Arusha - Lake Manyara National Park

2h-3h

130km

Get a better view and take better snapshots aboard this off-road ride with a pop-up top.

ACTIVITY

Take part in a cultural walk to learn about life in this East African town. Mto wa Mbu has attracted some 18,000 residents from 120 different tribes. During the two-hour tour, visit the community's local market, go right to the farmer's fields, see how huts are constructed, and meet artisans in their shops.

Afterwards, sit down with our new friends and enjoy a traditional lunch of meat and plantains.

Lake Manyara National Park Afternoon Safari Drive

Lake Manyara National Park

This western wall of the Rift Valley escarpment is truly stunning. It provides a backdrop for your search for the park's phenomenal bird life (including raptors), tree-climbing lions, elephants, zebras, hippos, baboons, and buffalos. Look up and see some of the more than 400 species of birds, including pink flamingos, pelicans, cormorants, and storks.

Beyond wildlife, Lake Manyara NP is home to giant fig trees, acacia woodlands, mahogany trees, and grassy flood plains. The contrasts of this area are simply breathtaking; the open plains, huge escarpment, central alkaline lake, dense woodlands, and distant volcanic peaks coming together in an area best described by Ernest Hemingway as “the loveliest I have seen in Africa.”

Day 3

LAKE MANYARA NATIONAL PARK/SERENGETI NATIONAL PARK

Travel through the Rift Valley and visit a Maasai village to learn about the Maasai people and the G Adventures-supported Clean Cookstove project. Enjoy an exclusive presentation by one of the Maasai women and hear how participation in the project has impacted her life and empowered other females around her. Take a guided tour of the village, meet the women that have been trained as stove engineers, visit bomas (traditional homes), and observe (or get your hands dirty) by helping the Stove Team build a stove in a home. After, stop at the Olduvai Gorge Museum and Visitors' Center before continuing to our safari camp located inside Serengeti National Park.

Lake Manyara National Park – Serengeti National Park

5h-6h

220km

Get a better view and take better snapshots aboard this off-road ride with a pop-up top.

ACTIVITY

Visit a Maasai village in the Monduli District and witness the benefits of the G Adventures-supported Clean Cookstove Project. In Tanzania, 95% of people rely on cooking with wood and coal. Women and girls spend hours walking to collect wood every day (making them vulnerable to assault and unable to use their time to go to school). Indoor smoke from open-fire stoves causes cancer, emphysema, pneumonia, blindness, and burns. Take a guided tour of these villages and meet the women that have been trained as stove engineers, visit bomas (traditional homes), and observe (or get your hands dirty)

by helping the Stove Team build a stove in a home. See the beneficial impact of the clean-burning stoves on the health and daily lives of the Maasai villagers, especially the women.

ACTIVITY

G Adventures has partnered with the Masai Stoves and Solar Project to install more efficient cookstoves across the Serengeti in order to cut down on smoke-related illnesses. Enjoy an exclusive talk with some of the “Masai mamas” and learn how their lives have been impacted and their community empowered.

Olduvai Gorge Museum

Olduvai Gorge

The Olduvai Gorge is a steep ravine in the Great Rift Valley of Tanzania. It is one of the world’s most important paleoanthropological sites. Beginning in 1931, excavations by Louis Leakey revealed evidence of early man dating back nearly 2 million years. Visit the Olduvai museum and see bone fossils and fragments of ancient stone tools. This UNESCO World Heritage site provides an intriguing glimpse into the origin and evolution of man in these Serengeti Plains of Africa.

Serengeti National Park Safari

Serengeti National Park

This is the reason you came to Africa. Charge your camera, grab your binoculars, and set out on safari. Your eagle-eyed driver will keep an eye out for wildlife – buffaloes, elephants, lions, wildebeests, zebras, and more. Tanzania’s Serengeti tends to be less crowded than some of Kenya’s reserves, so enjoy the scenery, the vast expanse of the grasslands, the play of light and shadow, and the up-close look at wild Africa.

Day 4

SERENGETI NATIONAL PARK

Embark on morning and afternoon wildlife safari drives in our compact, safari 4×4, that features a pop-up roof for optimal wildlife observation. Visit the Serengeti Wildlife Research Centre, where wildlife researchers and scientists are working on projects within the National Park and surrounding protected areas. Enjoy a lecture by one of the visiting researchers. Topics will vary based on the studies being done at the time. Opt to take a sunrise balloon safari.

