Is there a disclaimer I should read before booking this trip?

The information in this trip details document has been compiled with care and is provided in good faith. However it is subject to change, and does not form part of the contract between the client and the operator. The itinerary featured is correct at time of printing. It may differ slightly to the one in the brochure. Occasionally our itineraries change as we make improvements that stem from past travellers, comments and our own research. Sometimes it can be a small change like adding an extra meal along the itinerary. Sometimes the change may result in us altering the tour for the coming year. Ultimately, our goal is to provide you with the most rewarding experience. Please note that our brochure is usually released in November each year. If you have booked from the previous brochure you may find there have been some changes to the itinerary.

VERY IMPORTANT: Please ensure that you print a final copy of your Trip Details to review a couple of days prior to travel, in case there have been changes that affect your plans.

Is there a travel disclaimer for my itinerary I should review before booking this trip?

While it is our intention to adhere to the route described below, there is a certain amount of flexibility built into the itinerary and on occasion it may be necessary, or desirable to make alterations. The itinerary is brief, as we never know exactly where our journey will take us. Due to our style of travel and the regions we visit, travel can be unpredictable. The Trip Details document is a general guide to the tour and region and any mention of specific destinations or wildlife is by no means a guarantee that they will be visited or encountered. Aboard expedition trips visits to research stations depend on final permission.

Additionally, any travel times listed are approximations only and subject to vary due to local circumstances.

What important notes should I be aware of before the trip?

1. WEATHER

Weather conditions in the Himalayas can change rapidly and our Expedition Leader may be forced to change the trip itinerary accordingly. Travellers need to be prepared for all weather conditions. For more information please read the "what to take" section of this trip notes.

2. FITNESS

While there are no treks on this trip this will be a fair amount of walking, so you should have an average level of fitness.

As such, the staff and some travel companions on your tour may have previously been traveling together with G Adventures, prior to Day 1 of your tour. Likewise, some staff and travel companions may be continuing together on another G Adventures tour, after your trip concludes.

What is the group leader like?

All G Adventures group trips are accompanied by one of our National Geographic Expedition Leader throughout. The aim of the Expedition Leaders is to take the hassle out of your travels and to help you have the best trip possible. They will provide information on the places you are travelling through, offer suggestions for things to do and see, recommend great local eating venues and introduce you to our local friends. While not being guides in the traditional sense you can expect them to have a broad general knowledge of the countries visited on the trip, including historical, cultural, religious and social aspects. We also use local guides where we think more specific knowledge will add to the enjoyment of the places we are visiting- we think it's the best of both worlds.

What are the joining instructions?

For details of your joining hotel please refer to your tour voucher, G Account, the G Adventures App or contact your travel agent.

An arrival transfer is included when you arrive on Day 1, or if you arrive up to three days prior provided that you have booked your pre-accommodation through National Geographic Expeditions with G Adventures in our joining hotel. Due to customer experience and quality considerations, all services related to the tour must be continuous.

Upon arrival to your Joining Hotel (note that check-in time will be in the afternoon), look for a note or bulletin board in the reception with a note from your Expedition Leader. This note will give the details of your Welcome Meeting on day 1 (usually between 5pm and 7pm), where you will get a chance to meet your Expedition Leader and other travellers, as well as learn more about how the tour will run. If you don't see a note, please ask reception for details!

If you are arriving later and will miss the Welcome Meeting, your Expedition Leader will leave a note at reception for you with any information you may need, and with morning instructions for the next day.

What happens if I experience problems when arriving?

We don't expect any problems, and nor should you, but if for any reason you are unable to commence your trip as scheduled, as soon as possible please contact your starting point hotel, requesting that you speak to or leave a message for your Expedition Leader (if you are not on a group tour please refer to the emergency contact details provided in this dossier). If you are unable to get in touch with your Expedition Leader, please refer to our emergency contact details. If you have pre-booked an airport transfer and have not made contact with our representative within 30 minutes of clearing customs and immigration, we recommend that you make your own way to the Starting Point hotel, following the Joining Instructions. Please apply to your travel agent on your return for a refund of the transfer cost if this occurs.

Who should I contact in case of an emergency?

Should you need to contact us during a situation of dire need, it is best to first call either the G Adventures Local Representative (if one is listed below) or our G Adventures Local Office. If for any reason you do not receive an immediate answer, please leave a detailed message and contact information, so they may return your call and assist you as soon as possible.

What information should I be aware of as the itinerary draws to a close?

You will be met at your hotel and transferred to the airport at the end of your adventure.

Are there any additional packing suggestions I should consider?

What you need to bring will vary according to the trip style you have chosen, the countries you are visiting and when you are travelling. Generally speaking though, you should pack as lightly as possible. On the vast majority of our trips you are expected to carry your own luggage (please see below for exceptions), and though you will not be required to walk long distances with your luggage (max 30 minutes) we recommend keeping the weight under 10kg/22lb.

