Dqae Qare San Lodge provides much-needed employment for the nearby village of D'kar, and revenue from the lodge is invested in the nearby preschool, art program, museum, and community projects that bring clean water and other resources to the village. Everything for the lodge is community-sourced, including the labour, materials, artwork and ingredients for meals.

Kiss the sands of the Kalahari goodbye and jump in the Lando towards Maun; arriving around lunchtime.

Then you have two options for your afternoon. You can take advantage of some leisure time around camp, catch up on some journaling, take some photos, and simply relax in this beautiful setting, or you can take to the air and book a scenic helicopter flight over the Okavango Delta for a bird's-eye view of the fertile lands at your feet. A scenic flight from Maun provides fantastic aerial access to the magical beauty of the Delta within a few minutes from lift off. The complex bushland soon opens up to stunning floodplains, crisscrossed with waterways, hippo highways and animal tracks. This incredible scenic flight allows you to experience the wonderful variety of diverse ecosystems in one awesome adventure, taking you to the permanent waterways, palm islands and lagoons that constitute the heart of the south-western

Okavango Delta. On your way back to Maun, you will experience breath-taking views of the seasonal floodplains west of the main Boro channel. Doors are removed for unrestricted views, which offers great photographic opportunities, and guests are provided with headsets for constant communication with our very knowledgeable pilots, guaranteeing a highly informative and expertly guided adventure.

Today is going to be busy, but fun! Wake up in Maun and dive right into some nature with an overnight excursion into the Okavango Delta. Hop in a 4x4 safari vehicle that will take you to your camp. Settle into your surroundings before doing some birdwatching in a traditional mokoro (dugout canoe), then head out for some adventure on a wildlife walk. The cool thing about being on foot is that you will get to learn about tracking the animals and gain insight into their movement patterns and behaviour more than if you were just in a vehicle. As night falls on the group gather around the campfire as you count the stars (cheers!)

Please note that there is no shower and only a dig-out bush toilet, as our camp is very basic and in the wild – but it is all worth it due to the incredible landscape and wildlife!

Wake up to the image of the sun rising and watch as the light turns the landscape varying shades of pinks, oranges, and reds. You can't help but feel completely isolated from the rest of the world being out in the middle of nowhere... our advice? Savour that moment! After rubbing the sleep from your eyes grab those cameras and take one more safari walk before riding back to Maun where you will pack up and hit the road to the ancient baobab trees of Nata.

The group will arrive to the campsite mid- to- late afternoon. Have a walk around, take pictures of the baobabs, swim in the pool and enjoy a proper shower after the night in the bush.

Keep your eyes focused as the world passes you by and then reward yourself with a group toast as you camp under the stars.

A demonstration by the ladies will show you exactly how Zimbabweans traditionally eat their food, and you'll be served a farm-to-table meal made with traditional, local, in-season ingredients. This meal provides much-needed income to the cooperatives' 20 members – changing their lives and families in the process.

Explore with your eyes as the tour drives along routes that overlook the beautiful Chobe River and keep an eye out for the remarkable variety of animals that are drawn to this permanent water source.

During the safari drives it is not uncommon to spot several of Africa's "big five" in the greater Chobe area and the early morning drive lasting 3 hours is a wonderful opportunity to have some unique sightings.

Victoria Falls Visit

Victoria Falls

50USD

Take in the natural splendour of thundering Victoria Falls while viewing the massive falls from the Zimbabwean side. Entrance fee for the park - self guided.

Morning fellow adventurers! Get close and personal with one of the largest waterfalls in the world on this free day in Victoria Falls. Feel the strength of the water splashing your skin on the observation deck, take in the sound of tons of water thundering over the edge of the falls in the distance and make your day as relaxing or hair-raising as you like.

For the adventurous we recommend going whitewater rafting, taking a scenic helicopter flight over the falls (epic selfies anyone?), or taking the plunge (literally) while bungee jumping with Victoria Falls in sight. (Oh man... just thinking of that makes our heads spin and our palms sweat!) Not looking to turn your hair gray today? Either way the choice is yours, but remember you're here now so why not escape those comfort zones?

Victoria Falls is a great base to see both natural wonders and take part in some exciting activities. Get up close (and wet from the spray) while awing at the immense Victoria Falls, raft the whitewater of the mighty Zambezi, and for the more adventurous, bungee jump with the Victoria Falls in view.

Want to do more with your tour? Pre-book any two of the following activities: Zambezi Whitewater Rafting, Victoria Falls Helicopter Ride, or the Zambezi River Sunset Cruise.

The "closed season" is dependent on the season's rains, and usually is from March to April; during this time rafting on the river is not permitted. Additionally, this activity requires passengers to hike down and up the Batoka Gorge (approx. 45 minutes each way) to access the river; an average level of fitness is required.

