Is there a travel disclaimer for my itinerary I should review before booking this trip?

This compiled itinerary represents our thoughtfully designed plan, provided in good faith and correct at the time of publication. However, to ensure we deliver the most rewarding experience possible, our itineraries remain dynamic; we continuously refine our routes based on research, field insights, and guest feedback, meaning details may evolve between the release of our annual directory and your departure. Flexibility is a cornerstone of our travel philosophy, and while we intend to follow the path described, the nature of exploring unpredictable environments means alterations may occur, and any mention of specific destinations or wildlife encounters cannot be guaranteed. We invite you to view these travel times and details as an approximate guide rather than a strict contract, and we kindly ask that you review a final copy of your Trip Details a few days prior to departure to ensure you have the most current information for your upcoming expedition.

What important notes should I be aware of before the trip?

1. TRAVEL DAYS

While this expedition is not physically demanding, it involves traversing vast and diverse landscapes to reach Southern Africa's premier wildlife destinations. Some travel days include extended drives where road conditions may vary. These journeys are conducted in premium, air-conditioned vehicles designed for comfort, offering a unique opportunity to witness the changing scenery of the region.

2. YELLOW FEVER: COUNTRY DETAIL

There is no risk of Yellow Fever transmission in Botswana, Kenya, Malawi, Namibia, South Africa, Tanzania, Uganda, Zambia, or Zimbabwe. However, all of these countries require proof of vaccination under International Health Regulations to prevent importation of the virus. It is compulsory to show a valid Yellow Fever vaccination certificate if you are travelling to any of the above countries from a Yellow Fever endemic country, or have recently transited through one (12 hours or more in airport). Endemic countries include: Angola, Benin, Bolivia, Brazil, Burkina Faso, Burundi, Cameroon, Central African Republic, Chad, Colombia, Democratic Republic of the Congo, Republic of the Congo, Côte d'Ivoire, Ecuador, Equatorial Guinea, Ethiopia, French Guiana, Gabon, Gambia, Ghana, Guinea, Guinea-Bissau, Guyana, Kenya, Liberia, Mali, Mauritania, Niger, Nigeria, Panama, Paraguay, Peru, Rwanda, São Tomé and Príncipe, Senegal, Sierra Leone, Somalia, South Sudan, Sudan, Suriname, Tanzania, Togo, Trinidad and Tobago, Uganda, Venezuela.

We advise all travellers on Southern and East Africa itineraries to carry a valid Yellow Fever vaccination certificate regardless of their country of origin. Given the multi-country nature of these itineraries, travellers will cross borders into countries that require the certificate as a condition of entry from preceding destinations. A traveller entering the itinerary from a non-endemic country may not require the certificate to enter the first country, but will almost certainly require it by the time they cross into a subsequent one. Yellow Fever vaccinations must be administered at least 10 days prior to entry into the first country visited. Under WHO regulations (effective 11 July 2016), certificates are valid for the lifetime of the person vaccinated, there is no 10-year expiry on the certificate itself, though some border officials may be unaware of this. Travellers should carry their original International Certificate of Vaccination or Prophylaxis (yellow card) at all times during the tour. Travellers without a valid certificate run the risk of being denied entry and will not be able to continue with the tour. Any additional travel expenses incurred will be at the traveller's own account.

3. COMBO TRIP

Please note that this trip is a combination of multiple G Adventures tours (Cape Town, Kruger). As such, the staff and/or particular vehicles operating your tour may change between tour segments. You may also expect some group members to join or leave the tour, between tour segments.

4. MONEY EXCHANGE

We strongly advise that you bring ZAR or USD from your home country or exchange money before the start of the tour, to avoid delays on tour. Please see the Money Exchange section for more details.

5. DRONES

The use of drones in national parks in Southern Africa is prohibited.

What is the role of the group leader during this trip?

Every National Geographic Signature departure is accompanied throughout by a dedicated National Geographic Expedition Leader, whose purpose is to ensure a seamless experience so you can fully immerse yourself in the destination. Your Expedition Leader offers deep insight into the landscapes you traverse, suggests enriching independent activities, recommends exceptional local dining venues, and connects you with our community friends along the way. Rather than acting as conventional guides, they possess a broad, sophisticated understanding of the historical, cultural, religious, and social tapestry of the region. To offer the ultimate perspective, we complement their expertise with specialist local guides whose deep regional knowledge adds profound depth to specific sites—delivering a masterfully balanced exploration.