Suitcases are not recommended for G Adventures travellers! Most travellers carry their luggage in a backpack, although an overnight bag with a shoulder strap would suffice if you travel lightly. Smaller bags with wheels are acceptable, although we recommend your bag has carry straps as well, as you may be required to negotiate bus and railway station steps. You will also need a day pack/bag to carry water and a camera etc for day walks and day trips.

What are the visas and entry requirements for my trip?

All countries require a valid passport (with a minimum 6 months validity). Contact your local embassy or consulate for the most up-to-date visa requirements, or see your travel agent. It is your own responsibility to have the correct travel documentation. Visa requirements for your trip will vary depending on where you are from and where you are going. We keep the following information up to date as far as possible, but rules do change and sometimes without warning. While we provide the following information in good faith, it is vital that you check the information yourself and understand that you are fully responsible for your own visa requirements.

Visa information specific to your destination and nationality can be found in our Important Pre-Departure Information page [here](#)

NEPAL:

Nepal is now offering e-Visas for some nationalities. please visit this [link](#) for further information, and to check if your nationality is eligible for an e-Visa. You can apply for the visa [here](#).

We strongly suggest travellers eligible for an e-Visa complete the form online and print their receipt before arrival to Nepal to ease your entry and avoid queuing. Visas are available upon arrival at the airport and land crossings for those who are unable to receive their e-Visa beforehand.

BHUTAN:

In order to arrange the Bhutan visa, please click on the following link for information and application [form](#)

These details need to be submitted to us 35-60 days before your entry into Bhutan.

We will then arrange the Bhutanese visa for you. You will receive the visa letter while on your tour, 2 - 5 business days before entry into Bhutan. We cannot get the visa letter issued any sooner, as it is issued by the Bhutanese government.

Important: If you are planning to extend your stay in Bhutan, pre- and post-tour accommodation MUST be booked through G Adventures in order for us to issue a valid visa for the duration of your stay.

If arriving and departing Paro from India, please note that the Indian government has recently made some changes to visa regulation due to misuse of the Tourist visa. We encourage all passengers to contact the Indian consulate or embassy in their home country to get up to date information on entry requirements. This is especially important for those planning on entering India multiple times in a two month period.

Foreigners holding an Indian Tourist visa, who after initial entry into India plan to visit neighbouring Nepal, Bhutan or Sri Lanka and then re-enter into India within 2 months need to get special authorization.

What should I consider when planning my personal expenses and discretionary spending for this itinerary?

Every traveller is different and therefore spending money requirements will vary. Some travellers may drink more than others while other travellers like to purchase more souvenirs than most. Please consider your own spending habits when it comes to allowing for drinks, shopping and tipping. Please also remember the following specific recommendations when planning your trip.

What should I know about currency, credit cards, and exchanging money while on this tour?

As currency exchange rates in Asia fluctuate often we ask that you refer to the following website for daily exchange rates: www.xe.com. There are many ATM machines that accept both Visa and Mastercard but these are limited to major cities. Major credit cards are accepted in most shops but they may charge a 2-4% transaction fee.

How much emergency money should I bring on this trip?

Please also make sure you have access to at least an additional USD \$250 (or equivalent) as an 'emergency' fund, to be used when circumstances outside our control (ex. a natural disaster) require a change to our planned route. This is a rare occurrence!

Do I need to pay a departure tax?

All departure taxes should be included in your international flight ticket.

Should I be tipping on my trip?

On our National Geographic Signature tours, tipping is included for all included activities and meals, and portage. Tipping is not included for the Expedition Leader. Should you want some basic guidelines on tipping for the activities you do on your own, please see below. At the end of each trip if you felt your National Geographic Signature Expedition Leader did an outstanding job, tipping is appreciated. The amount is entirely a personal preference, however as a guideline would be \$10-\$15 per person per day.

For meals and activities not included in your itinerary, it is appropriate in Asia to tip 10%. Though not compulsory, tipping is expected. Although it may not be customary to you, it is of considerable significance to the people who will take care of you during your travels and shows an expression of satisfaction.

What activities are optional on this trip?

Mount Everest

- Everest Flight (290 per person)

Are there any health considerations I should know before travelling?

Please note inoculations may be required for the country visited. It is your responsibility to consult with your travel doctor for up to date medical travel information well before departure.

You should consult your doctor for up-to-date medical travel information well before departure. We recommend that you carry a First Aid kit and hand sanitizers / antibacterial wipes as well as any personal medical requirements. Please be aware that sometimes we are in remote areas and away from medical facilities, and for legal reasons our Expedition Leaders are prohibited from administering any type of drug including headache tablets, antibiotics, etc. In Asia pharmacies tend to stock the same western drugs as you get at home but they are usually produced locally so please bring the full drug name with you when trying to purchase a prescription drug. When selecting your trip please carefully read the brochure and itinerary and assess your ability to cope with our style of travel. Please refer to the Physical ratings for trip specific information. G Adventures reserves the right to exclude any traveller from all or part of a trip without refund if in the reasonable opinion of our Expedition Leader they are unable to complete the itinerary without undue risk to themselves and/or the rest of the group.