This activity price excludes a \$10 park entrance fee.

Is there a disclaimer I should read before booking this trip?

The information in this trip details document has been compiled with care and is provided in good faith. However it is subject to change, and does not form part of the contract between the client and the operator. The itinerary featured is correct at time of printing. It may differ slightly to the one in the brochure. Occasionally our itineraries change as we make improvements that stem from past travellers, comments and our own research. Sometimes it can be a small change like adding an extra meal along the itinerary. Sometimes the change may result in us altering the tour for the coming year. Ultimately, our goal is to provide you with the most rewarding experience. Please note that our brochure is usually released in November each year. If you have booked from the previous brochure you may find there have been some changes to the itinerary.

VERY IMPORTANT: Please ensure that you print a final copy of your Trip Details to review a couple of days prior to travel, in case there have been changes that affect your plans.

Is there a travel disclaimer for my itinerary I should review before booking this trip?

While it is our intention to adhere to the route described below, there is a certain amount of flexibility built into the itinerary and on occasion it may be necessary, or desirable to make alterations. The itinerary is brief, as we never know exactly where our journey will take us. Due to our style of travel and the regions we visit, travel can be unpredictable. The Trip Details document is a general guide to the tour and region and any mention of specific destinations or wildlife is by no means a guarantee that they will be visited or encountered. Aboard expedition trips visits to research stations depend on final permission.

Additionally, any travel times listed are approximations only and subject to vary due to local circumstances.

Are there Itinerary notes?

Please note on departures for this itinerary over the next 6-8 months, travellers will not be visiting/staying at the G Adventures-supported Dqae Qare San Lodge & Camp. During this time, travellers will overnight in different, nearby accommodations. The itinerary will resume normal operations at the lodge before the end of the year.

What important notes should I be aware of before the trip?

1. Please note that this tour combines with other G Adventures tours. As such, the staff and some travel companions on your tour may have previously been traveling together with G Adventures, prior to Day 1 of your tour. Likewise, some staff and travel companions may be continuing together on another G Adventures tour, after your trip concludes

2. This is not a physically demanding journey; however, travelling can be difficult, with long drives and poor road conditions at times. Despite this, most clients feel that the diversity of the African landscape, countries, culture and wildlife are all well worth the experience. We use a comfortable and safe customized safari truck for the long drives.

3. An essential part of your safari is participation. The group is usually divided into small groups and given different tasks which change on a day to day basis, from kitchen duty group (helping in prepare meals and clean up afterwards), the packing group (sets up all tables and chairs outside) and the cleaning group (which cleans the truck by emptying the rubbish bin and brooming). It is all part of your adventure and when everyone puts in a little effort the trip will run smoothly. Your CEOs will do all the meal preparation, but we do ask the clients to help with the washing up. Team spirit is part of the fun! All camping equipment (with the exception of your sleeping bag and pillow) is supplied. We supply dome tents and assembly/disassembly takes only 5 minutes. All tents have built-in insect nets. Mattresses are also available, which are approximately 4cm thick, warm and comfortable.

4. LUGGAGE COMPLICATIONS: It occasionally happens that luggage on international flights into Cape Town, Victoria Falls or Johannesburg does not arrive. Please be aware that this may happen, especially if you have a tight connection in either of these centers, are flying with different airlines with a connection, have a last minute flight change or re-route, or fly from or connect through another African centre. Please be prepared and keep all important documentation and valuables on your person. As well we recommend a change of clothes in your hand luggage. If unfortunately, this does happen, and your luggage does not arrive, you should be entitled to a limited initial compensation from your airline. In Southern Africa, the arrival of lost luggage normally takes between 10 and 48 hours after the initial plane's arrival. The airlines technically should be responsible to forward your luggage to you, to your hotel or elsewhere in Southern Africa. You may find that your tour will begin, and you still have not received your luggage. When reporting your missing bag at the airport please provide the airline with the emergency telephone number of our local office in South Africa (+27 71 470 6928). Please do not give out any address (starting point hotel) as on most trips we do not stay long enough for the bag to arrive, the airline should phone our local office to arrange the 1. Please note that this tour combines with other G Adventures tours. As such, the staff and some travel companions on your tour may have previously been traveling together with G Adventures, prior to Day 1 of your tour. Likewise, some staff and travel companions may be continuing together on another G Adventures tour, after your trip concludes

