Il Ngwesi: Maasai Wildlife Tracking

Without a doubt the Maasai people have become the symbol of East Africa in many ways. North of Nairobi, south of Samburu, sits a very special lodge with a very special story. Il Ngwesi is owned and operated by the local Maasai community. The aim is to invite travelers to meet the community and feel completely immersed into your surroundings. It can be hard to really understand a culture when you are limited to a quick hour-long visit, and this experience at Il Ngwesi is the exact opposite. Spend plenty of time with your hosts, asking questions and discussing life. Join them on a bush walk to learn local techniques, or visit the village to learn how to craft some beautiful beadwork. With a laid back pace and a completely private experience, your stay at Il Ngwesi is completely worthy of its OMG status.

After a short flight from Nairobi to Laikipia, transfer to a vehicle to make your way north to Il Ngwesi. Keep your eyes peeled as you will be on safari some of the way to the lodge. Stretch your legs this afternoon and join your Maasai guides on a bush walk as they teach you different bird calls and how to spot elephant tracks in the bush.

Il Ngwesi: Your OMG Day

Awake this morning at Il Ngwesi and with no front wall whatsoever, the fresh air wafts in as the sun rises. Rooms are built in the traditional style using wood and earth to afford travelers the opportunity to feel connected to traditional Maasai life in a very unique way. The lodge has an incredible location, set away from other tourist spots, and your hosts and guides are the Maasai men and women from the nearby community. Though not quite as modern as other facilities in Kenya, Il Ngwesi brings you straight into the heart of a Maasai community who are keen to welcome you and engage with you from the moment you arrive.

Today you get to choose! Do you want to visit a local Maasai Village or spot wildlife? If the village visit sounds right, you will head off to one nearby and learn more about Maasai culture. If you're looking for something more wildlife focused, choose to embark on morning safari alongside extremely knowledgeable Maasai guides through some of Kenya's most spectacular scenery and spot the legendary wildlife of the plains. The afternoon is for enjoying the lodge's atmosphere and amenities before a delicious dinner together as a group.

Today might just be the best day of your trip. For your OMG Day, choose between a cultural immersion visit to a nearby Maasai village, or set off on a morning wildlife safari drive through Kenya's beautiful landscape in search for the legendary creatures that call this place home. In the afternoon, you'll enjoy free time at the lodge before a group dinner in the evening.

Is there a travel disclaimer for my itinerary I should review before booking this trip?

While it is our intention to adhere to the route described below, there is a certain amount of flexibility built into the itinerary and on occasion it may be necessary, or desirable to make alterations. The Trip Details document is a general guide to the tour and region and any mention of specific destinations or wildlife is by no means a guarantee that they will be visited or encountered. Aboard expedition trips visits to research stations depend on final permission.

Additionally, any travel times listed are approximations only and subject to vary due to local circumstances.

MIGRATION

Tanzania and Kenya

The Seronera Plains, which lie in the southeast of the National Park and extend into the western Ngorongoro Conservation Area, form the main ungulate calving grounds of the Serengeti. The wildebeest typically disperse into the Seronera plains during the short rains, which fall in late November or early December, before calving in January, and staying put until the end of the long rains from January to early May. Towards the end of April the wildebeest start to congregate on the southern plains in the preparation for the 800km northward migration. The major obstacle faced by the wildebeest on this migration is the crossing for the Grumeti River through the western corridor, which typically occurs from June into early July. From July to October, the ungulates disperse again, with about half of them crossing the Mara River into Kenya's Masai Mara National Reserve and the remainder spreading out through the northern and western Serengeti. By late October the animals have generally started to plod back southward to the Seronera Plains, to arrive there in late November when the cycle starts all over again.