What do I need to know to about safety and security on my trip?

Many national governments provide a regularly updated advice service on safety issues involved with international travel. We recommend that you check your government's advice for their latest travel information before departure. We strongly recommend the use of a neck wallet or money belt while travelling, for the safe keeping of your passport, air tickets, travellers' cheques, cash and other valuable items. Leave your valuable jewellery at home - you won't need it while travelling. Many of the hotels we use have safety deposit boxes, which is the most secure way of storing your valuables. A lock is recommended for securing your luggage. When travelling on a group trip, please note that your Expedition Leader has the authority to amend or cancel any part of the trip itinerary if it is deemed necessary due to safety concerns. Your Expedition Leader will accompany you on all included activities. During your trip you will have some free time to pursue your own interests, relax and take it easy or explore at your leisure. While your Expedition Leader will assist you with options available in a given location please note that any optional activities you undertake are not part of your itinerary, and we offer no representations about the safety of the activity or the standard of the operators running them. Please use your own good judgment when selecting an activity in your free time. Although the cities visited on tour are generally safe during the day, there can be risks to wandering throughout any major city at night. It is our recommendation to stay in small groups and to take taxis to and from restaurants, or during night time excursions.

Protests and Demonstrations- Protests and demonstrations, even those that are well intended, have the potential to turn violent with no warning. Counter protests can also turn violent. Action by security forces to disperse demonstrators and protesters may occur at any time. If you are in an area where demonstrators or protesters are gathering, avoid the temptation of staying for a good photo opportunity and leave the area immediately.

Water based activities have an element of danger and excitement built into them. We recommend only participating in water based activities when accompanied by a guide(s). We make every reasonable effort to ensure the fun and adventurous element of any water based activities (in countries with varying degrees of operating standards) have a balanced approach to safety. It is our policy not to allow our Expedition Leaders to make arrangements on your behalf for water based activities that are not accompanied by guide(s).

Swimming, including snorkeling, is always at your own risk.

We take all prudent measures in relation to your safety. For ways to further enhance your personal safety while traveling, please visit:

www.gadventures.com/travel-resources/safety/

What are the trip specific safety considerations?

We strongly recommend the use of a neck wallet or money belt while travelling, for the safe keeping of your passport, air tickets, travellers' cheques, cash and other valuable items. Leave your valuable jewellery at home - you won't need it while travelling. Many of the hotels we use have safety deposit boxes which is the most secure way of storing your valuables. A lock is recommended for securing your luggage.

What rules should I know before joining this trip?

Illegal drugs will not be tolerated on any trips. Possessing or using drugs not only contravenes the laws of the land but also puts the rest of the group at risk. Smoking marijuana and opium is a part of local culture in some parts of the world but is not acceptable for our travellers. Our philosophy of travel is one of respect towards everyone we encounter, and in particular the local people who make the world the special place it is. The exploitation of prostitutes is completely contrary to this philosophy. Our Expedition Leader have the right to expel any member of the group if drugs are found in their possession or if they use prostitutes.

Is travel insurance required for my trip?

Travel Insurance: Travel insurance is compulsory in order to participate on any of our trips. When travelling on a group trip, you will not be permitted to join the group until evidence of travel insurance has been sighted by your Expedition Leader, who will take note of your insurance details. When selecting a travel insurance policy please bear in mind that all clients must have medical coverage and that we require a minimum coverage of USD 200,000 for repatriation and emergency rescue. We strongly recommend that the policy also covers personal liability, cancellation, curtailment and loss of luggage and personal effects. If you have credit card insurance we require proof of purchase of the trip (a receipt of credit card statement) with a credit card in your name. Contact your bank for details of their participating insurer, the level of coverage and emergency contact telephone number.

How should I dress to respect local customs during the tour?

In Asia the dress standard is more conservative than it is back home. When packing try to pick loose, lightweight, long clothing that will keep you cool if its hot and can be layered when cool. In predominately Buddhist, Hindu and Muslim countries we ask that you dress respectfully and avoid short shorts/skirts and singlets/tanktops when visiting temples or mosques or other holy sites.

How old must I be to join this trip?

You must be 18 to travel unaccompanied on a G Adventures tour. For minors travelling with a guardian over 21 years old, the minimum age is 12.

Are international flights included in this trip?

No, international flights are generally not included in the price of your tour.

However, on some combo tours travelling between two different countries, international flights are included as part of the itinerary and price of the tour. Please speak to your National Geographic Signature Specialist or booking agent for further details.

In addition, check-in times and baggage allowances/restrictions vary by airline and can change at any time. For the most up-to-date information for your flight, please contact your airline. We recommend checking in online in advance to avoid potential delays at the airport.
