Day 2

ARUSHA/LAKE MANYARA NATIONAL PARK

This morning, make your way to Mto wa Mbu village, a vibrant settlement of Tanzania's diverse tribal groups. Take a guided walk through the village, visiting the local market and meeting artisans in their workshops; then sit down for a traditional lunch with a local family. Continue to the Rift Valley escarpment and settle into our safari camp, located at the edge of Lake Manyara National Park. Set out on our first safari drive to discover East Africa's legendary wildlife, searching for lions, elephants, hippos, giraffes, and more.

This western wall of the Rift Valley escarpment is truly stunning. It provides a backdrop for your search of the park's bird life, tree-climbing lions, elephants, hippos, and baboons. The afternoon is spent viewing wildlife along the main road that winds through a lush, cool forest that's dominated by large ficus trees covered in bromeliads and ferns.

TODAY'S ACTIVITIES

7-Seat 4x4 Safari Vehicle

Arusha - Lake Manyara National Park

2h-3h

130km

Get a better view and take better snapshots aboard this off-road ride with a pop-up top.

ACTIVITY

Take part in a cultural walk to learn about life in this East African town. Mto wa Mbu has attracted some 18,000 residents from 120 different tribes. During the two-hour tour, visit the community's local market, go right to the farmer's fields, see how huts are constructed, and meet artisans in their shops.

Afterwards, sit down with our new friends and enjoy a traditional lunch of meat and plantains.

Lake Manyara National Park Afternoon Safari Drive

Lake Manyara National Park

This western wall of the Rift Valley escarpment is truly stunning. It provides a backdrop for your search for the park's phenomenal bird life (including raptors), tree-climbing lions, elephants, zebras, hippos, baboons, and buffalos. Look up and see some of the more than 400 species of birds, including pink flamingos, pelicans, cormorants, and storks.

Beyond wildlife, Lake Manyara NP is home to giant fig trees, acacia woodlands, mahogany trees, and grassy flood plains. The contrasts of this area are simply breathtaking; the open plains, huge

escarpment, central alkaline lake, dense woodlands, and distant volcanic peaks coming together in an area best described by Ernest Hemingway as “the loveliest I have seen in Africa.”

Day 3

LAKE MANYARA NATIONAL PARK/SERENGETI NATIONAL PARK

Travel through the breathtaking Rift Valley to a Maasai village. Here, we learn about the G Adventures-supported Clean Cookstoves Project, dedicated to providing clean-burning cookstoves to Maasai communities throughout Tanzania. Enjoy a presentation by a Maasai woman on the impact of the project, and take a guided tour of the village, visiting traditional homes or bomas and helping build a new stove. Continue to our safari camp in Serengeti National Park, stopping en route at the Olduvai Gorge Museum and Visitor's Centre—located near the site where National Geographic archaeologists Louis and Mary Leakey discovered early hominid fossils and stone tools in 1960.

TODAY'S ACTIVITIES

7-Seat 4x4 Safari Vehicle

Lake Manyara National Park - Serengeti National Park

5h-6h

220km

Get a better view and take better snapshots aboard this off-road ride with a pop-up top.

ACTIVITY

Visit a Maasai village in the Monduli District and witness the benefits of the G Adventures-supported Clean Cookstove Project. In Tanzania, 95% of people rely on cooking with wood and coal. Women and girls spend hours walking to collect wood every day (making them vulnerable to assault and unable to use their time to go to school). Indoor smoke from open-fire stoves causes cancer, emphysema, pneumonia, blindness, and burns. Take a guided tour of these villages and meet the women that have been trained as stove engineers, visit bomas (traditional homes), and observe (or get your hands dirty) by helping the Stove Team build a stove in a home. See the beneficial impact of the clean-burning stoves on the health and daily lives of the Maasai villagers, especially the women.

ACTIVITY

G Adventures has partnered with the Masai Stoves and Solar Project to install more efficient cookstoves across the Serengeti in order to cut down on smoke-related illnesses. Enjoy an exclusive talk with some of the “Masai mamas” and learn how their lives have been impacted and their community empowered.

