Sit back, relax, eat some grub, sip a cocktail, and get to know your fellow travel buddies as the adventure begins.

If you arrive a day or two early, we recommended booking an excursion to Soweto or the Apartheid Museum.

We're not going to lie, today will be a lot of driving, but use this opportunity to talk with your group, swap stories, and watch as the landscape changes around you from the desolate scenery of central-eastern Botswana to the wild bush within the Khama Rhino Sanctuary. The group will stop here for the night to set up camp, enjoy each other's company around a fire, and fall peacefully asleep beneath the stars.

Today's travel takes us through a very desolate part of central-eastern Botswana. We cross into Botswana and finish the day at a campsite within the Khama Rhino Sanctuary, a unique community-based initiative in wildlife conservation.

Today is going to be busy, but fun, and man do we wish we were going with you on this epic adventure.

You'll wake to the sounds and smells of the bush around you. Later, dive right into some nature with a wildlife walk. The cool thing about being on foot is that you will get to learn about tracking the animals and gain insight into their movement patterns and behaviour on a much more intimate level.

From there the group will begin an exciting excursion deep into the Okavango Delta in a traditional mokoro (dugout canoe) to do some birdwatching on the way to our basic bush camp for the evening (get ready to completely unplug). Set up camp, sing with the locals, and simply unwind with a sundowner around the campfire... cheers!

Okavango Delta Excursion

Okavango Delta

Step into the heart of Botswana's wilderness on an unforgettable journey into the Okavango Delta. Your adventure begins with a scenic drive in an open 4x4 safari vehicle, travelling deep into the Sankoyo Concession, a pristine area teeming with wildlife and rich in natural beauty.

Our secluded camp offers a true bush experience, with comfortable, fully-set-up tents and the sounds of nature all around. From here, you'll explore the Delta the traditional way, gliding quietly through the waterways in a mokoro canoe, steered by skilled local polers who know the channels like the back of

their hand.

Back on land, a guided walking safari gives you the rare opportunity to connect with the bush on foot. Learn about the plants, animal tracks, and smaller wildlife often missed from a vehicle, while keeping an eye out for the Delta's bigger residents.

Evenings are spent relaxing by the campfire under a sky scattered with stars, swapping stories and listening to the night sounds of Africa. This is more than a trip, it's an immersion into one of the world's most remarkable ecosystems, guided by the people who call it home.

Africa is home to some of the most beautiful sunrises in the world and today (if the weather is just right) you will get to experience the almost too vibrant colours of that quintessential sunrise that we all picture when we think of going on safari to Africa.

Then, tip your heads back, take a deep breath, and feel the mokoro cut through the crystal clear channels as you ride out of the Okavango Delta. The group will take some time to freshen up in Maun (showers everyone!) before embarking in the Lando to Nata where the group will camp under massive baobab trees for the night.

Enjoy the towering baobab trees found around tonight's campsite and go for a dip in the pool if you need to cool off.

The surrounding grasslands also teem with life and are home to many antelope, which attract a wide variety of predators. Keep your eyes focused as the world passes you by and then reward yourself with a group toast as you camp under the great big African sky.

Today we journey to Chobe National Park, home to the largest elephant population in southern Africa. Please note: River conditions and activity pricing vary depending on the seasons. High water season is from about February to July. Low water season generally runs from August to January each year - this is when the Zambezi is at its very wildest. The "closed season" is dependent on the season's rains, and usually is from March to April; during this time rafting on the river is not permitted. Additionally, this activity requires passengers to hike down and up the Batoka Gorge (approx. 45 minutes each way) to access the river; an average level of fitness is required.

This activity price excludes a \$10 park entrance fee.

Is there a disclaimer I should read before booking this trip?