Please note, additional fees will apply for passengers exceeding the 120 kg (265 lbs) weight limit.

Day 5

SERENGETI NATIONAL PARK/NGORONGORO

Continue viewing wildlife on the drive out of the Serengeti to our comfortable tented camp. Relax this evening enjoying the African sunset on the deck with a cool drink.

Please note that due to the high-altitude location of our camp, temperatures can drop at night. We recommend bringing extra layers to wear during the evening and following morning.

Is there a disclaimer I should read before booking this trip?

The information in this trip details document has been compiled with care and is provided in good faith. However it is subject to change, and does not form part of the contract between the client and the operator. The itinerary featured is correct at time of printing. It may differ slightly to the one in the brochure. Occasionally our itineraries change as we make improvements that stem from past travellers, comments and our own research. VERY IMPORTANT: Please ensure that you print a final copy of your Trip Details to review a couple of days prior to travel, in case there have been changes that affect your plans.

Is there a travel disclaimer for my itinerary I should review before booking this trip?

While it is our intention to adhere to the route described below, there is a certain amount of flexibility built into the itinerary and on occasion it may be necessary, or desirable to make alterations. The itinerary is brief, as we never know exactly where our journey will take us. Due to our style of travel and the regions we visit, travel can be unpredictable. The Trip Details document is a general guide to the tour and region and any mention of specific destinations or wildlife is by no means a guarantee that they will be visited or encountered. Aboard expedition trips visits to research stations depend on final permission.

Additionally, any travel times listed are approximations only and subject to vary due to local circumstances.

What important notes should I be aware of before the trip?

1. MIGRATION

The Great Migration is not a singular event but a continuous, year-round phenomenon involving over a million wildebeest, zebras, and gazelles. These animals consistently traverse the landscape between Tanzania's Serengeti and Kenya's Maasai Mara, guided by rainfall and the availability of fresh grass. Consequently, their precise location varies annually. Observations will differ depending on the season. At times, the animals congregate in vast groups across open plains. On other occasions, they disperse into smaller herds, frequently accompanied by their young. It is also possible to witness them migrating in extended single-file lines. It is important to note that their movements and river crossings are entirely subject to natural forces. Nonetheless, the most compelling aspect of the Great Migration is the sheer abundance of wildlife it showcases, regardless of the herds' exact position. This provides a remarkable opportunity to observe predator-prey interactions, which are integral to this magnificent natural cycle.

2. DRIVES

This is not a physically demanding journey; however, travelling can be difficult, as long drives and poor road conditions are the rule as opposed to the exception in Tanzania. A safari is about travelling to see animals, so we cover long distances crossing the country to visit different national parks. Once there, we spend the majority of the time viewing wildlife while driving in the parks. This translates to a lot of driving. Despite this, the diversity and scenery of the African landscape, the local culture and abundant wildlife are all well worth the experience.

3. ELECTRICITY

All lodges and camps will have electricity although many work off generators with limited times.

The power supply in Tanzania is nominally 240VAC, 50hz. Variable voltage, spikes and sporadic, unexpected, unscheduled power cuts of varying duration can be expected.

4. LUGGAGE COMPLICATIONS FLYING INTO NAIROBI: It occasionally happens that luggage on international flights into Nairobi does not arrive, especially with, but not exclusive to, major airlines that fly from London-Heathrow or in Schiphol (Amsterdam). Please be aware that this may happen, especially if you have a tight connection in either of these centres, are flying with different airlines with a connection, have a last minute flight change or re-route, or fly from or connect through another African centre. Please be prepared and keep all important documentation and valuables on your person. As well we recommend a change of clothes in your hand luggage. If unfortunately this does happen, and your luggage does not arrive, you should be entitled to a limited initial compensation from your airline. In Nairobi, the arrival of lost luggage normally takes between 48 and 72 hours after the initial plane's arrival. The airlines technically should be responsible to forward your luggage to you, to your hotel or elsewhere in Kenya. You may find that you will be needed to travel to Tanzania to begin your tour, and you still have not received your luggage. Considering that the customer service standards in Kenya are different from home, and that we find that the airlines are not always proactive in helping luggage in its care be reunited with its owner, it is recommended that you purchase locally the needed items, and hire someone locally to persist with the your airline to retrieve your luggage. Please see the emergency local contact number, and our local manager will be able to help you organize this, and once your luggage is retrieved, it should be able to be forwarded to you – depending where you are. Please note that any costs that you may incur for luggage retrieval or sending luggage are not the responsibility of G Adventures, though we will always strive to assist you in any way possible. You should always keep all receipts and documentation, and contact your airline or insurance provider for reimbursement.