Olduvai Gorge Museum [Olduvai Gorge](#)

The Olduvai Gorge is a steep ravine in the Great Rift Valley of Tanzania. It is one of the world’s most important paleoanthropological sites. Beginning in 1931, excavations by Louis Leakey revealed evidence of early man dating back nearly 2 million years. Visit the Olduvai museum and see bone fossils and fragments of ancient stone tools. This UNESCO World Heritage site provides an intriguing glimpse into the origin and evolution of man in these Serengeti Plains of Africa.

Serengeti National Park Safari [Serengeti National Park](#)

This is the reason you came to Africa. Charge your camera, grab your binoculars, and set out on safari. Your eagle-eyed driver will keep an eye out for wildlife – buffaloes, elephants, lions, wildebeests, zebras, and more. Tanzania’s Serengeti tends to be less crowded than some of Kenya’s reserves, so enjoy the scenery, the vast expanse of the grasslands, the play of light and shadow, and the up-close look at wild Africa.

Day 4

SERENGETI NATIONAL PARK

Immerse yourself in the splendor of the Serengeti, one of Africa's most celebrated wildlife reserves. Discover the park's iconic creatures when you set out in a 4x4 on morning and afternoon safaris through the golden grasslands. With luck, spot all of Africa's "big five"—lion, leopard, elephant, rhino, and buffalo. Later, visit the Serengeti Wildlife Research Centre, and enjoy a talk by one of the visiting researchers.

Please note that due to the high-altitude location of our camp, temperatures can drop at night. We recommend bringing extra layers to wear during the evening and following morning.

TODAY'S ACTIVITIES

Wildlife Safari Drive in Ruaha National Park

Ruaha National Park

Enjoy a wildlife safari drive in Tanzania's largest, and lesser-visited national park. Considered to be one of Tanzania's "best kept secrets", Ruaha's abundance of wildlife and vast, diverse landscapes truly make this place a hidden gem. Keep an eye out for lions, buffalo, zebras, giraffes, and impalas (to name a few).

ACTIVITY

One of the most remote parks in Tanzania, Ruaha National Park holds approximately 10% of the world's lion population and is a haven for other carnivores including cheetah, wild dogs, leopards and spotted hyenas. While a prime area for scientific study, it does face serious issues regarding human-wildlife conflict, in terms of safety and protection of livestock. Our expert local guides will lead various discussions in understanding the importance of wildlife conservation and protection, how local people are being encouraged to help, current research being done in this area and how sustainable tourism can help in conservation efforts.

Day 9

RUAHA NATIONAL PARK

Spend a full day on safari in the wilds of Ruaha with our expert guides. Track lions, leopards, cheetahs, wild dogs, and hyenas; and drive past graceful giraffes and herds of gentle impala. Back at the lodge, unwind on the deck with a cool drink, listening to the sounds of the bush and taking in the starry sky.

At just over 20,000km² (20,226km²) Ruaha is the largest National Park in East Africa, but add in the adjacent wildlife management areas, Villages and Private Reserves, the wildlife area grows to up to 50,000km².

Is there a disclaimer I should read before booking this trip?

The information in this trip details document has been compiled with care and is provided in good faith. However it is subject to change, and does not form part of the contract between the client and the operator. The itinerary featured is correct at time of printing. It may differ slightly to the one in the brochure. Occasionally our itineraries change as we make improvements that stem from past travellers, comments and our own research. Sometimes it can be a small change like adding an extra meal along the itinerary. Sometimes the change may result in us altering the tour for the coming year. Ultimately, our goal is to provide you with the most rewarding experience. Please note that our brochure is usually released in November each year. If you have booked from the previous brochure you may find there have been some changes to the itinerary.

VERY IMPORTANT: Please ensure that you view a final copy of your Trip Details a couple of days prior to travel, in case there have been changes that affect your plans.

Is there a travel disclaimer for my itinerary I should review before booking this trip?

While it is our intention to adhere to the route described below, there is a certain amount of flexibility built into the itinerary and on occasion it may be necessary, or desirable to make alterations. The itinerary is brief, as we never know exactly where our journey will take us. Due to our style of travel and the regions we visit, travel can be unpredictable. The Trip Details document is a general guide to the tour and region and any mention of specific destinations or wildlife is by no means a guarantee that they will be visited or encountered. Aboard expedition trips visits to research stations depend on final permission.

Additionally, any travel times listed are approximations only and subject to vary due to local circumstances.

What important notes should I be aware of before the trip?

1. ELECTRICITY

All lodges and camps will have electricity although many work off generators with limited times.

