Upon arrival at the lodge, you will have an introductory briefing and a short activity to introduce you to the rainforest.

A G Representative will meet you at the Quito hotel (not included) on the night prior to Day 1 of this tour.

Itineraries depend on weather and natural conditions. For the rest of the days at La Selva, activities will be designed in accordance to the number of groups at the lodge, weather, facilities, logistics, and the specific season of the year. Choose from plenty of activities that include birding, botany, hiking, canoeing, and photography. Spot monkeys, birds, caimans, and butterflies, just a short walk or canoe paddle away. Overlooking the lake, the lodge is a perfect base for exploration. Relax in the lounge with a cocktail and dine by candlelight enjoying exceptional cuisine prepared by a gourmet chef. Sleep well in stylish cabanas. Fall asleep to the sounds of the rainforest and wake up to the call of birds in the morning.

See the canopy of the rainforest from a tower 43m (141 ft) in height, and choose from dozens of walks of varying lengths and difficulties; several routes can only be accessed by canoe. Pick from a variety of activities: wake up early for some bird watching or stay up late and go out on a boat to view caimans by flashlight. Learn about the environment and wildlife from a naturalist guide, who will accompany you to ensure you get the most out of the excursions. The opportunities for birding, botany, hiking, herpetology, canoeing, photography, entomology, fishing, relaxing, and swimming at La Selva Lodge are boundless.

Below is a sample of what may be available:

MATAPALO TRAIL: This trail was named after the Spanish name of the famous strangler fig (*Ficus aurea*) one of many remarkable trees that can be found during this short introductory walk. Native and naturalist guides will share their knowledge about the flora and fauna of the tropical rain forest.

NIGHT WALK: A flashlight and a camera will be the only things needed to enjoy all of the insects, amphibians, reptiles, birds, and mammals that can be seen during an hour walk in the darkness of the forest.

NIGHT CANOE RIDE IN GARZACOCHA LAGOON: Guides will take you in a paddle canoe around the lagoon looking for caimans, boas, bats, owls, night mammals, and more nocturnal wildlife with the help of a spotlight. If the sky is clear, have the chance to do some star gazing.

DAY CANOE RIDE IN GARZACOCHA LAGOON: Observe the biodiversity around the Garzacocha lagoon on a 1.5 to 2 hour canoe ride, where the famous hoatzin stinkbird can be seen as well as monkeys, fish, and the beautiful trees that grow inside the black waters system.

CHAGUAMANGO TRAIL: The trail begins at the lodge and finishes at the edge of the lake. At the end of the walk, head back to the lodge by canoe. If lucky, see big troops of squirrel monkeys approaching the water and catch some great photos of wildlife.

CHARAPA TRAIL: This trail takes about 1.5 hrs, starting at the butterfly farm and ending on the edge of the lake. It's a wonderful loop that begins with a walk, returning to the lodge by canoe. Along the way, try to spot different groups of mammals, monkeys, and birds that get close to the lakeshore in the afternoon hours to look for food. If it is a clear afternoon, enjoy a beautiful sunset from the canoe.

OBSERVATION TOWER: A 20-min walk leads to the tower, which allows visitors to be 37m (120 ft) above the forest floor to enjoy the canopy of the tropical rain forest. Use a telescope to see birds from the canopy, and maybe even monkeys or sloths. On the way back, hike for about 2 hrs. A native guide will show some of the medicinal plants that natives still use, and a naturalist will provide information about the ecology and natural history as well.

PARROT CLAY LICK: Visit the most biologically diverse spot on Earth, the Yasuni National Park. A 20-min canoe ride plus a 15-min walk brings the group back to the Napo River. Take a motorized 10-min canoe ride to enjoy one of the most amazing displays of the wild world. Hundreds of parrots and parakeets approach the treetops and later come down to a clay bank to eat the soil rich in minerals. It is essential to have binoculars to enjoy the experience.