The information in this trip details document has been compiled with care and is provided in good faith. However it is subject to change, and does not form part of the contract between the client and the operator. The itinerary featured is correct at time of printing. It may differ slightly to the one in the brochure. Occasionally our itineraries change as we make improvements that stem from past travellers, comments and our own research. Sometimes it can be a small change like adding an extra meal along the itinerary. Sometimes the change may result in us altering the tour for the coming year. Ultimately, our goal is to provide you with the most rewarding experience. Please note that our brochure is usually released in November each year. If you have booked from the previous brochure you may find there have been some changes to the itinerary.

VERY IMPORTANT: Please ensure that you print a final copy of your Trip Details to review a couple of days prior to travel, in case there have been changes that affect your plans.

Is there a travel disclaimer for my itinerary I should review before booking this trip?

While it is our intention to adhere to the route described below, there is a certain amount of flexibility built into the itinerary and on occasion it may be necessary, or desirable to make alterations. The itinerary is brief, as we never know exactly where our journey will take us. Due to our style of travel and the regions we visit, travel can be unpredictable. The Trip Details document is a general guide to the tour and region and any mention of specific destinations or wildlife is by no means a guarantee that they will be visited or encountered. Aboard expedition trips visits to research stations depend on final permission.

Additionally, any travel times listed are approximations only and subject to vary due to local circumstances.

What important notes should I be aware of before the trip?

1. Please note that this tour combines with other G Adventures tours. As such, the staff and some travel companions on your tour may have previously been traveling together with G Adventures, prior to Day 1 of your tour. Likewise, some staff and travel companions may be continuing together on another G Adventures tour, after your trip concludes.

2. This is not a physically demanding journey; however, travelling can be difficult, with long drives and poor road conditions at times. Despite this, most clients feel that the diversity of the African landscape, countries, culture and wildlife are all well worth the experience. We use a comfortable and safe customized safari truck for the long drives.

3. Sleeping bags can not be rented on any of our Africa overland or safari trips

4. YELLOW FEVER: COUNTRY DETAIL

There is no risk of Yellow Fever transmission in Botswana, Kenya, Malawi, Namibia, South Africa, Tanzania, Uganda, Zambia, or Zimbabwe. However, all of these countries require proof of vaccination under International Health Regulations to prevent importation of the virus. It is compulsory to show a valid Yellow Fever vaccination certificate if you are travelling to any of the above countries from a Yellow Fever endemic country, or have recently transited through one (12 hours or more in airport). Endemic countries include: Angola, Benin, Bolivia, Brazil, Burkina Faso, Burundi, Cameroon, Central African Republic, Chad, Colombia, Democratic Republic of the Congo, Republic of the Congo, Côte d'Ivoire, Ecuador, Equatorial Guinea, Ethiopia, French Guiana, Gabon, Gambia, Ghana, Guinea, Guinea-Bissau, Guyana, Kenya, Liberia, Mali, Mauritania, Niger, Nigeria, Panama, Paraguay, Peru, Rwanda, São Tomé and Príncipe, Senegal, Sierra Leone, Somalia, South Sudan, Sudan, Suriname, Tanzania, Togo, Trinidad and Tobago, Uganda, Venezuela.

We advise all travellers on Southern and East Africa itineraries to carry a valid Yellow Fever vaccination certificate regardless of their country of origin. Given the multi-country nature of these itineraries, travellers will cross borders into countries that require the certificate as a condition of entry from preceding destinations. A traveller entering the itinerary from a non-endemic country may not require the certificate to enter the first country, but will almost certainly require it by the time they cross into a subsequent one. Yellow Fever vaccinations must be administered at least 10 days prior to entry into the first country visited. Under WHO regulations (effective 11 July 2016), certificates are valid for the lifetime of the person vaccinated, there is no 10-year expiry on the certificate itself, though some border officials may be unaware of this. Travellers should carry their original International Certificate of Vaccination or Prophylaxis (yellow card) at all times during the tour. Travellers without a valid certificate run the risk of being denied entry and will not be able to continue with the tour. Any additional travel expenses incurred will be at the traveller's own account.