5. YELLOW FEVER: COUNTRY DETAIL

There is no risk of Yellow Fever transmission in Botswana, Kenya, Malawi, Namibia, South Africa, Tanzania, Uganda, Zambia, or Zimbabwe. However, all of these countries require proof of vaccination under International Health Regulations to prevent importation of the virus. It is compulsory to show a valid Yellow Fever vaccination certificate if you are travelling to any of the above countries from a Yellow Fever endemic country, or have recently transited through one (12 hours or more in airport). Endemic countries include: Angola, Benin, Bolivia, Brazil, Burkina Faso, Burundi, Cameroon, Central African Republic, Chad, Colombia, Democratic Republic of the Congo, Republic of the Congo, Côte d'Ivoire, Ecuador, Equatorial Guinea, Ethiopia, French Guiana, Gabon, Gambia, Ghana, Guinea, Guinea-Bissau, Guyana, Kenya, Liberia, Mali, Mauritania, Niger, Nigeria, Panama, Paraguay, Peru, Rwanda, São Tomé and Príncipe, Senegal, Sierra Leone, Somalia, South Sudan, Sudan, Suriname, Tanzania, Togo, Trinidad and Tobago, Uganda, Venezuela.

We advise all travellers on Southern and East Africa itineraries to carry a valid Yellow Fever vaccination certificate regardless of their country of origin. Given the multi-country nature of these itineraries, travellers will cross borders into

countries that require the certificate as a condition of entry from preceding destinations. A traveller entering the itinerary from a non-endemic country may not require the certificate to enter the first country, but will almost certainly require it by the time they cross into a subsequent one. Yellow Fever vaccinations must be administered at least 10 days prior to entry into the first country visited. Under WHO regulations (effective 11 July 2016), certificates are valid for the lifetime of the person vaccinated, there is no 10-year expiry on the certificate itself, though some border officials may be unaware of this. Travellers should carry their original International Certificate of Vaccination or Prophylaxis (yellow card) at all times during the tour. Travellers without a valid certificate run the risk of being denied entry and will not be able to continue with the tour. Any additional travel expenses incurred will be at the traveller's own account.

6. Your CEO aims to provide you with the best service possible during your tour. They will be joining you in the back of the truck for a maximum of approximately 50% during driving, to answer questions and provide more information about the areas that you visit. They will spend the remainder of the driving time in front with the driver to enable them to make bookings, do planning and to fulfil other organizational requirements of the tour. During wildlife safari drives, your CEO will ensure to accompany you in the passenger area of the truck. This is of course because they have a lot of knowledge to share with you during these exciting wildlife safari drives. Please do not hesitate to ask your CEO any questions.

7. Please note that on all our Lando (OAV) safari there is a maximum of 22 people per vehicle.

8. VISAS.

Please read the Visa section very carefully. Visas are your own responsibility. Always double check with the embassies what each countries requirement are.

9. Water-wise tips when visiting Cape Town:

- Bring a reusable water bottle, that you can fill with Cape Town's tasty tap water.
- Reuse your towels in the hotel, for at least two days, before getting new ones.
- Keep your laundry until you have a full load to do, rather than just doing a handful of items.
- Turn off the tap when brushing your teeth, or shaving.
- Keep your showers to two minutes or less, and don't use the bath.
- Use hand sanitizer, instead of washing hands.

10. MONEY EXCHANGE

We strongly advise that you bring ZAR or USD from your home country or exchange money before the start of the tour, to avoid delays on tour. Please see the Money Exchange section for more details.

11. DRONES

The use of drones in national parks in Southern Africa is prohibited.

What is the role of the group leader during this trip?

On this tour, you will be accompanied by two Chief Experience Officers (CEOs). The Chief Experience Officers (CEOs) will be the group manager and leader, cook and driver. They will provide information on the places where we are travelling, offer suggestions for things to do and see and introduce you to our local friends. He/she will take care of the small things so you can concentrate on enjoying your adventure.

All of our CEOs in southern Africa are experienced group leaders, with a broad knowledge base of the region's history, cultures, and wildlife. Most of our leaders in the region are from South Africa, though it may be possible that you'll have a leader from another country in the southern African region.

All of our overland adventure vehicle (OAV) drivers are experienced in the routes travelled, and highly skilled in dealing with different terrains. All of our cooks will organize and lead the meal preparation, and have experience in cooking a variety of local and international dishes for large groups.

We also use local guides for some included activities where we think more specific knowledge will add to the enjoyment of the places we are visiting.

How large will the group be?

Max 22, avg 18.

What meals are included in this trip?

18 breakfasts, 17 lunches, 12 dinners

What are the meals like on this trip?

As mentioned above, most of the meals on this tour are included in the tour price. When a meal is not included, this is because there are often many options available - we would like to give you the opportunity to explore a bit and test the local cuisine yourself. In these cases, your CEO will be able to suggest some good local restaurants or options for you to choose from.

All included meals will be prepared from fresh local produce. The majority of the shopping for foodstuffs will be done before the trip departs, and fresh goods, such as meats, fruits, vegetables, and dairy products, will be bought en route during the trip from supermarkets, local shops and markets. Breakfasts will generally consist of breads and cereals, if time allows a warm breakfast may be prepared. Many lunches will be provided en-route and will be light meals such as sandwiches and/or salads. All evening meals will be freshly-prepared hot meals, and will consist of a variety of continental and local dishes.

