### Today's Activities

Plane

Windhoek Hosea Kutako International Airport – Victoria Falls

3h30m

Look! Up in the sky! It's a bird! It's a plane! It's... yup, it is a plane, actually.

Zimbabwean Family Dinner

Victoria Falls

Flatter Ncube is the head of her family which includes two sisters and numerous children. She's the youngest of a family of 10 and, now in her early 40s, lives in the village she was raised in near Victoria Falls. There she takes care of her extended family on their homestead, which she and they have been proudly building by hand, brick by brick, for years. Flatter's story highlights that life isn't easy in Africa, but despite its challenges, there is much love and laughter and a strong sense of family here.

Visit Flatter's homestead in her rural village; meet her and some of her family, and walk with some of them throughout the property, among the fruit and vegetable plants the family grows for consumption. (They even plant hot chillies among the vegetables to discourage nosy elephants.) Then help the family prepare a traditional Zimbabwean dinner, which we'll all eat together outside on the property, weather permitting. Ingredients for the meal will have been hand-selected earlier in the day, at the bustling and friendly local village market.

This experience offers great insight into typical African life, and ultimately reinforce how we all really want and need the same things in life: a stable home full of love, a good education, and plenty of opportunity for our children.

Tour the magnificent Victoria Falls today, then opt for a scenic sunset cruise on the Zambezi River, soar above the falls in a helicopter, or take a day trip to Chobe National Park.

If you have an activity planned for this morning, we will reschedule your Falls tour for this afternoon, or tomorrow morning.

## Is there a disclaimer I should read before booking this trip?

The information in this trip details document has been compiled with care and is provided in good faith. However it is subject to change, and does not form part of the contract between the client and the operator. The itinerary featured is correct at time of printing. It may differ slightly to the one in the brochure. Occasionally our itineraries change as we make improvements that stem from past travellers, comments and our own research. Sometimes it can be a small change like adding an extra meal along the itinerary. Sometimes the change may result in us altering the tour for the coming year. If you have booked from the previous brochure you may find there have been some changes to the itinerary.

**VERY IMPORTANT:** Please ensure that you view a final copy of your Trip Details a couple of days prior to travel, in case there have been changes that affect your plans.

## Is there an itinerary Disclaimer?

While it is our intention to adhere to the route described below, there is a certain amount of flexibility built into the itinerary and on occasion it may be necessary, or desirable to make alterations. The itinerary is brief, as we never know exactly where our journey will take us. Due to our style of travel and the regions we visit, travel can be unpredictable. The Trip Details document is a general guide to the tour and region and any mention of specific destinations or wildlife is by no means a guarantee that they will be visited or encountered. Aboard expedition trips visits to research stations depend on final permission.

Additionally, any travel times listed are approximations only and subject to vary due to local circumstances.

# What important notes should I be aware of before the trip?

## 1. TRAVEL DAYS

This is not a physically demanding journey; however, travelling can be difficult, with long drives and poor road conditions at times. Despite this, most clients feel that the diversity of the African landscape, countries, culture and wildlife are all well worth the experience. We use a comfortable and safe air-conditioned tour vehicle for the long drives.

## 2. COMBO TOUR

Please note that this tour combines with other G Adventures tours. As such, the staff and some travel companions on your tour may have previously been traveling together with G Adventures, prior to Day 1 of your tour. Likewise, some staff and travel companions may be continuing together on another G Adventures tour, after your trip concludes

## 3. YELLOW FEVER

South Africa is to enforce new rules requiring proof of Yellow Fever vaccination for all travelers - even in airport transit - who have been in Zambia or other countries where the disease is endemic. The stricter guidelines, effective 01 Oct 2011, will see pax without an international Yellow Fever certificate refused entry.

## 4. MONEY EXCHANGE

We strongly advise that you bring ZAR or USD from your home country or exchange money before the start of the tour, to avoid delays on tour. Please see the Money Exchange section for more details.

## 5. DRONES

The use of drones in national parks in Southern Africa is prohibited.

# What is the group leader like?

On this tour, you will be accompanied by a group Chief Experience Officer (CEO) and an expert driver in Namibia and in Victoria Falls, you will have a local CEO.

The Chief Experience Officer (CEO) will be the group manager and leader. All of our leaders in southern Africa are registered and licensed tourism guides, meaning they've studied to have a broad knowledge base of the region's history, cultures, and wildlife, and are legally certified to lead/guide tours in the regions visited. Most of our leaders in the region are from South Africa, though it may be possible that you'll have a leader from another country in the southern African region.

All safari guides are certified safari guides, and are of course very skilled and experienced drivers. With years of experience taking wildlife seekers into the wildlife parks, our local safari guides are exactly what will make your safari a success.