The power supply in Tanzania is nominally 240VAC, 50hz. Variable voltage, spikes and sporadic, unexpected, unscheduled power cuts of varying duration can be expected.

2. INTERNAL FLIGHTS/BAGGAGE

Please note each passenger is only allowed a total of 15kgs of checked and carry-on luggage combined, and must be in small soft-sided bags. This is strictly enforced by airlines and outside of our control.

3. YELLOW FEVER

It may be required to show a Yellow Fever certificate upon entering the country visited. Please check in with your local health expert for advice on Yellow Fever and other inoculations required for this area.

4. ACCOMMODATION

Please note all accommodation listed below is not guaranteed, but is indicative of the types of accommodation used.

5. COMBO TRIP

Please note that this tour combines with other G Adventures tours. As such, the staff and some travel companions on your tour may have previously been traveling together with G Adventures, prior to Day 1 of your tour. Likewise, some staff and travel companions may be continuing together on another G Adventures tour, after your trip concludes.

What is the group leader like?

Throughout your 12-day journey safari in Tanzania, you will be accompanied on your trip by a G Adventures Chief Experience Officer (CEO). The Chief Experience Officer (CEO) will be the group manager and leader. He/she organizes the trip, and will be there to assist you when needed. Your leader may be from East Africa, or another country outside of the region, and will have a general knowledge base of the region and wildlife. He/she will take care of the small things so you can concentrate on enjoying your adventure. To round out the team, our skilled and experienced drivers are also certified safari guides and in both Ruaha and Selous, we will be joined by certified safari guides who are specialists in these areas.

How large will the group be?

Max 6, Avg 5.

What meals are included in this trip?

11 breakfasts, 10 lunches, 8 dinners

What are the meals like on this trip?

These meals are provided at the hotels, lodges and camps in which you are accommodated. When a meal is not included, your hotel will have a restaurant or you will be advised of a good local establishment. All meals you have during your trip will be prepared from fresh local produce. All hotels cater to vegetarians; however, any other dietary requirements need to be specified prior to arrival. Please note all bottled drinking water will be at your own expense.

What are the modes of transportation on my trip?

4x4 safari vehicle, plane, boat, walking.

What transportation will we take on this trip?

The first half of this trip is done in private 7-seat 4x4 safari vehicles. With sliding windows and a large pop-up roof, these vehicles are designed for wildlife viewing. Road conditions can run the full range of conditions from new to very poor, and during dry seasons, the roads can become very dusty. This style of travel is the best under the local circumstances, as the seats are comfortable and having our own private vehicle allow us the flexibility of making stops when needed, and to stay and watch that crouching lion prepare for an attack.

Speed governors set to 80kph are used on all vehicles to ensure a safe driving speed. Please note for your own safety it is mandatory to wear your seat belt at all times when in a vehicle.

All G Adventure vehicles are regularly serviced and follow a strict maintenance schedule. However given the long travel days and rough conditions of many of the roads in Africa, vehicles can and do breakdown on occasion. If such situations occur all drivers are trained mechanics and any vehicle issues are rectified as quickly as possible so as to not disrupt your trip. Your patience is requested if the vehicle you are traveling in happens to encounter a mechanical fault.

On the second half of the trip we fly into remote park areas of Southern Tanzania. In most cases, we use the Cessna C208 Caravan that can take 13 passengers, but depending on schedules, we may also use smaller 5-6 passenger planes. Flights are not private to G Adventures and there may be stops to let other passengers off between our destinations. Please note each passenger is only allowed a total of 15kgs of checked and carry-on luggage combined, and must be in small soft-sided bags. This is strictly enforced by airlines and outside of our control.

While on safari excursions, we will enjoy wildlife viewing in open vehicles with expert local safari/driver guides.

Are local flights included in the cost of the trip?

All Internal flights are included in small bush planes. Airlines have strict baggage restrictions of no more than 15kg per passenger in small/soft bag & small daypack.

In order to balance the passenger and luggage loads the airline may be required to deploy more than one aircraft and consequently there maybe occasions groups and their luggage may be split up & your luggage may arrive later than you at the lodges.

All flights are subject to local weather and airstrip conditions.

Is there an extra cost for travelling solo?