How large will the group be?

Max 22, avg. 16.

What meals are included in this trip?

9 breakfasts, 5 lunches, 9 dinners

What are the modes of transportation on my trip?

Private vehicle, 4x4 safari vehicle, boat, plane, walking

What transportation will we take on this trip?

Across the vast, sun-baked savannas of Africa, the line between a rugged journey and a front-row seat to the natural world depends entirely on your vessel. For this expedition, the terrain is traversed in custom-engineered, private 7-seat 4x4 safari vehicles. Outfitted with expansive sliding windows and a signature large pop-up roof, these mechanical beasts are meticulously designed to optimize wildlife viewing. To ensure both comfort and an intimate connection with the landscape, occupancy is strictly capped at six explorers per vehicle, with larger expeditions utilizing a convoy of up to three vehicles.

The African interior is a study in elemental extremes. The tracks beneath our wheels span the entire spectrum of terrain, from newly paved stretches to deeply rutted, bone-rattling pathways. During the scorching dry seasons, these trails transform into ribbons of dust. Yet, this traditional style of overland travel remains unrivaled. The vehicles offer a vital sanctuary of comfortable seating, while the autonomy of a private fleet grants us the invaluable luxury of spontaneity—allowing the expedition to halt at a moment's notice to witness a crouching lioness lock eyes with her prey.

In these remote regions, safety dictates our pace. All vehicles are outfitted with speed governors locked at a conservative 80 km/h, ensuring a controlled transit through unpredictable environments. For your personal protection against the sudden jolts of the terrain, seat belts must be worn at all times while the vehicle is in motion. Our vehicles are maintained to the highest standards, and in the unlikely event of a technical issue, our expert drivers are equipped to resolve it efficiently.

Are local flights included in the cost of the trip?

Local flights are included in this tour. Please note, there is a 20 kg weight limit for checked luggage and 7 kg for carry-on. The fee for additional weight or baggage is the sole responsibility of the traveller.

Is there an extra cost for travelling solo?

Yes, for those travelling solo there is a single supplement.

Where will we stay during the trip?

Hotels (5 nts), Lodge (4 nts).

What are the joining instructions?

What happens if I experience problems when arriving?

Our philosophy of travel is rooted in deep respect for the people, cultures, and lands we encounter. To ensure the safety of our travellers, staff, and the communities that welcome us, the possession or use of illegal drugs is strictly prohibited on all departures. While certain substances may be woven into local traditions in some regions, they are not permitted within our groups. Furthermore, any form of exploitation, including the solicitation of sex workers, directly contradicts our values. To protect the integrity of the experience and the well-being of the group, our National Geographic Expedition Leader retains the right to remove any traveller who violates these standards.

Who should I contact in case of an emergency?

Should you require urgent assistance during your travels, your first point of contact should be our local representative or regional office. What information should I be aware of as the itinerary draws to a close?

For this particular itinerary travellers will fly to Johannesburg airport where our expedition to Southern Africa concludes.

Please book your departure flight for no earlier than 7pm.

Are there any additional packing suggestions I should consider?

When deciding what to pack, considerations will vary based on your specific itinerary, the regions you are visiting, and the season in which you are travelling. Generally speaking, we recommend packing thoughtfully and keeping your luggage to one checked bag at a manageable weight to facilitate seamless transitions throughout your expedition.

When can I do my laundry on this trip?

Laundry services are available during your journey. Please consult your Expedition Leader for assistance with making these arrangements during your stay.

What are the visas and entry requirements for my trip?

Securing the necessary visas and travel documentation is an essential step in preparing for your upcoming expedition, and remains the responsibility of each individual traveller. Entry requirements fluctuate depending on your nationality and destination; while we strive to provide the most current information, immigration regulations change frequently. We strongly advise verifying all entry protocols directly with the relevant embassy or consulate well in advance of your departure. Please also ensure your passport remains valid for at least six months beyond your scheduled departure date from the country.

For tailored details specific to your nationality and destination, please consult our dedicated pre-departure resource page at [here](#)

What should I consider when planning my personal expenses and discretionary spending for this itinerary?

While personal spending habits naturally vary, we recommend factoring in your individual preferences for shopping, tipping, and beverages to ensure a seamless experience. In addition to these day-to-day comforts, we kindly ask that you maintain access to a minimum of USD \$200 (or its equivalent) as a dedicated emergency fund; though exceptionally rare, unpredictable circumstances such as changing weather patterns or natural events may occasionally necessitate a shift from our planned route, and this reserve ensures we can navigate any path ahead with peace of mind.

