The information in this trip details document has been compiled with care and is provided in good faith. It may differ slightly to the one in the brochure. Occasionally our itineraries change as we make improvements that stem from past travellers, comments and our own research. VERY IMPORTANT: Please ensure that you view a final copy of your Trip Details a couple of days prior to travel, in case there have been changes that affect your plans.

Is there a travel disclaimer for my itinerary I should review before booking this trip?

While it is our intention to adhere to the route described below, there is a certain amount of flexibility built into the itinerary and on occasion it may be necessary, or desirable to make alterations. The itinerary is brief, as we never know exactly where our journey will take us. Due to our style of travel and the regions we visit, travel can be unpredictable. The Trip Details document is a general guide to the tour and region and any mention of specific destinations or wildlife is by no means a guarantee that they will be visited or encountered. Aboard expedition trips visits to research stations depend on final permission.

Additionally, any travel times listed are approximations only and subject to vary due to local circumstances.

What important notes should I be aware of before the trip?

1. Please note that due to weather conditions, it is possible that the sailboat won't be able to dock in Tenerife, meaning that it may be required to take a short ferry ride to the boat at the start of the trip, or back to Tenerife at the end of the trip.
2. Space is limited on the boat and especially in your cabin. You can only take soft sided luggage on board, such as a mid-sized backpack or soft duffel bag. (Less than is 15kgs). Suitcases are not appropriate for our Sailing adventures as they are not flexible enough to fit into the niches available for luggage.
3. Fresh water is very limited on board, and as such we ask for your understanding that showers are limited to one quick shower per person a day.
4. It's important to note that the beds in the cabins are not the usual length of a standard bed. The length is approximately 1.8 meters (6 feet).
5. Electrical outlets on board are European style with 2 pins (240V), and are only operational while in port. It is highly recommended to bring an external battery pack for charging personal electronics.
6. This is a self-catering trip, and everybody will be expected to participate, cleaning up after themselves, and keeping the boat ship shape at all times (including washing the dishes, and emptying the bins when ashore), for safety and hygiene.
7. Physical Rating:
 - You should be able to climb up small steep ladders, and walk over a wooden plank (without a handrail) when boarding/d disembarking the vessel, and be physically able to carry your luggage.
 - You will often be climbing in and out of the yachts inflatable tenders daily, which can include, beach landing spots and boarding/d disembarking the tender from the yacht in sometimes challenging conditions.
 - Moving around the yacht while under sail can be challenging as it moves in the waves or heels over to its side. You should be physically able, and comfortable, to move about in such conditions.
8. If you don't have an EU Drivers Licence, make sure to get an International Licence to be able to rent a vehicle on the islands.
9. Twin cabins will have a double bed on the bottom bunk and a single bed on the top bunk. The Twin cabins has a shared bathroom, and will be shared with the Skipper CEO/Captain.
10. Kindly note that there may be one or two longer travel days specified on the itinerary, and we appreciate your understanding as we strive to ensure a safe and enjoyable experience.
11. It is recommended that any condition that could affect your movement, balance, or awareness be discussed with your doctor beforehand, and disclosed to the Skipper CEO/Captain for safety.
12. Pre-Trip Contact (G App)

For an enhanced sailing experience, we highly recommend downloading the G Adventures App. This essential tool provides your joining instructions and allows you to connect with your Skipper CEO two days prior to your departure date. Your Skipper CEO will also reach out through the G app chat section with any updates and information required. Stay informed and prepared by accessing all necessary trip details through the app. Ensure a seamless and stress-free start to your adventure by downloading the G Adventures App today!

What is the role of the group leader during this trip?

A G Adventures Skipper CEO will be with the group throughout your journey. The aim of the Skipper CEO is to take the hassle out of your travels and to help you have the best trip possible, as well as taking complete charge of the sailing, your safety on board and the safety of the vessel. As this is a real sailing adventure, our Skipper might also request your help on board and will be more than happy to impart some of their vast sailing knowledge during the course of the journey. Our Skippers are all fully licensed with many years of experience sailing around the world. They will provide information on the places you are travelling through, offer suggestions for things to do and see, recommend great local eating venues and you can expect your skipper to have a broad general knowledge of the Canary Islands you will visit.

How large will the group be?

Max 10

What meals are included in this trip?

No meals included

What are the meals like on this trip?