YELLOW FEVER: COUNTRY DETAIL

There is no risk of Yellow Fever transmission in Botswana, Kenya, Malawi, Namibia, South Africa, Tanzania, Uganda, Zambia, or Zimbabwe. However, all of these countries require proof of vaccination under International Health Regulations to prevent importation of the virus. It is compulsory to show a valid Yellow Fever vaccination certificate if you are travelling to any of the above countries from a Yellow Fever endemic country, or have recently transited through one (12 hours or more in airport). Endemic countries include: Angola, Benin, Bolivia, Brazil, Burkina Faso, Burundi, Cameroon, Central African Republic, Chad, Colombia, Democratic Republic of the Congo, Republic of the Congo, Côte d'Ivoire, Ecuador, Equatorial Guinea, Ethiopia, French Guiana, Gabon, Gambia, Ghana, Guinea, Guinea-Bissau, Guyana, Kenya, Liberia, Mali, Mauritania, Niger, Nigeria, Panama, Paraguay, Peru, Rwanda, São Tomé and Príncipe, Senegal, Sierra Leone, Somalia, South Sudan, Sudan, Suriname, Tanzania, Togo, Trinidad and Tobago, Uganda, Venezuela. We advise all travellers on Southern and East Africa itineraries to carry a valid Yellow Fever vaccination certificate regardless of their country of origin. Given the multi-country nature of these itineraries, travellers will cross borders into countries that require the certificate as a condition of entry from preceding destinations. A traveller entering the itinerary from a non-endemic country may not require the certificate to enter the first country, but will almost certainly require it by the time they cross into a subsequent one. Yellow Fever vaccinations must be administered at least 10 days prior to entry into the first country visited. Under WHO regulations (effective 11 July 2016), certificates are valid for the lifetime of the person vaccinated, there is no 10-year expiry on the certificate itself, though some border officials may be unaware of this. Travellers should carry their original International Certificate of Vaccination or Prophylaxis (yellow card) at all times during the tour. Travellers without a valid certificate run the risk of being denied entry and will not be able to continue with the tour. Any additional travel expenses incurred will be at the traveller's own account.

LUGGAGE COMPLICATIONS

It occasionally happens that luggage on international flights into Nairobi does not arrive, especially with, but not exclusive to, major airlines out of London-Heathrow or Schiphol (Amsterdam). Please be aware that this may happen, especially if you have a tight connection in either of these centres, are flying with different airlines with a connection, have a last minute flight change or re-route, or fly from or connect through another African centre. Please be prepared and keep all important documentation and valuables on your person. As well we recommend a change of clothes in your hand luggage. If unfortunately this does happen, and your luggage does not arrive, you should be entitled to a

limited initial compensation from your airline. In Nairobi, the arrival of lost luggage normally takes between 48 and 72 hours after the initial plane's arrival. The airlines technically should be responsible to forward your luggage to you, to your hotel or elsewhere in Kenya. You may find that your tour will begin, and you still have not received your luggage. Considering that the customer service standards in Kenya are different from home, and that we find that the airlines are not always pro-active in helping luggage in its care be reunited with its owner, it is recommended that you purchase locally a few needed items, begin your tour, and hire someone locally to persist with the your airline to retrieve your luggage. Your CEO or local representative will be able to help you organize this, and once your luggage is retrieved, it should be able to be forwarded to you - depending where you are. Please note that any costs that you may incur for luggage retrieval or sending luggage are not the responsibility of G Adventures, though we will always strive to assist you in any way possible. You should always keep all receipts and documentation, and contact your airline or insurance provider for reimbursement.

FLYING THROUGH LONDON-HEATHROW TO EAST AFRICA?

Please note that regardless of the rules in other centres, travellers flying from, or connecting in, London-Heathrow are currently only permitted one carry-on piece of luggage and one small personal bag (purse, laptop-size bag, briefcase) on board on flights to Nairobi. If you arrive to the security gate with 2 pieces, you will be forced to check-in one of them, which may result in complications noted above. This policy is in place as of the time of writing, though local rules and regulations may indeed change. It is thus advisable to contact your airline directly for the most up-to-date information.

ELECTRICITY

The power supply in Kenya and Tanzania is nominally 240VAC, 50hz. Variable voltage, spikes and sporadic, unexpected, unscheduled power cuts of varying duration can be expected.

LUGGAGE

Due to weight restrictions on the internal flight, your checked luggage may not weigh more than 15kg (33 lbs).

What is the role of the group leader during this trip?

What information should I be aware of as the itinerary draws to a close?

