No visit to Zanzibar would be complete without a visit to the spice plantations. Your senses will be aroused as you will receive a detailed description on the assortment of spices (black pepper, cardamom, cinnamon, nutmeg, breadfruit, jackfruit, vanilla, lemon grass) and their various uses. It was the spice plantations that brought the beginnings of Zanzibar's infamous slave trade that dates back to the 1840's.

Optional Activities - Day 12

Zanzibar Snorkelling

Zanzibar

The Blue Lagoon is a small snorkeling spot on the east coast of Zanzibar, located on the Michamvi Peninsula, halfway between Pingwe and Dongwe. The Blue Lagoon is about 40 meters wide and 100 meters long, naturally dug into the flats. The depth reaches 12 to 15 feet/4 to 5 meters in the center of the lagoon.

Despite the coral-poor bottoms, this sheltered lagoon attracts lots of reef fish. Among the most remarkable, are the Powder-blue tang, the Moorish Idol, the lionfish, or the Goldbar wrasse, which darts from reef to reef. In the shade of the overhangs, you will probably notice schools of sweepers. Sea anemones host two species of anemonefish: the Skunk clownfish and the Twobar clownfish, which are easy to see at shallow depths. In the blue, you may spot a school of garfish or convict surgeons.

Is there a disclaimer I should read before booking this trip?

The information in this trip details document has been compiled with care and is provided in good faith. However it is subject to change, and does not form part of the contract between the client and the operator. The itinerary featured is correct at time of printing. It may differ slightly to the one in the brochure. Occasionally our itineraries change as we make improvements that stem from past travellers, comments and our own research. Sometimes it can be a small change like adding an extra meal along the itinerary. Sometimes the change may result in us altering the tour for the coming year. Ultimately, our goal is to provide you with the most rewarding experience. Please note that our brochure is usually released in November each year. If you have booked from the previous brochure you may find there have been some changes to the itinerary.

VERY IMPORTANT: Please ensure that you view a final copy of your Trip Details a couple of days prior to travel, in case there have been changes that affect your plans.

Is there a travel disclaimer for my itinerary I should review before booking this trip?

While it is our intention to adhere to the route described below, there is a certain amount of flexibility built into the itinerary and on occasion it may be necessary, or desirable to make alterations. The itinerary is brief, as we never know exactly where our journey will take us. Due to our style of travel and the regions we visit, travel can be unpredictable. The Trip Details document is a general guide to the tour and region and any mention of specific destinations or wildlife is by no means a guarantee that they will be visited or encountered. Aboard expedition trips visits to research stations depend on final permission.

Additionally, any travel times listed are approximations only and subject to vary due to local circumstances.

What important notes should I be aware of before the trip?

Once the park fees are paid Kilimanjaro International Park is not able to provide refunds for any unused days.

Please note: passengers should be aware that, for any reason, they are unable to make the trek to the summit, then any additional cost will be at their own expense.

INSURANCE

While hiking Kilimanjaro to Uhuru Peak, you will be climbing to nearly 6,000 metres above sea level. Many insurance policies do NOT cover helicopter rescues at this elevation, so please check your benefits to ensure it includes emergency rescue services above 6,000m.

LUGGAGE COMPLICATIONS FLYING INTO KILIMANJARO

It occasionally happens that luggage on international flights into Kilimanjaro does not arrive. Please be aware that this may happen, especially if you have a tight connection, are flying with different airlines with a connection, have a last minute flight change or re-route, or fly from or connect through another African centre. Please be prepared and keep all important documentation and valuables on your person. As well we recommend a change of clothes in your hand luggage. If unfortunately this does happen, and your luggage does not arrive, you should be entitled to a limited initial compensation from your airline. In Kilimanjaro, the arrival of lost luggage normally takes between 48 and 72 hours after the initial plane's arrival. The airlines technically should be responsible to forward your luggage to you, to your hotel or elsewhere in Tanzania. You may find that you will be needed to start your trek and you still have not received your luggage. Considering that the customer service standards in Tanzania are different from home, and that we find that the airlines are not always pro-active in helping luggage in its care be reunited with its owner, it is recommended that you purchase or hire locally the needed items, and speak to your G Adventures representative at your hotel to persist with your airline to retrieve your luggage. Once your luggage is retrieved, it should be able to be forwarded to you – depending where you are. Please note that any costs that you may incur for luggage retrieval or sending luggage are not the responsibility of G Adventures, though we will always strive to assist you in any way possible. You should always keep all receipts and documentation, and contact your airline or insurance provider for reimbursement.