5. FLYING THROUGH LONDON-HEATHROW to EAST AFRICA?

Please note that regardless of the rules in other centres, travellers flying from, or connecting in, London-Heathrow are currently only permitted one carry-on piece of luggage and one small personal bag (purse, laptop-size bag, briefcase)

on board on flights to Nairobi. If you arrive to the security gate with 2 pieces, you will be forced to check-in one of them, which may result in complications noted above. This policy is in place as of the time of writing, though local rules and regulations may indeed change. It is thus advisable to contact your airline directly for the most up-to-date information.

6. COMBO TRIP

Please note that this trip is a combination of multiple G Adventures tours. As such, the staff and/or particular vehicles operating your tour may change between tour segments. You may also expect some group members to join or leave the tour, between tour segments.

7. YELLOW FEVER: COUNTRY DETAIL

There is no risk of Yellow Fever transmission in Botswana, Kenya, Malawi, Namibia, South Africa, Tanzania, Uganda, Zambia, or Zimbabwe. However, all of these countries require proof of vaccination under International Health Regulations to prevent importation of the virus. It is compulsory to show a valid Yellow Fever vaccination certificate if you are travelling to any of the above countries from a Yellow Fever endemic country, or have recently transited through one (12 hours or more in airport). Endemic countries include: Angola, Benin, Bolivia, Brazil, Burkina Faso, Burundi, Cameroon, Central African Republic, Chad, Colombia, Democratic Republic of the Congo, Republic of the Congo, Côte d'Ivoire, Ecuador, Equatorial Guinea, Ethiopia, French Guiana, Gabon, Gambia, Ghana, Guinea, Guinea-Bissau, Guyana, Kenya, Liberia, Mali, Mauritania, Niger, Nigeria, Panama, Paraguay, Peru, Rwanda, São Tomé and Príncipe, Senegal, Sierra Leone, Somalia, South Sudan, Sudan, Suriname, Tanzania, Togo, Trinidad and Tobago, Uganda, Venezuela. We advise all travellers on Southern and East Africa itineraries to carry a valid Yellow Fever vaccination certificate regardless of their country of origin. Given the multi-country nature of these itineraries, travellers will cross borders into countries that require the certificate as a condition of entry from preceding destinations. A traveller entering the itinerary from a non-endemic country may not require the certificate to enter the first country, but will almost certainly require it by the time they cross into a subsequent one. Yellow Fever vaccinations must be administered at least 10 days prior to entry into the first country visited. Under WHO regulations (effective 11 July 2016), certificates are valid for the lifetime of the person vaccinated, there is no 10-year expiry on the certificate itself, though some border officials may be unaware of this. Travellers should carry their original International Certificate of Vaccination or Prophylaxis (yellow card) at all times during the tour. Travellers without a valid certificate run the risk of being denied entry and will not be able to continue with the tour. Any additional travel expenses incurred will be at the traveller's own account.

8. ACCOMMODATION

Please note all accommodation listed below is not guaranteed, but is indicative of the types of accommodation used.

9. Looking to add to your experience? Check out our Extras! Specially designed for travellers with unique interests, Extras are optional add-ons to your G adventures trip that make your adventure more you-centric. Extras must be booked prior to departure, please see details in our optional activities field and ask your sales GCO or travel agent about booking.

10. ACCOMMODATION NOTE:

Please be aware that properties we stay in with only two stories may not have elevators installed and climbing the stairs with your luggage will be necessary.

What is the role of the group leader during this trip?

Throughout your 7-day journey safari in northern Tanzania, you will be accompanied on your trip by a National Geographic Expedition Leader. The National Geographic Expedition Leader will be the group manager and leader. He/she organizes the trip, and will be there to assist you when needed. Your leader may be from East Africa, or another country outside of the region, and will have a general knowledge base of the region and wildlife. He/she will take care of the small things so you can concentrate on enjoying your adventure. To round out the team, our skilled and experienced drivers are also certified safari guides.

What is the maximum and typical number of participants on this tour?

