Our destination today is our campsite, deep in the jungle! We'll trek for around 6-7 hours today, on the look out for animals that most people only dream of spotting. Think orangutans, monkeys, giant monitor lizards and a bunch of colorful birds! We'll stop when we encounter animals (fingers crossed for a bunch of orangutans), take lots of breaks throughout the hike and stop for a picnic lunch halfway. Camp will already be set up for us when we arrive so that's your cue to relax and prepare for a delicious local cookout made by our local guide. A much deserved feast after today's adventure!

You will be hiking with your belongings on your back, so make sure to bring a small backpack to carry the few things you'll need for this 2 day/1 night jungle trek. Your main luggage will be left safely in Bukit Lawang.

Gunung Leuser National Park Trek

Bukit Lawang – Gunung Leuser

6h-7h

5km

Trek into Gunung Leuser National Park, one of the richest tropical rainforests in Southeast Asia, until you reach your campsite this afternoon. The hike starts from Bukit Lawang Village and enters the dense jungle terrain. Cross over streams, climb hills and enjoy the shade from the canopy above. The trails are narrow, often muddy, sometimes steep and uneven, winding through dense rainforest. On the hike, we hope to encounter semi-wild orangutans, Thomas leaf monkeys, long-tailed macaques, gibbons, and possibly hornbills or monitor lizards. Gunung Leuser National Park is a special place because it is one of the only places on Earth where orangutans live naturally. Keep your eyes and your camera peeled!

Your tropical jungle adventure continues today, starting with a camp breakfast. Taking a different path, we'll hike through more of Gunung Leuser National Park, keeping an eye out for more endangered animals and admiring the insanely awesome jungle surroundings. We're hoping for more interactions with orangutans especially today! At our destination, we'll have a riverside lunch then hop into an inner tube and raft down the river, returning to Bukit Lawang on a traditional raft. How cool is that? Enjoy free time to chill or visit the Bat Cave. Then get ready! 'Cause we're going out! Tonight is your Big Night Out alongside the crew. We'll hit up a jungly bar and have ourselves a night!

Is there a disclaimer I should read before booking this trip?

The information in this trip details document has been compiled with care and is provided in good faith. However it is subject to change, and does not form part of the contract between the client and the operator. The itinerary featured is correct at time of printing. It may differ slightly to the one in the brochure. Occasionally our itineraries change as we make improvements that stem from past travellers, comments and our own research. Sometimes it can be a small change like adding an extra meal along the itinerary. Sometimes the change may result in us altering the tour for the coming year. Ultimately, our goal is to provide you with the most rewarding experience. Please note that our brochure is usually released in November each year. If you have booked from the previous brochure you may find there have been some changes to the itinerary.

VERY IMPORTANT: Please ensure that you view a final copy of your Trip Details a couple of days prior to travel, in case there have been changes that affect your plans.

Is there a travel disclaimer for my itinerary I should review before booking this trip?

While it is our intention to adhere to the route described below, there is a certain amount of flexibility built into the itinerary and on occasion it may be necessary, or desirable to make alterations. The itinerary is brief, as we never know exactly where our journey will take us. Due to our style of travel and the regions we visit, travel can be unpredictable. The Trip Details document is a general guide to the tour and region and any mention of specific destinations or wildlife is by no means a guarantee that they will be visited or encountered. Aboard expedition trips visits to research stations depend on final permission.

Additionally, any travel times listed are approximations only and subject to vary due to local circumstances.

What important notes should I be aware of before the trip?

RAMADAN

According to the lunar cycle, Ramadan will fall between Feb 28th - Mar 29th 2025, and Feb 17th - Mar 19th 2026. Please note that Ramadan is a month of fasting observed by Muslims throughout the world, during which time the followers of Islam should not eat or drink between sunrise and sunset. There may be some limitations to services and disruptions to schedules during Ramadan, but generally our tours still operate effectively during this period and food is available to non-Muslims throughout the day. It is very important to display increased cultural sensitivity during Ramadan. Please wear loose fitting clothes, that cover knees and shoulders, and try to avoid eating, drinking or smoking in public out of respect for those who can't at that time.

Some of our Independent trips are designed differently and solo travellers on these itineraries must pay the single trip price.

In some areas we stay in simple local guest houses in stunning locations. That said, rooms are generally small and simple yet clean. There may only be shared toilet facilities and showers.

Accommodation will be varied throughout your adventure. Some nights on this tour will be multi-share. This may involve 4-6 group members sharing a room. The majority of accommodation will have shared bathroom facilities.

Where we use multi-share hostels, rooming requests of any kind cannot be taken. For private accommodation please see tours in our Classic Travel Style.

What are the visas and entry requirements for my trip?

All countries require a valid passport (with a minimum 6 months validity). Contact your local embassy or consulate for the most up-to-date visa requirements, or see your travel agent. It is your own responsibility to have the correct travel documentation. Visa requirements for your trip will vary depending on where you are from and where you are going. We keep the following information up to date as far as possible, but rules do change and sometimes without warning. While we provide the following information in good faith, it is vital that you check the information yourself and understand that you are fully responsible for your own visa requirements.

Visa information specific to your destination and nationality can be found in our Important Pre-Departure Information page [here](#)

Indonesia:

If you are eligible to apply a tourist e-visa for Indonesia, please follow the below links for further information and application:

The All-Indonesia Arrival Card is mandatory for all international travelers on arrival at Soekarno–Hatta International Airport (CGK), I Gusti Ngurah Rai International Airport (DPS) and Juanda International Airport (SUB) must be completed online within 72 hours before arrival. Submitting the form in advance generates a QR code required at immigration and customs.