YELLOW FEVER

It may be required to show a Yellow Fever certificate upon entering the country visited. Please check in with your local health expert for advice on Yellow Fever and other inoculations required for this area.

COMBO TRIP

Please note that this tour combines with other G Adventures tours. As such, the staff and some travel companions on your tour may have previously been traveling together with G Adventures, prior to Day 1 of your tour. Likewise, some staff and travel companions may be continuing together on another G Adventures tour, after your trip concludes.

RAMADAN

According to the lunar cycle, Ramadan will fall between Feb 7th - Mar 8th, 2027, and Jan 27th - Feb 25th, 2028. Please note that Ramadan is a month of fasting observed by Muslims throughout the world, during which time the followers of Islam should not eat or drink between sunrise and sunset. There may be some limitations to services and disruptions to schedules during Ramadan, but generally our tours still operate effectively during this period and food is available to non-Muslims throughout the day. It is very important to display increased cultural sensitivity during Ramadan. Please wear loose fitting clothes, that cover knees and shoulders, and try to avoid eating, drinking or smoking in public out of respect for those who can't at that time.

What is the group leader like?

For your hike on Mt. Kilimanjaro, you will be lead by an experienced certified mountain guide. To round out the team, you will be joined by an assistant guide (for groups of more than one person), a cook, and a team of porters.

Your guide has been trained in mountain guiding skills, first aid and emergency response, flora and fauna, and group management. All guides are licensed by KINAPA, the National Park Authority. Your cook is an experienced cook who will prepare a variety of nutritious, and hearty meals. As a general rule, each hiker will be accompanied by 2 porters, who assist in carrying both your bag and the team's gear (tents, food, etc). Please note English is often the 3rd or 4th language of the Tanzanians in the area of Mt. Kilimanjaro, therefore your guide will speak a basic English.

The porter will carry a maximum of 15kg of your belongings and 5kg of personal gear. All our Porters will carry a maximum of 20kg and there is a strict weigh in by the Kilimanjaro Park authority.

The Zanzibar portion is accompanied by one of our group leaders, otherwise known as a Chief Experience Officer (CEO). The aim of the group leader is to take the hassle out of your travels and to help you have the best trip possible. They will provide information on the places you are travelling through, offer suggestions for things to do and see, recommend great local eating venues and introduce you to our local friends. While not being guides in the traditional sense you can expect them to have a broad general knowledge of the countries visited on the trip, including historical, cultural, religious and social aspects.

We also use local guides where we think more specific knowledge will add to the enjoyment of the places we are visiting - we think it's the best of both worlds.

How large will the group be?

Max 14, avg. 10.

What meals are included in this trip?

12 breakfasts, 8 lunches, 7 dinners

What are the meals like on this trip?

This includes all meals while trekking on the mountain, along with breakfast back in Moshi on final day after your hike. All meals you have during your trip will be prepared from fresh local produce. Shopping for food will be done before the trip departs. Breakfasts and dinners will be served at camp, while lunches will tend to be packed to have en route while trekking. All evening meals will be hot and will consist of a variety of continental and local dishes. We believe that providing more than enough food while on such a trek is of the utmost importance, and as such you can be ensured that your cook and crew will provide enough quality food for you. Vegetarian meals and other dietary requirements need to be specified prior to arrival.

