Is there a disclaimer I should read before booking this trip?

The information in this trip details document has been compiled with care and is provided in good faith. However it is subject to change, and does not form part of the contract between the client and the operator. The itinerary featured is correct at time of printing. It may differ slightly to the one in the brochure. Occasionally our itineraries change as we make improvements that stem from past travellers, comments and our own research. Sometimes it can be a small change like adding an extra meal along the itinerary. Sometimes the change may result in us altering the tour for the coming year. Ultimately, our goal is to provide you with the most rewarding experience. Please note that our brochure is usually released in November each year. If you have booked from the previous brochure you may find there have been some changes to the itinerary.

VERY IMPORTANT: Please ensure that you view a final copy of your Trip Details a couple of days prior to travel, in case there have been changes that affect your plans.

Is there a travel disclaimer for my itinerary I should review before booking this trip?

While it is our intention to adhere to the route described below, there is a certain amount of flexibility built into the itinerary and on occasion it may be necessary, or desirable to make alterations. The itinerary is brief, as we never know exactly where our journey will take us. Due to our style of travel and the regions we visit, travel can be unpredictable. The Trip Details document is a general guide to the tour and region and any mention of specific destinations or wildlife is by no means a guarantee that they will be visited or encountered. Aboard expedition trips visits to research stations depend on final permission.

Additionally, any travel times listed are approximations only and subject to vary due to local circumstances.

What important notes should I be aware of before the trip?

1. TRAVEL DAYS

This is not a physically demanding journey; however, travelling can be difficult, with long drives and poor road conditions at times. Despite this, most clients feel that the diversity of the African landscape, countries, culture and wildlife are all well worth the experience. We use a comfortable and safe air-conditioned tour vehicle for the long drives.

2. COMBO TOUR

Please note that this tour combines with other G Adventures tours. As such, the staff and some travel companions on your tour may have previously been traveling together with G Adventures, prior to Day 1 of your tour. Likewise, some staff and travel companions may be continuing together on another G Adventures tour, after your trip concludes

3. YELLOW FEVER: COUNTRY DETAIL

There is no risk of Yellow Fever transmission in Botswana, Kenya, Malawi, Namibia, South Africa, Tanzania, Uganda, Zambia, or Zimbabwe. However, all of these countries require proof of vaccination under International Health Regulations to prevent importation of the virus. It is compulsory to show a valid Yellow Fever vaccination certificate if you are travelling to any of the above countries from a Yellow Fever endemic country, or have recently transited through one (12 hours or more in airport). Endemic countries include: Angola, Benin, Bolivia, Brazil, Burkina Faso, Burundi, Cameroon, Central African Republic, Chad, Colombia, Democratic Republic of the Congo, Republic of the Congo, Côte d'Ivoire, Ecuador, Equatorial Guinea, Ethiopia, French Guiana, Gabon, Gambia, Ghana, Guinea, Guinea-Bissau, Guyana, Kenya, Liberia, Mali, Mauritania, Niger, Nigeria, Panama, Paraguay, Peru, Rwanda, São Tomé and Príncipe, Senegal, Sierra Leone, Somalia, South Sudan, Sudan, Suriname, Tanzania, Togo, Trinidad and Tobago, Uganda, Venezuela.

We advise all travellers on Southern and East Africa itineraries to carry a valid Yellow Fever vaccination certificate regardless of their country of origin. Given the multi-country nature of these itineraries, travellers will cross borders into countries that require the certificate as a condition of entry from preceding destinations. A traveller entering the itinerary from a non-endemic country may not require the certificate to enter the first country, but will almost certainly require it by the time they cross into a subsequent one. Yellow Fever vaccinations must be administered at least 10 days prior to entry into the first country visited. Under WHO regulations (effective 11 July 2016), certificates are valid for the lifetime of the person vaccinated, there is no 10-year expiry on the certificate itself, though some border officials may be unaware of this. Travellers should carry their original International Certificate of Vaccination or Prophylaxis (yellow card) at all times during the tour. Travellers without a valid certificate run the risk of being denied entry and will not be able to continue with the tour. Any additional travel expenses incurred will be at the traveller's own account.