We believe solo travellers should not have to pay more to travel so our group trips are designed for shared accommodation and do not involve a single supplement. Single travellers joining group trips are paired in twin or multi-share accommodation with someone of the same sex for the duration of the trip. Some of our Independent trips are designed differently and solo travellers on these itineraries must pay the single trip price.

Where will we stay during the trip?

Safari Camp/lodges (5 nts), hotels (3 nts), comfortable tented camp (3 nts).

Will I get my own room?

Please note if you have booked the My Own Room/Tent option for this tour, you will receive your own single accommodation for all night stops.

What kind of accommodation can I expect on this trip?

The start hotel on this tour offer comfortable accommodations with en-suite bathrooms, standard facilities, and wifi. Additional amenities vary from location to location. Please see the hotel listings on the Full Itinerary if you would like to learn more about the offerings of your accommodations.

The tented camp accommodations on this tour are situated centrally, with easy access to the park for wildlife safari drives. Tents are typically spacious with mosquito-proof netting, comfortable bedding, and en-suite bathroom with flushing toilets and camping showers.

Please remember that hotel/lodge/camp standards can be different from what you are used to in your home country, which is part of the appeal of adventure travel.

Note:

- 1) Under certain circumstances we reserve the right to change accommodation and provide something slightly different to what is described, though it will always be of similar or better standard/level.
- 2) Most lodges and camps do not have 24hr electricity - they usually run on generators which are routinely shut off overnight from approximately 10pm to 5am.
- 3) Lodges and camps are NOT equipped with fans or air conditioning due to the electricity constraints listed above.
- 4) Winter nights (June to September) can be cold, and most lodges and hotels do not have insulation or central heating. If you require additional blankets or a hot water bottle, these can be requested through your CEO or at the reception.

What is the joining hotel?

For details of your joining hotel please refer to your tour voucher, G Account, the G Adventures App or contact your travel agent.

What are the joining instructions?

Are there any additional packing suggestions I should consider?

You will be on the move a lot and the small planes used have limited luggage storage, so please pack as lightly as possible to avoid issues. Your baggage should be clearly labelled and restricted to one small soft compact sports/duffel bag, or backpack, (no hard suitcases please) weighing no more than 15kg. You may bring a small daypack but its weight is included in the total weight allowance of 15kg. Luggage limits on planes are strictly enforced by the airline, due to limited vehicle capacity and safety. The cost of transporting any luggage beyond these restrictions (or the possibility of having to leave things behind) is the sole responsibility of the client. The Captain is in sole command at all times and to stick to the strict safety guidelines will leave unplanned excess baggage behind.

It is important to pack clothes for warm days and cool evenings, as well as a jacket for early morning wildlife safari drives. Light, quick-drying, practical clothes are advisable for this safari trip.

When can I do my laundry on this trip?

What are the visas and entry requirements for my trip?

All countries require a valid passport (with a minimum 6 months validity). Contact your local embassy or consulate for the most up-to-date visa requirements, or see your travel agent. It is your own responsibility to have the correct travel documentation. Visa requirements for your trip will vary depending on where you are from and where you are going. We keep the following information up to date as far as possible, but rules do change and sometimes without warning. While we provide the following information in good faith, it is vital that you check the information yourself and understand that you are fully responsible for your own visa requirements.

Visa information specific to your destination and nationality can be found in our Important Pre-Departure Information page [here](#)

Please note that upon arrival by air to Arusha, Tanzania, most nationals can obtain a visa for US\$50 in \$US cash (valid for those who would be permitted a Tanzania visa while still in their own country), though it costs US\$100 for U.S. nationals. This visa is valid for up to 3 months with multiple entries/exits permitted to Kenya and Uganda only. If you are transiting through Uganda or Kenya, you will have to purchase a transit visa en route. These are usually \$US20, and valid for 24 hours. Alternatively, for either of these two countries, you may purchase a normal visa for US\$30 and US\$50 respectively, both of which are valid for up to 3 months. As fees and policies can change, we highly recommend that you contact your local embassy or consulate for the most up-to-date visa requirements, or see your travel agent. It is your responsibility to have the correct travel documentation.

IMPORTANT NOTE

It may be required to show a Yellow Fever certificate upon entering the country. Please check in with your local consulate and health expert for advice on Yellow Fever and other inoculations required for this area.

What should I consider when planning my personal expenses and discretionary spending for this itinerary?