Our cook will organize the meal preparation and lead the way here, but will prepare a duty schedule for ensuring a fair, rotating participation from you and your group members in the meal preparation and dish washing duties.

Vegetarian meals and other dietary requirements need to be specified prior to arrival.

What are the modes of transportation on my trip?

Lando (overland adventure vehicle), walking, mokoro, safari vehicle.

What transportation will we take on this trip?

We use a custom built 24 seat overland adventure vehicle (OAV) named the Lando, to criss-cross through Southern Africa. The Lando allows the entire group, including your CEO, to travel together, and because of its height, is great for wildlife viewing and for enjoying the scenic landscape.

Road conditions can run the full gamut from new to being in very poor condition. This style of travel is by no means luxury but it allows us the flexibility of making stops when needed, and reaching some out-of-the-way parts in Africa where the traditional safari crowd would not dare to go.

Here's a quick look at the unique features of the well-equipped G Adventures overland adventure vehicle (OAV):

- Storage for your main luggage is accessible from inside the vehicle
- Day packs can be stored at your feet or on the luggage shelf above
- Onboard safety box for valuables
- Front viewing windows and large sliding windows, both great for wildlife viewing
- Reclining seats
- Fully equipped mobile kitchen
- Access to a 250L tank of drinking water
- Air-conditioning
- Charging station, when available in camp (South African plug - 220-240V)
- USB charging ports for every traveller at their seat

Please note that our Landos do not have on-board bathrooms.

This is not a physically demanding journey; however, travelling can be difficult, with long drives and poor road conditions at times. Please take note of the travel times and distances in the above itinerary, and consider that this is often on poor quality, bumpy roads. Despite this, most clients feel that the diversity of the African landscape, culture and wildlife are all well worth the experience.

Is there an extra cost for travelling solo?

We believe single travellers should not have to pay more to travel so our group trips are designed for shared accommodation and do not involve a single supplement. Single travellers joining group trips are paired in twin or multi-share accommodation with someone of the same sex for the duration of the trip. Some of our Independent trips are designed differently and single travellers on these itineraries must pay the single trip price.

Where will we stay during the trip?

Participation camping (14 nts), permanent tented camp (1 nt), guesthouses (2 nts, multi-share with up to 10 people), basic bush camping (2 nts), hostel (1 nt, multi-share with 3 people).

Do any exceptions apply to Rooming or “My Own Room” on my tour?

Day 1, 7, 8, 16

What kind of accommodation can I expect on this trip?

Camping in Africa is truly an adventure. You will be able to get off the beaten track to get a first-hand experience of the beautiful wilderness and nature. While camping, we stay at designated campsites in national parks and outside towns. Campsite facilities in southern Africa are generally good, but can be basic in certain places. There are generally small restaurants and/or bars, washing facilities and occasionally telephones available.

The camps have flush toilets, and showers at some camps are outdoors, having simple reed enclosures for privacy. Additionally, warm water is available at most sites, but it is not guaranteed to always be warm when you take your shower; the warm water may be used up others who also use the camp. We usually set-up camp within close proximity to the toilet facilities, though occasionally to reach them you may have to walk a short distance.

All camping equipment (with the exception of your sleeping bag and pillow) is supplied, including camp mattresses, which are warm and comfortable. We supply dome tents and assembly/disassembly takes only 5 minutes. They are good quality, durable, industry-standard 2-person safari canvas tents. Please note that most adults will not be able to fully stand up inside the tents, though most travellers find these more than adequate, as they have a base area of approximately 4 square meters. These tents are regularly treated with a waterproofing agent, but under certain rainy conditions, the tent fabric may become saturated to the point where seepage or leakage may occur. All tents have built-in mesh insect netting on the windows and doors.

We travel with our own portable camp chairs with a comfortable back-rest, and we utilize our own cooking equipment to provide the group good quality camp meals.

In camping within the national parks and conservation areas, some camp sites are enclosed for keeping the resident wildlife out. Other camps are open to the natural environment – care must be taken, especially at night, when a torch/flashlight is recommended when walking around the camp area.

Your camping experience in the Okavango Delta is fondly called “bush camping”. This will be the most basic two nights of our trip, as there is no running water, no showers, nor toilets facilities. You will be truly camping in the wild, away from civilization and its comforts, and completely surrounded by nature – an unbelievable experience some in fact feel is the highlight of the trip.

Despite the challenge that a few days “roughing it” may pose to some, the experience of being that close to nature, camping under the African stars, and seeing incredible wildlife at your tent door-step is not just gratifying but ultimately an experience of a lifetime.

