Is there a disclaimer I should read before booking this trip?

The information in this trip details document has been compiled with care and is provided in good faith. However it is subject to change, and does not form part of the contract between the client and the operator. The itinerary featured is correct at time of printing. It may differ slightly to the one in the brochure. Occasionally our itineraries change as we make improvements that stem from past travellers, comments and our own research. Sometimes it can be a small change like adding an extra meal along the itinerary. Sometimes the change may result in us altering the tour for the coming year. Ultimately, our goal is to provide you with the most rewarding experience. Please note that our brochure is usually released in November each year. If you have booked from the previous brochure you may find there have been some changes to the itinerary.

VERY IMPORTANT: Please ensure that you print a final copy of your Trip Details to review a couple of days prior to travel, in case there have been changes that affect your plans.

Is there a travel disclaimer for my itinerary I should review before booking this trip?

While it is our intention to adhere to the route described below, there is a certain amount of flexibility built into the itinerary and on occasion it may be necessary, or desirable to make alterations. The itinerary is brief, as we never know exactly where our journey will take us. Due to our style of travel and the regions we visit, travel can be unpredictable. The Trip Details document is a general guide to the tour and region and any mention of specific destinations or wildlife is by no means a guarantee that they will be visited or encountered. Aboard expedition trips visits to research stations depend on final permission.

Additionally, any travel times listed are approximations only and subject to vary due to local circumstances.

What important notes should I be aware of before the trip?

1. INDEPENDENT TRIP

Please note that this is an Independent style G Adventures tour. This means that we do not have dedicated group departures, but rather that we offer the trip on a private basis on any given day that you choose. As such, when you book this trip, you are doing so on an individual basis, and there may or may not be other passengers booked on the exact same day as you. Locally, you may have the option to be pooled with other passengers who have not booked through G Adventures.

2. DRIVES

This is not a physically demanding journey; however, travelling can be difficult, as long drives and poor road conditions are the rule as opposed to the exception in Kenya. A safari is about travelling to see animals, so we cover long distances crossing the country to visit different wildlife parks. Once there, we spend the majority of the time viewing wildlife while driving in the parks. This translates to a lot of driving. Despite this, the diversity and scenery of the African landscape, the local culture and abundant wildlife are all well worth the experience.

3. ARRIVE EARLY

Please note that this tour departs early on day 1 from Nairobi. Though this tour does not include accommodation in Nairobi, you may choose to pre-reserve a room through G Adventures.

4. LUGGAGE COMPLICATIONS

It occasionally happens that luggage on international flights into Nairobi does not arrive, especially with, but not exclusive to, major airlines out of London-Heathrow or Schiphol (Amsterdam). Please be aware that this may happen, especially if you have a tight connection in either of these centres, are flying with different airlines with a connection, have a last minute flight change or re-route, or fly from or connect through another African centre. Please be prepared and keep all important documentation and valuables on your person. As well we recommend a change of clothes in your hand luggage. If unfortunately this does happen, and your luggage does not arrive, you should be entitled to a limited initial compensation from your airline. In Nairobi, the arrival of lost luggage normally takes between 48 and 72 hours after the initial plane's arrival. The airlines technically should be responsible to forward your luggage to you, to your hotel or elsewhere in Kenya. You may find that your tour will begin, and you still have not received your luggage. Considering that the customer service standards in Kenya are different from home, and that we find that the airlines are not always pro-active in helping luggage in its care be reunited with its owner, it is recommended that you purchase locally any items that you need, and start the tour without our luggage. You may hire someone locally through G Adventures to persist with the your airline to retrieve your luggage, or just may of course just follow it up upon your return to Nairobi. Because of the short nature of this tour, it may not make sense to try to have the luggage shuttled to the wildlife park. Please note that any costs that you may incur for luggage retrieval or sending luggage are not the responsibility of G Adventures, though we will always strive to assist you in any way possible. You should always keep all receipts and documentation, and contact your airline or insurance provider for reimbursement.