Please note: bottled water (both before and after the trek) is at your own expense, however, during the Kilimanjaro trek you will be provided with drinking water. This water is collected from fresh mountain streams and then purified with tablets by your guides who will replenish your empty bottles/thermos flasks on a daily basis. For peace of mind, you are welcome to add your own chlorine or iodine tablets instead, if you are uncomfortable drinking the water provided.

What are the modes of transportation on my trip?

Private minibus, trekking, private vehicles, plane.

What transportation will we take on this trip?

Land Transfers & Included Tours/activities: Many of the land transfers and included tours will be by private van, car or taxi, while others may be shared with other travellers depending on availability, nature of the activity and destination. Please note for your own safety it is mandatory to wear your seat belt at all times when in a vehicle.

The journey from Arusha to Zanzibar will be by plane.

This is not a physically demanding journey; however, travelling can be difficult, with long drives and poor road conditions at times. Please take note of the travel times and distances in the above itinerary, and consider that this is often on poor quality, bumpy roads. Despite this, most clients feel that the diversity of the African landscape, culture and wildlife are all well worth the experience.

Is there an extra cost for travelling solo?

We believe solo travellers should not have to pay more to travel so our group trips are designed for shared accommodation and do not involve a single supplement. Single travellers joining group trips are paired in twin or multi-share accommodation with someone of the same sex for the duration of the trip. Some of our Independent trips are designed differently and solo travellers on these itineraries must pay the single trip price.

Where will we stay during the trip?

Hotels (5 nts), full-service alpine camping (7 nts).

Will I get my own room?

Please note that if you have booked the "My Own Room" option for this tour, you will receive your own single room for all night stops

What kind of accommodation can I expect on this trip?

While on the mountain (7 nights), we provide full-service alpine camping at designated communal campsites. Your porters will be carrying your tents, which they will pitch for you at these sites. The campsites are fairly basic, and exposed to the elements. They will not have electricity, nor shower facilities, and toilet facilities are basic long drop latrines, which could become dirty at times (especially when it is raining), as many other hikers sharing the same facilities. Your crew will prepare basins of warm water for washing daily. All camping equipment (with the exception of your sleeping bag and pillow) is supplied. All meals on the mountain will be prepared for you by your group's cook. The tents are two-person dome tents which are assembled by the porters. All tents have built-in insect nets. Mattresses are also provided, which are warm and comfortable.

Drinking water: On day 2, you should bring bottled water from the hotel for your first day's hike. Beyond that, purified (filtered) mountain water will be provided for you for the duration of the hike.

Barafu Camp: The night before your summit attempt, on Day 5, you will be staying at a high altitude camp where there is no water facilities. You porters will carry water up to the camp for cooking, bathing, and drinking.

This trek is not for the faint of heart, and the camp sites on Mt. Kilimanjaro are basic. However, many come out of their camping experience on the world's largest free-standing mountain not only gratified, but ultimately rejuvenated by such an experience of a lifetime.

Please note, if you need to alter the itinerary for any reason (e.g. travel delay or illness or in the event of having to descend from your climb early due to altitude sickness, injury or exhaustion), any unscheduled meals or nights spent in a location other than the tour itinerary will be at your own expense.

The start/end hotel has a number of services and facilities available as follows; Internet, laundry, gear hire, luggage storage, telephone services, TV lounge, outdoor dining area and a shuttle service to/from Moshi as the hotel is located just a few kilometres from the centre of town.

What information should I be aware of as the itinerary draws to a close?

Morning group transfer from the beach. Depart Stone Town upon arrival in the late morning. Onward travel should be booked no earlier than 2:30pm.

Are there any additional packing suggestions I should consider?

You will be on the move a lot, so our advice is to pack as lightly as possible. Your baggage should be clearly labelled and restricted to one soft compact suitcase, sports bag, or backpack, no larger than 30cm(height) x 30cm(width) x 60cm(length), maximum 15kg, plus a daypack. You will need a daypack big enough for a change of clothes, towel, toiletries etc to take with on the Serengeti excursion, but still small enough to fit into the smaller vehicles used for the excursion. Due to limited space in the wildlife-drive vehicles, big backpacks can unfortunately not be taken with to the Serengeti.