What should I know about currency, credit cards, and exchanging money while on this tour?

The currency in South Africa is the South African Rand (ZAR).

Rand can be obtained locally by changing foreign currency or by using ATMs (where available) which will dispense local currency. Your Expedition Leader will inform you where you can change money throughout the tour and approximately how much money you will need.

Please note that due to past problems with forgery, \$US notes that are older than year 2006 are not accepted in Africa. Large note (\$US 50, \$US 100 etc) can be difficult to change in some places, but will gain you the best exchange rate.

If you plan to buy your visas at borders, you will need to bring \$USD cash to pay for these visas. Please note you cannot use the local currency or any other currency to buy these visas- they must be purchased in USD.

Please do not bring Travellers' cheques to Africa. They are difficult if not impossible to exchange in many places.

Visa/Plus system cards are the most widely accepted debit cards. It is harder to find machines Mastercard/Cirrus cards. We highly recommend that if you hold a Mastercard, you obtain a Visa card prior to departure and travel with both. This is also useful should something unforeseen happen to one of your cards during your travels.

While there are many ATMs in the major centres, there are no guarantees that your credit or debit cards will actually work in Africa. Check with your bank.

Credit cards can be used in major cities and towns ONLY but please do not rely on them as a method of payment because they are generally not widely accepted. You should be aware that to purchase products or services on a credit card a fee of 5%-10% usually applies. The majority of our optional activities can also be paid by credit card. Your Expedition Leader will advise on these.

Please note that in many areas there may be occasional power-outages, where there will be no electricity for hours at a time. In addition, ATMs outside of larger centers often run out of cash or can be out of order unexpectedly. These factors could affect your ability to access money from ATMs. As such, please do not rely on credit or debit cards as your only source of money.

A combination of foreign currency and debit/credit cards for cash advances is best. Always take more rather than less, as you don't want to spoil the trip by constantly feeling short of funds.

As currency exchange rates can fluctuate often we ask that you refer to the following website for daily exchange rates: www.xe.com.

Should I be tipping on my trip?

To ensure a seamless and elevated experience throughout your National Geographic Signature departure, gratuities have been fully taken care of for all included meals, activities, and luggage portage.

On our National Geographic Signature tours, tipping is included for all included activities and meals, and portage. Tipping is not included for the Expedition Leader. Should you want some basic guidelines on tipping for the activities you do on your own, please see below. At the end of each trip if you felt your National Geographic Signature Expedition Leader did an outstanding job, tipping is appreciated. The amount is entirely a personal preference, however as a guideline would be \$10-\$15 per person per day.

Tipping is neither required nor expected for your National Geographic Expedition Expert.

For meals and activities not included in your itinerary, it is appropriate in Africa to tip 10%. Though not compulsory, tipping is expected. Although it may not be customary to you, it is of considerable significance to the people who will take care of you during your travels and shows an expression of satisfaction.

What activities are optional on this trip?

- No optional activities

Are there any health considerations I should know before travelling?

Please note that health requirements and recommended inoculations vary by destination. To ensure your well-being, it is your responsibility to consult with a specialized travel physician for up-to-date medical guidance well before departure.

We highly recommend carrying a personal first aid kit, hand sanitizer, and any essential prescription medications. Because our itineraries frequently trace paths through remote regions far from advanced medical facilities, legal regulations prohibit our National Geographic Expedition Leaders from administering any medication, including standard over-the-counter pain relievers. While local pharmacies along our route may stock familiar remedies, they are often produced under regional names, so we advise bringing the generic chemical name of any critical prescription. Before finalising your plans, please carefully review the itinerary and physical requirements to ensure your personal fitness aligns with our style of exploration. To safeguard the well-being of the group, we reserve the right to excuse any traveller from all or part of an itinerary if, in the professional judgment of our Expedition Leader, continuing would pose an undue risk to themselves or their fellow travellers.