5. An essential part of your safari is participation. The group is usually divided into small groups and given different tasks which change on a day to day basis, from kitchen duty group (helping in prepare meals and clean up afterwards), the packing group (sets up all tables and chairs outside) and the cleaning group (which cleans the truck by emptying the rubbish bin and brooming). it is all part of your adventure and when everyone puts in a little effort the trip will run smoothly. Your CEOs will do all the meal preparation, but we do ask the clients to help with the washing up. Team spirit is part of the fun! All camping equipment (with the exception of your sleeping bag and pillow) is supplied. We supply dome tents and assembly/disassembly takes only 5 minutes. All tents have built-in insect nets. Mattresses are also available, which are approximately 4cm thick, warm and comfortable.

6.MONEY EXCHANGE

We strongly advise that you bring ZAR or USD from your home country or exchange money before the start of the tour, to avoid delays on tour. Please see the Money Exchange section for more details.

7. DRONES

The use of drones in national parks in Southern Africa is prohibited.

8. OPTIONAL ACTIVITIES

Prices listed are indicative and may change seasonally or annually. Your CEO will confirm current rates while on tour.

What is the role of the group leader during this trip?

On this tour, you will be accompanied by two Chief Experience Officers (CEOs). The Chief Experience Officers (CEOs) will be the group manager and leader, cook and driver. They will provide information on the places where we are travelling, offer suggestions for things to do and see and introduce you to our local friends. He/she will take care of the small things so you can concentrate on enjoying your adventure.

All of our CEOs in southern Africa are experienced group leaders, with a broad knowledge base of the region's history, cultures, and wildlife. Most of our leaders in the region are from South Africa, though it may be possible that you'll have a leader from another country in the southern African region.

All of our overland adventure vehicle (OAV) drivers are experienced in the routes travelled, and highly skilled in dealing with different terrains. All of our cooks will organize and lead the meal preparation, and have experience in cooking a variety of local and international dishes for large groups.

We also use local guides for some included activities where we think more specific knowledge will add to the enjoyment of the places we are visiting.

What is the maximum and typical number of participants on this tour?

Max 22, avg 18.

What meals are included in this trip?

6 breakfasts, 6 lunches, 3 dinners

What are the meals like on this trip?

As mentioned above, most of the meals on this tour are included in the tour price. When a meal is not included, this is because there are often many options available - we would like to give you the opportunity to explore a bit and test the local cuisine yourself. In these cases, your CEO will be able to suggest some good local restaurants or options for you to choose from.

All included meals will be prepared from fresh local produce. The majority of the shopping for foodstuffs will be done before the trip departs, and fresh goods, such as meats, fruits, vegetables, and dairy products, will be bought en route during the trip from supermarkets, local shops and markets. Breakfasts will generally consist of breads and cereals, if time allows a warm breakfast may be prepared. Many lunches will be provided en-route and will be light meals such as sandwiches and/or salads. All evening meals will be freshly-prepared hot meals, and will consist of a variety of continental and local dishes.

Our cook will organize the meal preparation and lead the way here, but will prepare a duty schedule for ensuring a fair, rotating participation from you and your group members in the meal preparation and dish washing duties.

Vegetarian meals and other dietary requirements need to be specified prior to arrival.

What are the modes of transportation on my trip?

Lando (overland adventure vehicle), walking, mokoro, safari vehicle.

How will we travel between destinations?

We use a custom built 24 seat overland adventure vehicle (OAV) named the Lando, to criss-cross through Southern Africa. The Lando allows the entire group, including your CEO, to travel together, and because of its height, is great for wildlife viewing and for enjoying the scenic landscape.

Road conditions can run the full gamut from new to being in very poor condition. This style of travel is by no means luxury but it allows us the flexibility of making stops when needed, and reaching some out-of-the way parts in Africa where the traditional safari crowd would not dare to go.