After identifying the different species of parrots and parakeets, a naturalist guide will provide a lot of interesting information about the behavior of these spectacular birds. The motorized canoe ride will continue for approximately 30 more minutes of birdwatching along the river banks.

BUTTERFLY FARM: Learn about the biology of these amazing butterflies. A farm will show each of the different stages of the butterfly complemented with interesting information provided by a naturalist guide. Visitors will not want to leave the butterfly flying area without taking photos of the colorful butterflies.

PIRANHA FISHING: Enjoy fishing for piranhas in the Garzacocha Lake! Fishing lines will be provided by a native guide to let you catch your own piranha. Depending on the size of the fish, they are usually released back into the water. If the fish is big enough, give it to the gourmet chef and enjoy a tasty fish dinner. The fish is much more delicious when you catch it yourself!

SPECIFIC TOPIC TALKS: One of the naturalists will hold an optional activity to talk about a specific topic of the rainforest.

Every day the group will be briefed about the next day's activities. Itineraries may vary slightly to maximize wildlife sighting, depending on the reports of the naturalist guides, the group's main interests, and weather conditions.

Is there a disclaimer I should read before booking this trip?

The information in this trip details document has been compiled with care and is provided in good faith. However it is subject to change, and does not form part of the contract between the client and the operator. The itinerary featured is correct at time of printing. It may differ slightly to the one in the brochure. Occasionally our itineraries change as we make improvements that stem from past travellers, comments and our own research. Sometimes it can be a small change like adding an extra meal along the itinerary. Sometimes the change may result in us altering the tour for the coming year. Ultimately, our goal is to provide you with the most rewarding experience. Please note that our brochure is usually released in November each year. If you have booked from the previous brochure you may find there have been some changes to the itinerary.

VERY IMPORTANT: Please ensure that you print a final copy of your Trip Details to review a couple of days prior to travel, in case there have been changes that affect your plans.

Is there a travel disclaimer for my itinerary I should review before booking this trip?

While it is our intention to adhere to the route described below, there is a certain amount of flexibility built into the itinerary and on occasion it may be necessary, or desirable to make alterations. The itinerary is brief, as we never know exactly where our journey will take us. Due to our style of travel and the regions we visit, travel can be unpredictable. The Trip Details document is a general guide to the tour and region and any mention of specific destinations or wildlife is by no means a guarantee that they will be visited or encountered. Aboard expedition trips visits to research stations depend on final permission.

Additionally, any travel times listed are approximations only and subject to vary due to local circumstances.

What important notes should I be aware of before the trip?

1. LUGGAGE WEIGHT ALLOWANCE

There is a maximum weight allowance on the local flight of 20 kg (40 lbs) per person. There may be an extra charge should you exceed this weight.

2. DAY 1 EARLY DEPARTURE

If you are arriving by flight on Day 1 of the tour (i.e. you are not being picked up from your Quito hotel on Day 1), the latest arrival flight time into Quito is 7:00am.

3. DEPARTURE FLIGHT

If you are planning to depart Quito on the final day of the tour, the earliest departure flight you should take is at 16:00.

What is the group leader like?

This is an independent trip, as such, no G Adventures staff will accompany you. You will however, be in very good hands with the lodge staff and local guides at La Selva.

What meals are included in this trip?

3 breakfasts, 3 lunches, 3 dinners

What are the meals like on this trip?

Eating is a big part of traveling. Travelling with G Adventures you experience the vast array of wonderful food that is available out in the world. Generally meals are not included in the trip price when there is a choice of eating options, to give you the maximum flexibility in deciding where, what and with whom to eat. It also gives you more budgeting flexibility, though generally food is affordable.

What are the modes of transportation on my trip?

Van, bus, plane, canoe, walking.

What transportation will we take on this trip?

Land Transfers & Included Tours/activities: Many of the land transfers and included tours will be by private van, car or taxi, while others may be shared with other travellers depending on availability, nature of the activity and destination. For transfers, you may have a local non English-speaking driver only, for included tours, you will be accompanied by an English speaking local guide.