5. FLYING THROUGH LONDON-HEATHROW to EAST AFRICA?

Please note that regardless of the rules in other centres, travellers flying from, or connecting in, London-Heathrow are currently only permitted one carry-on piece of luggage and one small personal bag (purse, laptop-size bag, briefcase) on board on flights to Nairobi. If you arrive to the security gate with 2 pieces, you will be forced to check-in one of them, which may result in complications noted above. This policy is in place as of the time of writing, though local rules and regulations may indeed change. It is thus advisable to contact your airline directly for the most up-to-date information.

6. ACCOMMODATION

Please note all accommodation is not guaranteed, and is subject to change.

7. MIGRATION

Tanzania and Kenya

The Seronera Plains, which lie in the southeast of the National Park and extend into the western Ngorongoro Conservation Area, form the main ungulate calving grounds of the Serengeti. The wildebeest typically disperse into the Seronera plains during the short rains, which fall in late November or early December, before calving in January, and staying put until the end of the long rains from January to early May. Towards the end of April the wildebeest start to congregate on the southern plains in the preparation for the 800km northward migration. The major obstacle faced by the wildebeest on this migration is the crossing for the Grumeti River through the western corridor, which typically occurs from June into early July. From July to October, the ungulates disperse again, with about half of them crossing the Mara River into Kenya's Masai Mara Game Reserve and the remainder spreading out through the northern and western Serengeti. By late October the animals have generally started to plod back southward to the Seronera Plains, to arrive there in late November when the cycle starts all over again.

8. ELECTRICITY

The power supply in Kenya is nominally 240VAC, 50hz. Variable voltage, spikes and sporadic, unexpected, unscheduled power cuts of varying duration can be expected. All lodges will have electricity although many work off generators with limited times.

What is the group leader like?

For this 3 day lodge safari in Kenya, you will be accompanied on your trip by a G Adventures driver/guide. All of our driver/guides are certified safari guides, and are of course very skilled and experienced drivers. With years of experience taking wildlife seekers into the wildlife parks of Kenya, our local driver/guides are exactly what will make your safari a success.

What meals are included in this trip?

2 breakfasts, 2 lunches, 2 dinners

What are the meals like on this trip?

These meals are provided at the lodges in which you are accommodated. All meals you have during your trip will be prepared from fresh local produce. All hotels cater to vegetarians; however, any other dietary requirements need to be specified prior to arrival. Lunch on day 3 is not included. You will make a stop en route back to Nairobi to allow you to pick up something light. Please note all bottled drinking water will be at your own expense.

What are the modes of transportation on my trip?

7-seat 4x4 safari vehicle.

What transportation will we take on this trip?

Land Transfers & Included Tours/activities: Many of the land transfers and included tours will be by private van, car or taxi, while others may be shared with other travellers depending on availability, nature of the activity and destination. For transfers, you may have a local non English-speaking driver only, for included tours, you will be accompanied by an English speaking local guide.

With sliding windows and a large pop-up roofs, these vans are designed for wildlife viewing. Road conditions can run the full range of conditions from new to very poor. This style of travel is the best under the local circumstances, as the seats are comfortable and having our own private vehicle allow us the flexibility of making stops when needed, and to stay and watch that crouching lion prepare for an attack.

Speed governors set to 80kph are used on all vehicles to ensure a safe driving speed. Please note for your own safety it is mandatory to wear your seat belt at all times when in a vehicle.

All G Adventure vehicles are regularly serviced and follow a strict maintenance schedule. However given the long travel days and rough conditions of many of the roads in Africa, vehicles can and do breakdown on occasion. If such situations occur all drivers are trained mechanics and any vehicle issues are rectified as quickly as possible so as to not disrupt your trip. Your patience is requested if the vehicle you are traveling in happens to encounter a mechanical fault.

Is there an extra cost for travelling solo?

We believe single travellers should not have to pay more to travel so our group trips are designed for shared accommodation and do not involve a single supplement. Single travellers joining group trips are paired in twin or multi-share accommodation with someone of the same sex for the duration of the trip. Some of our Independent trips are designed differently and single travellers on these itineraries must pay the single trip price.

