Is there an itinerary Disclaimer?

While it is our intention to adhere to the route described below, there is a certain amount of flexibility built into the itinerary and on occasion it may be necessary, or desirable to make alterations. The itinerary is brief, as we never know exactly where our journey will take us. Due to our style of travel and the regions we visit, travel can be unpredictable. The Trip Details document is a general guide to the tour and region and any mention of specific destinations or wildlife is by no means a guarantee that they will be visited or encountered. Aboard expedition trips visits to research stations depend on final permission.

Additionally, any travel times listed are approximations only and subject to vary due to local circumstances.

What important notes should I be aware of before the trip?

1. Please note that these Trip Details are based on the sample itinerary that was used to create your customized tour, meaning that some things listed here may no longer apply, including the service level, physical grading, and inclusions. For the specifics related to your particular personalized tour please refer to your tour vouchers or consult with your Private Travel GCO or travel agent.

2. THE TUNGURAHUA VOLCANO

Please note this tour travels to Banos. The Tungurahua volcano in the area around Banos is constantly active. G Adventures have operated countless tours to the Banos area over the years without incident. However, we are obligated to point out that travel to the area is at your own risk, to exercise caution when travelling in the area. Further, we urge you to check your insurance coverage with your insurance provider prior to travel to the Banos area.

3. All travellers are required to pay the tax on domestic flights in Ecuador. Foreign travellers are exempt from this, and proving you are indeed a foreign traveller can be done by providing us with your international ticket number (ITN). Please be aware that properties we stay in with only two stories may not have elevators installed and climbing the stairs with your luggage will be necessary.

What meals are included in this trip?

8 breakfasts, 3 lunches, 2 dinners

What are the meals like on this trip?

Eating is a big part of traveling. Travelling with G Adventures you experience the vast array of wonderful food that is available out in the world. Generally meals are not included in the trip price when there is a choice of eating options, to give you the maximum flexibility in deciding where, what and with whom to eat. It also gives you more budgeting flexibility, though generally food is cheap. For all trips please refer to the meals included and budget information for included meals and meal budgets.

Airline luggage restriction for flying to the Amazon Lodge:

Each passenger is allowed luggage up to 20 kilos (44 pounds) for checked luggage, as well as a carry-on item such as a backpack.

Single travellers joining group trips are paired in twin or multi-share accommodation with someone of the same sex for the duration of the trip. Some of our Independent trips are designed differently and single travellers on these itineraries must pay the single trip price.

What should I take on my trip?

Most people automatically assume that the weather is hot in South America, but because of the higher altitude in the Andes, the temperature can feel quite cold, especially at night. We recommend the use of a medium sized soft suitcase, duffel bag or backpack, whichever is easiest for you to carry. A good size daypack is also essential.

Rubber boots are very good for hiking in the rainforest, they help protect feet from plants and insects close to the ground as well as deep water. The lodge offers use of boots as a courtesy to our guests, available from size 5 to size 12.

How to keep things dry: We recommend that passengers bring zip-lock plastic bags or dry sacks for your lenses and camera equipment. A waterproof backpack will also help you to protect your camera gear or anything else you wish to keep completely dry. The humidity is high in the rainforest, however, if you follow the advice about packing appropriate belongings it should not be an issue.

What the visas and entry requirements for my trip?

All countries require a valid passport (with a minimum 6 months validity). Contact your local embassy or consulate for the most up-to-date visa requirements, or see your travel agent. It is your own responsibility to have the correct travel documentation. Visa requirements for your trip will vary depending on where you are from and where you are going. We keep the following information up to date as far as possible, but rules do change and sometimes without warning. While we provide the following information in good faith, it is vital that you check the information yourself and understand that you are fully responsible for your own visa requirements.

Visa information specific to your destination and nationality can be found in our Important Pre-Departure Information page [here](#)

Where can I read detailed notes about this trip?