We also use local guides where we think more specific knowledge will add to the enjoyment of the places we are visiting.

# How large will the group be?

Max 14, avg 12.

# What meals are included in this trip?

11 breakfasts, 2 lunches, 7 dinners

## **What are the meals like on this trip?**

Eating is a big part of travel. Travelling with G Adventures you experience the vast array of wonderful food that is available in Southern Africa.

## **What are the modes of transportation on my trip?**

Air-conditioned touring vehicle, 4x4, open safari vehicle, plane, van, walking.

## **What transportation will we take on this trip?**

The vehicle used will depend on the number of passengers. This style of transportation is a comfortable way to travel through the region, allowing the group to travel through the cities and parks with ease, with more opportunities to stop and either wander around or view the sites.

## **Are local flights included in the cost of the trip?**

Flight between Windhoek and Victoria Falls is included. It is important that we have your passport information at the time of booking in order to process these tickets. Internal flight tickets are issued locally and will be given to you prior to the flight departure.

## **Is there an extra cost for travelling solo?**

We believe solo travellers should not have to pay more to travel so our group trips are designed for shared accommodation and do not involve a single supplement. Single travellers joining group trips are paired in twin or multi-share accommodation with someone of the same sex for the duration of the trip. Some of our Independent trips are designed differently and solo travellers on these itineraries must pay the single trip price.

## What should I take on my trip?

You will be on the move a lot, so our advice is to pack as lightly as possible. Your baggage should be clearly labelled and restricted to one soft compact suitcase, sports bag, or backpack. A daypack is also essential for carrying everyday items. Space is limited on transportation, so there is a limit of one main piece of luggage per person. Porters may not always be available, so be prepared to carry your own bags. It is important to pack clothes for warm days and cool evenings, as well as a warm jacket for early morning wildlife safari drives. A set of smart casual clothes is also advisable.

The Southern Hemisphere essentially has the opposite weather to the Northern Hemisphere. The winter months of June, July and August, whilst clear and warm during the day (up to 25 degrees), can drop down to single figures and even below freezing at night. Between September and May it is considerably warmer with the time between October and March being the hottest, getting up to the high 30C and sometimes above. However it is always a dry heat and the temperature does drop at night. The wet season is between November and February, but this is not a bad time to go, as it generally does not rain for very long. We strongly recommend lots of layers to wear from the start of the day until the night. You might still need to wear a fleece jacket in the mornings, a t-shirt during the day and again the fleece jacket at sunset time. A woolen hat is also very much recommendable for the cold winter's early morning wildlife safari drives.

Please be advised that if you plan to bring a drone with you, the use of drones in national parks in Southern Africa is prohibited.

- Sturdy water shoes/sandals
- Sun hat/bandana
- Swimwear Note: Seasons in Southern Africa are quite extreme. Winters (May to October) can be really cold and summers will be really hot. It is important to pack clothes for warm days and cool evenings, as well as a warm jacket for early morning wildlife safari drives.

**When can I do my laundry on this trip?**

# What the visas and entry requirements for my trip?

All countries require travellers to have a valid passport (with a minimum 6 months validity), and you are required to acquire the entry visas for each of the countries visited.

Please double check with your agent and/or visa agent what the visa requirements is for each country that you will be traveling to. Some countries do require that you get your visa before arrival. If you show up at a border and should you not have the required visa you will be denied entry to the country and be send back to the closest embassy/high commission to get the visa. All arrangements and expenses for that will be at your own cost. The CEO will assist you with travel arrangements but will not be able to accompany you. You will also have to catch up with the group at their next destination at own cost.

We have been experiencing a lot of problems with people that need visas for Namibia and Malawi. Namibian and Malawian visas is not available at the border, so please make very sure if you do need a visa before arrival.

The information provided here is to be used as a guide only. Please consult with the relevant embassy or your travel agency before you travel. We cannot take any responsibility whatsoever for the use of this information.

## **How much spending money do I need for my trip?**

Every traveller is different and therefore spending money requirements will vary. Some travellers may drink more than others while other travellers like to purchase more souvenirs than most. Please consider your own spending habits when it comes to allowing for drinks, shopping and tipping. Please also remember the following specific recommendations when planning your trip.

## What should I know about currency, credit cards, and exchanging money while on this tour?

The official Namibian currency is the Namibian Dollar (NAD), which is equivalent to the South African Rand.

Zimbabwe uses the US Dollar and South African Rand.

Each currency can be obtained locally by changing foreign currency or by using ATMs (where available) which will disperse local currency. Your CEO will inform you where you can change money throughout the tour and approximately how much money you will need. The easiest foreign currency to exchange for locally for any of the local currencies is the \$US; however the British Pound and Euro may also be exchanged as well.

