Choose to enjoy a soak and relax in the area's hot springs. Perhaps, put some mud on your face and exfoliate those pores.

If you wish, enjoy a morning to sleep in before travelling by public bus to Panama City. Download those podcasts and playlists to enjoy along the way. Arrive in the late afternoon and join your CEO for an orientation walk to discover the main attractions like Casco Viejo, Plaza de la Independencia, and the Panama Cathedral. Then, enjoy free time in the evening to take a more in-depth city tour, stroll or bike along the Amador Causeway, the city's scenic boardwalk, or relax at your accommodation. Tonight is the perfect opportunity to enjoy the nightlife atmosphere of Panama's capital.

The Shaping of Panama and Miraflores Locks Excursion

Panama City

Discover more of the famous canal and the city it shaped on this tour. Check out the exhibitions at the Miraflores Locks Observation Centre and, with some luck, see ships making their way through the locks' chambers. Explore the historical French Quarter and the ruins of Old Panama - a UNESCO World Heritage Site - and learn about the region's intriguing past complete with pirate tales.

Panama Canal Visit

Panama City

25USD

2h-3h

Visit the Panama Canal, including the Miraflores Locks and on-site museum. The Panama Canal is considered to be one of the greatest engineering wonders of the world. It extends 77km (48 mi) over a series of lakes and locks and connects the Atlantic (via the Caribbean Sea) to the Pacific Ocean. Discover the dramatic history of its construction, beginning with the French in the late 1800's, the official completion by the US in 1914, and what's happened since. Witness a freighter, sailboat, or maybe even a submarine, transit through a lock. It's an experience not to be missed.

Metropolitan Natural Park Visit

Panama City

Visit Metropolitan Natural Park, a 573-acre nature sanctuary in the heart of Panama City. It is the city's only wildlife preserve, and the only tropical forest to serve as a public recreational park for a city. Home to 227 bird species, 45 mammals, 36 kinds of snakes, and 14 kinds of amphibians, there will be plenty of opportunities to spot wildlife as you walk through. Considered a guided tour to learn about the flora and fauna or hike along one of the trails on your own. From here you can also head to the top of Cerro Cedro for impressive views of the city below.

It's time to bid farewell to the mainland as the group travels early this morning to catch the ferry to the magical and largely untouched San Blas Islands. The islands are governed by the local Guna indigenous community and the archipelago is made up of 365 islands, of which only 50 are inhabited by the Guna community. The islands' well-protected natural beauty make them a top destination to experience while in Panama, especially before word gets out about this wonderful paradise. Arrive to the community of Carti and pay a visit to the chief at their local Congress House for a brief welcome. Then, continue by boat to Asseryaladub Island, where you will have free time to relax on the beach and explore the underwater world of snorkelling. Gather round with the group after an included dinner this evening and listen to stories about Guna culture for a truly unique introduction to the San Blas Islands.

You will be completely unplugged for a few days. It's paradise without the everyday creature comforts, and you'll be surprised by how much you enjoy the simple things in life. After breakfast visit a natural pool and check out the starfish lounging beneath the surface. Then, visit another island for a slight change of scenery. What is the group leader like?

All G Adventures group trips are accompanied by one of our group leaders, a G Adventures representative, or an expedition team. The aim of the group leader is to take the hassle out of your travels and to help you have the best trip possible. They will provide information on the places you are travelling through, offer suggestions for things to do and see, recommend great local eating venues and introduce you to our local friends. While not being guides in the traditional sense you can expect them to have a broad general knowledge of the countries visited on the trip, including historical, cultural, religious and social aspects. We also use local guides where we think more specific knowledge will add to the enjoyment of the places we are visiting- we think it's the best of both worlds.

How large will the group be?

Max 18, avg 16.

What meals are included in this trip?

6 breakfasts, 6 lunches, 6 dinners

What are the meals like on this trip?

Eating is a big part of traveling. Travelling with G Adventures you experience the vast array of wonderful food that is available out in the world. Generally meals are not included in the trip price when there is a choice of eating options, to give you the maximum flexibility in deciding where, what and with whom to eat. It also gives you more budgeting flexibility, though generally food is cheap. Our groups tend to eat together to enable you to taste a larger variety of dishes and enjoy each other's company. There is no obligation to do this though. Your CEO will be able to suggest favourite restaurants during your trip. The above information applies to G Adventures group trips. Please refer to the meals included and budget information for included meals and meal budgets.

What are the modes of transportation on my trip?