Every traveller is different and therefore spending money requirements will vary. Some travellers may drink more than others while other travellers like to purchase more souvenirs than most. Please consider your own spending habits when it comes to allowing for drinks, shopping and tipping. Please also remember the following specific recommendations when planning your trip.

What should I know about currency, credit cards, and exchanging money while on this tour?

The local currency in Tanzania is the Tanzanian Shilling (TSH).

Shillings can be obtained locally by changing foreign currency or by using ATMs (where available) which will disperse local currency. Your CEO will inform you where you can change money throughout the tour and approximately how much money you will need for each country.

The easiest foreign currency to exchange for locally for any of the local currencies is the \$US; however the British Pound and Euro may also be exchanged as well. Please note that due to past problems with forgery, \$US notes that are older than year 2006 are not accepted in Africa.

Large note (\$US 50, \$US 100 etc) can be difficult to change in some places, but will gain you the best exchange rate.

If you plan to rely on cash, please bring foreign currency (Euro, Pound, USD) with you, as it is often expensive to buy these currencies locally. And in more rural areas, it is often not likely.

If you plan to buy your visas at borders, you will need to bring \$USD cash to pay for these visas. Please note you cannot use the local currency or any other currency to buy these visas- they must be purchased in USD.

Please do not bring Travellers' cheques to Africa. They are difficult if not impossible to exchange in many places.

Visa/Plus system cards are the most widely accepted debit cards. It is harder to find machines Mastercard/Cirrus cards. We highly recommend that if you hold a Mastercard, you obtain a Visa card prior to departure and travel with both. This is also useful should something unforeseen happen to one of your cards during your travels.

While there are many ATMs in the major centres, there are no guarantees that your credit or debit cards will actually work in Africa. Check with your bank.

Credit cards can be used in major cities and towns ONLY but please do not rely on them as a method of payment because they are generally not widely accepted. You should be aware that to purchase products or services on a credit card a fee of 5%-10% usually applies. The majority of our optional activities can also be paid by credit card. Your CEO will advise on these.

Please note that in many areas there may be occasional power-outages, where there will be no electricity for hours at a time. In addition, ATMs outside of larger centers often run out of cash or can be out of order unexpectedly. These factors could affect your ability to access money from ATMs. As such, please do not rely on credit or debit cards as your only source of money.

A combination of foreign currency and debit/credit cards for cash advances is best. Always take more rather than less, as you don't want to spoil the trip by constantly feeling short of funds.

As currency exchange rates can fluctuate often we ask that you refer to the following website for daily exchange rates: www.xe.com.

How much emergency money should I bring on this trip?

Please also make sure you have access to at least an additional USD \$200 (or equivalent) as an 'emergency' fund, to be used when circumstances outside our control (ex. a natural disaster) require a change to our planned route. This is a rare occurrence!

Do I need to pay a departure tax?

USD30, usually included in most international air tickets.

Should I be tipping on my trip?

Tipping is an expected, though not compulsory, component of your tour program. The gesture serves as an expression of appreciation for exceptional service, and amounts given are up to your discretion.

Tipping is one of the most direct ways that you can have a positive economic impact within the African community. Although it may not be customary for you, it is an important source of income for those in the tourism industry. Giving a tip should be seen as a formal 'thank you', and the action should in no way be awkward.

The best method of tipping someone that has served the whole group is to plan in advance, and not rush when it comes to saying goodbye. A suggestion would be for each group member to contribute anonymously by putting their tip into an envelope. This often works the best and the group should gather to present the gift to the recipient(s), offering their thanks and showing their appreciation. This method brings the action out into the open, allowing for a friendly and appreciative interaction between the group and the recipient(s).

You may use the following as a guideline, all given in a per person format:

CEO: \$5-10 USD (per day)

Driver: \$5-10 USD (per day)

Local guides: \$1 USD (per couple of hours)

Safari Supply Driver (Balloon Safari): \$3-5 USD

Restaurant/café servers: 10% of the cost of the bill

What activities are optional on this trip?

- No optional activities

Are there any health considerations I should know before travelling?

We recommend you contact your family physician, or your local travel clinic for the most up-to-date health information at least one month before departure. Travellers should also carry a basic first-aid kit and hand sanitizers/antibacterial wipes on their travels. Medical facilities are basic throughout these countries. For your own safety, we strongly recommend that you advise your tour leader of any medical condition that may affect you while travelling with the group. Your tour leader will be able to inform you of local health advisories (e.g. drinking water quality). Please ensure you have all the inoculations recommended by your doctor.