Max 6, Avg 5.

What meals are included in this trip?

6 breakfasts, 5 lunches, 4 dinners

What are the meals like on this trip?

These meals are provided at the hotels, lodges and camps in which you are accommodated. When a meal is not included, your hotel will have a restaurant or you will be advised of a good local establishment. All meals you have during your trip will be prepared from fresh local produce. All hotels cater to vegetarians; however, any other dietary requirements need to be specified prior to arrival. Please note all bottled drinking water will be at your own expense.

What are the modes of transportation on my trip?

7-seat 4x4 safari vehicle, walking.

How will we travel between destinations?

This trip is done in private 7-seat 4x4 safari vehicles in Tanzania. With sliding windows and a large pop-up roofs, these vehicles are designed for wildlife viewing. If there is a large group, 2 vehicles will be used, and the group will be split up. Road conditions can run the full range of conditions from new to very poor, and during dry seasons, the roads can become very dusty. This style of travel is the best under the local circumstances, as the seats are comfortable and having our own private vehicle allow us the flexibility of making stops when needed, and to stay and watch that crouching lion prepare for an attack. If you are travelling to Nairobi from Arusha at the end of your safari and have pre-booked your "shuttle" transfer through G Adventures, you will travel in a public shuttle; these are large mini buses with seating for 22-24 passengers.

Speed governors set to 80kph are used on all vehicles to ensure a safe driving speed. Please note for your own safety it is mandatory to wear your seat belt at all times when in a vehicle.

All G Adventure vehicles are regularly serviced and follow a strict maintenance schedule. However given the long travel days and rough conditions of many of the roads in Africa, vehicles can and do breakdown on occasion. If such situations occur all drivers are trained mechanics and any vehicle issues are rectified as quickly as possible so as to not disrupt your trip. Your patience is requested if the vehicle you are traveling in happens to encounter a mechanical fault.

Is there an extra cost for travelling solo?

We believe single travellers should not have to pay more to travel so our group trips are designed for shared accommodation and do not involve a single supplement. Single travellers joining group trips are paired in twin or multi-share accommodation with someone of the same sex for the duration of the trip. Some of our Independent trips are designed differently and single travellers on these itineraries must pay the single trip price.

Where will we stay during the trip?

Hotels – 2 nts, safari lodge – 1 nt, comfortable tented camp – 3 nts.

If I choose to purchase My Own Room, are there any exceptions during the trip?

Please note if you have booked the My Own Room/Tent option for this tour, you will receive your own single accommodation for all night stops.

What should I expect from the accommodations on this trip?

Start and end hotels on this tour offer comfortable accommodations with en-suite bathrooms, standard facilities, and wifi. Additional amenities vary from location to location. Please see the hotel listings on the Full Itinerary if you would like to learn more about the offerings of your accommodations.

The tented camp accommodations on this tour are situated centrally, with easy access to the park for wildlife safari drives. Tents are typically spacious with mosquito-proof netting, comfortable bedding, and en-suite bathroom with flushing toilets and camping showers.

Please remember that hotel/lodge/camp standards can be different from what you are used to in your home country, which is part of the appeal of adventure travel.

Note:

- 1) Under certain circumstances we reserve the right to change accommodation and provide something slightly different to what is described, though it will always be of similar or better standard/level.
- 2) Most lodges and camps do not have 24hr electricity - they usually run on generators which are routinely shut off overnight from approximately 10pm to 5am.
- 3) Lodges and camps are NOT equipped with fans or air conditioning due to the electricity constraints listed above.
- 4) Winter nights (June to September) can be cold, and most lodges and hotels do not have insulation or central heating. If you require additional blankets or a hot water bottle, these can be requested through your Expedition Leader or at the reception.

What are the joining instructions?

For details of your joining hotel please refer to your tour voucher, G Account, the G Adventures App or contact your travel agent.

An arrival transfer is included when you arrive on Day 1, or if you arrive up to three days prior provided that you have booked your pre-accommodation through National Geographic Journeys in our joining hotel. Due to customer experience and quality considerations, all services related to the tour must be continuous.

If you don't see a note, please ask reception for details!

If you are arriving later and will miss the Welcome Meeting, your Expedition Leader will leave a note at reception for you with any information you may need, and with morning instructions for the next day.

Please apply to your travel agent on your return for a refund of the transfer cost if this occurs.