In Swakopmund, we stay in backpacker's (hostels) or small guest houses, which will give us a break from camping and to be better located than the campgrounds in the area. Here, the accommodation is based on several people sharing dormitory-style rooms, with possibly 6 to 8 people sharing a room. There will be a mix of private and shared bathroom facilities. Please be aware that where we use multi-share accommodations, rooming requests of any kind cannot be taken.

Please note that due to the high demand for accommodation in the parks, sometimes we will arrange alternative accommodation outside of the park. For private accommodation please see tours in our Classic Travel Style.

What are the joining instructions?

For details of your joining hotel please refer to your tour voucher, G Account, the G Adventures App or contact your travel agent.

If you would like to book an airport Arrival transfer for your tour, please contact our Sales Team or your Travel Agent in advance of travel.

If you have paid in advance for an arrival transfer, a G Adventures representative will be at the airport to meet you. Upon arrival to your Joining Hotel (note that check-in time will be in the afternoon), look for a note or bulletin board in the reception with a note from your CEO. This note will give the details of your Welcome Meeting on day 1 (usually between 5pm and 7pm), where you will get a chance to meet your CEO and other travellers, as well as learn more about how the tour will run. If you don't see a note, please ask reception for details!

If you are arriving later and will miss the Welcome Meeting, your CEO will leave a note at reception for you with any information you may need, and with morning instructions for the next day.

What happens if I experience problems when arriving?

We don't expect any problems, and nor should you, but if for any reason you are unable to commence your trip as scheduled, as soon as possible please contact your starting point hotel, requesting that you speak to or leave a message for your CEO. If you are unable to get in touch with your leader, please refer to our emergency contact details.

If you do not see anyone, we ask that you please make your way to the information desk, which is located on the same level. If you have not made contact with our representative within 30 minutes of clearing customs and immigration, we recommend that you make your own way to the Starting Point hotel, following the Joining Instructions. Please apply to your travel agent on your return for a refund of the transfer cost if this occurs.

Who should I contact in case of an emergency?

Should you need to contact us during a situation of dire need, it is best to first call either the G Adventures Local Representative (if one is listed below) or our G Adventures Local Office. If for any reason you do not receive an immediate answer, please leave a detailed message and contact information, so they may return your call and assist you as soon as possible.

What information should I be aware of as the itinerary draws to a close?

If you would like to book an airport Departure transfer for your tour, please contact our Sales Team or your Travel Agent in advance of travel.

Are there any additional packing suggestions I should consider?

You will be on the move a lot, so our advice is to pack as lightly as possible. Your baggage should be clearly labelled and restricted to one soft compact suitcase (please avoid a hard-top case), or sports bag, maximum 20kg, plus a daypack. Luggage limits on airlines are strictly enforced and space on vehicles is limited. Porters are not often available, so be prepared to carry your own bags.

For our camping style tours you will need to provide your own sleeping bag, small pillow and sleeping sheet (if you would like). We provide the tent and the sleeping pads.

Please note that the seasons in Africa is quite extreme. Winters (especially South Africa, Namibia and Botswana) can be really cold and summers will be really hot.

If you travel during winter months(May to October) please ensure that you bring warm clothing and a suitable sleeping bag.

A set of smart casual clothes is also advisable.

Please be advised that if you plan to bring a drone with you, the use of drones in national parks in Southern Africa is prohibited.

When can I do my laundry on this trip?

Laundry can be done at some campsites if you wish to do your own washing. Swakopmund lodge does laundry for the clients.

While in Victoria Falls, there is the opportunity to get your laundry done through the G Adventures supported Princess Laundry and Sewing Co-op. This service provides the cooperative with much-needed income to support their families, and in particular, support their children's school fees.

It is your own responsibility to have the correct travel documentation. Visa requirements for your trip will vary depending on where you are from and where you are going. Large parts of Namibia are desert environment, so you will have to come prepared with a three-season sleeping bag and appropriate clothing for the winter season (nights only).

Formally known as South West Africa. The whole territory became German protectorate in 1884, except for the British/Cape Colony enclave of Walvis Bay. After the First World War the territory was administered by South Africa until independence on 21 March 1990. The capital is Windhoek and the second largest town is Walvis Bay, Namibia's only port. Swakopmund is a coastal town with a German influence and revolves mainly around tourism. Namibia's economy relies on diamond mining in the south, cattle farming in the north, fishing along the coast and tourism. Most of the country is desert or semi desert. There is a population of around 1.8 million. This, around 1,5 people per sq. km is one of the lowest in the world. The official language is English although there are many different cultures including Herero, San, Koikoi, Owambo, Afrikaans and German. Namibia was at one stage a German colony therefore having German-speaking people. About 75% of the locals are Christian and the others have traditional beliefs. Namibia is a land of contrasts. Being largely semi-desert and desert, midsummer temperatures may rise to 40°C, while winter night temperatures can drop to freezing. Along the coast it is cool, with regular morning fogs. Namibia's rain falls in summer, from October to April, and the land averages 300 days of sunshine annually.