4. MONEY EXCHANGE

We strongly advise that you bring ZAR or USD from your home country or exchange money before the start of the tour, to avoid delays on tour. Please see the Money Exchange section for more details.

5. DRONES

The use of drones in national parks in Southern Africa is prohibited.

6. ACCOMMODATION NOTE:

Please be aware that properties we stay in with only two stories may not have elevators installed and climbing the stairs with your luggage will be necessary.

What information should I be aware of as the itinerary draws to a close?

If you would like to book an airport Departure transfer for your tour, please contact our Sales Team or your Travel Agent in advance of travel.

Are there any additional packing suggestions I should consider?

You will be on the move a lot, so our advice is to pack as lightly as possible. Your baggage should be clearly labeled and restricted to one soft compact suitcase, or sports bag, maximum 15kg, plus a daypack. Luggage limits on airlines are strictly enforced and space on vehicles is limited. Porters are not often available, so be prepared to carry your own bags. It is important to pack clothes for warm days and cool evenings, as well as a warm jacket for early morning wildlife safari drives. A set of smart casual clothes is also advisable.

The Southern Hemisphere essentially has the opposite weather to the Northern Hemisphere. The winter months of June, July and August, whilst clear and warm during the day (up to 25 degrees), can drop down to single figures and even below freezing at night. Between September and May it is considerably warmer with the time between October and March being the hottest, getting up to the high 30C and sometimes above. However it is always a dry heat and the temperature does drop at night. The wet season is between November and February, but this is not a bad time to go, as it generally does not rain for very long. We strongly recommend lots of layers to wear from the start of the day until the night. You might still need to wear a fleece jacket in the mornings, a t-shirt during the day and again the fleece jacket at sunset time. A woolen hat is also very much recommendable for the cold winter's early morning wildlife safari drives.

Please be advised that if you plan to bring a drone with you, the use of drones in national parks in Southern Africa is prohibited.

- Smart outfit (For evenings out)

Warm Weather:

- Sandals/flip-flops
- Shorts/skirts (Longer shorts/skirts are recommended)
- Sturdy water shoes/sandals
- Sun hat/bandana
- Swimwear Note: Seasons in Southern Africa are quite extreme. Winters can be really cold and summers will be really hot. If you travel during winter months (May to October) please ensure that you bring warm clothing.

When can I do my laundry on this trip?

Laundry facilities are offered by some of our hotels for a charge. There will be times when you may want to or have to do your own laundry so we suggest you bring non-polluting/biodegradable soap.

What are the visas and entry requirements for my trip?

All countries require a valid passport (with a minimum 6 months validity). Contact your local embassy or consulate for the most up-to-date visa requirements, or see your travel agent. It is your own responsibility to have the correct travel documentation. Visa requirements for your trip will vary depending on where you are from and where you are going. We keep the following information up to date as far as possible, but rules do change and sometimes without warning. While we provide the following information in good faith, it is vital that you check the information yourself and understand that you are fully responsible for your own visa requirements.

Visa information specific to your destination and nationality can be found in our Important Pre-Departure Information page [here](#)

What should I consider when planning my personal expenses and discretionary spending for this itinerary?

Every traveller is different and therefore spending money requirements will vary. Some travellers may drink more than others while other travellers like to purchase more souvenirs than most. Please consider your own spending habits when it comes to allowing for drinks, shopping and tipping. Please also remember the following specific recommendations when planning your trip.

What should I know about currency, credit cards, and exchanging money while on this tour?

The official currency in South Africa is the South African Rand (ZAR).

Rand can be obtained locally by changing foreign currency or by using ATMs (where available) which will dispense local currency. Your CEO will inform you where you can change money throughout the tour and approximately how much money you will need.

Each currency can be obtained locally by changing foreign currency or by using ATMs (where available) which will dispense local currency. Your CEO will inform you where you can change money throughout the tour and approximately how much money you will need.

The easiest foreign currency to exchange for locally for any of the local currencies is the \$US; however the British Pound and Euro may also be exchanged as well. Please note that due to past problems with forgery, \$US notes that are older than year 2006 are not accepted in Africa.