Who do I contact for arrival issues or in the event of an emergency?

Should you need to contact us during a situation of dire need, it is best to first call either the G Adventures Local Representative (if one is listed below) or our G Adventures Local Office. If for any reason you do not receive an immediate answer, please leave a detailed message and contact information, so they may return your call and assist you as soon as possible.

AIRPORT TRANSFER

If you have purchased an arrival through G Adventures or if an arrival transfer is included in the cost of your tour, please note that:

Your arrival transfer has been arranged based on flight information provided to us. If you are advised of a flight schedule change or flight cancellation within 48 hours of your scheduled arrival time, please call the emergency contact number to advise of your new arrival flight information. If you do not, we will not be able to rearrange your arrival transfer and you will need to make your own way to the starting hotel at your own expense. This tour ends on day 7. You are free to depart any time this day.

If you are travelling onwards to Nairobi, Kenya - there is a public shuttle bus that leaves Arusha at 8:00am daily. It is a direct bus, and with border formalities, the trip usually takes 6-8 hours. These buses currently depart from the Bella Luna Hotel parking areas.

If you wish to reserve a seat, please contact the G Adventures Sales team in advance of travel.

What are the packing guidelines and luggage restrictions?

You will be on the move a lot, so our advice is to pack as lightly as possible. Your baggage should be clearly labelled and restricted to one soft compact suitcase, sports bag, or backpack, no larger than 30cm(height) x 30cm(width) x 60cm(length), maximum 15kg, plus a daypack. Luggage limits on airlines are strictly enforced, and due to limited vehicle capacity, the cost of transporting any luggage beyond these restrictions is the responsibility of the client. Please note, if you are travelling with a large amount of luggage and wish to leave a portion of it at the start hotel, this is indeed possible as storage facilities are available.

It is important to pack clothes for warm days and cool evenings, as well as a warm jacket for early morning wildlife safari drives. Light, quick-drying, practical clothes are advisable for this safari trip. A set of smart casual clothes is also advisable for your time in Arusha.

What should I pack for this trip?

Cold Weather:

- Long-sleeved shirts or sweater

Where can I do my laundry on this trip?

Laundry facilities are offered by some of our hotels and lodges for a charge. You should write a list of items that you send for washing. It will be difficult for hotels to have your laundry ready if you arrive in the late afternoon and leave the next morning, so the lodge in the Serengeti would be best, since you are there for 2 nights.

What are the visas and entry requirements for my trip?

All countries require a valid passport (with a minimum 6 months validity). Contact your local embassy or consulate for the most up-to-date visa requirements, or see your travel agent. It is your own responsibility to have the correct travel documentation. Visa requirements for your trip will vary depending on where you are from and where you are going. We keep the following information up to date as far as possible, but rules do change and sometimes without warning. While we provide the following information in good faith, it is vital that you check the information yourself and understand that you are fully responsible for your own visa requirements.

Information is accurate as of March 1st, 2024.

What should I consider when planning my personal expenses and discretionary spending for this itinerary?

Every traveller is different and therefore spending money requirements will vary. Some travellers may drink more than others while other travellers like to purchase more souvenirs than most. Please consider your own spending habits when it comes to allowing for drinks, shopping and tipping. Please also remember the following specific recommendations when planning your trip.

What should I know about currency, credit cards, and exchanging money while on this tour?

The local currency in Tanzania is the Tanzanian Shilling (TSH).

Shillings can be obtained locally by changing foreign currency or by using ATMs (where available) which will disperse local currency. Your Expedition Leader will inform you where you can change money throughout the tour and approximately how much money you will need for each country.

The easiest foreign currency to exchange for locally for any of the local currencies is the \$US; however the British Pound and Euro may also be exchanged as well. Please note that due to past problems with forgery, \$US notes that are older than year 2006 are not accepted in Africa.

Large note (\$US 50, \$US 100 etc) can be difficult to change in some places, but will gain you the best exchange rate.

If you plan to rely on cash, please bring foreign currency (Euro, Pound, USD) with you, as it is often expensive to buy these currencies locally. And in more rural areas, it is often not likely.

If you plan to buy your visas at borders, you will need to bring \$USD cash to pay for these visas. Please note you cannot use the local currency or any other currency to buy these visas- they must be purchased in USD.

Please do not bring Travellers' cheques to Africa. They are difficult if not impossible to exchange in many places.