A set of smart casual clothes is also advisable.

As you will be trekking up Africa's highest mountain, you will be passing through a number of different climate zones, and should pack to prepare for a number of extremes – hot and sunny, cool, cloudy, and misty, fog, rain (your first day you will ascending through a section of rain forest), wind, and lastly snow and cold. You may experience one or all of these conditions in the same day on your trek.

In the lowlands, temperatures in the shade can reach 35C, and in the highlands it will be below freezing, with possible rain and fog. The use of lightweight, breathable, easily removable layers of clothes works best to allow you to adapt to the local conditions. We recommend breathable, moisture-wicking fabrics made of wool or synthetic fibres. Cotton is not recommended for hiking as it does not allow for heat or moisture to enter or escape, and it will not dry once wet.

Please note that it gets extremely cold near the top of Mt. Kilimanjaro, and you will begin hiking your final ascent to the summit at approximately midnight, and hike through the coldest part of the day. For this, in addition to several warm layers and good boots to grip as you climb over frozen scree, ice, and snow, you will need warm protection for your extremities – warm socks, gloves, and a warm winter hat. Cameras need to be protected against the severe cold weather either in warm pouch or the interior pockets of your clothing. A selection of lenses will aid the final results although weight and bulk will obviously influence your selection. For digital equipment and mp3 players, check with the manufacturer's specifications for temperature range (especially battery life), water tightness, altitude range, and general hardiness.

You will need to supply your own sleeping bag and pillow.

Lastly, Mt. Kilimanjaro is located only a few hundred kilometres from the equator, and at altitude, the sun's affects are heightened. Use a hat, sunglasses, sun screen, and wear proper clothing to protect yourself from the sun, to reduce the risk of sunstroke.

Please note, secure luggage and valuables storage facilities are available at your Moshi hotel while you climb. Your hotel in Arusha also offers storage facilities for any extra mountain gear/clothing that you do not require for the safari portion of the trip.

With regard to the type of pack(s) to use, two packs would be useful:

1. One larger pack (preferably a duffle bag) that will be carried by the porters inside large, canvas duffle bags. This pack should not exceed 15kg, and should be within the following dimensions: 30cm (height) x30cm (width) x 60cm (length)
2. One smaller 30-35L pack (5kg) that you will carry containing your water, snacks and wet weather gear.

Below are the suggest sizes for both medium and large rucksacks with a maximum weight of 15kg.

Medium Rucksacks: 48 Litre to 58Litre

The optimum clothing for trekking is layering, as it allows for easy temperature regulation as you ascend or descend. We suggest a base-layer, then a mid-layer such as a sweater, followed by a fleece jacket or similar, then a windproof and waterproof jacket. For your bottom half,

thermal underwear, hiking pants then windproof and waterproof layers are recommended. You will be on the move a lot, so our advice is to pack as lightly as possible. Your baggage should be clearly labelled and restricted to one soft compact suitcase, sports bag, or backpack, no larger than 30cm(height) x 30cm(width) x 60cm(length), maximum 15kg, plus a day-pack (5kg). A refillable water bottle/ flask is required for the trek, no plastic or disposable bottles are allowed on the mountain and they may be confiscated prior to the hike. The climate in East Africa varies between the dry and rainy season. Please ensure you bring a windproof rain jacket if you are travelling between April & May, October & November.

When can I do my laundry on this trip?

Laundry facilities are offered by some of our hotels for a charge. There will be times when you may want to or have to do your own laundry so we suggest you bring non-polluting/biodegradable soap.

What are the visas and entry requirements for my trip?

All countries require a valid passport (with a minimum 6 months validity). Contact your local embassy or consulate for the most up-to-date visa requirements, or see your travel agent. It is your own responsibility to have the correct travel documentation. Visa requirements for your trip will vary depending on where you are from and where you are going. We keep the following information up to date as far as possible, but rules do change and sometimes without warning. While we provide the following information in good faith, it is vital that you check the information yourself and understand that you are fully responsible for your own visa requirements.