Where will we stay during the trip?

Safari lodge (2 nts).

What kind of accommodation can I expect on this trip?

Your accommodation in the Masai Mara may be a luxury tented camp (as listed below) or could alternatively be a lodge. The following example of accommodation is used most often on this trip, but G Adventures reserves the right to change accommodation and provide something slightly different to what is described below, though it will always be of a similar or higher standard.

Fig Tree Camp is located on the banks of the Talek River in the world famous Masai Mara wildlife reserve. The Camp is situated on the northern border of the wildlife reserve and its central location makes all areas of the park accessible during wildlife safari drives. To make an evening a real adventure, at the Fig Tree Camp we stay in luxury tents spaciouly lined up along the Talek River, overlooking the plains of the wildlife reserve. Fig Tree Camp is also the base for the Masai Mara balloon safari. Speak to you sales person about pre-booking space.

The camp has several facilities and services to ensure you have a comfortable stay. These include two bars, a main dinning room, an open-air dinning area and tree house coffee deck. Also available is a video room, guest lecture facilities, swimming pool and curio shop. The camp has a resident nurse and medical clinic. Power is supplied by generator from 5.00am to 9.00am, 12.00pm to 3.00pm, and from 6.00pm to 12.00am.

Optional activities available through reception include balloon safaris offering guests the opportunity to view the Masai Mara plains as the sun rises. Guests can also visit Masai manyattas to learn about the Masai way of life. Alternative activities include walking safaris, bush breakfasts and sundowner cocktail parties.

Please remember that lodge/luxury tented camp standards can be different from what you are used to in your home country, which is part of the appeal of adventure travel.

Note:

- 1) Lodges/luxury tented camps do not have 24hr electricity - they usually run on generators which are routinely shut off overnight from approximately 10pm to 5am.
- 2) Internet is not available at the lodges/luxury tented camps.
- 3) Lodges/luxury tented camps are NOT equipped with fans or air conditioning due to the electricity constraints listed above.

What is the joining hotel?

For details of your joining hotel please refer to your tour voucher, G Account, the G Adventures App or contact your travel agent.

What are the joining instructions?

A brief departure meeting will be held in the hotel reception area about general and specific aspects of the trip before setting off to the Masai Mara.

Accommodation is provided only while visiting the wildlife park (2 nights), so you are responsible for your own hotel arrangements in Nairobi. However, you may choose to pre-reserve a room through G Adventures.

What information should I be aware of as the itinerary draws to a close?

This tour ends upon arrival into Nairobi in the afternoon of day 3. Though this tour does not include accommodation in Nairobi, you may choose to pre-reserve a room through G Adventures.

Are there any additional packing suggestions I should consider?

You will be on the move, so our advice is to pack as lightly as possible. Your baggage should be clearly labeled and restricted to one soft compact suitcase, sports bag, or backpack, no larger than 30cm(height) x 30cm(width) x 60cm(length), maximum 15kg, plus a daypack. Luggage limits on airlines are strictly enforced and space on vehicles is limited. It is important to pack clothes for warm days and cool evenings, as well as a warm jacket for early morning wildlife safari drives. Light, quick-drying, practical clothes are advisable for this safari trip. A set of smart casual clothes is also advisable for your time in Nairobi.

What should be on my packing list?

Health & Safety:

- Face masks (Clients will be only be required to wear a face mask where it is mandated by local regulations.)
- Hand sanitizer
- Pen (Please bring your own pen for filling out documents.)

When can I do my laundry on this trip?

Laundry facilities are offered by your lodge for a charge. You should write a list of items that you send for washing.

What are the visas and entry requirements for my trip?

All countries require a valid passport (with a minimum 6 months validity). Contact your local embassy or consulate for the most up-to-date visa requirements, or see your travel agent. It is your own responsibility to have the correct travel documentation. Visa requirements for your trip will vary depending on where you are from and where you are going. We keep the following information up to date as far as possible, but rules do change and sometimes without warning. While we provide the following information in good faith, it is vital that you check the information yourself and understand that you are fully responsible for your own visa requirements.