Are local flights included in the cost of the trip?

All local flights are included in the cost of your tour unless otherwise noted. It is important that we have your passport information at the time of booking in order to process these tickets. Internal flight tickets are issued locally and will be given to you prior to the flight departure.

Airline luggage restriction:

Each passenger is allowed luggage up to 20 kilos (44 pounds) for checked luggage, as well as a carry-on item such as a backpack.

Is there an extra cost for travelling solo?

We believe single travellers should not have to pay more to travel so our group trips are designed for shared accommodation and do not involve a single supplement. Single travellers joining group trips are paired in twin or multi-share accommodation with someone of the same sex for the duration of the trip. Some of our Independent trips are designed differently and single travellers on these itineraries must pay the single trip price.

Where will we stay during the trip?

La Selva Lodge (3 nts).

What kind of accommodation can I expect on this trip?

One of the first Amazon rainforest lodges in Ecuador, the award-winning La Selva was completely remodeled and reopened in 2012 and has become the premier eco-lodge in the Ecuadorian Amazon. The cabanas are inspired by traditional bamboo design: authentic, airy and comfortable with unexpected amenities including private bathrooms, hot showers, electricity, ceiling fans, and are immaculately cleaned daily.

The cozy private bungalows are made entirely of secondary growth rainforest materials and designed to blend with the surroundings. Each one has a private bathroom, a hammock and mosquito netting for each bed (although you will be surprised at what little need you will have for this item due to the lack of insects).

There are 12 thatched cabanas of varying sleeping configurations and several public gathering spots, including the spacious dining room with a rooftop lookout point, an open-air combined bar and a lounge with a wrap-around view of the lake.

In an effort to conserve the authentic Amazon experience and for ecological reasons, please note that there is no air conditioning in the rooms at La Selva. However, for your convenience and comfort there are fans for use 24 hours a day, and after a short period, you will be surprised at how quickly your body will adapt to the change of climate. The open design of the rooms allows you to listen and enjoy the sounds of the jungle while maintaining a genuine jungle experience in maximum comfort.

What is the joining hotel?

For details of your joining hotel please refer to your tour voucher, G Account, the G Adventures App or contact your travel agent.

What are the joining instructions?

You will be picked up from your hotel in Quito and transferred to the airport on the first day of the trip. Accommodation in Quito is not included in the price of your trip but can be arranged at the time of booking. If you have arranged your own accommodation in Quito please let us know at the time of booking where you will be staying. A G Adventures representative will contact you at your hotel in Quito and make sure you are settled comfortably. If you arrive late, s/he will leave you a message detailing what time and where you should meet the next morning for your flight to the jungle.

The Quito International Airport is approximately an hour outside of the city centre where your joining hotel is located. The easiest way to get there is via taxi (approximately \$30-40 USD). Immediately after the customs and immigration area, as you head to the exits, you will find a taxi stand. We strongly recommend you pay for the car at set rates from the taxi stand and therefore won't need to worry about sorting out a ride outside the airport facilities, where the situation tends to get more chaotic with many drivers vying for few clients. The taxis outside the airport area do not belong to the Taxi Airport Union and may charge higher fares.

What happens if I experience problems when arriving?

We don't expect any problems, and nor should you, but if for any reason you are unable to commence your trip as scheduled, as soon as possible please contact your starting point hotel or refer to the emergency contact details provided in this dossier. If you have pre-booked an airport transfer and have not made contact with our representative within 30 minutes of clearing customs and immigration, we recommend that you make your own way to the Starting Point hotel, following the Joining Instructions. Please apply to your travel agent on your return for a refund of the transfer cost if this occurs.

Who should I contact in case of an emergency?

Should you need to contact us during a situation of dire need, it is best to first call either the G Adventures Representative (if one is listed below) or our G Adventures Local Office. If for any reason you do not receive an immediate answer, please leave a detailed message and contact information, so they may return your call and assist you as soon as possible.