Important notes about visiting the Amazon:

How to keep things dry:

We recommend that passengers bring zip-lock plastic bags or dry sacks for your lenses and camera equipment. A waterproof backpack will also help you to protect your camera gear or anything else you wish to keep completely dry. The humidity is high in the rainforest, however, if you follow the advice about packing appropriate belongings it should not be an issue.

The weather in the Amazon:

Year-round temperature average is 82°F (28°C), nights can be cooler. Since Ecuador is located right on the equator, the country does not experience extreme weather changes, and the weather is surprisingly comfortable all year around. Please be prepared for rain.

Digital camera users need only beware (as SLR users) that moisture can fog their lenses rapidly. Silica gel in the camera carrying case should do the job and remember to put your camera back in the case when not using it. Bring plastic zip-lock bags for protecting your gear.

How much spending money do I need for my trip?

Every traveller is different and therefore spending money requirements will vary. Some travellers may drink more than others while other travellers like to purchase more souvenirs than most. Please consider your own spending habits when it comes to allowing for drinks, shopping and tipping. Please also remember the following specific recommendations when planning your trip.

What should I know about currency, credit cards, and exchanging money while on this tour?

Credit cards and debit cards are very useful for cash advances. Visa cards are the most widely accepted cards. While ATMs are widely available some may not accept all international credit or debit cards. You may need to try at more than one machine if the first does not accept your card. You should also check with your bank before leaving to ensure that your card works internationally. You should be aware that to purchase products or services on a credit card a fee of 5%-10% usually applies. Do not rely on credit or debit cards as your only source of money. A combination of US dollar cash and cards is best. Always take more rather than less, as you don't want to spoil the trip by constantly feeling short of funds. Please bring USD banknotes in denominations smaller than 100, as they can be hard to exchange in Ecuador. 100 dollar bills of certain series (e.g. CB B2) can be especially hard to cash! CURRENCY EXCHANGE TIP: Please be advised that slightly torn notes, notes that have been heavily marked or are faded may be difficult to exchange. It is best to bring notes in fairly good condition, in denominations lower than \$100 USD (or equivalent). As currency exchange rates can fluctuate often we ask that you refer to the following website for daily exchange rates: www.xe.com

How much emergency money should I bring on this trip?

Please also make sure you have access to at least an additional USD \$200 (or equivalent) as an 'emergency' fund, to be used when circumstances outside our control (ex. a natural disaster) require a change to our planned route. This is a rare occurrence!

Should I be tipping on my trip?

It is customary in Latin America to tip service providers such as waiters, at approximately 10%, depending on the service. Tipping is an expected - though not compulsory - component of your tour program and an expression of satisfaction with the persons who have assisted you on your tour. Although it may not be customary to you, it is of considerable significance to the people who will take care of you during your travels. There are several times during the trip where there is opportunity to tip the local guides or drivers we use. Recommendations for tipping drivers and local guides would range from \$5-10 USD per day depending on the quality and length of the service.

What activities are optional on this trip?

Baños

- Baños Canyoning Adventure (30USD per person)
- Whitewater Rafting Baños (30USD per person)
- Banos Horseback Riding (25USD per person)
- Banos Hot Springs Visit
- Mountain Biking Banos
- Baños Ziplining Adventure Bundle (25USD per person)

Are there any health considerations I should know before travelling?

Please note inoculations may be required for the country visited. It is your responsibility to consult with your travel doctor for up to date medical travel information well before departure.

You should consult your doctor for up-to-date medical travel information well before departure. We recommend that you carry a First Aid kit and hand sanitizers / antibacterial wipes, as well as any personal medical requirements. When selecting your trip please carefully read the brochure and itinerary and assess your ability to cope with our style of travel. Please refer to the Physical and Culture Shock ratings for trip specific information.

Please note your Adventure travels to high altitude, in Quito and the highlands. This is medically defined as anything over 8,000 feet (2,440 meters). Most people can travel to 8,000 feet with minimal effects. However, everyone reacts to altitude differently and altitude sickness can on set with some people irrespective of fitness and age. For details on how to best prepare and what to do in the unlikely event you are effected on your adventure, please consult your physician.

