The information in this trip details document has been compiled with care and is provided in good faith. However it is subject to change, and does not form part of the contract between the client and the operator. The itinerary featured is correct at time of printing. It may differ slightly to the one in the brochure. Occasionally our itineraries change as we make improvements that stem from past travellers, comments and our own research. Sometimes it can be a small change like adding an extra meal along the itinerary. Sometimes the change may result in us altering the tour for the coming year. Ultimately, our goal is to provide you with the most rewarding experience. Please note that our brochure is usually released in November each year. If you have booked from the previous brochure you may find there have been some changes to the itinerary.

VERY IMPORTANT: Please ensure that you view a final copy of your Trip Details a couple of days prior to travel, in case there have been changes that affect your plans.

Is there an itinerary Disclaimer?

While it is our intention to adhere to the route described below, there is a certain amount of flexibility built into the itinerary and on occasion it may be necessary, or desirable to make alterations. The itinerary is brief, as we never know exactly where our journey will take us. Due to our style of travel and the regions we visit, travel can be unpredictable. The Trip Details document is a general guide to the tour and region and any mention of specific destinations or wildlife is by no means a guarantee that they will be visited or encountered. Aboard expedition trips visits to research stations depend on final permission.

Additionally, any travel times listed are approximations only and subject to vary due to local circumstances.

What important notes should I be aware of before the trip?

The Expedition is an adventure Expedition ship and does not offer an elevator

Traveling West Africa is an opportunity to help developing nations embrace tourism. Do not expect tourism / public works infrastructure to be up to par with other areas of the world.

The port cites that are open to us are often a great distance from cultural points of interest and there may be shore excursions with extended bus trips to access sites of interest.

What is the group leader like?

A carefully chosen team will lead our voyage. Our expedition ships boast an international team of professional naturalists and lecturers. Their goal is to provide an informed and balanced interpretation of the destination, accomplished through stimulating lectures, day-to-day briefings, and informal discussions. Your lecturers and Expedition Leader will cover all aspects of the voyage including ornithology, marine biology, geography, geology, history and the environment, as well as practical things like photography. The expedition staff work conscientiously with you on deck and in the field, improving your observational skills to allow you to experience all that the destination has to offer. Their strong sense of ethics and ecological knowledge make for stimulating and mindful conversation whether onshore or at the dinner table. The Expedition Staff will pilot the Zodiac landing craft used for shore landings and Zodiac cruises; they are experienced drivers who operate the Zodiacs in a responsible manner.

How large will the group be?

Max 132 passengers

What meals are included in this trip?

16 breakfasts, 14 lunches, 15 dinners

What are the meals like on this trip?

Onboard our expedition ships you'll find a diversity of gourmet international cuisines prepared and catered by professional chefs; all meals are included in the price of your expedition. Dining is casual, tables are unassigned and the dining room is capable of seating the entire passenger complement at one time. There is always a selection of different meals available, and vegetarians will find plenty of options. Special dietary requirements can be accommodated with advance notice, please advise us at time of confirmation. Coffee and tea are all provided free of charge. All other beverages, alcoholic and non-alcoholic are not included and can be purchased in the dining room, pub or the lounge.

What are the modes of transportation on my trip?

M/S Expedition, Bus, and Zodiac.

Is there an extra cost for travelling solo?

We believe single travellers should not have to pay more to travel so our group trips are designed for shared accommodation and do not involve a single supplement. Single travellers joining group trips are paired in twin or multi-share accommodation with someone of the same sex for the duration of the trip. Some of our Independent trips are designed differently and single travellers on these itineraries must pay the single trip price.

Where will we stay during the trip?

Twin Share Hotel (2 nights), M/S Expedition quad, triple, twin-share cabins, or suites (all with en suite bathrooms and porthole or window) (14 nights). Please note that all cabins consist of twin-sized berths and are ocean-facing. Suites have one queen size bed.

What should I take on my trip?

In the world's most remote destinations that the G Expedition travels to we cannot offload our plastics, glass or tin waste for recycling. Therefore, we try to reduce what single use items that we use. You will see on the ship that every effort is being used to stop the use of single use plastic containers, bags and other items. In an effort to prevent plastic waste from entering the waste stream, we are asking for your help. We offer exceptional drinking water on the ship with refilling stations for your re-useable water containers. You will be provided a complimentary water bottle to fill up as needed. Plastic items such as single use shampoo/conditioner plastic containers cannot be recycled, so please plan to bring any plastics back to your home countries for recycling. Please do not bring single use items that you intend to leave behind such as plastic bags and throw away razors. Your participating in helping to prevent pollution and promote recycling is greatly appreciated.