Here's a quick look at the unique features of the well-equipped G Adventures overland adventure vehicle (OAV):

- Storage for your main luggage is accessible from inside the vehicle
- Day packs can be stored at your feet or on the luggage shelf above
- Onboard safety box for valuables
- Front viewing windows and large sliding windows, both great for wildlife viewing
- Reclining seats
- Fully equipped mobile kitchen
- Access to a 250L tank of drinking water
- Air-conditioning
- Charging station, when available in camp (South African plug - 220-240V)
- USB charging ports for every traveller at their seat

Please note that our Landos do not have on-board bathrooms.

This is not a physically demanding journey; however, travelling can be difficult, with long drives and poor road conditions at times. Please take note of the travel times and distances in the above itinerary, and consider that this is often on poor quality, bumpy roads. Despite this, most clients feel that the diversity of the African landscape, culture and wildlife are all well worth the experience.

Is there an extra cost for travelling solo?

We believe single travellers should not have to pay more to travel so our group trips are designed for shared accommodation and do not involve a single supplement. Single travellers joining group trips are paired in twin or multi-share accommodation with someone of the same sex for the duration of the trip. Some of our Independent trips are designed differently and single travellers on these itineraries must pay the single trip price.

Where will we stay during the trip?

Simple hotel (1 nt single or twin), participation camping (5 nts), bush camping (1 nt).

Do any exceptions apply to Rooming or “My Own Room” on my tour?

Day 4

What should I expect from the accommodations on this trip?

Camping in Africa is truly an adventure. You will be able to get off the beaten track to get a first-hand experience of the beautiful wilderness and nature. While camping, we stay at designated campsites in national parks and outside towns. Campsite facilities in southern Africa are generally good, but can be basic in certain places. There are generally small restaurants and/or bars, washing facilities and occasionally telephones available.

The camps have flush toilets, and showers at some camps are outdoors, having simple reed enclosures for privacy. Additionally, warm water is available at most sites, but it is not guaranteed to always be warm when you take your shower; the warm water may be used up others who also use the camp. We usually set-up camp within close proximity to the toilet facilities, though occasionally to reach them you may have to walk a short distance.

All camping equipment (with the exception of your sleeping bag and pillow) is supplied, including camp mattresses, which are warm, comfortable, and approximately 4cm thick. We supply dome tents and assembly/disassembly takes only 5 minutes. They are good quality, durable, industry-standard 2-person safari canvas tents. Please note that most adults will not be able to fully stand up inside the tents, though most travellers find these more than adequate, as they have a base area of approximately 4 square meters. These tents are regularly treated with a waterproofing agent, but under certain rainy conditions, the tent fabric may become saturated to the point where seepage or leakage may occur. All tents have built-in mesh insect netting on the windows and doors.

We travel with our own portable camp chairs with a comfortable back-rest, and we utilize our own cooking equipment to provide the group good quality camp meals.

In camping within the national parks and conservation areas, some camp sites are enclosed for keeping the resident wildlife out. Other camps are open to the natural environment – care must be taken, especially at night, when a torch/flashlight is recommended when walking around the camp area.

Despite the challenge that a few days “roughing it” may pose to some, the experience of being that close to nature, camping under the African stars, and seeing incredible wildlife at your tent door-step is not just gratifying but ultimately an experience of a lifetime. Please be aware that where we use multi-share accommodations, rooming requests of any kind cannot be taken.

Please note that due to the high demand for accommodation in the parks, sometimes we will arrange alternative accommodation outside of the park. For private accommodation please see tours in our Classic Travel Style.

What are the joining instructions?

For details of your joining hotel please refer to your tour voucher, G Account, the G Adventures App or contact your travel agent.

If you would like to book an airport Arrival transfer for your tour, please contact our Sales Team or your Travel Agent in advance of travel.

If you have paid in advance for an arrival transfer, a G Adventures representative will be at the airport to meet you. If for any reason you are not met at the airport, please call our local support line. If you are unable to make contact for whatever reason, please make your way to the joining point hotel via taxi.

Please note that day 1 is an arrival day and no activities have been planned on this day.