The first inhabitants of Botswana were the San (Bushmen). They still populate the country, but the Tswana tribe is now more prominent. Other tribes include the Kalanga, Nbukushy, Yei and the Herero. The Herero women still wear the full-length Victorian-style dresses, which were introduced to them by German missionaries in the late 1800's, however it is now a tribal trademark. The British controlled Bechuanaland (as Botswana was then known) from 1885 until the country received their independence on September 30th 1966. Ironically diamonds were discovered in Botswana in 1967! Interesting fact - Botswana's diamonds do very well on the International market as they are classified as "Blood free," meaning they are not used to fund guerrilla warfare. Botswana has the strongest economy and currency in Africa, mostly due to their diamonds and livestock. The European Union put many stipulations on their imported meats and Botswana's tight veterinary checks, aiming at controlling foot and mouth, mean that the EU are happy to buy their meat. Agricultural income will improve when they have combated the problem of widespread drought. They are currently installing irrigation systems around the country to try to feed the most water-deprived areas. Botswana handles its international debt much better than any other African country with the interest being paid with one months export earnings, rather than the six months earnings it takes most other African countries. With the amount of for ex the have saved up the country could survive with no income for 36 months. Botswana has the world's highest birth rate at 3.5%, and average women have 5 children. The country has a strong currency, the Pula meaning rain and the Thebe meaning raindrop. Government policies and poaching: Their policy on tourism is "high cost and low impact" therefore rather having a few less tourists and charging more money for the privilege of a visit to a park or similar. The country has a very

good army, which has an anti poaching unit. Poaching has in the past been a problem in the country but is now almost under control. The army is allowed to shoot to kill without asking questions if you are caught poaching. Rhinos are very few due to poaching and they have breeding programs in place.

ZIMBABWE

Full country name: Republic of Zimbabwe (and formerly Southern Rhodesia, Rhodesia, the Republic of Rhodesia, and Zimbabwe Rhodesia)

People: The country is made up of Bantu-speaking ethnic groups, with the majority of the population comprised of the Shona and Ndebele groups.

Languages: Zimbabwe has three official languages: English, Shona (the Bantu language with the most native speakers), and Ndebele (also a Bantu language). In total Zimbabwe has 16 officially recognized languages.

Religion: The majority of Zimbabweans are Christian.

Major industries: Mineral, gold and agricultural products make up the majority of Zimbabwe's exports.

Currency: The Zimbabwean Dollar

Officially the Republic of Zimbabwe and formerly Southern Rhodesia, Rhodesia, the Republic of Rhodesia, and Zimbabwe Rhodesia) is a landlocked country located in the southern part of the African continent, between the Zambezi and Limpopo rivers. It is bordered by South Africa to the south, Botswana to the southwest, Zambia to the northwest and Mozambique to the east. Zimbabwe began as the British crown colony of Southern Rhodesia, created from land held by the British South Africa Company. President Robert Mugabe is the head of State and Commander in Chief of the armed forces. Morgan Tsvangirai is the Prime Minister. Mugabe has been in power since the country's internationally-recognized independence in 1980.

What should I consider when planning my personal expenses and discretionary spending for this itinerary?

Every traveller is different and therefore spending money requirements will vary. Some travellers may drink more than others while other travellers like to purchase more souvenirs than most. Please consider your own spending habits when it comes to allowing for drinks, shopping and tipping. Please also remember the following specific recommendations when planning your trip.

What should I know about currency, credit cards, and exchanging money while on this tour?

The currency in South Africa is the South African Rand (ZAR). The South African rand is also an accepted form of payment in Namibia.

The Namibian currency is the Namibian Dollar (NAD), which is equivalent in value (in Namibia only) to the South African Rand. NAD is not accepted as payment in other countries.

In Botswana, payments at supermarkets, post offices etc are to be with Pula (BWP) but activities and drinks at campsites can be paid for in USD

Zimbabwe uses the US Dollar and South African Rand.

Malawi uses the Kwacha (MWK) and Tanzania and Kenya use the Shilling, denoted by TZS and KES.

USD is widely accepted in Malawi, Tanzania and Kenya but some supermarkets might only accept local currencies.

Each currency can be obtained locally by changing foreign currency or by using ATMs (where available) which will disperse local currency. Your CEO will inform you where you can change money throughout the tour and approximately how much money you will need.

For Zimbabwe, we strongly advise that you bring ZAR or USD from your home country or exchange money before the start of the tour, to avoid delays on tour, as it can be difficult to obtain cash at ATMs.