Dress on board is informal. Plan to bring comfortable, casual clothing for all activities. Always pack one water proof layer in the event there is rain. However, it's important to note that the weather will be hot and lightweight clothing is strongly suggested.

It's helpful to note that we may have multiple visits to local schools in some of the villages visited. You may wish to bring donations in the form of school and art supplies. Our team will help facilitate with contributing these items directly to the head master of the school. Below is a suggested list

- Art supplies
- Pencils, pens and paper
- Deflated soccer ball
- 5 separate postcards of iconic places from your town, city or home country. These will be used for a piece of art we would like to create for the students.

What should be on my packing list?

Health & Safety:

- Face masks (Clients will be only be required to wear a face mask where it is mandated by local regulations.)
- Hand sanitizer
- Pen (Please bring your own pen for filling out documents.)

When can I do my laundry on this trip?

Aboard the M/S Expedition laundry facilities are provided at a nominal charge.

What the visas and entry requirements for my trip?

All countries require a valid passport (with a minimum 6 months validity). Contact your local embassy or consulate for the most up-to-date visa requirements, or see your travel agent. It is your own responsibility to have the correct travel documentation. Visa requirements for your trip will vary depending on where you are from and where you are going. We keep the following information up to date as far as possible, but rules do change and sometimes without warning. While we provide the following information in good faith, it is vital that you check the information yourself and understand that you are fully responsible for your own visa requirements.

Visa information specific to your destination and nationality can be found in our Important Pre-Departure Information page [here](#)

How much spending money do I need for my trip?

Every traveller is different and therefore spending money requirements will vary. Some travellers may drink more than others while other travellers like to purchase more souvenirs than most. Please consider your own spending habits when it comes to allowing for drinks, shopping and tipping. Please also remember the following specific recommendations when planning your trip.

What should I know about currency, credit cards, and exchanging money while on this tour?

Onboard the Expedition:

While on board our Expedition ships, cash and most major credit cards (VISA, Mastercard and AMEX) are accepted to pay for your onboard account to cover incidental charges such as bar bill, laundry visas and shop purchased.

As Expedition will travel to numerous countries during her voyage up the West Coast of Africa the crew of the Expedition will assist passengers in changing money into local currency at each port. We recommend bringing small denomination US Dollar and Euro BILLS as many markets and local merchants will accept this.

Before and after the cruise:

Credit cards and debit cards are very useful for cash advances. Visa cards are the most widely accepted cards. While ATMs are widely available, there are no guarantees that your credit or debit cards will actually work overseas. Check with your bank. You should be aware that to purchase products or services on a credit card a fee of 5%-10% usually applies. Do not rely on credit or debit cards as your only source of money. A combination of US dollars cash, travellers cheques and cards is best. Always take more rather than less, as you don't want to spoil the trip by constantly feeling short of funds.

Should I be tipping on my trip?

Although it may not be customary to you, it is of considerable significance to the people who will take care of you during your travels. It is an expression of satisfaction with the persons who have assisted you on your expedition. The industry standard and suggested amount is USD \$10 - 15 per person per day spent on board. Of course, tipping is a personal choice and the suggested amount is set only as a guideline. The money is collected by the Hotel Manager at the end of the voyage and distributed amongst the crew and Expedition Staff.

What activities are optional on this trip?

- No optional activities

Are there any health considerations I should know before travelling?

All passengers on the West Africa Cruise are required to submit a medical form. Available here, http://www.gadventures.com/medical_form/ Follow the directions on the form, and if necessary, a Doctor's authorization will be required. It is very important that we are advised of any special meal requirements, food allergies, or prescribed medication when you confirm your tour. The ship is equipped with a small infirmary with typically required medications and limited equipment. The ship's doctor is available for visits during the day and is available 24 hours per day for emergencies.

Yellow Fever Certificate Note:

A Yellow Fever Certificate (International Certificate of Vaccination) is a REQUIREMENT for this West Africa itinerary, as we do visit yellow fever endemic countries. Please consult with a travel clinic / Doctor prior to travel. The yellow fever shot requires 10 days to become effective. The vaccination should be at the latest, two weeks prior to travel.

Health regulations in your country of residence may require specific inoculations for the countries that you will visit on our voyage. We suggest that you confer with your own physician to check specific requirements, and to be sure your routine immunizations, such as tetanus, diphtheria and hepatitis A, are up-to-date before traveling. Older travelers, in particular, may wish to consider preventive measures against influenza and pneumonia.