What should I consider when planning my personal expenses and discretionary spending for this itinerary?

Every traveller is different and therefore spending money requirements will vary. Some travellers may drink more than others while other travellers like to purchase more souvenirs than most. Please consider your own spending habits when it comes to allowing for drinks, shopping and tipping. Please also remember the following specific recommendations when planning your trip.

What should I know about currency, credit cards, and exchanging money while on this tour?

The local currency in Tanzania is the Tanzanian Shilling (TSH).

Shillings can be obtained locally by changing foreign currency or by using ATMs (where available) which will dispense local currency. Your CEO will inform you where you can change money throughout the tour and approximately how much money you will need for each country. The easiest foreign currency to exchange for locally for any of the local currencies is the USD; however the British Pound and Euro may also be exchanged as well. Please note that due to past problems with forgery, USD notes that are older than year 2006 are not accepted in Africa.

Large note (USD50, USD100 etc) can be difficult to change in some places, but will gain you the best exchange rate.

If you plan to rely on cash, please bring foreign currency (Euro, Pound, USD) with you, as it is often expensive to buy these currencies locally. And in more rural areas, it is often not likely.

If you plan to buy your visas at borders, you will need to bring USD cash to pay for these visas. Please note you cannot use the local currency or any other currency to buy these visas- they must be purchased in USD.

Please do not bring Travellers' cheques to Africa. They are difficult if not impossible to exchange in many places.

Visa/Plus system cards are the most widely accepted debit cards. It is harder to find machines Mastercard/Cirrus cards. We highly recommend that if you hold a Mastercard, you obtain a Visa card prior to departure and travel with both. This is also useful should something unforeseen happen to one of your cards during your travels.

While there are many ATMs in the major centres, there are no guarantees that your credit or debit cards will actually work in Africa. Check with your bank.

Credit cards can be used in major cities and towns ONLY but please do not rely on them as a method of payment because they are generally not widely accepted. You should be aware that to purchase products or services on a credit card a fee of 5%-10% usually applies. The majority of our optional activities can also be paid by credit card. Your CEO will advise on these.

Please note that in many areas there may be occasional power-outages, where there will be no electricity for hours at a time. In addition, ATMs outside of larger centers often run out of cash or can be out of order unexpectedly. These factors could affect your ability to access money from ATMs. As such, please do not rely on credit or debit cards as your only source of money.

A combination of foreign currency and debit/credit cards for cash advances is best. Always take more rather than less, as you don't want to spoil the trip by constantly feeling short of funds.

As currency exchange rates can fluctuate often we ask that you refer to the following website for daily exchange rates: www.xe.com.

How much emergency money should I bring on this trip?

Please also make sure you have access to at least an additional USD \$200 (or equivalent) as an 'emergency' fund, to be used when circumstances outside our control (ex. a natural disaster) require a change to our planned route. This is a rare occurrence!

Should I be tipping on my trip?

Tipping is an expected, though not compulsory, component of your tour program. The gesture serves as an expression of appreciation for exceptional service, and amounts given are up to your discretion.

Tipping is one of the most direct ways that you can have a positive economic impact within the African community. Although it may not be customary for you, it is an important source of income for those in the tourism industry. Giving a tip should be seen as a formal 'thank you', and the action should in no way be awkward.

The best method of tipping someone that has served the whole group is to plan in advance, and not rush when it comes to saying goodbye. A suggestion would be for each group member to contribute anonymously by putting their tip into an envelope. This often works the best and the group should gather to present the gift to the recipient(s), offering their thanks and showing their appreciation. This method brings the action out into the open, allowing for a friendly and appreciative interaction between the group and the recipient(s).

You may use the following as a guideline, all given in a per person format:

CEO: \$5 USD (per day)

Driver: \$5 USD (per day)

Supply crew: \$2-5 USD (per day)

Local guides: \$1 USD (per couple of hours)

Local guides (Zanzibar): \$2 per day

Hotel porters (Zanzibar): \$1 USD

Restaurant/café servers: 10% of the cost of the bill

What activities are optional on this trip?