For Zimbabwe, we strongly advise that you bring ZAR or USD from your home country or exchange money before the start of the tour, to avoid delays on tour, as it can be difficult to obtain cash at ATMs.

Please note that due to past problems with forgery, \$US notes that are older than year 2006 are not accepted in Africa. Large note (\$US 50, \$US 100 etc) can be difficult to change in some places, but will gain you the best exchange rate.

If you plan to buy your visas at borders, you will need to bring \$USD cash to pay for these visas. Please note you cannot use the local currency or any other currency to buy these visas- they must be purchased in USD.

Please do not bring Travellers' cheques to Africa. They are difficult if not impossible to exchange in many places.

Visa/Plus system cards are the most widely accepted debit cards. It is harder to find machines MasterCard/Cirrus cards. We highly recommend that if you hold a MasterCard, you obtain a Visa card prior to departure and travel with both. This is also useful should something unforeseen happen to one of your cards during your travels.

While there are many ATMs in the major centres, there are no guarantees that your credit or debit cards will actually work in Africa. Check with your bank.

Credit cards can be used in major cities and towns ONLY but please do not rely on them as a method of payment because they are generally not widely accepted. You should be aware that to purchase products or services on a credit card a fee of 5%-10% usually applies. The majority of our optional activities can also be paid by credit card. Your CEO will advise on these.

Please note that in many areas there may be occasional power-outages, where there will be no electricity for hours at a time. In addition, ATMs outside of larger centers often run out of cash or can be out of order unexpectedly. These factors could affect your ability to access money from ATMs. As such, please do not rely on credit or debit cards as your only source of money.

A combination of foreign currency and debit/credit cards for cash advances is best. Always take more rather than less, as you don't want to spoil the trip by constantly feeling short of funds.

As currency exchange rates can fluctuate often we ask that you refer to the following website for daily exchange rates: [www.xe.com](http://www.xe.com).

## How much emergency money should I bring on this trip?

Please also make sure you have access to at least an additional USD \$200 (or equivalent) as an 'emergency' fund, to be used when circumstances outside our control (ex. a natural disaster) require a change to our planned route. This is a rare occurrence!

# Should I be tipping on my trip?

Tipping is an expected, though not compulsory, component of your tour program. The gesture serves as an expression of appreciation for exceptional service, and amounts given are up to your discretion.

Tipping is one of the most direct ways that you can have a positive economic impact within the African community. Although it may not be customary for you, it is an important source of income for those in the tourism industry. Giving a tip should be seen as a formal 'thank you', and the action should in no way be awkward.

The best method of tipping someone that has served the whole group is to plan in advance, and not rush when it comes to saying goodbye. A suggestion would be for each group member to contribute anonymously by putting their tip into an envelope. This often works the best and the group should gather to present the gift to the recipient(s), offering their thanks and showing their appreciation. This method brings the action out into the open, allowing for a friendly and appreciative interaction between the group and the recipient(s).

You may use the following as a guideline, all given in a per person format:

CEO: \$7-10 USD (per day)

Driver: \$5-8 USD (per day)

Local guides: \$2-3 USD (per day)

Safari Guide/Driver: \$2-3 USD (per day)

Restaurant Staff: 10-15% of cost of bill

## What activities are optional on this trip?

### Swakopmund

- Swakopmund Skydiving
- Skeleton Coast Scenic Flight (4800NAD per person)
- Sandboarding in the Namib Desert (700NAD per person)
- Forbidden Coast Scenic Flight (4600NAD per person)

# Are there any health considerations I should know before travelling?

We recommend you contact your family physician, or your local travel clinic for the most up-to-date health information at least one month before departure. Travellers should also carry a basic first-aid kit and hand sanitizers/antibacterial wipes on their travels. Medical facilities are basic throughout these countries. For your own safety, we strongly recommend that you advise your tour leader of any medical condition that may affect you while travelling with the group. Your tour leader will be able to inform you of local health advisories (e.g. drinking water quality). Please ensure you have all the inoculations recommended by your doctor.

Yellow Fever Certificate Note: (Updated: May 2023)

It is compulsory to show a valid Yellow Fever Certificate if you are travelling to the following G Adventures-visited countries from a Yellow Fever endemic country:

- Botswana
- Ethiopia
- Kenya
- Madagascar
- Malawi
- Mozambique
- Rwanda
- South Africa
- Swaziland
- Uganda
- Zambia
- Zimbabwe

For some of these countries, proof of Yellow Fever vaccination is also required for passengers who have travelled more than 12 hours through the airport of an endemic country. If other countries not endemic to Yellow Fever have been visited after visiting an endemic country, then a Yellow Fever certificate may still be required on entry. Please check country-specific regulations before your departure.