Upon arrival to your Joining Hotel (note that check-in time will be in the afternoon), look for a note or bulletin board in the reception with a note from your CEO. This note will give the details of your Welcome Meeting on day 1 (usually between 5pm and 7pm), where you will get a chance to meet your CEO and other travellers, as well as learn more about how the tour will run. If you don't see a note, please ask reception for details!

If you are arriving later and will miss the Welcome Meeting, your CEO will leave a note at reception for you with any information you may need, and with morning instructions for the next day.

What should I do if I can't find my airport transfer or experience arrival issues?

We don't expect any problems, and nor should you, but if for any reason you are unable to commence your trip as scheduled, as soon as possible please contact your starting point hotel, requesting that you speak to or leave a message for your CEO (if you are not on a group tour please refer to the emergency contact details provided in this dossier). If you are unable to get in touch with your leader, please refer to our emergency contact details. If you have pre-booked an airport transfer and have not made contact with our representative within 30 minutes of clearing customs and immigration, we recommend that you make your own way to the Starting Point hotel, following the Joining Instructions. Please apply to your travel agent on your return for a refund of the transfer cost if this occurs.

Who do I contact for arrival issues or in the event of an emergency?

Should you need to contact us during a situation of dire need, it is best to first call either the G Adventures Local Representative (if one is listed below) or our G Adventures Local Office. If for any reason you do not receive an immediate answer, please leave a detailed message and contact information, so they may return your call and assist you as soon as possible.

What details should I be aware of when planning my departure day?

If you would like to book an airport Departure transfer for your tour, please contact our Sales Team or your Travel Agent in advance of travel.

What are the packing guidelines and luggage restrictions?

You will be on the move a lot, so our advice is to pack as lightly as possible. Your baggage should be clearly labelled and restricted to one soft compact suitcase, sports bag, or backpack, no larger than 30cm(height) x 30cm(width) x 60cm(length), maximum 15kg, plus a daypack. Luggage limits on airlines are strictly enforced and space on vehicles is limited. Porters are not available, so be prepared to carry your own bags.

For our camping style tours you will need to provide your own sleeping bag, small pillow and sleeping sheet (if you would like). We provide the tent and the sleeping pads.

Please note that the seasons in Africa is quite extreme. Winters (especially South Africa and certain parts of Botswana) can be really cold and summers will be really hot.

If you travel during winter months please ensure that you bring warm clothing and a suitable sleeping bag.

It is wise to bring plenty of layers for cool mornings and evenings. A set of smart casual clothes is also advisable.

Please be advised that if you plan to bring a drone with you, the use of drones in national parks in Southern Africa is prohibited.

Please be aware that the clothes get washed in unpurified water, and this can lead to ringworm infections and irritable skin conditions. It might be better to bring some eco-friendly soap with you on tour, as well as some clothes pegs, and do your own washing.

What are the visas and entry requirements for my trip?

All countries require a valid passport (with a minimum 6 months validity). Contact your local embassy or consulate for the most up-to-date visa requirements, or see your travel agent. It is your own responsibility to have the correct travel documentation. Visa requirements for your trip will vary depending on where you are from and where you are going. We keep the following information up to date as far as possible, but rules do change and sometimes without warning. While we provide the following information in good faith, it is vital that you check the information yourself and understand that you are fully responsible for your own visa requirements.

Where can I read detailed notes about this trip?

REGIONAL INFORMATION

Climate

Southern Africa is renowned for its excellent outdoor living climate. The winter months are from May to September and are characterized by cold nights and pleasant days. Summer is from October to April and starts off with increasing dry heat and dust. Rains generally only start from mid to late December and last until March; this period is hot and humid. Large parts of Southern Africa are desert environment, so you will have to come prepared with a three-season sleeping bag and appropriate clothing for the winter season (nights only).

Local Currency

South African Rand; Botswana Pula; Zimbabwean Dollar. We recommend that you bring US\$ or South African Rand for personal expenses on this trip. Traveller's cheques are not recommended.

Electricity 220-240V, 50Hz. Electric plug types come in two sizes and are standard throughout the countries. The two and three round pin standard plugs are acceptable in most parts of these countries.