Moshi

- Lalasalama Spa & Beauty
Aromatherapy Massage

Zanzibar

- Zanzibar Snorkelling

Jozani Forest

- Jozani Forest Tour (36-160USD
per person)

Jambiani

- Swimming

Are there any health considerations I should know before travelling?

We recommend you contact your family physician, or your local travel clinic for the most up-to-date health information at least one month before departure. Travellers should also carry a basic first-aid kit and hand sanitizers/antibacterial wipes on their travels. Medical facilities are basic throughout these countries. For your own safety, we strongly recommend that you advise your tour leader of any medical condition that may affect you while travelling with the group. Your tour leader will be able to inform you of local health advisories (e.g. drinking water quality). Please ensure you have all the inoculations recommended by your doctor.

Yellow Fever Certificate Note: (Updated: May 2023)

It is compulsory to show a valid Yellow Fever Certificate if you are travelling to the following G Adventures-visited countries from a Yellow Fever endemic country:

- Botswana
- Ethiopia
- Kenya
- Madagascar
- Malawi
- Mozambique
- Rwanda
- South Africa
- Swaziland
- Uganda
- Zambia
- Zimbabwe

For some of these countries, proof of Yellow Fever vaccination is also required for passengers who have travelled more than 12 hours through the airport of an endemic country. If other countries not endemic to Yellow Fever have been visited after visiting an endemic country, then a Yellow Fever certificate may still be required on entry. Please check country-specific regulations before your departure.

Malaria

Malaria is a mosquito-borne disease that is present in some regions in Africa. Risk of malaria can increase during periods of heavy rain, during the rainy seasons, and in densely populated areas of Southern & East Africa. To prevent malaria, we recommend speaking to your doctor about taking preventative medication (prophylaxis), combined with regular use of insect repellent spray/cream. Please check updated travel health advisories specific to malaria before your departure.

Physical Fitness

Although Kilimanjaro is not a technical mountain climb, it is a major challenge and the rigor of altitude should not be underestimated. Remember that Uhuru peak is 500m higher than Everest Base Camp!! The pace of your ascent coupled with good acclimatization will help you on the climb but it is essential to be mentally and physically prepared

before you start. Regular hikes are one of the best ways to prepare, increasing frequency and length, as you get closer to the trek. All aerobic exercises such as cycling, running, swimming and funnily enough aerobics are good for strengthening the cardiovascular system. Generally, any exercise that increases the heart rate for 20 minutes is helpful but don't over do it just before the climb.

Altitude and Acclimatization

Altitudes are generally defined as follows:-

- High altitude 2,400m – 4,200m
- Very high altitude 4,200m – 5,400m
- Extreme altitude above 5,400m (Uhuru peak is 5,895m)

During the trek it is likely that all climbers will experience at least some form of mild altitude sickness. It is caused by the failure of the body to adapt quickly enough to the reduced level of oxygen in the air at an increased altitude. There are many different symptoms but the most common are headaches, light-headedness, nausea, loss of appetite, tingling in the extremities (toes, fingers) and a mild swell of ankles and fingers.

If you have severe symptoms, go down 1,500 to 2,000 feet right away to see if your symptoms get better. Keep going down until your symptoms go away completely. Medicines that may be used to prevent or treat the symptoms of severe high-altitude illness include acetazolamide and nifedipine. Don't ignore signs of altitude sickness. People can die of this if they don't recognize the signs or if they don't believe their illness is caused by the high altitude. When you have signs of altitude sickness, don't go higher until you feel better and your symptoms have gone away completely.