## Malaria

Malaria is a mosquito-borne disease that is present in some regions in Africa. Risk of malaria can increase during periods of heavy rain, during the rainy seasons, and in densely populated areas of Southern & East Africa. To prevent malaria, we recommend speaking to your doctor about taking preventative medication (prophylaxis), combined with regular use of insect repellent spray/cream. Please check updated travel health advisories specific to malaria before your departure.

# What do I need to know to about safety and security on my trip?

Many national governments provide a regularly updated advice service on safety issues involved with international travel. We recommend that you check your government's advice for their latest travel information before departure. We strongly recommend the use of a neck wallet or money belt while travelling, for the safe keeping of your passport, air tickets, travellers' cheques, cash and other valuable items. Leave your valuable jewellery at home - you won't need it while travelling. Many of the hotels we use have safety deposit boxes, which is the most secure way of storing your valuables. A lock is recommended for securing your luggage. When travelling on a group trip, please note that your group leader has the authority to amend or cancel any part of the trip itinerary if it deemed necessary, due to safety concerns. Your Chief Experience Officer (CEO) will accompany you on all included activities. During your trip you will have some free time to pursue your own interests, relax and take it easy and explore at your leisure. While your CEO will assist you with options available in a given location, please note that any optional activities you undertake are not part of your itinerary, and we offer no representations about the safety of the activity or the standard of the operators running them. Please use your own good judgement when selecting an activity in your free time. Although the cities visited on tour are generally safe during the day, there can be risks to wandering throughout any major city at night. It is our recommendation to stay in small groups and to take taxis to and from restaurants, or during night time excursions.

Water based activities have an element of danger and excitement built into them. We recommend only participating in water based activities when accompanied by a guide(s). We make every reasonable effort to ensure the fun and adventurous element of any water based activities (in countries with varying degrees of operating standards), have a balanced approach to safety. It is our policy not to allow our CEOs to make arrangements on your behalf for water based activities that are not accompanied by guide(s).

Swimming, including snorkeling, is always at your own risk. [Read more about travel safety](#) for ways to further enhance your personal safety while traveling.

## What are the trip specific safety considerations?

**GENERAL:** Look after your personal items. Do not leave your valuables visible in a car or hotel room. Lock your hotel room door when you enter and when you leave. Do not carry large amount of cash on you. Avoid displaying flashy jewellery and carry your camera in its pack on your shoulder rather than around your neck. Keep your passport, airline tickets, money, important documents locked up in your room/safe - do not carry it with you.

Please note that the use of drones in national parks in Southern Africa is prohibited.

**NAMIBIA:** Always be alert of animals that are wandering too close to the road. Both domestic and wild animals frighten easily and can jump directly in front of the moving vehicle. If possible, avoid travelling at night. Some wildlife tends to be more active at dusk. Always be on the look-out for sandy patches, potholes and sharp bends in the road. In rainy or wet conditions beware of slippery roads, washaways, running and or stagnant water. Always have enough water (bottled) for the journey. NO matter how beautiful or gentle an animal may appear, the only safe way to look at it is from the safety of your vehicle.

## What rules should I know before joining this trip?

Illegal drugs will not be tolerated on any trips. Possessing or using drugs not only contravenes the laws of the land but also puts the rest of the group at risk. Smoking marijuana and opium is a part of local culture in some parts of the world but is not acceptable for our travellers. Our philosophy of travel is one of respect towards everyone we encounter and in particular the local people who make the world the special place it is. The exploitation of people in the sex trade is completely contrary to this philosophy. Our CEOs have the right to expel any member of the group if drugs are found in their possession or if they utilize the services of paid sex workers, in any capacity.

## Is travel insurance required for my trip?

Travel insurance is compulsory in order to participate on any of our trips. When travelling on a group trip, you will not be permitted to join the group until evidence of travel insurance has been sighted by your leader, who will take note of your insurance details. When selecting a travel insurance policy we require that at a minimum you are covered for medical expenses including emergency evacuation and repatriation. A minimum coverage of USD200,000 is required. We strongly recommend that the policy also covers personal liability, cancellation, curtailment and loss of luggage and personal effects. Some tours include adventure activities that require extra coverage (e.g. crampon use); please review your itinerary and make sure that you are covered for all included activities. If you have credit card insurance we require proof of purchase of the trip (a receipt of credit card statement) with a credit card in your name. Contact your bank for details of their participating insurer, the level of coverage and emergency contact telephone number.