You will be met at your hotel and transferred to the airport at the end of your adventure.

Are there any additional packing suggestions I should consider?

You will be on the move a lot, so our advice is to pack as lightly as possible. Your baggage should be clearly labelled and restricted to one soft compact suitcase, sports bag, or backpack, no larger than 30cm(height) x 30cm(width) x 60cm(length), maximum 15kg, plus a daypack. Luggage limits on airlines are strictly enforced, and due to limited vehicle capacity, the cost of transporting any luggage beyond these restrictions is the responsibility of the client. Please note, if you are travelling with a large amount of luggage and wish to leave a portion of it at the start hotel, this is indeed possible as storage facilities are available.

It is important to pack clothes for warm days and cool evenings, as well as a warm jacket for early morning wildlife safari drives. Light, quick-drying, practical clothes are advisable for this safari trip. A set of smart casual clothes is also advisable for your time in Nairobi.

What are the visas and entry requirements for my trip?

All countries require a valid passport (with a minimum 6 months validity). Contact your local embassy or consulate for the most up-to-date visa requirements, or see your travel agent. It is your own responsibility to have the correct travel documentation. Visa requirements for your trip will vary depending on where you are from and where you are going. We keep the following information up to date as far as possible, but rules do change and sometimes without warning. While we provide the following information in good faith, it is vital that you check the information yourself and understand that you are fully responsible for your own visa requirements.

Visa information specific to your destination and nationality can be found in our Important Pre-Departure Information page [here](#)

Kenya:

As of January 1st 2024, the Kenyan government announced the introduction of a new Electronic Travel Authorisation (eTA) scheme, eliminating the requirement for all nationalities to obtain a visitor visa for Kenya. ALL travellers must apply for the eTA, including those that were previously exempt.

For more information, please refer to the eTA site [here](#)

IMPORTANT NOTE:

It may be required to show a Yellow Fever certificate upon entering the country. Please check in with your local consulate and health expert for advice on Yellow Fever and other inoculations required for this area.

Information is accurate as of March 1st, 2024.

What should I consider when planning my personal expenses and discretionary spending for this itinerary?

Every traveller is different and therefore spending money requirements will vary. Some travellers may drink more than others while other travellers like to purchase more souvenirs than most. Please consider your own spending habits when it comes to allowing for drinks, shopping and tipping. Please also remember the following specific recommendations when planning your trip.

How much emergency money should I bring on this trip?

Please also make sure you have access to at least an additional USD \$200 (or equivalent) as an 'emergency' fund, to be used when circumstances outside our control (ex. a natural disaster) require a change to our planned route. This is a rare occurrence!

Should I be tipping on my trip?

On the Geluxe Collection tours, tipping is included for all included activities and meals. Tipping is not included for the CEO or Porterage. Should you want some basic guidelines on tipping for the activities you do on your own, please see below. At the end of each trip if you felt your G Adventures CEO did an outstanding job, tipping is appreciated. The amount is entirely a personal preference, however as a guideline would be \$10-\$15 per person, per day.

For meals and activities not included in your itinerary, it is appropriate in Africa to tip 10%. Though not compulsory, tipping is expected. Although it may not be customary to you, it is of considerable significance to the people who will take care of you during your travels and shows an expression of satisfaction.

What activities are optional on this trip?

Masai Mara

- Masai Mara Balloon Safari

Are there any health considerations I should know before travelling?

We recommend you contact your family physician, or your local travel clinic for the most up-to-date health information at least one month before departure. Travellers should also carry a basic first-aid kit and hand sanitizers/antibacterial wipes on their travels. Medical facilities are basic throughout these countries. For your own safety, we strongly recommend that you advise your tour leader of any medical condition that may affect you while travelling with the group. Your tour leader will be able to inform you of local health advisories (e.g. drinking water quality). Please ensure you have all the inoculations recommended by your doctor.