Visa information specific to your destination and nationality can be found in our Important Pre-Departure Information page [here](#)

East Africa Tourist Visa

An East Africa Tourist Visa allows the holder to move freely between Kenya, Rwanda and Uganda with only one Visa, and is valid for a period of 90 days. It also acts as a multiple entry Visa, so if you leave any of the above countries, you do not need a new Visa to re-enter (provided it is within the 90 day validity period). These need to be applied for in advance, and you should contact the foreign Embassy (of the country you will be entering through) for more details. The cost is 100USD.

Where can I read detailed notes about this trip?

REGIONAL INFORMATION

Climate

There are generally two rainy seasons - the short and the long rains. The short rains normally occur from late October through November, and the long rains from late March through to early June. A good time to visit is between late June and October when the rains have finished and the air is coolest. Alternatively, from late December to February or early March is another good time to visit, just after the short rains, but before the long rains; this is the warmest time of the year. The highest season for travellers into the region is in January and February, when the hot, dry weather is generally considered to be the most pleasant. During the rainy season it can be deceptively cold at times and evenings can be cool year round, so ensure you have adequate warm clothing such as a fleece or warm sweater.

Electricity

The electric current in Kenya operates on 220 volts. Electric plugs types come in at least four sizes and vary throughout the country, however, the two rounded pin standard plug is acceptable in most parts of the country. 3 pin square plugs are most common.

Language

The official languages are Swahili and English. There are also numerous dialects spoken throughout.

-Kenya gained independence in 1963 after 80 years of British rule.

What should I consider when planning my personal expenses and discretionary spending for this itinerary?

Every traveller is different and therefore spending money requirements will vary. Some travellers may drink more than others while other travellers like to purchase more souvenirs than most. Please consider your own spending habits when it comes to allowing for drinks, shopping and tipping. Please also remember the following specific recommendations when planning your trip.

What should I know about currency, credit cards, and exchanging money while on this tour?

The local currency in Kenya is the Kenyan Shilling (KES, or KSH).

Shillings can be obtained locally by changing foreign currency or by using ATMs (where available) which will disperse local currency. Your CEO will inform you where you can change money throughout the tour and approximately how much money you will need for each country.

The easiest foreign currency to exchange for locally for any of the local currencies is the \$US; however the British Pound and Euro may also be exchanged as well. Please note that due to past problems with forgery, \$US notes that are older than year 2006 are not accepted in Africa.

Large note (\$US 50, \$US 100 etc) can be difficult to change in some places, but will gain you the best exchange rate.

If you plan to rely on cash, please bring foreign currency (Euro, Pound, USD) with you, as it is often expensive to buy these currencies locally. And in more rural areas, it is often not likely.

If you plan to buy your visas at borders, you will need to bring \$USD cash to pay for these visas. Please note you cannot use the local currency or any other currency to buy these visas- they must be purchased in USD.

Please do not bring Travellers' cheques to Africa. They are difficult if not impossible to exchange in many places.

Visa/Plus system cards are the most widely accepted debit cards. It is harder to find machines Mastercard/Cirrus cards. We highly recommend that if you hold a Mastercard, you obtain a Visa card prior to departure and travel with both. This is also useful should something unforeseen happen to one of your cards during your travels.

While there are many ATMs in the major centres, there are no guarantees that your credit or debit cards will actually work in Africa. Check with your bank.

Credit cards can be used in major cities and towns ONLY but please do not rely on them as a method of payment because they are generally not widely accepted. You should be aware that to purchase products or services on a credit card a fee of 5%-10% usually applies. The majority of our optional activities can also be paid by credit card. Your CEO will advise on these.

Please note that in many areas there may be occasional power-outages, where there will be no electricity for hours at a time. In addition, ATMs outside of larger centers often run out of cash or can be out of order unexpectedly. These factors could affect your ability to access money from ATMs. As such, please do not rely on credit or debit cards as your only source of money.