What do I need to know to about safety and security on my trip?

Many national governments provide a regularly updated advice service on safety issues involved with international travel. We recommend that you check your government's advice for their latest travel information before departure. We strongly recommend the use of a neck wallet or money belt while travelling, for the safe keeping of your passport, air tickets, travellers' cheques, cash and other valuable items. Leave your valuable jewellery at home - you won't need it while travelling. Many of the hotels we use have safety deposit boxes, which is the most secure way of storing your valuables. A lock is recommended for securing your luggage. When travelling on a group trip, please note that your group leader has the authority to amend or cancel any part of the trip itinerary if it deemed necessary, due to safety concerns. Your Chief Experience Officer (CEO) will accompany you on all included activities. During your trip you will have some free time to pursue your own interests, relax and take it easy and explore at your leisure. While your CEO will assist you with options available in a given location, please note that any optional activities you undertake are not part of your itinerary, and we offer no representations about the safety of the activity or the standard of the operators running them. Please use your own good judgement when selecting an activity in your free time. Although the cities visited on tour are generally safe during the day, there can be risks to wandering throughout any major city at night. It is our recommendation to stay in small groups and to take taxis to and from restaurants, or during night time excursions.

Water based activities have an element of danger and excitement built into them. We recommend only participating in water based activities when accompanied by a guide(s). We make every reasonable effort to ensure the fun and adventurous element of any water based activities (in countries with varying degrees of operating standards), have a balanced approach to safety. It is our policy not to allow our CEOs to make arrangements on your behalf for water based activities that are not accompanied by guide(s).

Swimming, including snorkeling, is always at your own risk. [Read more about travel safety](#) for ways to further enhance your personal safety while traveling.

What are the trip specific safety considerations?

Arusha

- People are generally friendly in Arusha, but don't let people take advantage of you
- Always leave your passport (It's better to carry a photocopy of it instead), traveller's cheques, flight tickets and money that you won't be using in the safe deposit in your hotel room/reception. This is free of charge to G Adventures clients.
- Remember that like in any other city, you should never leave your bags unattended, nor flaunt jewellery, cameras etc
- Please don't wander through the city at night. Stick to the main streets only during the day, and after sundown, please take a taxi. Taxis can be organised from reception of your hotel. Also, take the address of the hotel with you.
- Beware of people approaching you on the street with an apparent interest of where you are from, and want to sit down and have a chat with you. These people are con men and will ask you for money.
- People on the street who ask you if you want a safari and have a brochure are often con men, best to avoid these folk. Besides, you're already on safari!

Photography

Please refrain from taking photos of police stations, airports, bus stations, immigration or border crossings, army barracks and personnel, or any government building. It is against the law and will result in the minimum of your film and camera being confiscated.

What rules should I know before joining this trip?

Illegal drugs will not be tolerated on any trips. Possessing or using drugs not only contravenes the laws of the land but also puts the rest of the group at risk. Smoking marijuana and opium is a part of local culture in some parts of the world but is not acceptable for our travellers. Our philosophy of travel is one of respect towards everyone we encounter and in particular the local people who make the world the special place it is. The exploitation of people in the sex trade is completely contrary to this philosophy. Our CEOs have the right to expel any member of the group if drugs are found in their possession or if they utilize the services of paid sex workers, in any capacity.

Is travel insurance required for my trip?

Travel insurance is compulsory in order to participate on any of our trips. When travelling on a group trip, you will not be permitted to join the group until evidence of travel insurance has been sighted by your leader, who will take note of your insurance details. When selecting a travel insurance policy we require that at a minimum you are covered for medical expenses including emergency evacuation and repatriation. A minimum coverage of USD200,000 is required. We strongly recommend that the policy also covers personal liability, cancellation, curtailment and loss of luggage and personal effects. Some tours include adventure activities that require extra coverage (e.g. crampon use); please review your itinerary and make sure that you are covered for all included activities. If you have credit card insurance we require proof of purchase of the trip (a receipt of credit card statement) with a credit card in your name. Contact your bank for details of their participating insurer, the level of coverage and emergency contact telephone number.