Yellow Fever Certificate Note (Updated: June 2026)

It is compulsory to show a valid Yellow Fever Certificate if you are travelling to the following G Adventures-visited countries from a Yellow Fever endemic country, or if you have transited for more than 12 hours through the airport of a Yellow Fever endemic country:

Botswana

Kenya*

Malawi

Namibia

South Africa

Tanzania

Uganda*

Zambia

Zimbabwe

*Kenya and Uganda require a valid Yellow Fever Certificate from all travellers regardless of country of origin, not only those arriving from endemic countries. Travellers to these destinations should ensure they are vaccinated regardless of their travel history. If other non-endemic countries have been visited after visiting an endemic country, a Yellow Fever certificate may still be required on entry into subsequent destinations. This is particularly relevant on multi-country Southern Africa itineraries, for example, a traveller moving from Uganda to Kenya, or from Kenya across a land border into Tanzania, will be required to show their certificate at each entry point. Please check country-specific regulations before departure.

Malaria

Malaria is a mosquito-borne disease that is present in some regions in Africa. Risk of malaria can increase during periods of heavy rain, during the rainy seasons, and in densely populated areas of Southern & East Africa. To prevent malaria, we recommend speaking to your doctor about taking preventative medication (prophylaxis), combined with regular use of insect repellent spray/cream. Please check updated travel health advisories specific to malaria before your departure.

What do I need to know to about safety and security on my trip?

Many national governments provide a regularly updated advice service on safety issues involved with international travel. We recommend that you check your government's advice for their latest travel information before departure. We strongly recommend the use of a neck wallet or money belt while travelling, for the safe keeping of your passport, air tickets, travellers' cheques, cash and other valuable items. Leave your valuable jewellery at home - you won't need it while travelling. Many of the hotels we use have safety deposit boxes, which is the most secure way of storing your valuables. A lock is recommended for securing your luggage. When travelling on a group trip, please note that your group leader has the authority to amend or cancel any part of the trip itinerary if it deemed necessary, due to safety concerns. Your Chief Experience Officer (CEO) will accompany you on all included activities. During your trip you will have some free time to pursue your own interests, relax and take it easy and explore at your leisure. While your CEO will assist you with options available in a given location, please note that any optional activities you undertake are not part of your itinerary, and we offer no representations about the safety of the activity or the standard of the operators running them. Please use your own good judgement when selecting an activity in your free time. Although the cities visited on tour are generally safe during the day, there can be risks to wandering throughout any major city at night. It is our recommendation to stay in small groups and to take taxis to and from restaurants, or during night time excursions.

Water based activities have an element of danger and excitement built into them. We recommend only participating in water based activities when accompanied by a guide(s). We make every reasonable effort to ensure the fun and adventurous element of any water based activities (in countries with varying degrees of operating standards), have a balanced approach to safety. It is our policy not to allow our CEOs to make arrangements on your behalf for water based activities that are not accompanied by guide(s).

Swimming, including snorkeling, is always at your own risk. [Read more about travel safety](#) for ways to further enhance your personal safety while traveling.

What rules should I know before joining this trip?

Illegal drugs will not be tolerated on any trips. Possessing or using drugs not only contravenes the laws of the land but also puts the rest of the group at risk. Smoking marijuana and opium is a part of local culture in some parts of the world but is not acceptable for our travellers. Our philosophy of travel is one of respect towards everyone we encounter and in particular the local people who make the world the special place it is. The exploitation of people in the sex trade is completely contrary to this philosophy. Our CEOs have the right to expel any member of the group if drugs are found in their possession or if they utilize the services of paid sex workers, in any capacity.

Is travel insurance required for my trip?

Travel insurance is compulsory in order to participate on any of our trips. When travelling on a group trip, you will not be permitted to join the group until evidence of travel insurance has been sighted by your leader, who will take note of your insurance details. When selecting a travel insurance policy we require that at a minimum you are covered for medical expenses including emergency evacuation and repatriation. A minimum coverage of USD200,000 is required. We strongly recommend that the policy also covers personal liability, cancellation, curtailment and loss of luggage and personal effects. Some tours include adventure activities that require extra coverage (e.g. crampon use); please review your itinerary and make sure that you are covered for all included activities. If you have credit card insurance we require proof of purchase of the trip (a receipt of credit card statement) with a credit card in your name. Contact your bank for details of their participating insurer, the level of coverage and emergency contact telephone number.