Note: The Arrival Card will be mandatory for all international travelers on arrival at all international airports, all international ports by land and by sea from 1 October 2025. For more information and to complete the application, visit the [Indonesia Immigration website](#).

Bali:

Effective February 14, 2024, Bali will implement the “Bali Tourist Levy” for all foreign tourists traveling to the island. This fee is 150,000 IDR (or \$10 USD). Travellers can opt to pay this fee online or in person upon arrival to Bali. We strongly suggest every traveler pay before arrival to ease your entry and avoid queueing to pay upon arrival. The Balinese Government also highly recommends travellers to pay this fee before arrival to Bali.

Payments made before your arrival into Bali will take place through the “Love Bali System.” After successful payment, the system will provide you with a digital paid notification as proof. Make sure to hold on to that proof as it will be scanned by Bali Officials upon arrival to the island. Pay Tourist Levy [here](#)

If you do not pay the fee before arrival, a cashless payment must be made at your entry point. You will receive a printout proving your payment. This document must be kept safe as entry officials will scan the printout upon entering Bali.

Information is accurate as of April 1st, 2024.

What should I consider when planning my personal expenses and discretionary spending for this itinerary?

Every traveller is different and therefore spending money requirements will vary. Some travellers may drink more than others while other travellers like to purchase more souvenirs than most. Please consider your own spending habits when it comes to allowing for drinks, shopping and tipping. Please also remember the following specific recommendations when planning your trip.

What should I know about currency, credit cards, and exchanging money while on this tour?

During this tour the local currency you will use is the Indonesian Rupiah. As currency exchange rates in South East Asia do fluctuate, we ask that you refer to the following website for the most up to date daily exchange rates: www.xe.com for each of the above mentioned currencies. The best way to carry your money is in debit cards, withdrawing cash in local currencies from ATM machines. ATMs are found throughout South East Asia and will generally accept cards on the Visa and Mastercard networks. It is a great idea to travel with both a Visa and Mastercard if at all possible in case of loss or problems with one card, you will have a back up. Please note, your bank will charge a fee for overseas withdrawals.

What emergency funds do I need access to on this trip?

Please also make sure you have access to at least an additional USD \$200 (or equivalent) as an 'emergency' fund, to be used when circumstances outside our control (ex. a natural disaster) require a change to our planned route. This is a rare occurrence!

Do I need to pay a departure tax?

Departure Tax is included in all International and Domestic tickets.

What are the tipping guidelines for this trip?

It is customary in Asia to tip service providers such as waiters, at approximately 10%, depending on the service. Tipping is expected - though not compulsory - and shows an expression of satisfaction with the people who have assisted you on your tour. Although it may not be customary to you, it is of considerable significance to the people who will take care of you during your travels. There are several times during the trip where there is opportunity to tip the local guides or drivers we use. You may do this individually, or your CEO will offer to collect the money and tip as a group. Recommendations for tipping drivers and local guides would range from \$2-4 USD per person per day depending on the quality and length of the service; ask your CEO for specific recommendations based on the circumstances and culture.

Also at the end of each trip if you felt your G Adventures CEO did an outstanding job, tipping is appreciated. The amount is entirely a personal preference, however as a guideline \$5-7 USD per person, per day can be used.

What general safety tips and free-time guidelines should I follow?

Many national governments provide a regularly updated advice service on safety issues involved with international travel. We recommend that you check your government's advice for their latest travel information before departure. We strongly recommend the use of a neck wallet or money belt while travelling, for the safe keeping of your passport, air tickets, travellers' cheques, cash and other valuable items. Leave your valuable jewellery at home - you won't need it while travelling. Many of the hotels we use have safety deposit boxes, which is the most secure way of storing your valuables. A lock is recommended for securing your luggage. When travelling on a group trip, please note that your group leader has the authority to amend or cancel any part of the trip itinerary if it deemed necessary, due to safety concerns. Your Chief Experience Officer (CEO) will accompany you on all included activities. During your trip you will have some free time to pursue your own interests, relax and take it easy and explore at your leisure. While your CEO will assist you with options available in a given location, please note that any optional activities you undertake are not part of your itinerary, and we offer no representations about the safety of the activity or the standard of the operators running them. Please use your own good judgement when selecting an activity in your free time. Although the cities visited on tour are generally safe during the day, there can be risks to wandering throughout any major city at night. It is our recommendation to stay in small groups and to take taxis to and from restaurants, or during night time excursions.

Water based activities have an element of danger and excitement built into them. We recommend only participating in water based activities when accompanied by a guide(s). We make every reasonable effort to ensure the fun and adventurous element of any water based activities (in countries with varying degrees of operating standards), have a balanced approach to safety. It is our policy not to allow our CEOs to make arrangements on your behalf for water based activities that are not accompanied by guide(s).

Swimming, including snorkeling, is always at your own risk. [Read more about travel safety](#) for ways to further enhance your personal safety while traveling.

Are there any specific safety considerations for this itinerary?

Leave your valuable jewellery at home - you won't need it while travelling. Many of the hotels we use have safety deposit boxes which is the most secure way of storing your valuables. What are the mandatory group rules regarding laws and behaviour?

Illegal drugs will not be tolerated on any trips. Possessing or using drugs not only contravenes the laws of the land but also puts the rest of the group at risk. Smoking marijuana and opium is a part of local culture in some parts of the world but is not acceptable for our travellers. Our philosophy of travel is one of respect towards everyone we encounter and in particular the local people who make the world the special place it is. The exploitation of people in the sex trade is completely contrary to this philosophy. Our CEOs have the right to expel any member of the group if drugs are found in their possession or if they utilize the services of paid sex workers, in any capacity.