Public bus, private vehicle, overnight bus, boat, ferry, taxi, walking.

Is there an extra cost for travelling solo?

We believe solo travellers should not have to pay more to travel so our group trips are designed for shared accommodation and do not involve a single supplement. Single travellers joining group trips are paired in twin or multi-share accommodation with someone of the same sex for the duration of the trip. Some of our Independent trips are designed differently and solo travellers on these itineraries must pay the single trip price.

Where will we stay during the trip?

Simple hotels/hostels (54 nts, most multi-share), overnight bus (1 nt), local homestay (3 nts). Basic Island Huts (3 nts, multi-share).

What kind of accommodation can I expect on this trip?

Accommodation will be varied throughout your adventure. Some nights on this tour will be multi-share. This may involve 4-6 group members sharing and even (on rare occasions) dormitory-style rooms for the whole group. The majority of accommodation will have shared bathroom facilities.

Where we use multi-share hostels, rooming requests of any kind cannot be taken. For private accommodation please see tours in our Classic Travel Style.

What are the joining instructions?

For details of your joining hotel please refer to your tour voucher, G Account, the G Adventures App or contact your travel agent.

If you would like to book an airport Arrival transfer for your tour, please contact our Sales Team or your Travel Agent in advance of travel.

If you have paid in advance for an arrival transfer, a G Adventures representative will be at the airport to meet you. If for any reason you are not met at the airport, please call our local support line. If you are unable to make contact for whatever reason, please make your way to the joining point hotel via taxi.

Please note that day 1 is an arrival day and no activities have been planned on this day.

Upon arrival to your Joining Hotel (note that check-in time will be in the afternoon), look for a note or bulletin board in the reception with a note from your CEO. This note will give the details of your Welcome Meeting on day 1 (usually between 5pm and 7pm), where you will get a chance to meet your CEO and other travellers, as well as learn more about how the tour will run. If you don't see a note, please ask reception for details!

If you are arriving later and will miss the Welcome Meeting, your CEO will leave a note at reception for you with any information you may need, and with morning instructions for the next day.

What happens if I experience problems when arriving?

We don't expect any problems, and nor should you, but if for any reason you are unable to commence your trip as scheduled, please refer to the emergency contact details provided in this dossier and contact us as soon as possible. If you have a pre-booked transfer, and you have not made contact with our representative within 30 minutes of clearing customs and immigration, we recommend that you make your own way to the Starting Point hotel, following the Joining Instructions. Please apply to your travel agent on your return for a refund of the transfer cost if this occurs.

Who should I contact in case of an emergency?

Should you need to contact us during a situation of dire need, it is best to first call either the G Adventures Local Operator (if one is listed below) or our G Adventures Local Office. What should I consider when planning my personal expenses and discretionary spending for this itinerary?

Every traveller is different and therefore spending money requirements will vary. Some travellers may drink more than others while other travellers like to purchase more souvenirs than most. Please consider your own spending habits when it comes to allowing for drinks, shopping and tipping. Please also remember the following specific recommendations when planning your trip.

What should I know about currency, credit cards, and exchanging money while on this tour?

It is uncommon to pay for optional activities, souvenirs and meals on credit card in the areas this trip visits, so be prepared with a combination of USD cash and local currency to pay for these on-trip costs.

That said, credit cards and debit cards are very useful for cash advances. Visa cards are the most widely accepted cards. While ATMs are widely available, there are no guarantees that your credit or debit cards will actually work in Latin America. Check with your bank prior to travelling. ATMs generally only dispense local currency, not USD. Do not rely on credit or debit cards as your only source of money. A combination of US dollars cash and cards is best. Always take more rather than less, as you don't want to spoil the trip by constantly feeling short of funds.

You will be able to exchange USD to local currency along the way, but please be advised that slightly torn notes and notes that have been heavily marked or are faded may be difficult to exchange. It is best to bring notes in fairly good condition, in denominations lower than 50USD (or equivalent). Learn about local exchange rates at www.xe.com.

How much emergency money should I bring on this trip?

Please also make sure you have access to at least an additional USD \$200 (or equivalent) as an 'emergency' fund, to be used when circumstances outside our control (ex. a natural disaster) require a change to our planned route. This is a rare occurrence!

Should I be tipping on my trip?