What do I need to know to about safety and security on my trip?

Many national governments provide a regularly updated advice service on safety issues involved with international travel. We recommend that you check your government's advice for their latest travel information before departure. We strongly recommend the use of a neck wallet or money belt while travelling, for the safe keeping of your passport, air tickets, travellers' cheques, cash and other valuable items. Leave your valuable jewellery at home - you won't need it while travelling. Many of the hotels we use have safety deposit boxes, which is the most secure way of storing your valuables. A lock is recommended for securing your luggage. During your trip you will have some free time to pursue your own interests, relax and take it easy or explore at your leisure. Please use your own good judgment when selecting an activity in your free time. Although the cities visited on tour are generally safe during the day, there can be risks to wandering throughout any major city at night.

Protests and Demonstrations- Protests and demonstrations, even those that are well intended, have the potential to turn violent with no warning. Counter protests can also turn violent. Action by security forces to disperse demonstrators and protesters may occur at any time. If you are in an area where demonstrators or protesters are gathering, avoid the temptation of staying for a good photo opportunity and leave the area immediately.

Water based activities have an element of danger and excitement built into them. We recommend only participating in water based activities when accompanied by a guide(s). We make every reasonable effort to ensure the fun and adventurous element of any water based activities (in countries with varying degrees of operating standards) have a balanced approach to safety.

Swimming, including snorkeling, is always at your own risk.

We take all prudent measures in relation to your safety. For ways to further enhance your personal safety while traveling, please visit:

www.gadventures.com/travel-resources/safety/

What are the trip specific safety considerations?

Please take care when wandering about the city on your own, as pick pockets and purse-snatchers are common, particularly in the Old Town. Be safe and leave your passport, credit cards, traveller's cheques and cash you don't need in the hotel's safety deposit box. Most Quiteños are honest and genuinely helpful and friendly, but be safe and enjoy the city!

What rules should I know before joining this trip?

Illegal drugs will not be tolerated on any trips. Possessing or using drugs not only contravenes the laws of the land but also puts the rest of the group at risk. Smoking marijuana and opium is a part of local culture in some parts of the world but is not acceptable for our travellers. Our philosophy of travel is one of respect towards everyone we encounter, and in particular the local people who make the world the special place it is. The exploitation of prostitutes is completely contrary to this philosophy.

Is travel insurance required for my trip?

Travel Insurance: Travel insurance is compulsory in order to participate on any of our trips. When selecting a travel insurance policy please bear in mind that all clients must have medical coverage and that we require a minimum coverage of USD 200,000 for repatriation and emergency rescue. We strongly recommend that the policy also covers personal liability, cancellation, curtailment and loss of luggage and personal effects. If you have credit card insurance we require proof of purchase of the trip (a receipt of credit card statement) with a credit card in your name. Contact your bank for details of their participating insurer, the level of coverage and emergency contact telephone number.

Sometimes it can be a small change like adding an extra meal along the itinerary. Sometimes the change may result in us altering the tour for the coming year. Ultimately, our goal is to provide you with the most rewarding experience. Please note that our brochure is usually released in November each year. If you have booked from the previous brochure you may find there have been some changes to the itinerary.

VERY IMPORTANT: Please ensure that you print a final copy of your Trip Details to review a couple of days prior to travel, in case there have been changes that affect your plans.

Itinerary Disclaimer

While it is our intention to adhere to the route described below, there is a certain amount of flexibility built into the itinerary and on occasion it may be necessary, or desirable to make alterations. The itinerary is brief, as we never know exactly where our journey will take us. Due to our style of travel and the regions we visit, travel can be unpredictable. The Trip Details document is a general guide to the tour and region and any mention of specific destinations or wildlife is by no means a guarantee that they will be visited or encountered. Aboard expedition trips visits to research stations depend on final permission.