Yellow Fever Certificate Note (Updated: June 2026)

It is compulsory to show a valid Yellow Fever Certificate if you are travelling to the following G Adventures-visited countries from a Yellow Fever endemic country, or if you have transited for more than 12 hours through the airport of a Yellow Fever endemic country:

Botswana

Kenya*

Malawi

Namibia

South Africa

Tanzania

Uganda*

Zambia

Zimbabwe

*Kenya and Uganda require a valid Yellow Fever Certificate from all travellers regardless of country of origin, not only those arriving from endemic countries. Travellers to these destinations should ensure they are vaccinated regardless of their travel history. If other non-endemic countries have been visited after visiting an endemic country, a Yellow Fever certificate may still be required on entry into subsequent destinations. This is particularly relevant on multi-country Southern Africa itineraries, for example, a traveller moving from Uganda to Kenya, or from Kenya across a land border into Tanzania, will be required to show their certificate at each entry point. Please check country-specific regulations before departure.

Malaria

Malaria is a mosquito-borne disease that is present in some regions in Africa. Risk of malaria can increase during periods of heavy rain, during the rainy seasons, and in densely populated areas of Southern & East Africa. To prevent malaria, we recommend speaking to your doctor about taking preventative medication (prophylaxis), combined with regular use of insect repellent spray/cream. Please check updated travel health advisories specific to malaria before your departure.

What do I need to know to about safety and security on my trip?

To ensure your well-being and security throughout our explorations, we recommend consulting your home government's regularly updated international travel advisories prior to departure. For peace of mind while on the move, we strongly advise using a concealed neck wallet or money belt to secure your passport, travel documentation, and currency. We suggest leaving exceptional jewelry at home, as it is unnecessary for our style of travel; instead, make use of the safety deposit boxes available at most of our accommodations. Securing your luggage with a reliable lock is also highly recommended.

When travelling on a departure, your National Geographic Expedition Leader maintains the authority to modify or adapt any portion of the itinerary should environmental conditions or safety considerations require it. Your Expedition Leader accompanies the group on all scheduled activities, but you will also enjoy unstructured time to pursue personal interests, relax, or discover locales at your leisure. While your leader is delighted to suggest local options for these independent periods, please note that these optional choices do not form part of our curated itinerary, and we make no representations regarding their operating standards; we encourage you to exercise your own discerning judgment.

While the destinations we visit are welcoming during the daytime, navigating urban environments at night requires mindfulness. We recommend exploring in small groups and utilizing local taxis when dining out or moving about after dark. Furthermore, should you encounter public demonstrations or political gatherings, please prioritize your safety by leaving the vicinity immediately rather than remaining for photographs, as these situations can evolve rapidly.

Water-based experiences carry inherent risks. To ensure your protection, we recommend participating in aquatic activities only when accompanied by professional guides. Our commitment to safety means that our Expedition Leaders are strictly prohibited from facilitating unguided water activities on your behalf. Please note that swimming and snorkelling are always undertaken at your own risk. For further insights on enhancing your personal safety during your voyage, please visit www.gadventures.com/travel-resources/safety/

What rules should I know before joining this trip?

Illegal drugs will not be tolerated on any trips. Possessing or using drugs not only contravenes the laws of the land but also puts the rest of the group at risk. Smoking marijuana and opium is a part of local culture in some parts of the world but is not acceptable for our travellers. Our philosophy of travel is one of respect towards everyone we encounter and in particular the local people who make the world the special place it is. The exploitation of people in the sex trade is completely contrary to this philosophy. Our Expedition Leaders have the right to expel any member of the group if drugs are found in their possession or if they utilize the services of paid sex workers, in any capacity.

Is travel insurance required for my trip?

Comprehensive travel insurance is a mandatory prerequisite for participation in all our departures. To safeguard your well-being, your National Geographic Expedition Leader will kindly request to verify your physical policy details before you may officially join your fellow travellers.

When choosing your coverage, please ensure your policy includes full medical protection, featuring a strict minimum requirement of \$200,000 USD for emergency rescue and medical repatriation. For complete peace of mind while exploring, we also strongly advise securing comprehensive coverage for personal liability, trip cancellation or curtailment, and the loss of luggage and personal belongings. If you intend to rely on insurance provided through your credit card, you must supply formal proof of purchase—such as a credit card statement or receipt in your name—along with explicit confirmation from your banking institution regarding the participating insurer, exact policy limits, and their dedicated 24-hour emergency contact number.

Are international flights included in this trip?

No, international flights are generally not included in the price of your tour.

However, on some combo tours travelling between two different countries, international flights are included as part of the itinerary and price of the tour. Please speak to your National Geographic Signature Specialist or booking agent for further details.

In addition, check-in times and baggage allowances/restrictions vary by airline and can change at any time. For the most up-to-date information for your flight, please contact your airline. We recommend checking in online in advance to avoid potential delays at the airport.