Large note (\$US 50, \$US 100 etc) can be difficult to change in some places, but will gain you the best exchange rate.

If you plan to rely on cash, please bring foreign currency (Euro, Pound, USD) with you, as it is often expensive to buy these currencies locally. And in more rural areas, it is often not likely.

If you plan to buy your visas at borders, you will need to bring \$USD cash to pay for these visas. Please note you cannot use the local currency or any other currency to buy these visas- they must be purchased in USD.

Please do not bring Travellers' cheques to Africa. They are difficult if not impossible to exchange in many places.

Visa/Plus system cards are the most widely accepted debit cards. It is harder to find machines Mastercard/Cirrus cards. We highly recommend that if you hold a Mastercard, you obtain a Visa card prior to departure and travel with both. This is also useful should something unforeseen happen to one of your cards during your travels.

While there are many ATMs in the major centres, there are no guarantees that your credit or debit cards will actually work in Africa. Check with your bank.

Credit cards can be used in major cities and towns ONLY but please do not rely on them as a method of payment because they are generally not widely accepted. You should be aware that to purchase products or services on a credit card a fee of 5%-10% usually applies. The majority of our optional activities can also be paid by credit card. Your CEO will advise on these.

Please note that in many areas there may be occasional power-outages, where there will be no electricity for hours at a time. In addition, ATMs outside of larger centers often run out of cash or can be out of order unexpectedly. These factors could affect your ability to access money from ATMs. As such, please do not rely on credit or debit cards as your only source of money.

A combination of foreign currency and debit/credit cards for cash advances is best. Always take more rather than less, as you don't want to spoil the trip by constantly feeling short of funds.

As currency exchange rates can fluctuate often we ask that you refer to the following website for daily exchange rates: www.xe.com.

How much emergency money should I bring on this trip?

Please also make sure you have access to at least an additional USD \$200 (or equivalent) as an 'emergency' fund, to be used when circumstances outside our control (ex. a natural disaster) require a change to our planned route. This is a rare occurrence!

Should I be tipping on my trip?

On the Geluxe Collection tours, tipping is included for all included activities and meals. Tipping is not included for the CEO or Porterage. Should you want some basic guidelines on tipping for the activities you do on your own, please see below. At the end of each trip if you felt your G Adventures CEO did an outstanding job, tipping is appreciated. The amount is entirely a personal preference, however as a guideline would be \$10-\$15 per person per day.

For meals and activities not included in your itinerary, it is appropriate in Africa to tip 10%. Though not compulsory, tipping is expected. Although it may not be customary to you, it is of considerable significance to the people who will take care of you during your travels and shows an expression of satisfaction.

What activities are optional on this trip?

- No optional activities

Are there any health considerations I should know before travelling?

We recommend you contact your family physician, or your local travel clinic for the most up-to-date health information at least one month before departure. Travellers should also carry a basic first-aid kit and hand sanitizers/antibacterial wipes on their travels. Medical facilities are basic throughout these countries. For your own safety, we strongly recommend that you advise your tour leader of any medical condition that may affect you while travelling with the group. Your tour leader will be able to inform you of local health advisories (e.g. drinking water quality). Please ensure you have all the inoculations recommended by your doctor.

Yellow Fever Certificate Note (Updated: June 2026)

It is compulsory to show a valid Yellow Fever Certificate if you are travelling to the following G Adventures-visited countries from a Yellow Fever endemic country, or if you have transited for more than 12 hours through the airport of a Yellow Fever endemic country:

Botswana

Kenya*

Malawi

Namibia

South Africa

Tanzania

Uganda*

Zambia

Zimbabwe

*Kenya and Uganda require a valid Yellow Fever Certificate from all travellers regardless of country of origin, not only those arriving from endemic countries. Travellers to these destinations should ensure they are vaccinated regardless of their travel history. If other non-endemic countries have been visited after visiting an endemic country, a Yellow Fever certificate may still be required on entry into subsequent destinations. This is particularly relevant on multi-country Southern Africa itineraries, for example, a traveller moving from Uganda to Kenya, or from Kenya across a land border into Tanzania, will be required to show their certificate at each entry point. Please check country-specific regulations before departure.

