigenous people, empower women, grant youth access to employment opportunities, and protect the environment. Planeterra also works to ensure these businesses have a thriving customer base by integrating their projects into G Adventures' itineraries globally.

G Adventures is Planeterra's largest corporate donor, covering all operating costs, so 100% of your donation will bring opportunity to people in need.

G Adventures Dollar-a-day Program - Make Every Day Count - Turn your travel into impact with [Planeterra Foundation](#).

Did you know? Most communities around the world do not benefit from tourism. Give back to the places you visit on your travels by creating opportunities for local people to earn an income, and protect the environment.

Make every day count by donating \$1/day for the length of your trip, and join us in empowering the communities you will visit when you travel. 100% of your donation goes directly to Planeterra projects.

How old must I be to join this trip?

Minimum age of 15 years for this trip.

Are international flights included in this trip?

No, international flights are generally not included in the price of your tour.

However, on some combo tours travelling between two different countries, international flights are included as part of the itinerary and price of the tour. Please speak to your GCO or booking agent for further details.

In addition, check-in times and baggage allowances/restrictions vary by airline and can change at any time. For the most up-to-date information for your flight, please contact your airline. We recommend checking in online in advance to avoid potential delays at the airport.

What should LGBTQ+ travellers know about safety and travel considerations on this trip?

The safety and well-being of all of our travelers is a priority at G Adventures and that includes our travelers who identify as part of the LGBTQ+ community. We recognize that there are specific concerns and questions you may have about your adventure in terms of safety and security. We encourage you to visit our [LGBTQ+ page](#) for useful resources to ensure you feel safe and comfortable throughout the duration of your trip. The Equaldex tool linked on this page can be of particular help when deciding where you may want to visit next.