Eating is a big part of traveling. Travelling with G Adventures you experience the vast array of wonderful food that is available out in the world. Generally meals are not included in the trip price when there is a choice of eating options, to give you the maximum flexibility in deciding where, what and with whom to eat. It also gives you more budgeting flexibility, though generally food is cheap. Our groups tend to eat together to enable you to taste a larger variety of dishes and enjoy each other's company. There is no obligation to do this though. Your CEO will be able to suggest favourite restaurants during your trip. The above information applies to G Adventures group trips. For Independent trips please check the itinerary for details of meals included. For all trips please refer to the meals included and budget information for included meals and meal budgets.

On our Canary Islands sailing trips, the G Adventures Skipper/CEO will help you make a food kitty, where around EUR 60 per person, per week will be added to the kitty for small food items on board to cover breakfasts, lunches and the odd dinner.

Breakfasts and lunches are prepared by yourself, and most dinners are taken ashore at local restaurants.

What are the modes of transportation on my trip?

17m (57 ft) sailing yacht.

What transportation will we take on this trip?

Our 57ft sailing boats are equipped with state of the art technology offering all travellers onboard a safe and enjoyable experience. Space is optimized – sleeping quarters are snug, meaning that more of the boat is open from everyone to enjoy. Cabins are allotted by the skipper based on the gender and traveller make-up of the group.

Is there an extra cost for travelling solo?

We believe single travellers should not have to pay more to travel so our group trips are designed for shared accommodation and do not involve a single supplement. Single travellers joining group trips are paired in twin or multi-share accommodation with someone of the same sex for the duration of the trip. Some of our Independent trips are designed differently and single travellers on these itineraries must pay the single trip price.

Where will we stay during the trip?

5 twin/double bed cabins with en suite or shared facilities.

What are the visas and entry requirements for my trip?

All countries require a valid passport (with a minimum 6 months validity). Contact your local embassy or consulate for the most up-to-date visa requirements, or see your travel agent. It is your own responsibility to have the correct travel documentation. Visa requirements for your trip will vary depending on where you are from and where you are going. We keep the following information up to date as far as possible, but rules do change and sometimes without warning. While we provide the following information in good faith, it is vital that you check the information yourself and understand that you are fully responsible for your own visa requirements.

Visa information specific to your destination and nationality can be found in our Important Pre-Departure Information page [here](#)

As of 2025, various European countries are introducing ETIAS travel authorisation as an entry requirement for visa-exempt nationals.

What should I consider when planning my personal expenses and discretionary spending for this itinerary?

Every traveller is different and therefore spending money requirements will vary. Some travellers may drink more than others while other travellers like to purchase more souvenirs than most. Please consider your own spending habits when it comes to allowing for drinks, shopping and tipping. Please also remember the following specific recommendations when planning your trip.

During the trip please allow \$150-170USD (or equivalent) on tour for taxi/bus/tour vehicle around the islands while exploring, and the transport for optional activities.

What should I know about currency, credit cards, and exchanging money while on this tour?

Credit cards and debit cards are very useful for cash advances. Visa cards are the most widely accepted cards. While ATMs are widely available, there are no guarantees that your credit or debit cards will actually work in Western Europe. Check with your bank. You should be aware that to purchase products or services on a credit card a fee of 5%-10% usually applies. Do not rely on credit or debit cards as your only source of money. A combination of Euros, travellers cheques and cards is best. Always take more rather than less, as you don't want to spoil the trip by constantly feeling short of funds.

As currency exchange rates can fluctuate often we ask that you refer to the following website for daily exchange rates: www.xe.com

How much emergency money should I bring on this trip?

Please also make sure you have access to at least an additional USD \$200 (or equivalent) as an 'emergency' fund, to be used when circumstances outside our control (ex. a natural disaster) require a change to our planned route. This is a rare occurrence!

Should I be tipping on my trip?

Tipping is customary in Europe. As a standard rule, 10% of the bill for any wait/hospitality staff, and a smaller amount (€1 or €2) for other service providers.

Tipping is expected in Europe - though not a compulsory - component of your tour program, and an expression of your satisfaction with the persons who have assisted you throughout your tour. Although it may not be customary to you, it is of considerable significance to the people who will take care of you during your travels. There are several times during the trip where there is opportunity to tip the local guides. You may do this individually, or collectively and tip as a group. Recommendations for tipping local guides range from 10-20%, depending on the quality and length of the service; ask your Skipper CEO for specific recommendations based on the circumstances and culture.