It is customary in Latin America to tip service providers such as waiters, at approximately 10%, depending on the service. Tipping is an expected - though not compulsory - component of your tour program and an expression of satisfaction with the persons who have assisted you on your tour. Although it may not be customary to you, it is of considerable significance to the people who will take care of you during your travels. There are several times during the trip where there is opportunity to tip the local guides or drivers we use. Recommendations for tipping drivers and local guides would range from \$5-10 USD per day depending on the quality and length of the service; ask your CEO for specific recommendations based on the circumstances and culture.

Tipping of your G Adventures Chief Experience Officer is very much appreciated. The amount is entirely a personal preference; however as a guideline \$5- 7 USD per person, per day is our recommendation in the region. However, if you felt your CEO did an especially outstanding job, any additional amount will always be welcome.

Are there any health considerations I should know before travelling?

Please note inoculations may be required for the country visited. It is your responsibility to consult with your travel doctor for up to date medical travel information well before departure.

You should consult your doctor for up-to-date medical travel information well before departure. We recommend that you carry a First Aid kit and hand sanitizers / antibacterial wipes as well as any personal medical requirements. Please be aware that quite often we are in remote areas and away from medical facilities, and for legal reasons our leaders are prohibited from administering any type of drug including headache tablets, antibiotics, etc. When selecting your trip please carefully read the brochure and itinerary and assess your ability to cope with our style of travel. Please refer to the Physical and Culture Shock ratings for trip specific information. G Adventures reserves the right to exclude any traveller from all or part of a trip without refund if in the reasonable opinion of our CEO they are unable to complete the itinerary without undue risk to themselves and/or the rest of the group.

What do I need to know to about safety and security on my trip?

Many national governments provide a regularly updated advice service on safety issues involved with international travel. We recommend that you check your government's advice for their latest travel information before departure. We strongly recommend the use of a neck wallet or money belt while travelling, for the safe keeping of your passport, air tickets, travellers' cheques, cash and other valuable items. Leave your valuable jewellery at home - you won't need it while travelling. Many of the hotels we use have safety deposit boxes, which is the most secure way of storing your valuables. A lock is recommended for securing your luggage. When travelling on a group trip, please note that your group leader has the authority to amend or cancel any part of the trip itinerary if it deemed necessary, due to safety concerns. Your Chief Experience Officer (CEO) will accompany you on all included activities. During your trip you will have some free time to pursue your own interests, relax and take it easy and explore at your leisure. While your CEO will assist you with options available in a given location, please note that any optional activities you undertake are not part of your itinerary, and we offer no representations about the safety of the activity or the standard of the operators running them. Please use your own good judgement when selecting an activity in your free time. Although the cities visited on tour are generally safe during the day, there can be risks to wandering throughout any major city at night. It is our recommendation to stay in small groups and to take taxis to and from restaurants, or during night time excursions.

Water based activities have an element of danger and excitement built into them. We recommend only participating in water based activities when accompanied by a guide(s). We make every reasonable effort to ensure the fun and adventurous element of any water based activities (in countries with varying degrees of operating standards), have a balanced approach to safety. It is our policy not to allow our CEOs to make arrangements on your behalf for water based activities that are not accompanied by guide(s).

Swimming, including snorkeling, is always at your own risk. [Read more about travel safety](#) for ways to further enhance your personal safety while traveling.

What rules should I know before joining this trip?

Illegal drugs will not be tolerated on any trips. Possessing or using drugs not only contravenes the laws of the land but also puts the rest of the group at risk. Smoking marijuana and opium is a part of local culture in some parts of the world but is not acceptable for our travellers. Our philosophy of travel is one of respect towards everyone we encounter and in particular the local people who make the world the special place it is. The exploitation of people in the sex trade is completely contrary to this philosophy. Our CEOs have the right to expel any member of the group if drugs are found in their possession or if they utilize the services of paid sex workers, in any capacity.

Is travel insurance required for my trip?

Travel insurance is compulsory in order to participate on any of our trips. When travelling on a group trip, you will not be permitted to join the group until evidence of travel insurance has been sighted by your leader, who will take note of your insurance details. When selecting a travel insurance policy we require that at a minimum you are covered for medical expenses including emergency evacuation and repatriation. A minimum coverage of USD200,000 is required. We strongly recommend that the policy also covers personal liability, cancellation, curtailment and loss of luggage and personal effects. Some tours include adventure activities that require extra coverage (e.g. crampon use); please review your itinerary and make sure that you are covered for all included activities. If you have credit card insurance we require proof of purchase of the trip (a receipt of credit card statement) with a credit card in your name. Contact your bank for details of their participating insurer, the level of coverage and emergency contact telephone number.