Language

There are multiple official languages in South Africa, Botswana and Zimbabwe, although English is widely spoken. There are also numerous dialects spoken throughout different parts of these lands.

ZIMBABWE

Zimbabwe is a republic with an elected president and parliament. The current president is Emmerson Mnangagwa. English, Shona and Ndebele are widely spoken across the country

SOUTH AFRICA

South Africa is a constitutional democracy with three capital cities. English is widely spoken. The population is approximately 62 million.

BOTSWANA

Botswana is a stable parliamentary republic with a strong conservation and low-impact tourism model. The current president is Mokgweetsi Masisi. The national currency is the Botswana Pula (BWP).

What should I consider when planning my personal expenses and discretionary spending for this itinerary?

Every traveller is different and therefore spending money requirements will vary. Some travellers may drink more than others while other travellers like to purchase more souvenirs than most. Please consider your own spending habits when it comes to allowing for drinks, shopping and tipping. Please also remember the following specific recommendations when planning your trip.

What should I know about currency, credit cards, and exchanging money while on this tour?

The currency in South Africa is the South African Rand (ZAR). The South African rand is also an accepted form of payment in Namibia.

The Namibian currency is the Namibian Dollar (NAD), which is equivalent in value (in Namibia only) to the South African Rand. NAD is not accepted as payment in other countries.

In Botswana, payments at supermarkets, post offices etc are to be with Pula (BWP) but activities and drinks at campsites can be paid for in USD

Zimbabwe uses a combination of USD for tourism and the local ZiG currency for domestic transactions. USD is the most reliable currency for travellers. South African Rand is no longer consistently accepted. Bring small, clean USD notes for visas, activities and general spending.

USD is widely accepted in Malawi, Tanzania and Kenya but some supermarkets might only accept local currencies.

Each currency can be obtained locally by changing foreign currency or by using ATMs (where available) which will disperse local currency. Your CEO will inform you where you can change money throughout the tour and approximately how much money you will need.

For Zimbabwe, we strongly advise that you bring ZAR or USD from your home country or exchange money before the start of the tour, to avoid delays on tour, as it can be difficult to obtain cash at ATMs.

Please note that due to past problems with forgery, \$US notes that are older than year 2006 are not accepted in Africa. Large note (\$US 50, \$US 100 etc) can be difficult to change in some places, but will gain you the best exchange rate.

If you plan to buy your visas at borders, you will need to bring \$USD cash to pay for these visas. Please note you cannot use the local currency or any other currency to buy these visas- they must be purchased in USD.

Please do not bring Travellers' cheques to Africa. They are difficult, if not impossible, to exchange in many places.

Visa and Mastercard are widely accepted in major towns and tourist hubs across South Africa, Botswana and Zimbabwe. ATMs are reliable in South Africa and Botswana, less so in Zimbabwe. Travellers should still carry sufficient USD cash for visas and activities.

Credit cards can be used in major cities and towns ONLY but please do not rely on them as a method of payment because they are generally not widely accepted. You should be aware that to purchase products or services on a credit card a fee of 5%-10% usually applies. The majority of our optional activities can also be paid by credit card. Your CEO will advise on these.

Please note that in many areas there may be occasional power-outages, where there will be no electricity for hours at a time. In addition, ATMs outside of larger centers often run out of cash or can be out of order unexpectedly. These factors could affect your ability to access money from ATMs. As such, please do not rely on credit or debit cards as your only source of money.

A combination of foreign currency and debit/credit cards for cash advances is best. Always take more rather than less, as you don't want to spoil the trip by constantly feeling short of funds.

As currency exchange rates can fluctuate often we ask that you refer to the following website for daily exchange rates:
www.xe.com.

What emergency funds do I need access to on this trip?

Please also make sure you have access to at least an additional USD \$200 (or equivalent) as an 'emergency' fund, to be used when circumstances outside our control (ex. a natural disaster) require a change to our planned route. This is a rare occurrence!