At the end of each trip, if you felt your G Adventures Skipper CEO did an outstanding job, tipping is expected and appreciated. The precise amount is a personal preference, however it is suggested 10EUR per person, per day can be used as a minimum guideline.

What activities are optional on this trip?

- No optional activities

Are there any health considerations I should know before travelling?

Please note: We do not have a constant power source onboard, and cannot facilitate the use of Sleep Apnea/CPAP machines. Bringing a suitable battery pack is required.

Inoculations may be required for the country visited. It is your responsibility to consult with your travel doctor for up to date medical travel information well before departure.

No particular health issues in the Canary Islands, just that in some more remote islands bottled water is more recommended to drink. Just keep in mind that some heat waves are possible from June to October all over the country. People who are sensitive to seasickness should come prepared.

You should consult your doctor for up-to-date medical travel information well before departure. We recommend that you carry a First Aid kit, hand sanitizers / antibacterial wipes as well as any personal medical requirements.

What do I need to know to about safety and security on my trip?

Many national governments provide a regularly updated advice service on safety issues involved with international travel. We recommend that you check your government's advice for their latest travel information before departure. We strongly recommend the use of a neck wallet or money belt while travelling, for the safe keeping of your passport, air tickets, travellers' cheques, cash and other valuable items. Leave your valuable jewellery at home - you won't need it while travelling. A lock is recommended for securing your luggage. When travelling on a group trip, please note that your CEO has the authority to amend or cancel any part of the trip itinerary if it is deemed necessary due to safety concerns. Your CEO will accompany you on all included activities. During your trip you will have some free time to pursue your own interests, relax and take it easy or explore at your leisure. While your CEO will assist you with options available in a given location please note that any optional activities you undertake are not part of your itinerary, and we offer no representations about the safety of the activity or the standard of the operators running them. Please use your own good judgment when selecting an activity in your free time. Although the cities visited on tour are generally safe during the day, there can be risks to wandering throughout any major city at night. It is our recommendation to stay in small groups and to take taxis to and from restaurants, or during night time excursions.

Protests and Demonstrations- Protests and demonstrations, even those that are well intended, have the potential to turn violent with no warning. Counter protests can also turn violent. Action by security forces to disperse demonstrators and protesters may occur at any time. If you are in an area where demonstrators or protesters are gathering, avoid the temptation of staying for a good photo opportunity and leave the area immediately.

Water based activities have an element of danger and excitement built into them. We recommend only participating in water based activities when accompanied by a guide(s). We make every reasonable effort to ensure the fun and adventurous element of any water based activities (in countries with varying degrees of operating standards) have a balanced approach to safety. It is our policy not to allow our CEOs to make arrangements on your behalf for water based activities that are not accompanied by guide(s).

Swimming, including snorkeling, is always at your own risk.

We take all prudent measures in relation to your safety. For ways to further enhance your personal safety while traveling, please visit:

www.gadventures.com/travel-resources/safety/

What are the trip specific safety considerations?

Spain is a relatively safe country if you take the same precaution you would back home in any major and/or touristy cities, use common sense and do not hesitate to ask your skipper about specific areas to avoid. Also it is recommended to carry with you only the money and documentation you need for the day. Always keep an eye on your belongings, while having a drink, at the internet cafe, waiting at the bus station...

What rules should I know before joining this trip?

Illegal drugs will not be tolerated on any trips. Possessing or using drugs not only contravenes the laws of the land but also puts the rest of the group at risk. Smoking marijuana and opium is a part of local culture in some parts of the world but is not acceptable for our travellers. Our philosophy of travel is one of respect towards everyone we encounter and in particular the local people who make the world the special place it is. The exploitation of people in the sex trade is completely contrary to this philosophy. Our CEOs have the right to expel any member of the group if drugs are found in their possession or if they utilize the services of paid sex workers, in any capacity.

Is travel insurance required for my trip?

Travel Insurance: Travel insurance is compulsory in order to participate on any of our trips. When travelling on a group trip, you will not be permitted to join the group until evidence of travel insurance has been sighted by your CEO, who will take note of your insurance details. When selecting a travel insurance policy please bear in mind that all clients must have medical coverage and that we require a minimum coverage of USD 200,000 for repatriation and emergency rescue. We strongly recommend that the policy also covers personal liability, cancellation, curtailment and loss of luggage and personal effects. If you have credit card insurance we require proof of purchase of the trip (a receipt of credit card statement) with a credit card in your name. Contact your bank for details of their participating insurer, the level of coverage and emergency contact telephone number.