What do I need to know to about safety and security on my trip?

Many national governments provide a regularly updated advice service on safety issues involved with international travel. We recommend that you check your government's advice for their latest travel information before departure. We strongly recommend the use of a neck wallet or money belt while travelling, for the safe keeping of your passport, air tickets, travellers' cheques, cash and other valuable items. Leave your valuable jewellery at home - you won't need it while travelling. Many of the hotels we use have safety deposit boxes, which is the most secure way of storing your valuables. A lock is recommended for securing your luggage. When travelling on a group trip, please note that your CEO has the authority to amend or cancel any part of the trip itinerary if it is deemed necessary due to safety concerns. Your CEO will accompany you on all included activities. During your trip you will have some free time to pursue your own interests, relax and take it easy or explore at your leisure. While your CEO will assist you with options available in a given location please note that any optional activities you undertake are not part of your itinerary, and we offer no representations about the safety of the activity or the standard of the operators running them. Please use your own good judgment when selecting an activity in your free time. Although the cities visited on tour are generally safe during the day, there can be risks to wandering throughout any major city at night. It is our recommendation to stay in small groups and to take taxis to and from restaurants, or during night time excursions.

Protests and Demonstrations- Protests and demonstrations, even those that are well intended, have the potential to turn violent with no warning. Counter protests can also turn violent. Action by security forces to disperse demonstrators and protesters may occur at any time. If you are in an area where demonstrators or protesters are gathering, avoid the temptation of staying for a good photo opportunity and leave the area immediately.

Water based activities have an element of danger and excitement built into them. We recommend only participating in water based activities when accompanied by a guide(s). We make every reasonable effort to ensure the fun and adventurous element of any water based activities (in countries with varying degrees of operating standards) have a balanced approach to safety. It is our policy not to allow our CEOs to make arrangements on your behalf for water based activities that are not accompanied by guide(s).

Swimming, including snorkeling, is always at your own risk.

We take all prudent measures in relation to your safety. For ways to further enhance your personal safety while traveling, please visit:

www.gadventures.com/travel-resources/safety/

What are the trip specific safety considerations?

We recommend that you wear minimal jewelry and that you keep valuable items safely stored in our complimentary safety deposit box, which is located at the Purser's Desk.

What rules should I know before joining this trip?

Illegal drugs will not be tolerated on any trips. Possessing or using drugs not only contravenes the laws of the land but also puts the rest of the group at risk. Smoking marijuana and opium is a part of local culture in some parts of the world but is not acceptable for our travellers. Our philosophy of travel is one of respect towards everyone we encounter and in particular the local people who make the world the special place it is. The exploitation of people in the sex trade is completely contrary to this philosophy. Our CEOs have the right to expel any member of the group if drugs are found in their possession or if they utilize the services of paid sex workers, in any capacity.

Is travel insurance required for my trip?

Travel insurance is compulsory in order to participate on any of our trips. When travelling on a group trip, you will not be permitted to join the group until evidence of travel insurance has been sighted by your leader, who will take note of your insurance details. When selecting a travel insurance policy we require that at a minimum you are covered for medical expenses including emergency evacuation and repatriation. A minimum coverage of USD200,000 is required. We strongly recommend that the policy also covers personal liability, cancellation, curtailment and loss of luggage and personal effects. Some tours include adventure activities that require extra coverage (e.g. crampon use); please review your itinerary and make sure that you are covered for all included activities. If you have credit card insurance we require proof of purchase of the trip (a receipt of credit card statement) with a credit card in your name. Contact your bank for details of their participating insurer, the level of coverage and emergency contact telephone number.

G Adventures Dollar-a-day Program - Make Every Day Count - Turn your travel into impact with [Planeterra Foundation](#).

Did you know? Most communities around the world do not benefit from tourism. Give back to the places you visit on your travels by creating opportunities for local people to earn an income, and protect the environment.

Make every day count by donating \$1/day for the length of your trip, and join us in empowering the communities you will visit when you travel. 100% of your donation goes directly to Planeterra projects.

How can I share feedback about my trip experience?

After your travels, we want to hear from you! Your feedback information is so important to us that we'll give you 5% off the price of your next G Adventures trip if your feedback is completed on-line within 30 days of finishing your trip. If you do not receive the tour evaluation link in the days after your tour has finished, please drop us a line at customersolutions@gadventures.com and we will send it on to you.