Do I need to pay a departure tax?

All passengers are advised to check the Civil Aviation Authority of Zimbabwe website for updated information on applicable departure taxes for Zimbabwe: <http://www.caaz.co.zw/>.

What are the tipping guidelines for this trip?

Tipping is an expected, though not compulsory, component of your tour program. The gesture serves as an expression of appreciation for exceptional service, and amounts given are up to your discretion.

Tipping is one of the most direct ways that you can have a positive economic impact within the African community. Although it may not be customary for you, it is an important source of income for those in the tourism industry. Giving a tip should be seen as a formal 'thank you', and the action should in no way be awkward.

The best method of tipping someone that has served the whole group is to plan in advance, and not rush when it comes to saying goodbye. A suggestion would be for each group member to contribute anonymously by putting their tip into an envelope. This often works the best and the group should gather to present the gift to the recipient(s), offering their thanks and showing their appreciation. This method brings the action out into the open, allowing for a friendly and appreciative interaction between the group and the recipient(s).

You may use the following as a guideline, all given in a per person format:

CEO: \$5-8 USD (per day, per person)

Local guides: \$2-3 USD (per day)

Safari Guide/Driver: \$2-3 USD (per day)

Restaurant Staff: 10-15% of cost of bill

Okavango Delta polers: 50-100 BWP (Botswana Pula)

What activities are optional on this trip?

- Soweto Tour (1100-1650 per person)

Johannesburg

- Apartheid Museum (180ZAR per person)

Chobe National Park

- Chobe River Sunset Cruise

Victoria Falls

Are there any health considerations I should know before travelling?

We recommend you contact your family physician, or your local travel clinic for the most up-to-date health information at least one month before departure. Travellers should also carry a basic first-aid kit and hand sanitizers/antibacterial wipes on their travels. Medical facilities are basic throughout these countries. For your own safety, we strongly recommend that you advise your tour leader of any medical condition that may affect you while travelling with the group. Your tour leader will be able to inform you of local health advisories (e.g. drinking water quality). Please ensure you have all the inoculations recommended by your doctor.

Yellow Fever Certificate Note (Updated: June 2026)

It is compulsory to show a valid Yellow Fever Certificate if you are travelling to the following G Adventures-visited countries from a Yellow Fever endemic country, or if you have transited for more than 12 hours through the airport of a Yellow Fever endemic country:

Botswana

Kenya*

Malawi

Namibia

South Africa

Tanzania

Uganda*

Zambia

Zimbabwe

*Kenya and Uganda require a valid Yellow Fever Certificate from all travellers regardless of country of origin, not only those arriving from endemic countries. Travellers to these destinations should ensure they are vaccinated regardless of their travel history. If other non-endemic countries have been visited after visiting an endemic country, a Yellow Fever certificate may still be required on entry into subsequent destinations. This is particularly relevant on multi-country Southern Africa itineraries, for example, a traveller moving from Uganda to Kenya, or from Kenya across a land border into Tanzania, will be required to show their certificate at each entry point. Please check country-specific regulations before departure.

Malaria

Malaria is a mosquito-borne disease that is present in some regions in Africa. Risk of malaria can increase during periods of heavy rain, during the rainy seasons, and in densely populated areas of Southern & East Africa. To prevent malaria, we recommend speaking to your doctor about taking preventative medication (prophylaxis), combined with regular use of insect repellent spray/cream. Please check updated travel health advisories specific to malaria before your departure.

What general safety tips and free-time guidelines should I follow?