A combination of foreign currency and debit/credit cards for cash advances is best. Always take more rather than less, as you don't want to spoil the trip by constantly feeling short of funds.

As currency exchange rates can fluctuate often we ask that you refer to the following website for daily exchange rates: www.xe.com.

How much emergency money should I bring on this trip?

Please also make sure you have access to at least an additional USD \$200 (or equivalent) as an 'emergency' fund, to be used when circumstances outside our control (ex. a natural disaster) require a change to our planned route. This is a rare occurrence!

Do I need to pay a departure tax?

USD40, usually included in most international air tickets

Should I be tipping on my trip?

Tipping during your tour is optional, but the gesture is expected as a way to show your satisfaction with the persons who have assisted you on your tour.

Although it may not be customary for you, it is of considerable significance to the people who will take care of you during your travels, as an important source of income for those in the tourism industry. It is one of the most direct ways that you can have a positive economic impact within the communities that you visit.

Giving a tip should be seen as a formal 'thank you', and the action should in no way be awkward. The best method of tipping someone that has served the whole group is to plan in advance, and not rush when it comes to saying goodbye. A suggestion would be for each group member to contribute anonymously by putting their tip into an envelope. This often works the best and the group as a whole should gather to present the gift to the recipient(s), offering their thanks and showing their appreciation. This method brings the action out into the open, allowing for a friendly and appreciative interaction between the group and the recipient(s).

You may use the following as a guideline, all given in a per client format:

G CEOs and drivers: \$3-4 USD each, per day worked.

While on safari:

Certified Safari Guide/Driver: \$5-10 USD (full day)

Supply Driver \$3-5 USD (full day).

Restaurant/Café servers: 10% of cost of bill, especially when in a large group (no envelope required).

Local guides: \$1 USD for every couple of hours

What activities are optional on this trip?

Masai Mara

- Maasai Mara Balloon Safari
- Maasai Village Visit

Are there any health considerations I should know before travelling?

We recommend you contact your family physician, or your local travel clinic for the most up-to-date health information at least one month before departure. Travellers should also carry a basic first-aid kit and hand sanitizers/antibacterial wipes on their travels. Medical facilities are basic throughout these countries. For your own safety, we strongly recommend that you advise your tour leader of any medical condition that may affect you while travelling with the group. Your tour leader will be able to inform you of local health advisories (e.g. drinking water quality). Please ensure you have all the inoculations recommended by your doctor.

Yellow Fever Certificate Note: (Updated: May 2017)

It is compulsory to show a valid Yellow Fever Certificate if you are travelling to the following G Adventures-visited countries from a Yellow Fever endemic country:

- Botswana
- Ethiopia
- Kenya
- Madagascar
- Malawi
- Mozambique
- Namibia
- Rwanda
- South Africa
- Swaziland
- Uganda
- Zambia
- Zimbabwe

For some of these countries, proof of Yellow Fever vaccination is also required for passengers who have travelled more than 12 hours through the airport of an endemic country. If other countries not endemic to Yellow Fever have been visited after visiting an endemic country, then a Yellow Fever certificate may still be required on entry. Please check country-specific regulations before your departure.

Malaria

Malaria is a mosquito-borne disease that is present in some regions in Africa. Risk of malaria can increase during periods of heavy rain, during the rainy seasons, and in densely populated areas of Southern & East Africa. To prevent malaria, we recommend speaking to your doctor about taking preventative medication (prophylaxis), combined with regular use of insect repellent spray/cream. Please check updated travel health advisories specific to malaria before your departure.

What do I need to know to about safety and security on my trip?