Please note that due to past problems with forgery, \$US notes that are older than year 2006 are not accepted in Africa. Large note (\$US 50, \$US 100 etc) can be difficult to change in some places, but will gain you the best exchange rate.

If you plan to buy your visas at borders, you will need to bring \$USD cash to pay for these visas. Please note you cannot use the local currency or any other currency to buy these visas- they must be purchased in USD.

Please do not bring Travellers' cheques to Africa. They are difficult if not impossible to exchange in many places.

Visa/Plus system cards are the most widely accepted debit cards. It is harder to find machines Mastercard/Cirrus cards. We highly recommend that if you hold a Mastercard, you obtain a Visa card prior to departure and travel with both. This is also useful should something unforeseen happen to one of your cards during your travels.

While there are many ATMs in the major centres, there are no guarantees that your credit or debit cards will actually work in Africa. Check with your bank.

Credit cards can be used in major cities and towns ONLY but please do not rely on them as a method of payment because they are generally not widely accepted. You should be aware that to purchase products or services on a credit card a fee of 5%-10% usually applies. The majority of our optional activities can also be paid by credit card. Your CEO will advise on these.

Please note that in many areas there may be occasional power-outages, where there will be no electricity for hours at a time. In addition, ATMs outside of larger centers often run out of cash or can be out of order unexpectedly. These factors could affect your ability to access money from ATMs. As such, please do not rely on credit or debit cards as your only source of money.

A combination of foreign currency and debit/credit cards for cash advances is best. Always take more rather than less, as you don't want to spoil the trip by constantly feeling short of funds.

As currency exchange rates can fluctuate often we ask that you refer to the following website for daily exchange rates: www.xe.com.

How much emergency money should I bring on this trip?

Please also make sure you have access to at least an additional USD \$200 (or equivalent) as an 'emergency' fund, to be used when circumstances outside our control (ex. a natural disaster) require a change to our planned route. This is a rare occurrence!

Should I be tipping on my trip?

Tipping is an expected, though not compulsory, component of your tour program. The gesture serves as an expression of appreciation for exceptional service, and amounts given are up to your discretion.

Tipping is one of the most direct ways that you can have a positive economic impact within the African community. Although it may not be customary for you, it is an important source of income for those in the tourism industry. Giving a tip should be seen as a formal 'thank you', and the action should in no way be awkward.

The best method of tipping someone that has served the whole group is to plan in advance, and not rush when it comes to saying goodbye. A suggestion would be for each group member to contribute anonymously by putting their tip into an envelope. This often works the best and the group should gather to present the gift to the recipient(s), offering their thanks and showing their appreciation. This method brings the action out into the open, allowing for a friendly and appreciative interaction between the group and the recipient(s).

You may use the following as a guideline, all given in a per person format:

CEO: \$5-8 USD (per day, per person)

Local guides: \$2-3 USD (per day)

Safari Guide/Driver: \$2-3 USD (per day)

Restaurant Staff: 10-15% of cost of bill

Okavango Delta polers: 50-100 BWP (Botswana Pula)

Are there any health considerations I should know before travelling?

We recommend you contact your family physician, or your local travel clinic for the most up-to-date health information at least one month before departure. Travellers should also carry a basic first-aid kit and hand sanitizers/antibacterial wipes on their travels. Medical facilities are basic throughout these countries. For your own safety, we strongly recommend that you advise your tour leader of any medical condition that may affect you while travelling with the group. Your tour leader will be able to inform you of local health advisories (e.g. drinking water quality). Please ensure you have all the inoculations recommended by your doctor.

Yellow Fever Certificate Note (Updated: June 2026)

It is compulsory to show a valid Yellow Fever Certificate if you are travelling to the following G Adventures-visited countries from a Yellow Fever endemic country, or if you have transited for more than 12 hours through the airport of a Yellow Fever endemic country:

Botswana

Kenya*

Malawi

Namibia

South Africa

Tanzania

Uganda*

Zambia

Zimbabwe

*Kenya and Uganda require a valid Yellow Fever Certificate from all travellers regardless of country of origin, not only those arriving from endemic countries. Travellers to these destinations should ensure they are vaccinated regardless of their travel history. If other non-endemic countries have been visited after visiting an endemic country, a Yellow Fever certificate may still be required on entry into subsequent destinations. This is particularly relevant on multi-country Southern Africa itineraries, for example, a traveller moving from Uganda to Kenya, or from Kenya across a land border into Tanzania, will be required to show their certificate at each entry point. Please check country-specific regulations before departure.