Visa/Plus system cards are the most widely accepted debit cards. It is harder to find machines Mastercard/Cirrus cards. We highly recommend that if you hold a Mastercard, you obtain a Visa card prior to departure and travel with both. This is also useful should something unforeseen happen to one of your cards during your travels.

While there are many ATMs in the major centres, there are no guarantees that your credit or debit cards will actually work in Africa. Check with your bank.

Credit cards can be used in major cities and towns ONLY but please do not rely on them as a method of payment because they are generally not widely accepted. You should be aware that to purchase products or services on a credit card a fee of 5%-10% usually applies. The majority of our optional activities can also be paid by credit card. Your Expedition Leader will advise on these.

Please note that in many areas there may be occasional power-outages, where there will be no electricity for hours at a time. In addition, ATMs outside of larger centers often run out of cash or can be out of order unexpectedly. These factors could affect your ability to access money from ATMs. As such, please do not rely on credit or debit cards as your only source of money.

A combination of foreign currency and debit/credit cards for cash advances is best. Always take more rather than less, as you don't want to spoil the trip by constantly feeling short of funds.

As currency exchange rates can fluctuate often we ask that you refer to the following website for daily exchange rates: www.xe.com.

What emergency funds do I need access to on this trip?

Please also make sure you have access to at least an additional USD \$200 (or equivalent) as an 'emergency' fund, to be used when circumstances outside our control (ex. a natural disaster) require a change to our planned route. This is a rare occurrence!

Do I need to pay a departure tax?

USD30, usually included in most international air tickets.

What are the tipping guidelines for this trip?

Tipping is an expected, though not compulsory, component of your tour program. The gesture serves as an expression of appreciation for exceptional service, and amounts given are up to your discretion.

Tipping is one of the most direct ways that you can have a positive economic impact within the African community. Although it may not be customary for you, it is an important source of income for those in the tourism industry. Giving a tip should be seen as a formal 'thank you', and the action should in no way be awkward.

The best method of tipping someone that has served the whole group is to plan in advance, and not rush when it comes to saying goodbye. A suggestion would be for each group member to contribute anonymously by putting their tip into an envelope. This often works the best and the group should gather to present the gift to the recipient(s), offering their thanks and showing their appreciation. This method brings the action out into the open, allowing for a friendly and appreciative interaction between the group and the recipient(s).

You may use the following as a guideline, all given in a per person format:

Expedition Leader: \$5-10 USD (per day)

Driver: \$5-10 USD (per day)

Local guides: \$1 USD (per couple of hours)

Safari Supply Driver : \$3-5 USD

Restaurant/café servers: 10% of the cost of the bill

What activities are optional on this trip?

- Please see the itinerary for information on optional activities, descriptions and estimated pricing.

Are there any health considerations I should know before travelling?

We recommend you contact your family physician, or your local travel clinic for the most up-to-date health information at least one month before departure. Travellers should also carry a basic first-aid kit and hand sanitizers/antibacterial wipes on their travels. Medical facilities are basic throughout these countries. For your own safety, we strongly recommend that you advise your tour leader of any medical condition that may affect you while travelling with the group. Your tour leader will be able to inform you of local health advisories (e.g. drinking water quality). Please ensure you have all the inoculations recommended by your doctor.

Yellow Fever Certificate Note (Updated: June 2026)

It is compulsory to show a valid Yellow Fever Certificate if you are travelling to the following G Adventures-visited countries from a Yellow Fever endemic country, or if you have transited for more than 12 hours through the airport of a Yellow Fever endemic country:

Botswana

Kenya*

Malawi

Namibia

South Africa

Tanzania

Uganda*

Zambia

Zimbabwe

*Kenya and Uganda require a valid Yellow Fever Certificate from all travellers regardless of country of origin, not only those arriving from endemic countries. Travellers to these destinations should ensure they are vaccinated regardless of their travel history. If other non-endemic countries have been visited after visiting an endemic country, a Yellow Fever certificate may still be required on entry into subsequent destinations. This is particularly relevant on multi-country Southern Africa itineraries, for example, a traveller moving from Uganda to Kenya, or from Kenya across a land border into Tanzania, will be required to show their certificate at each entry point. Please check country-specific regulations before departure.