Many national governments provide a regularly updated advice service on safety issues involved with international travel. We recommend that you check your government's advice for their latest travel information before departure. We strongly recommend the use of a neck wallet or money belt while travelling, for the safe keeping of your passport, air tickets, travellers' cheques, cash and other valuable items. Leave your valuable jewellery at home - you won't need it while travelling. Many of the hotels we use have safety deposit boxes, which is the most secure way of storing your valuables. A lock is recommended for securing your luggage. When travelling on a group trip, please note that your CEO has the authority to amend or cancel any part of the trip itinerary if it is deemed necessary due to safety concerns. Your CEO will accompany you on all included activities. During your trip you will have some free time to pursue your own interests, relax and take it easy or explore at your leisure. While your CEO will assist you with options available in a given location please note that any optional activities you undertake are not part of your itinerary, and we offer no representations about the safety of the activity or the standard of the operators running them. Please use your own good judgment when selecting an activity in your free time. Although the cities visited on tour are generally safe during the day, there can be risks to wandering throughout any major city at night. It is our recommendation to stay in small groups and to take taxis to and from restaurants, or during night time excursions.

Protests and Demonstrations- Protests and demonstrations, even those that are well intended, have the potential to turn violent with no warning. Counter protests can also turn violent. Action by security forces to disperse demonstrators and protesters may occur at any time. If you are in an area where demonstrators or protesters are gathering, avoid the temptation of staying for a good photo opportunity and leave the area immediately.

Water based activities have an element of danger and excitement built into them. We recommend only participating in water based activities when accompanied by a guide(s). We make every reasonable effort to ensure the fun and adventurous element of any water based activities (in countries with varying degrees of operating standards) have a balanced approach to safety. It is our policy not to allow our CEOs to make arrangements on your behalf for water based activities that are not accompanied by guide(s).

Swimming, including snorkeling, is always at your own risk.

We take all prudent measures in relation to your safety. For ways to further enhance your personal safety while traveling, please visit:

What are the trip specific safety considerations?

Nairobi

-Always leave your passport (It's better to carry a photocopy of it instead), traveller's cheques, flight tickets and money that you won't be using in the safe deposit in your hotel room/reception. This is free of charge to G Adventures Adventure clients.

-Remember that like in any other city, you should never leave your bags unattended, nor flaunt jewellery, cameras etc

-Please don't wander through the city at night. Stick to the main streets only during the day, and after sundown, please take a taxi. Taxis can be organised from reception of your hotel. Also, take the address of the hotel with you.

-People are generally friendly, but don't let people take advantage of you, especially the sales people!

-Beware of people approaching you on the street with an apparent interest of where you are from, and want to sit down and have a chat with you. These people are most likely con men and try to get money from you in one way or another

-People on the street who ask you if you want a safari and have a brochure are often con men, best to avoid these folk.

Besides, you're already on safari!

Please refrain from taking photos of police stations, airports, bus stations, immigration or border crossings, army barracks and personnel, or any government building. It is against the law and will result in the minimum of your film and camera being confiscated.

What rules should I know before joining this trip?

Illegal drugs will not be tolerated on any trips. Possessing or using drugs not only contravenes the laws of the land but also puts the rest of the group at risk. Smoking marijuana and opium is a part of local culture in some parts of the world but is not acceptable for our travellers. Our philosophy of travel is one of respect towards everyone we encounter, and in particular the local people who make the world the special place it is. The exploitation of prostitutes is completely contrary to this philosophy. Our CEOs have the right to expel any member of the group if drugs are found in their possession or if they use prostitutes.

Is travel insurance required for my trip?

Travel Insurance: Travel insurance is compulsory in order to participate on any of our trips. When travelling on a group trip, you will not be permitted to join the group until evidence of travel insurance has been sighted by your CEO, who will take note of your insurance details. When selecting a travel insurance policy please bear in mind that all clients must have medical coverage and that we require a minimum coverage of USD 200,000 for repatriation and emergency rescue. We strongly recommend that the policy also covers personal liability, cancellation, curtailment and loss of luggage and personal effects. If you have credit card insurance we require proof of purchase of the trip (a receipt of credit card statement) with a credit card in your name. Contact your bank for details of their participating insurer, the level of coverage and emergency contact telephone number.