Malaria

Malaria is a mosquito-borne disease that is present in some regions in Africa. Risk of malaria can increase during periods of heavy rain, during the rainy seasons, and in densely populated areas of Southern & East Africa. To prevent malaria, we recommend speaking to your doctor about taking preventative medication (prophylaxis), combined with regular use of insect repellent spray/cream. Please check updated travel health advisories specific to malaria before your departure.

What do I need to know to about safety and security on my trip?

Many national governments provide a regularly updated advice service on safety issues involved with international travel. We recommend that you check your government's advice for their latest travel information before departure. We strongly recommend the use of a neck wallet or money belt while travelling, for the safe keeping of your passport, air tickets, travellers' cheques, cash and other valuable items. Leave your valuable jewellery at home - you won't need it while travelling. Many of the hotels we use have safety deposit boxes, which is the most secure way of storing your valuables. A lock is recommended for securing your luggage. When travelling on a group trip, please note that your group leader has the authority to amend or cancel any part of the trip itinerary if it deemed necessary, due to safety concerns. Your Chief Experience Officer (CEO) will accompany you on all included activities. During your trip you will have some free time to pursue your own interests, relax and take it easy and explore at your leisure. While your CEO will assist you with options available in a given location, please note that any optional activities you undertake are not part of your itinerary, and we offer no representations about the safety of the activity or the standard of the operators running them. Please use your own good judgement when selecting an activity in your free time. Although the cities visited on tour are generally safe during the day, there can be risks to wandering throughout any major city at night. It is our recommendation to stay in small groups and to take taxis to and from restaurants, or during night time excursions.

Water based activities have an element of danger and excitement built into them. We recommend only participating in water based activities when accompanied by a guide(s). We make every reasonable effort to ensure the fun and adventurous element of any water based activities (in countries with varying degrees of operating standards), have a balanced approach to safety. It is our policy not to allow our CEOs to make arrangements on your behalf for water based activities that are not accompanied by guide(s).

Swimming, including snorkeling, is always at your own risk. [Read more about travel safety](#) for ways to further enhance your personal safety while traveling.

What are the trip specific safety considerations?

Vital Information when you are staying the KNP or any Reserve: Please ensure that your stay is happy and safe by taking note of a few simple warnings. You will be sharing your stay with many exciting and unusual creatures but without knowledge some of them could be dangerous: Example: Bats, Spiders, Snakes, Scorpions, Malaria Zone. If you must walk around at night please DO NOT DO SO WITHOUT A TORCH. Remember: by feeding any wildlife, you are signing their death warrant as they become aggressive!

What rules should I know before joining this trip?

Illegal drugs will not be tolerated on any trips. Possessing or using drugs not only contravenes the laws of the land but also puts the rest of the group at risk. Smoking marijuana and opium is a part of local culture in some parts of the world but is not acceptable for our travellers. Our philosophy of travel is one of respect towards everyone we encounter and in particular the local people who make the world the special place it is. The exploitation of people in the sex trade is completely contrary to this philosophy. Our CEOs have the right to expel any member of the group if drugs are found in their possession or if they utilize the services of paid sex workers, in any capacity.

Is travel insurance required for my trip?

Travel insurance is compulsory in order to participate on any of our trips. When travelling on a group trip, you will not be permitted to join the group until evidence of travel insurance has been sighted by your leader, who will take note of your insurance details. When selecting a travel insurance policy we require that at a minimum you are covered for medical expenses including emergency evacuation and repatriation. A minimum coverage of USD200,000 is required. We strongly recommend that the policy also covers personal liability, cancellation, curtailment and loss of luggage and personal effects. Some tours include adventure activities that require extra coverage (e.g. crampon use); please review your itinerary and make sure that you are covered for all included activities. If you have credit card insurance we require proof of purchase of the trip (a receipt of credit card statement) with a credit card in your name. Contact your bank for details of their participating insurer, the level of coverage and emergency contact telephone number.