AIRPORT TRANSFER

If you have purchased an arrival through G Adventures or if an arrival transfer is included in the cost of your tour, please note that:

Your arrival transfer has been arranged based on flight information provided to us. If you are advised of a flight schedule change within 48 hours of your scheduled arrival time, we will do our best to rearrange your arrival transfer however we cannot guarantee this. If your arrival transfer does not arrive within 30 minutes after you have exited the arrivals area please take a taxi to your start point hotel.

Are there any additional packing suggestions I should consider?

What are the visas and entry requirements for my trip?

All countries require a valid passport (with a minimum 6 months validity). Contact your local embassy or consulate for the most up-to-date visa requirements, or see your travel agent. It is your own responsibility to have the correct travel documentation. Visa requirements for your trip will vary depending on where you are from and where you are going. We keep the following information up to date as far as possible, but rules do change and sometimes without warning. While we provide the following information in good faith, it is vital that you check the information yourself and understand that you are fully responsible for your own visa requirements.

Visa information specific to your destination and nationality can be found in our Important Pre-Departure Information page [here](#)

Where can I read detailed notes about this trip?

Important notes about visiting the Amazon:

Rubber boots:

Rubber boots are very good for hiking in the rainforest, they help protect feet from plants and insects close to the ground as well as deep water. The lodge offers use of boots as a courtesy to our guests, available from size 5 to size 12.

How to keep things dry:

We recommend that passengers bring zip-lock plastic bags or dry bags for lenses and camera equipment. A waterproof backpack will also help you to protect your camera gear or anything else you wish to keep completely dry. The humidity is high in the rainforest, however, if you follow the advice about packing appropriate belongings it should not be an issue.

Electricity is available in the bar, dining areas, reception areas, and rooms (110V) to recharge batteries. We suggest that guests bring a flashlight or headlamp. The plugs for recharging batteries have three holes, two straight prongs, and one circle prong just as most American plugs. However, we recommend that you bring a transformer of two plain prongs.

The weather at La Selva Amazon Ecolodge:

Year-round temperature average is 82°F (28°C), however, nights can be cooler. Since Ecuador is located right on the equator, the country does not experience extreme weather changes, and the weather is surprisingly comfortable all year around. Please be prepared for rain.

What should I consider when planning my personal expenses and discretionary spending for this itinerary?

Every traveller is different and therefore spending money requirements will vary. Some travellers may drink more than others while other travellers like to purchase more souvenirs than most. Please consider your own spending habits when it comes to allowing for drinks, shopping and tipping. Please also remember the following specific recommendations when planning your trip.

What should I know about currency, credit cards, and exchanging money while on this tour?

Credit cards and debit cards are very useful for cash advances. Visa cards are the most widely accepted cards. While ATMs are widely available some may not accept all international credit or debit cards. You may need to try at more than one machine if the first does not accept your card. You should also check with your bank before leaving to ensure that your card works internationally. You should be aware that to purchase products or services on a credit card a fee of 5%-10% usually applies. Do not rely on credit or debit cards as your only source of money. A combination of US dollar cash and cards is best. Always take more rather than less, as you don't want to spoil the trip by constantly feeling short of funds. Please bring USD banknotes in denominations smaller than 100, as they can be hard to exchange in Ecuador. 100 dollar bills of certain series (e.g. CB B2) can be especially hard to cash! CURRENCY EXCHANGE TIP: Please be advised that slightly torn notes, notes that have been heavily marked or are faded may be difficult to exchange. It is best to bring notes in fairly good condition, in denominations lower than 100USD (or equivalent). As currency exchange rates can fluctuate often we ask that you refer to the following website for daily exchange rates: www.xe.com

How much emergency money should I bring on this trip?

Please also make sure you have access to at least an additional USD \$200 (or equivalent) as an 'emergency' fund, to be used when circumstances outside our control (ex. a natural disaster) require a change to our planned route. This is a rare occurrence!

Should I be tipping on my trip?