Hypothermia:

Hypothermia is a condition where the body becomes dangerously cold. It can be caused by brief exposure to extreme cold, or by prolonged exposure to mild cold. Hypothermia occurs when a person's deep-core body temperature drops below 35 degrees celsius (95 degrees fahrenheit). It is the lowered temperature of the organs inside the body that is important - an ordinary thermometer cannot measure this. The person may not actually feel cold but if they stay in a cold environment and do little or nothing to keep warm, then they may run the risk of becoming hypothermic or becoming ill with bronchitis or pneumonia. Both are cold-related illnesses.

Danger signs to watch out for: Drowsiness, very cold skin on parts of the body normally covered, for example, stomach or armpits, Slurred speech, Absence of complaint about feeling cold, even in a bitterly cold environment.

Eye Issues:

All contact lens wearers should take care to remove the lenses at night, as the eye needs to absorb oxygen from the atmosphere. The rarefied conditions of altitude reduce oxygen levels and in extreme cases a Corneal Oedema can develop.

Emergency Evacuation:

In the event of an emergency on the mountain the rescue team plus one of the assistant guides will descend with the casualty to the park gate. At the gate the casualty will be taken care and the necessary arrangements will be done.

What do I need to know to about safety and security on my trip?

Many national governments provide a regularly updated advice service on safety issues involved with international travel. We recommend that you check your government's advice for their latest travel information before departure. We strongly recommend the use of a neck wallet or money belt while travelling, for the safe keeping of your passport, air tickets, travellers' cheques, cash and other valuable items. Leave your valuable jewellery at home - you won't need it while travelling. Many of the hotels we use have safety deposit boxes, which is the most secure way of storing your valuables. A lock is recommended for securing your luggage. When travelling on a group trip, please note that your group leader has the authority to amend or cancel any part of the trip itinerary if it deemed necessary, due to safety concerns. Your Chief Experience Officer (CEO) will accompany you on all included activities. During your trip you will have some free time to pursue your own interests, relax and take it easy and explore at your leisure. While your CEO will assist you with options available in a given location, please note that any optional activities you undertake are not part of your itinerary, and we offer no representations about the safety of the activity or the standard of the operators running them. Please use your own good judgement when selecting an activity in your free time. Although the cities visited on tour are generally safe during the day, there can be risks to wandering throughout any major city at night. It is our recommendation to stay in small groups and to take taxis to and from restaurants, or during night time excursions.

Water based activities have an element of danger and excitement built into them. We recommend only participating in water based activities when accompanied by a guide(s). We make every reasonable effort to ensure the fun and adventurous element of any water based activities (in countries with varying degrees of operating standards), have a balanced approach to safety. It is our policy not to allow our CEOs to make arrangements on your behalf for water based activities that are not accompanied by guide(s).

Swimming, including snorkeling, is always at your own risk. [Read more about travel safety](#) for ways to further enhance your personal safety while traveling.

What rules should I know before joining this trip?

Illegal drugs will not be tolerated on any trips. Possessing or using drugs not only contravenes the laws of the land but also puts the rest of the group at risk. Smoking marijuana and opium is a part of local culture in some parts of the world but is not acceptable for our travellers. Our philosophy of travel is one of respect towards everyone we encounter and in particular the local people who make the world the special place it is. The exploitation of people in the sex trade is completely contrary to this philosophy. Our CEOs have the right to expel any member of the group if drugs are found in their possession or if they utilize the services of paid sex workers, in any capacity.

Is travel insurance required for my trip?

Travel insurance is compulsory in order to participate on any of our trips. When travelling on a group trip, you will not be permitted to join the group until evidence of travel insurance has been sighted by your leader, who will take note of your insurance details. When selecting a travel insurance policy we require that at a minimum you are covered for medical expenses including emergency evacuation and repatriation. A minimum coverage of USD200,000 is required. We strongly recommend that the policy also covers personal liability, cancellation, curtailment and loss of luggage and personal effects. Some tours include adventure activities that require extra coverage (e.g. crampon use); please review your itinerary and make sure that you are covered for all included activities. If you have credit card insurance we require proof of purchase of the trip (a receipt of credit card statement) with a credit card in your name. Contact your bank for details of their participating insurer, the level of coverage and emergency contact telephone number.