Malaria

Malaria is a mosquito-borne disease that is present in some regions in Africa. Risk of malaria can increase during periods of heavy rain, during the rainy seasons, and in densely populated areas of Southern & East Africa. To prevent malaria, we recommend speaking to your doctor about taking preventative medication (prophylaxis), combined with regular use of insect repellent spray/cream. Please check updated travel health advisories specific to malaria before your departure.

What do I need to know to about safety and security on my trip?

Many national governments provide a regularly updated advice service on safety issues involved with international travel. We recommend that you check your government's advice for their latest travel information before departure. We strongly recommend the use of a neck wallet or money belt while travelling, for the safe keeping of your passport, air tickets, travellers' cheques, cash and other valuable items. Leave your valuable jewellery at home - you won't need it while travelling. Many of the hotels we use have safety deposit boxes, which is the most secure way of storing your valuables. A lock is recommended for securing your luggage. When travelling on a group trip, please note that your CEO has the authority to amend or cancel any part of the trip itinerary if it is deemed necessary due to safety concerns. Your CEO will accompany you on all included activities. During your trip you will have some free time to pursue your own interests, relax and take it easy or explore at your leisure. While your CEO will assist you with options available in a given location please note that any optional activities you undertake are not part of your itinerary, and we offer no representations about the safety of the activity or the standard of the operators running them. Please use your own good judgment when selecting an activity in your free time. Although the cities visited on tour are generally safe during the day, there can be risks to wandering throughout any major city at night. It is our recommendation to stay in small groups and to take taxis to and from restaurants, or during night time excursions.

Protests and Demonstrations- Protests and demonstrations, even those that are well intended, have the potential to turn violent with no warning. Counter protests can also turn violent. Action by security forces to disperse demonstrators and protesters may occur at any time. If you are in an area where demonstrators or protesters are gathering, avoid the temptation of staying for a good photo opportunity and leave the area immediately.

Water based activities have an element of danger and excitement built into them. We recommend only participating in water based activities when accompanied by a guide(s). We make every reasonable effort to ensure the fun and adventurous element of any water based activities (in countries with varying degrees of operating standards) have a balanced approach to safety. It is our policy not to allow our CEOs to make arrangements on your behalf for water based activities that are not accompanied by guide(s).

Swimming, including snorkeling, is always at your own risk.

We take all prudent measures in relation to your safety. For ways to further enhance your personal safety while traveling, please visit:

www.gadventures.com/travel-resources/safety/

What are the trip specific safety considerations?

Some precautions you should take while in major cities are:

*Always leave your passport (It's better to carry a photocopy of it instead), traveller's cheques, flight tickets and money that you won't be using in the safe deposit at the hotel reception. This is free of charge to G Adventures clients.

*Remember that like in any other city, you should never leave your bags unattended, nor flaunt jewellery, cameras etc.

*Please don't wander through the city to unknown areas especially at night. Stick to the main streets only during the day, and after sundown, please take a taxi. Taxis can be organised from reception. Also, take the address of the hotel with you.

*People are generally friendly, but don't let people take advantage of you, especially the sales people!

* Beware of people approaching you on the street with an apparent interest of where you are from, and want to sit down and have a chat with you. These people are con men and will ask you for money.

* People on the street who ask you if you want a safari and have a brochure are often conmen, best to avoid these folk. Besides, you're already on safari.

PHOTOGRAPHY:

Please do not take photos of Police stations or at Cross borders Airports, army barracks and personnel or any Government building. It is against the law and will result in the minimum of your film and camera being confiscated. In rural areas it is generally much safer, but you should always take your cue from your CEO, who will advise when to be extra vigilant and when to relax.

Please note that the use of drones in national parks in Southern Africa is prohibited.

What rules should I know before joining this trip?

Illegal drugs will not be tolerated on any trips. Possessing or using drugs not only contravenes the laws of the land but also puts the rest of the group at risk. Smoking marijuana and opium is a part of local culture in some parts of the world but is not acceptable for our travellers. Our philosophy of travel is one of respect towards everyone we encounter, and in particular the local people who make the world the special place it is. The exploitation of prostitutes is completely contrary to this philosophy. Our CEOs have the right to expel any member of the group if drugs are found in their possession or if they use prostitutes.

Is travel insurance required for my trip?

Travel Insurance: Travel insurance is compulsory in order to participate on any of our trips. When travelling on a group trip, you will not be permitted to join the group until evidence of travel insurance has been sighted by your CEO, who will take note of your insurance details. When selecting a travel insurance policy please bear in mind that all clients must have medical coverage and that we require a minimum coverage of USD 200,000 for repatriation and emergency rescue. We strongly recommend that the policy also covers personal liability, cancellation, curtailment and loss of luggage and personal effects. If you have credit card insurance we require proof of purchase of the trip (a receipt of credit card statement) with a credit card in your name. Contact your bank for details of their participating insurer, the level of coverage and emergency contact telephone number.