It is customary in Latin America to tip service providers such as waiters, and local guide(s) at approximately 10%, depending on the service. Tipping is an expected - though not compulsory - component of your tour program and an expression of satisfaction with the people who have assisted you on your tour. Although it may not be customary to you, it is of considerable significance to the people who will take care of you during your travels.

As a guideline we recommend:

\$10 per passenger per day - Naturalist Bilingual guide

\$5 per passenger per day - Local guide

\$10 per passenger per day - Lodge Staff (Keep in mind tips will be shared equally amongst lodge personnel)

What activities are optional on this trip?

- No optional activities

Are there any health considerations I should know before travelling?

Please note inoculations may be required for the country visited. It is your responsibility to consult with your travel doctor for up to date medical travel information well before departure.

You should consult your doctor for up-to-date medical travel information well before departure. We recommend that you carry a First Aid kit and hand sanitizers / antibacterial wipes as well as any personal medical requirements. Please be aware that quite often we are in remote areas and away from medical facilities, and for legal reasons our leaders are prohibited from administering any type of drug including headache tablets, antibiotics, etc. When selecting your trip please carefully read the brochure and itinerary and assess your ability to cope with our style of travel. Please refer to the Physical and Culture Shock ratings for trip specific information.

What do I need to know to about safety and security on my trip?

Many national governments provide a regularly updated advice service on safety issues involved with international travel. We recommend that you check your government's advice for their latest travel information before departure. We strongly recommend the use of a neck wallet or money belt while travelling, for the safe keeping of your passport, air tickets, travellers' cheques, cash and other valuable items. Leave your valuable jewellery at home - you won't need it while travelling. Many of the hotels we use have safety deposit boxes, which is the most secure way of storing your valuables. A lock is recommended for securing your luggage. During your trip you will have some free time to pursue your own interests, relax and take it easy or explore at your leisure. Please use your own good judgment when selecting an activity in your free time. Although the cities visited on tour are generally safe during the day, there can be risks to wandering throughout any major city at night.

Protests and Demonstrations- Protests and demonstrations, even those that are well intended, have the potential to turn violent with no warning. Counter protests can also turn violent. Action by security forces to disperse demonstrators and protesters may occur at any time. If you are in an area where demonstrators or protesters are gathering, avoid the temptation of staying for a good photo opportunity and leave the area immediately.

Water based activities have an element of danger and excitement built into them. We recommend only participating in water based activities when accompanied by a guide(s). We make every reasonable effort to ensure the fun and adventurous element of any water based activities (in countries with varying degrees of operating standards) have a balanced approach to safety.

We take all prudent measures in relation to your safety. For ways to further enhance your personal safety while traveling, please visit:

www.gadventures.com/travel-resources/safety/

What are the trip specific safety considerations?

Please take care when wandering about the city on your own, as pick pockets and purse-snatchers are common, particularly in the Old Town. Be safe and leave your passport, credit cards, traveller's cheques and cash you don't need in the hotel's safety deposit box. Most Quiteños are honest and genuinely helpful and friendly, but be safe and enjoy the city!

What rules should I know before joining this trip?

Illegal drugs will not be tolerated on any trips. Possessing or using drugs not only contravenes the laws of the land but also puts yourself and those around you at risk. Smoking marijuana and opium is a part of local culture in some parts of the world but is not acceptable for our travellers. Our philosophy of travel is one of respect towards everyone we encounter, and in particular the local people who make the world the special place it is. The exploitation of prostitutes is completely contrary to this philosophy.

Is travel insurance required for my trip?

Travel Insurance: Travel insurance is compulsory in order to participate on any of our trips. When selecting a travel insurance policy please bear in mind that all clients must have medical coverage and that we require a minimum coverage of USD 200,000 for repatriation and emergency rescue. We strongly recommend that the policy also covers personal liability, cancellation, curtailment and loss of luggage and personal effects. If you have credit card insurance we require proof of purchase of the trip (a receipt of credit card statement) with a credit card in your name. Contact your bank for details of their participating insurer, the level of coverage and emergency contact telephone number.