Many national governments provide a regularly updated advice service on safety issues involved with international travel. We recommend that you check your government's advice for their latest travel information before departure. We strongly recommend the use of a neck wallet or money belt while travelling, for the safe keeping of your passport, air tickets, travellers' cheques, cash and other valuable items. Leave your valuable jewellery at home - you won't need it while travelling. Many of the hotels we use have safety deposit boxes, which is the most secure way of storing your valuables. A lock is recommended for securing your luggage. When travelling on a group trip, please note that your CEO has the authority to amend or cancel any part of the trip itinerary if it is deemed necessary due to safety concerns. Your CEO will accompany you on all included activities. During your trip you will have some free time to pursue your own interests, relax and take it easy or explore at your leisure. While your CEO will assist you with options available in a given location please note that any optional activities you undertake are not part of your itinerary, and we offer no representations about the safety of the activity or the standard of the operators running them. Please use your own good judgment when selecting an activity in your free time. Although the cities visited on tour are generally safe during the day, there can be risks to wandering throughout any major city at night. It is our recommendation to stay in small groups and to take taxis to and from restaurants, or during night time excursions.

Protests and Demonstrations- Protests and demonstrations, even those that are well intended, have the potential to turn violent with no warning. Counter protests can also turn violent. Action by security forces to disperse demonstrators and protesters may occur at any time. If you are in an area where demonstrators or protesters are gathering, avoid the temptation of staying for a good photo opportunity and leave the area immediately.

Water based activities have an element of danger and excitement built into them. We recommend only participating in water based activities when accompanied by a guide(s). We make every reasonable effort to ensure the fun and adventurous element of any water based activities (in countries with varying degrees of operating standards) have a balanced approach to safety. It is our policy not to allow our CEOs to make arrangements on your behalf for water based activities that are not accompanied by guide(s).

Swimming, including snorkeling, is always at your own risk.

We take all prudent measures in relation to your safety. For ways to further enhance your personal safety while traveling, please visit:

www.gadventures.com/travel-resources/safety/

Are there any specific safety considerations for this itinerary?

Please take the following precautions when in Victoria Falls:

*Always leave your passport (It's better to carry a photocopy of it instead), traveller's cheques, flight tickets and money that you won't be using in the safe deposit at the hotel reception. This is free of charge to G Adventures clients.

*Remember that like in any other city, you should never leave your bags unattended, nor flaunt jewellery, cameras etc.

*Please don't wander through the city to unknown areas especially at night. Stick to the main streets only during the day, and after sundown, please take a taxi. Taxis can be organised from reception. Also, take the address of the hotel with you.

*People are generally friendly, but don't let people take advantage of you, especially the sales people!

*Beware of people approaching you on the street with an apparent interest of where you are from, and want to sit down and have a chat with you. These people are con men and will ask you for money.

*People on the street who ask you if you want a safari and have a brochure are often con men, best to avoid these folk. Besides, you're already on safari.

PHOTOGRAPHY:

Photography of government, military and border facilities may be restricted in some countries, especially Zimbabwe and Zambia. Always follow local guidance and your CEO. Drones are prohibited in all Southern African national parks.

What are the mandatory group rules regarding laws and behaviour?

Illegal drugs will not be tolerated on any trips. Possessing or using drugs not only contravenes the laws of the land but also puts the rest of the group at risk. Smoking marijuana and opium is a part of local culture in some parts of the world but is not acceptable for our travellers. Our philosophy of travel is one of respect towards everyone we encounter, and in particular the local people who make the world the special place it is. The exploitation of prostitutes is completely contrary to this philosophy. Our CEOs have the right to expel any member of the group if drugs are found in their possession or if they use prostitutes.

What are the mandatory travel insurance requirements for this trip?

Travel Insurance: Travel insurance is compulsory in order to participate on any of our trips. When travelling on a group trip, you will not be permitted to join the group until evidence of travel insurance has been sighted by your CEO, who will take note of your insurance details. When selecting a travel insurance policy please bear in mind that all clients must have medical coverage and that we require a minimum coverage of USD 200,000 for repatriation and emergency rescue. We strongly recommend that the policy also covers personal liability, cancellation, curtailment and loss of luggage and personal effects. If you have credit card insurance we require proof of purchase of the trip (a receipt of credit card statement) with a credit card in your name. Contact your bank for details of their participating insurer, the level of coverage and emergency contact telephone number.