Malaria

Malaria is a mosquito-borne disease that is present in some regions in Africa. Risk of malaria can increase during periods of heavy rain, during the rainy seasons, and in densely populated areas of Southern & East Africa. To prevent malaria, we recommend speaking to your doctor about taking preventative medication (prophylaxis), combined with regular use of insect repellent spray/cream. Please check updated travel health advisories specific to malaria before your departure.

What general safety tips and free-time guidelines should I follow?

Many national governments provide a regularly updated advice service on safety issues involved with international travel. We recommend that you check your government's advice for their latest travel information before departure. We strongly recommend the use of a neck wallet or money belt while travelling, for the safe keeping of your passport, air tickets, travellers' cheques, cash and other valuable items. Leave your valuable jewellery at home - you won't need it while travelling. Many of the hotels we use have safety deposit boxes, which is the most secure way of storing your valuables. A lock is recommended for securing your luggage. When travelling on a group trip, please note that your group leader has the authority to amend or cancel any part of the trip itinerary if it deemed necessary, due to safety concerns. Your Expedition Leader will accompany you on all included activities. During your trip you will have some free time to pursue your own interests, relax and take it easy and explore at your leisure. While your Expedition Leader will assist you with options available in a given location, please note that any optional activities you undertake are not part of your itinerary, and we offer no representations about the safety of the activity or the standard of the operators running them. Please use your own good judgement when selecting an activity in your free time. Although the cities visited on tour are generally safe during the day, there can be risks to wandering throughout any major city at night. It is our recommendation to stay in small groups and to take taxis to and from restaurants, or during night time excursions. Water based activities have an element of danger and excitement built into them. We recommend only participating in water based activities when accompanied by a guide(s). We make every reasonable effort to ensure the fun and adventurous element of any water based activities (in countries with varying degrees of operating standards), have a balanced approach to safety. It is our policy not to allow our Expedition Leaders to make arrangements on your behalf for water based activities that are not accompanied by guide(s). Swimming, including snorkeling, is always at your own risk. [Read more about travel safety](#) for ways to further enhance your personal safety while traveling.

Are there any specific safety considerations for this itinerary?

Arusha

- People are generally friendly in Arusha, but don't let people take advantage of you
- Always leave your passport (It's better to carry a photocopy of it instead), traveller's cheques, flight tickets and money that you won't be using in the safe deposit in your hotel room/reception. This is free of charge to G Adventures clients.
- Remember that like in any other city, you should never leave your bags unattended, nor flaunt jewellery, cameras etc
- Please don't wander through the city at night. Stick to the main streets only during the day, and after sundown, please take a taxi. Taxis can be organised from reception of your hotel. Also, take the address of the hotel with you.
- Beware of people approaching you on the street with an apparent interest of where you are from, and want to sit down and have a chat with you. These people are con men and will ask you for money.
- People on the street who ask you if you want a safari and have a brochure are often con men, best to avoid these folk. Besides, you're already on safari!

Photography

Please refrain from taking photos of police stations, airports, bus stations, immigration or border crossings, army barracks and personnel, or any government building. It is against the law and will result in the minimum of your film and camera being confiscated.

What are the mandatory group rules regarding laws and behaviour?

Illegal drugs will not be tolerated on any trips. Possessing or using drugs not only contravenes the laws of the land but also puts the rest of the group at risk. Smoking marijuana and opium is a part of local culture in some parts of the world but is not acceptable for our travellers. Our philosophy of travel is one of respect towards everyone we encounter, and in particular the local people who make the world the special place it is. The exploitation of prostitutes is completely contrary to this philosophy. Our Expedition Leaders have the right to expel any member of the group if drugs are found in their possession or if they use prostitutes.

What are the mandatory travel insurance requirements for this trip?

Travel Insurance: Travel insurance is compulsory in order to participate on any of our trips. When travelling on a group trip, you will not be permitted to join the group until evidence of travel insurance has been sighted by your Expedition Leader, who will take note of your insurance details. When selecting a travel insurance policy please bear in mind that all clients must have medical coverage and that we require a minimum coverage of USD 200,000 for repatriation and emergency rescue. We strongly recommend that the policy also covers personal liability, cancellation, curtailment and loss of luggage and personal effects. If you have credit card insurance we require proof of purchase of the trip (a receipt of credit card statement) with a credit card in your name. Contact your bank for details of their participating insurer, the level of coverage and emergency contact telephone number.
